Because of the short time that has elapsed the solicitation of signers has not been systematic and it is the desire that all republicans who would like their signatures added should let it be known to those who have copies of the call in hand or send their names to the office of Mr. Webster at 827 Omaha National bank building. The date and place of the proposed meeting will be fixed when all the lists are returned.

Normal Student Killed by Boy

SCHUYLER, Neb., Nov. 18.—(Special Telegram.)—Rebunil Sterka, aged 21 years, a student in the Fremont Normal college, was instantly killed this afternoon when a gun in the hand of the 14-year-old son of Frank Pekery was accidentally discharged. Sterka had been in the United States only since last May and was visiting his relatives on a farm seven miles northeast of Schuyler.

EFFECTIVE CAMPAIGN FOR GOOD ROADS IS BEING MADE

SCOTTSBLUFF, Neb., Nov. 18.—(Special Telegram.)—About thirty miles of good gravelled road in and around this city is the result of the bond issue for that purpose, and but little over half of the \$15,000 is yet used. Next spring the work will be resumed until every foot of the highway in Winter Creek precinct will be a gravelled turnpike.

One of the especially important features of this work was the opening up of a new highway—an extension of the Main avenue of this city—north from North park to the county road. As the overlaid constant automobile routes proposed along the line of the old Oregon trail passes through this city, about ten miles of the line is now in fine shape for motor travel. The road divisions east and west of here will doubtless follow the initiative when it is shown that road roads can be built at so small a cost. Iron signposts along the route from Alliance to this city and along the route from this city to Cheyenne now mark the highway, guiding strangers as well as those familiar with the route.

At the recent election bonds were voted in Highland and Carle Rock precincts for a new Platte river bridge at McGrew. Don Price was in the city this week attending the Commercial club banquet and talking with the county authorities relative to state co-operation in the construction of this bridge.

Darlington Pays Taxes at McCook. McCOOK, Neb., Nov. 18.—(Special.)—Red Willow county's exchequer was swelled to the extent of \$25,000 on November 17, that sum being the Darlington's taxes for 1911. It is an increase of \$1,250 over last year.

Carey Act Land Opening—14,000 acres at Jerome, Idaho, December 1, 1911. This land is part of the Great North Side Tract, which has a record of THREE YEARS FROM SAGE BRUSH TO BLUE RIBBONS AND SWEETSTAKES. For all information, write or wire the Twin Falls North Side Land and Water Co., Milner, Idaho.

CHILDREN WANT IT

THREE TIMES A DAY Omaha children want "Minnesota" macaroni and spaghetti three times a day. They are delighted with its delicious, nut-like flavor, and Omaha ladies find there is nothing better for them. People are just beginning to realize that good macaroni and spaghetti are the best and most nourishing foods and they will take the place of most very largely. They are easily prepared and no one ever tires of them, because they can be served in so many appetizing ways. But if you want that rich, nut-like flavor be sure and get the delicious "Minnesota" brand macaroni or spaghetti—made from the finest Northern Durum wheat, with all the nourishing gluten left in. It is easily digested and never gets soggy. All good Omaha grocers sell it.

IOWA POLITICIANS MARK TIME

Anti-Taft Agitators Quiet Since President's Visit to State.

NO RUSH FOR NOMINATIONS

Opponents of George W. Clarke as Yet Unable to Persuade Anyone to Take the Field Against Him.

(From a Staff Correspondent.) DES MOINES, Nov. 18.—(Special.)—It is expected that during the present week some decision will be reached as to what will be done or attempted in Iowa in regard to the presidential contest of next year. Thus far no direct move has been made by either side, and all parties are marking time. During the summer there was much discussion in the newspapers of the state over the matter and strong urging that an effort be made to get a delegation in whole or in part for La Follette. This agitation for this came from politicians who have affiliated with the conservatives as well as those who were with the progressives. Following the visit of President Taft to the state the matter quieted down and very little has been said about it since. Most of the factions are discouraging any fight in this state, and it is especially felt that any hard campaign as between the adherents of Taft and La Follette would make the state uncertain.

