CHAIRMAN'S REPORT

When the Council Meets this Evening

Pictures of Pretty Girls Stolen from South Omaha Studio, All Other Valuables Being Overlooked by Thieves.

When the council meets this evening there will be presented to it a tentative proposition by which all the money realized from the sale of improvement bonds shall be put at interest with Spitzer, Borick company of Toledo, O., at 4 per cent.

Recently W. L. Long, representative of the Toledo firm, was here to take over an issue of bonds at 5 1/2 per cent. At that time the bonding company entered into an agreement whereby the funds realized from the sale of the bonds were to be left on call with them at 4 per cent interest.

The special advantage of this agreement was that the city realized an additional interest amounting to 2 per cent more than that allowed by the local bank.

At the time of the recent deal frankly informed the council that the deposit of the money in question was worth no more than 2 per cent to the Packer's bank. The Spitzer company then offered 4 per cent, agreeing further that the money should always be on call and that interest should be paid thereon until the day of withdrawal.

This agreement was pleasing to the council and the Spitzer people today will make an offer to take over all deposit money at the same rate. Of course this applies to the improvement districts and can not affect the checking accounts of the treasurer.

Will Annex Land. South Omaha unwilling to be annexed is not adverse to annexation. In this case the Magic City people do the annexing—not of Omaha, but of a piece of land contiguous to the northern city.

South Omaha intends tonight to pass an ordinance annexing Murray Hill addition.

An investigation of the matter Thursday showed that the Commonwealth Realty company is the owner of the strip. The land was taxed by the South Omaha tax commissioner, who based his action on the county tax books.

In the county tax commissioner's books the land was located within the bounds of the Magic City and Commissioner Fitzgerald, who is bound to take the county books as the basis for his calculations, rated the property as South Omaha real estate.

A protest on the part of the Commonwealth Realty company showed that the property belonged to neither city. It now appears that South Omaha has the right to annex the addition and to tax it. This will be done tonight.

Robber Thwarted. It was a case of labor lost with the prowler who robbed the home of Frank Hart, 1223 North Twelfth street, yesterday morning at 5 o'clock.
