SUGAR PRICE IS DECLINING

Amount for One Dollar is Increased by One Pound.

OTHER FOODS STILL ADVANCING

Oatmeal Goes Up Sixty Per Cent in Period of Three Months and Coffee is Slated for a Jump.

Sugar is coming down from its high price basis, but several other commodities are still advancing. Sugar, which has been at fifteen pounds for \$1 for some time, will be sold Monday by some at sixteen pounds for \$1. Indications are that it will come down to seventeen pounds for \$1, according to Manager King of Hayden Bros. grocery department.

Coffee is still going up and it is expected that the price before January 1 will be 2 or 3 cents a pound higher than now. The jump in tea in the last few months has been greater than that in coffee. Gunpowder tea that wholesalers bought three months ago at 14 cents a pound is now 23 cents. Rice has advanced 30 per cent in the last three months. Whole grain rice is retailed at 7 1/2 to 10 cents a pound and broken rice at 5 cents. Oatmeal in bulk has gone up about 50 per cent in the last three months. That which was selling at ten pounds for a quarter is now selling nine pounds for a quarter and the quantity will be reduced to eight pounds Monday.

UNION PACIFIC HAS QUICK MAIL SERVICE

The Union Pacific's mail department has been installed in the new building and is in perfect working order. It is located on the first floor, in rear of the Dodge street side, where six men are employed. All over the new building there are mail chutes on every floor and in all of the general offices. They connect with a mail box about 2x3x6, on the first floor, Dodge street side. From this box the mail is collected by the regular city carriers and taken to the postoffice, the company mail clerks having nothing to do with handling the outgoing mail. But with the incoming mail, it is entirely in their charge. It is brought to the office every hour by company carriers, who pick it up at the postoffice. Taken to the company mail room, it is sorted by the company clerks and distributed through the building by company carriers.

ELAINE SOCIETY GIVES "THE SCARLET SLIPPER"

The Elaine society of the high school held its second program meeting of the year in the assembly room at the school Thursday afternoon, about twenty-five members and friends being present. A piano solo by Ruth Sanford opened the program. "The Scarlet Slipper," a humorous one-act playlet, was then presented very successfully by Leta Mae Coe, Maudie Johnson, Minerva Fuller and Maurine Buchmore.

Local Capital to Build Community Industrial Home

Two local capitalists have come forward with offers to build the "community" factory building which the Commercial club has proposed as a home for infant industries now unable to find adequate, up-to-date quarters.

The real estate committee of the club, of which H. A. Tukey is temporary chairman, will meet Monday to talk over the two propositions and to make arrangements for a personal conference on the scheme with the men who offer to furnish the money. If either of the two will agree to erect the sort of building desired, with lease terms that will be acceptable to manufacturers, the Commercial club will undertake to fill the building from among the fifty or more small factories now located in antiquated and cramped quarters.

Chairman Tukey thinks it best at present not to make public the names of the men who consider building. Both have definite locations in view in the present wholesale district.

Graff Breaks in on Suffragette Talk

Principals of Omaha schools assembled in the office of the superintendent became belligerently militant when a demure little miss broached the subject of Mrs. Emeline Parkhurst and her mission of promulgating the doctrine of woman suffrage. Said the demure little miss:

"What's the use of all this fuss about women voting? I don't want to vote. I don't even want to work, but I have to. I want to have a home of my own and keep house, and—"

Here her plaintive remonstrance was abruptly quelled and a maid more militant in her manner than the famous English leader pronounced such an utterance absurd and advanced the cause of the disciples of equal suffrage. "We have a right to the ballot," she emphatically declared, "and we ought to enforce our rights. We pay taxes like men, but we have no voice in levying these taxes. I tell you it is taxation without representation."

"Oh, well," observed a quiet, girlish principal who had hitherto merely taken a passive interest in the argument. "We've heard both sides, and I, for one, don't care. I don't think it matters much anyway. If we had the ballot, do you think I'd go to the polls and hang around talking politics and awe?" "We've heard both sides, and I, for one, don't care. I don't think it matters much anyway. If we had the ballot, do you think I'd go to the polls and hang around talking politics and awe?" "Don't have to do everything a man does," interrupted the militant maid. "—and opposes men. Why, the first thing we knew they would be treating us just like they treat other men. I don't want men to treat me like they treat other men." "Men must be all kind to you and mighty nice," scornfully came from the m. m. "As for me—"

"B-as-h-h. Superintendent Graff is coming," said the suffragettes and the opponents thereof and with pink cheeks they began discussion of the demure little maid's new coat, which was a peach.

Cash Basis--No Credit

Is the secret of the wide popularity of Bath's Market. No credit means no loss from bad accounts, no expense of bookkeeping, collecting, to be made up by substituting inferior quality. We pay cash for our meats and groceries and sell for cash and no delivery. That's why we can sell only choice goods for the same price or less than we would have to charge for inferior meats and groceries if we conducted a credit business like other dealers. Remember we have the only choice home dressed chickens, kept in cold dry air so as to retain their natural chicken flavor.

MANUFACTURERS PLAN GOODFELLOWSHIP DINNER

A manufacturers' goodfellowship dinner will be given by the Omaha Manufacturers' association at the Commercial club some evening between December 1 and 15. A committee headed by E. E. Zeller will have charge of arrangements.

RENZE IS BACK FROM NEW YORK LAND SHOW

Gus Renze has returned from New York where he constructed a papier-mache scenic exhibit for the Milwaukee road in the Land show at Madison Square garden. Mr. Renze intended to bring back some pictures of his production but couldn't get them because the garden management wouldn't allow flashlights in the building.

Look Out

Make no mistake. Use only those medicines the best doctors approve. Should your doctor order Ayer's Sarsaparilla, well and good. If something else, still well and good. He knows best. Trust him.