So far as the La Follette movement is concerned it appears to have been left in the hands of Howard J. Clark, a prominent and prosperous attorney of this city, who has not been at all conspicuous in politics in the past. He has not fully decided as yet what direction the movement shall take, but has been in correspondence with the partisans of La Follette in Chicago and Washington. He expects a decision soon.

In the meantime there is practically nothing doing in regard to the republican nominations for state offices. Nobody has as yet had the courage to come out and undertake to make a fight against George W. Clarke for governor. Much pressure has been brought to bear on Colonel D. J. Palmer and Prof. P. G. Holden to make the fight, both being urged by elements distinctly hostile to Clarke, but thus far neither has agreed to make the race.

All those who seek to be candidates for state office desire that a fight shall be avoided in relation to the national delegation. Members of the State Board of Control and of the State Parole board will go to Iowa city on Monday to attend the annual meeting of the Iowa conference of charities and correction. Judge Robinson of the board of control is chairman of the conference on prisoners and prison, and W. H. Berry of the parole board will tell of paroling prisoners. Others on the program are: A. L. Urlick of the Iowa Federation of Labor, Dr. Max Witte, Clarinda hospital; Dr. Edward Steiner, Grinnell college; T. H. Pickworth, chaplain at Anamosa; T. E. Hynning, Sioux City; J. C. Sanders, warden at Fort Madison, and Dr. G. H. Sumner, secretary of the State Board of Health. It is a most excellent program and will take the larger part of three days.

More Shop Room Needed.

An effort is to be made at the next session of the legislature to secure an appropriation for the construction of additional shops at the Anamosa reformatory, for the purpose of enlarging the industrial department. The last legislature provided that the industrial work should be carried on, but failed to make an appropriation so that more than two or three shops at present are in use. As a result, the reformatory work has not made great progress there. The number of inmates at the reformatory has been steadily on the increase the last year and now numbers 625. It is expected that under the indeterminate sentence law the population will continue to increase for some years.

Rebo of Bank Looting.

One of the last of the many lawsuits growing out of the looting of the First State Bank of Corwith came to a finish in the supreme court Saturday, when the court refused to grant a rehearing in a case involving the claim of \$30,000 against the bank by John L. Haswell, allowing the claim, but refusing to give Haswell a preference over other creditors. Haswell was a cousin of John L. Standing, the cashier who looted the bank of \$30,000 and departed four years ago. He supposed he was investing his money in farm mortgages, but found he had nothing beyond forged paper of his kind. This was the last failure of a state bank in Iowa.

Crusade against the smoke nuisance in Des Moines will be commenced by Smoke Inspector Harry McNutt Monday.

Between fifty and sixty violators in the downtown district must "come to time" or stand criminal prosecution if their plants are not conforming to the law, declared the inspector.

Idea as Result of Burns.

WATERLOO, Ia., Nov. 18.—(Special Telegram.)—Minnie Peterson, the young woman who was seriously burned a week ago Friday while filling and cleaning lamps at the H. G. Coy home, died this morning at 5 o'clock.

HYMENEAL.

MILLER-POTTINGER. FAIRBURY, Neb., Nov. 18.—(Special.)—Harry H. Miller and Miss Bertha R. Pottinger, two prominent young people of this vicinity, were married at the home of the bride's parents, Mr. and Mrs. A. H. Pottinger near Janes in this county at 8 o'clock Friday evening. Mr. and Mrs. Miller will make their home at 1207 P street, this city.

McLane-Schroeder.

FAIRBURY, Neb., Nov. 18.—(Special.)—Ernest E. McLane of this city was married to Miss Rose Schroeder of Gladstone, Neb., at Lincoln, Friday. The ceremony was performed by Rev. Mr. Ash of the Lutheran, Evangelical church. Mr. and Mrs. McLane will make their home in this city.

DEATH RECORD.

Mrs. Adeline Doherty. FRANKLIN, Neb., Nov. 18.—(Special.)—Mrs. Adeline Doherty, who died here Thursday at the age of 52 years, was buried in Greenwood cemetery Friday morning at 10 o'clock. She was one of the oldest settlers in this county.

Republican Call for Conference in Omaha in Taft's Interests

(From a Staff Correspondent.) LINCOLN, Nov. 18.—(Special Telegram.)—A conference preparatory to a statewide Taft republican organization will be held at the Rome hotel in Omaha on Wednesday, November 22. Such was the information given out today through E. M. Pollard. The coming conference was decided upon at a Taft meeting held in this city this week and news of which has just been given out. Attendees at the meeting were H. C. Lindsay of this city, E. M. Pollard of Nehawka, Victor Rosewater and A. W. Jeffers of Omaha, W. S. Kibbler of Kearney, Clark Perkins of Aurora and William Husenetter of Lincoln. Those invited to the conference include a list of about forty well known and prominent Nebraskans.

LIVELY CONTEST OVER PROPERTY OF ORD MAN

ORD, Neb., Nov. 18.—(Special.)—All last week Judge Hanna occupied the district bench while a stubbornly contested will case was on trial. O. G. Bard was a well-to-do Swedish farmer and had no relatives in this state. Shortly prior to the time that old age and lack of care weakened his mind and resulted in his being sent to a state insane hospital he was visited by a nephew, who lives in Michigan. At that time the old gentleman executed a will in favor of the nephew, giving over about \$15,000 of property. Attorney discovered other heirs in the old country and on their behalf the will was contested. Local interest runs high, because the testator was a well known character of the town and county.

FIREBUG TRIES TO BURN POOL HALL IN TOWN OF ORD

ORD, Neb., Nov. 18.—(Special.)—A "fire bug" attempted last night to burn down a frame building occupied by Roy Drake as a pool hall. He used an incense burner to burn a hole through the side of the building, but when he struck the back plaster he transferred his efforts to the back door of the building. Through the hole he poured some kerosene, lighted it and made his getaway, leaving his tracks in the fresh fallen snow. The fire must have gone out when the oil was consumed and left only a charred door and a room full of smoke. In an adjoining frame building, the sample room of Hotel Ord, Mrs. C. H. Partridge and her little daughter are quarantined for scarlet fever.

NOTES FROM CENTRAL CITY

Protestant Episcopal and Baptist Congregations Extend Calls to Ministers.

CENTRAL CITY, Neb., Nov. 18.—(Special.)—The vestry of Christ Episcopal church of this place has extended a call to the Rev. J. Franklin Long, at present pastor of St. Ann's parish in Chicago. The reverend gentleman is very highly recommended and the local vestry is very anxious to secure him. He has not yet replied to the call.

The members of the Baptist congregation have issued a call to the Rev. A. L. Gaudes from Colorado, the call has been accepted and the new pastor occupied the pulpit at the church Sunday, preaching both morning and evening. The pastorate of the church has been vacant since the resignation of the Rev. Mr. E. A. Schlaaman about a year ago.

There has been a change in the livery business here this week, Ernest Buckley buying out the interest of Charles Lucas in the livery firm of Lucas & Buckley, and assuming full control.

County Clerk Frank Nash has announced that he will appoint Frank Porter deputy county clerk to succeed Thomas M. Lucas, who has resigned and gone to Oklahoma, having purchased some land there.

The Peters Real Estate and Exchange is the name of a new real estate firm which has commenced business in Central City. The members of the firm are Peter A. Sattler and Peter K. Jensen both of whom have been prominent business men in Central City for years, and now enter the real estate field.

HAPPENINGS AT SYRACUSE

Woman's Club Gives Annual Reception with Large Attendance.

SYRACUSE, Neb., Nov. 18.—(Special.)—The Woman's club held its annual reception at the library room last evening with about 90 present. A good program, under the direction of the younger members of the club, was rendered. Afterwards refreshments were served. The club is very prosperous. Mrs. William Dunn is the president.

John Townsend has sold his harness shop to Mr. Liesge.

Nothing new has developed in the Jarret murder case and no clue has been found as yet in the matter.

Battle Creek Postmaster Resigns. BATTLE CREEK, Neb., Nov. 18.—(Special.)—Mrs. Lenora Snyder, postmaster, has tendered her resignation, to take effect when her successor shall be appointed and qualified. There are several applicants for the position, among whom is W. L. Whittle, who, it is said, stands a good chance to land the job.

West Point Buildings Condemned. WEST POINT, Neb., Nov. 18.—(Special.)—Three of the oldest buildings in the city have been condemned by the deputy state fire commissioner and are in course of demolition. On the site will be built a large two-story brick building.

Good Price for Corn. ORD, Neb., Nov. 18.—(Special.)—The local demand for corn for cattle feeding purposes has prompted buyers to offer 70 cents per bushel. The crop is short, but will yield as much as last season.

ODD FELLOWS DECIDE TO MEET IN PHILADELPHIA

HARTFORD, Conn., Nov. 18.—The directors of the Grand Lodge of the United States Independent Order of Odd Fellows, Manchester Unity, decided today to hold the next annual convention at Philadelphia in June, 1912. It was also voted to lay a small per capita tax on the membership at large interest to pay sick and funeral benefits of members who became unable to pay such benefits.

GEE HING BACKS REVOLUTION

Chinese Masons Are Sworn Enemies of Manchu Dynasty.

AN INTERVIEW WITH A MEMBER

Over Half Million Members of Order Reside in the United States and British Columbia and Have Strong Influence.

BASIN, Wyo., Nov. 18.—(Special.)—Arthur H. Simpson of Sika, Alaska, and formerly a resident of this place, who is visiting his old home here, today gave out an interview in regard to the revolution in China that throws much light on the situation. Mr. Simpson has for many years been closely associated with the Chinese, especially during the last year or so, in the mining fields in Alaska. He is a member of the Gee Hing, and one of the few Americans that has attained the rank of thirty-second degree in that Masonic order. In discussing the present revolution, he said: "A great deal has been written about the present revolution in China and the situation has been correctly stated by a number of persons whose articles have appeared in the magazines and the daily press during the last few months. All of these writers recognize an undercurrent or influence behind the revolution that, so far to my knowledge, has not been correctly accounted for. The fact of the matter is that the present revolution was fostered and instituted by the Gee Hing, or Chinese Masons. Since the Manchu dynasty was formed in 1644 the Gee Hing has constantly endeavored to regain the power shown from the Chinese by the Tartar Manchu. This organization, more even than the Masonic order known to Americans, is extremely secret and the one great objection to be obtained during the last three centuries has been the restoration of power to the Chinese of their own government.

Newspapers Help Cause. "During the last twenty years newspapers have been published in Tein Sing, Hong Kong and Puchow devoted to the cause. These newspapers have been circulated among the members even in America without the Manchu government being able to locate the printing press in Columbia and the United States there are at present over a half million members of the Gee Hing and for the financial support of the present revolution the members have probably donated over \$100 per capita.

"You will remember that during the war between China and Japan the press accounts were full of incidents where the Chinese had jumped from the vessels during the night and had retreated in battle. As a matter of fact this was not cowardice on the part of the Chinese, but was the following out of the obligation assumed by members of the Gee Hing not to fight for the Manchu dynasty. The members of the Gee Hing believe in a Supreme Being and are not idol worshippers. Americans who have come in contact with the Chinese servant in their households have no idea of the intelligence possessed by these humble servants. In the lodge room in this country the mask is thrown off and you would see an entirely different personage, full of vitality, a face keenly intelligent and a grasp of world conditions that would astonish even the statesmen of our country. The mask of indifference is again assumed as soon as the lodge room is left. Is it any wonder that the revolution is a success? These people, who for centuries have been under the Tartars, will now fight for their independence as did our forefathers in the stirring days of the American revolution. China will become a great republican Christian nation. The leaders of the revolution are men who have traveled all over the world and are familiar with the best that civilized governments have been able to produce. This knowledge will be of great value in the reconstruction of modern China. In twenty years China will be the greatest republic in the world. The Gee Hing will have accomplished their purpose and Christianity will be benefited as it has not been for centuries."

Father Drives His Family Barefooted, Out Into the Snow

"Now I lay me—" had been said in childish reverence and three happy little children had been tucked into bed by their mother. The three little kiddies, used to 8 years, lifted after a romp in the snow, quickly entered into the land of dreams. The mother sat close by the bed, cosy and "comfy" for the little one. But a look of worry darkened her face. This was the scene at 10 o'clock last night at the home of Mrs. R. C. Hoban, 490 North Twenty-fifth street, when heavy steps, as of some one staggering onto the front porch, broke the quiet. The door swung open with a bang and Hoban, a street car motorman, burst into the house, enraged. His three children were awakened. They jumped from their bed and ran horrified into a corner with their mother. Hoban followed and ordered them and their mother out of the house. When he shoved them into the snow outside, he locked the door and went upstairs to his bed. Clad only in their nightclothes, the outcasts waded through the snow to a neighbor's house for protection. The neighbor called the police and Hoban was arrested. He was charged with being drunk and abusing his family. Mrs. Hoban says she will appear against him in police court tomorrow morning.

COL. CLIFFORD HAM GETS POSITION IN NICARAGUA

DUBUQUE, Ia., Nov. 18.—Colonel Clifford Ham of this city has been appointed collector general of customs for the republic of Nicaragua. It was announced today. Colonel Ham for the last eight years has been connected with the customs service in the Philippines, first at Cebu and later at Iloilo, and for the last two years he has been surveyor of customs at Manila.

The appointment came to Colonel Ham from the president of the republic at the suggestion of New York bankers who are parties to the Nicaragua-United States treaty providing the refund of the republic's indebtedness of \$12,000,000 to \$20,000,000. It was said.

He will sail from New York on November 25, resigning his Manila position before he sails.

Prisoner Escapes from Guard. KANSAS CITY, Mo., Nov. 18.—While used to a hard day's work in the federal prison at Leavenworth, Kan. was being sent through the Union station here today. Colonel Ham for the last eight years has been connected with the customs service in the Philippines, first at Cebu and later at Iloilo, and for the last two years he has been surveyor of customs at Manila.

This is the Tobacco that revolutionized pipe-smoking

This is the most remarkable improvement in pipe tobacco since the days of Walter Raleigh.

Tobacco with wonderful flavor and fragrance, without a touch of rankness;

Tobacco that burns long, free and steady; that holds its fire close and never sogs, but burns down to dust-fine ashes;

Tobacco that you can smoke all day and it won't bite your tongue;—

All on-the-job dealers sell Prince Albert—10c in the famous red tin, 5c in a red cloth bag, handy for cigarette making, handsome half-pound and pound tin humidors and a pound humidor of crystal glass.

PRINCE ALBERT the national joy smoke

We want you to know why Prince Albert is different, why it is in a class of its own. The reason is the Prince Albert process. This is what makes P. A. what it is.

This process was discovered by a well-known German scientist who dearly loved a pipe and experimented with smoking tobaccos as a side line. He knew he had hit upon a big thing in this process. So did we when this company acquired it. Experts were put on the job of perfecting it. The work took three years and cost a bunch of money. But we knew it would make a wonderful smoking tobacco and we had the faith to back it.

The United States Patent on this process was granted July 30, 1907. Two years later we were prepared to manufacture Prince Albert on a vast scale.

Here, again, we showed our confidence in the new process by expending great sums to tell the smokers of America about it. We advertised it in a new and bigger way, because Prince Albert deserved it and because we knew that practically every smoker who tried it would be a steady P. A. user.

Now, men, we get to the showdow you haven't tried Prince Albert, now. Cut out the argument and the noise and the speculation. Put it to jimmy pipe test. Let the tobacco smoke for itself. Then you'll understand what this patent Prince Albert process means to you. You'll know why it has revolutionized pipe-smoking and started two men to smoking a pipe where one smoked before.
