

MANY IMPORTANT FACTS HAVE BEEN BROUGHT OUT

Miss Schultz Talks on Topic Affecting Hundreds Here.

NEW REMEDY BROUGHT RELIEF

Many People Who Are Likewise Afflicted Struggle Aimlessly Along Until They Become Totally Debilitated.

Miss Anna Schultz of 2537 Jones street made the following statement recently in connection with "Tona Vita," the remarkable new tonic, that is now being introduced in Omaha by the specialists of The Approved Formula company.

Miss Schultz said: "I have been sick and have doctored for a number of years. I took medicine until the thought of it made me ill. I had stomach trouble and rheumatism. I grew worse all the time and was very nervous and finally became all run down."

"I did not sleep well and had no appetite. I had dull headaches and felt so tired that I hated to be on my feet, was debilitated and nervous."

"I had no faith in any medicine to help me any more, but I heard of this new tonic, 'Tona Vita,' praised so highly that I decided to give it a trial. The first dose of this medicine seemed to help me and I have constantly improved from the day I began the treatment. The miserable nervousness is gone. I now sleep soundly at night and eat well and my food seems to agree with me. I am a well woman and give the entire credit to 'Tona Vita.'"

People who are nervous and irritable, have imperfect digestion and stomach disorders, lack of energy and ambition, feel melancholy and discouraged, suffer with headaches, backaches, poor memory, unground sleep, irregular circulation, cold feet, and who are susceptible to coughs and colds, are unquestionably suffering with the same trouble, nervous debility, say the specialists who are here introducing "Tona Vita."

There are thousands of such half-sick men and women in Omaha, who really do not know what is wrong with them, said one of these specialists.

"They struggle aimlessly along until they become totally debilitated and oftentimes they come to us suffering with this dreaded condition in its most aggravated form," continues he.

"We have a preparation that will positively remove this trouble and restore the organs of the body to a healthy, normal condition."

The "Tona Vita" specialists are at Brandeis Drug Dept., Sixteenth and Douglas streets, South Side Main Floor, from 9 a. m. to 6 p. m. daily to meet the public.—Adv.

Chief Expects Word From Los Angeles

Chief of Police Donahue expects to receive communication from District Attorney John H. Fredericks of Los Angeles this week in connection with the conviction of the McNamara brothers. "Just what will be done further I do not know," said Chief Donahue, who had been summoned to appear as witness for the state in the prosecution of Orrie McNamara, "but it is now certain that neither G. F. Wagner, proprietor of the Union hotel, where McNamara registered in Omaha under an assumed name, nor I will be compelled to obey the subpoena."

OMAHA MISSIONARY TO CHINA SAYS SHE IS SAFE

Miss Ruth Paxson of Omaha, who has been in China since April, studying the language and conditions preparatory to taking up work as a foreign Young Women's Christian association secretary to China, has, with other workers, been obliged to leave Pao-ting Fu, where she had planned to spend the winter at the Presbyterian mission on account of the revolutionary troubles, and go to Tien Tsin, which is considered a safer place for foreigners.

Miss Paxson is the sister of Miss Susan Paxson, an instructor at the Omaha High school, and of Mrs. C. W. Hayes. Her work in China is being financed by the Omaha Young Women's Christian association. Both her relatives and the association secretaries have been concerned for her safety. The latest news from Miss Paxson was a letter written October 30 on the train from Pao-ting Fu to Tien Tsin.

In her letter Miss Paxson said: "I would not choose to be anywhere else than just here."

MAY PREVENT PAYING DEALS

Commission Form Looked On as Stop to Combinations.

BETTER LEGISLATION EXPECTED

City Engineer Craig Commends the Position Taken by The Bee as Offering the Best Solution to Date.

City hall officials are generally of the opinion that the commission plan of government will be a good instrument in preventing other paying deals similar to the one successfully pulled off in Omaha and South Omaha by the Kettle River and a public creosote wood block companies in conjunction with C. E. Fanning. "However," said George W. Crain, city engineer, "The Bee is right in advocating a charter provision more favorable to competition."

"The new commissioners will have a multitude of things to consider," said the official, "and while I think they will be able to take care of them, we ought to do some of the work at hand instead of mousing it with the expectation that the commissioners will be infallible. There has been a lot of smooth work here to connect with the public works funds."

The \$40,000 creosote wood block paving job is only one example of what can be worked by shrewd chaps."

When asked what he believed would be a good remedy for the condition that has prevailed here for several years, City Engineer Craig said:

"I believe The Bee editorial offers the best solution. We are looking forward to commission form of government to help us in these matters, but until we have an opportunity to revise our charter, which I fear can be done only by a concerted action on the part of all of us for proper legislative enactments, will it be sanctioned so as to bring this about."

To Stop Combinations. The enactment of laws relating to all kinds of combinations is occupying the minds of the best people in the country today. It seems that there are no laws to regulate combinations. The law covering paving in Omaha should be so constructed that it would give the widest possible latitude in competition.

"On our three-little petition wherein the character of payment is changed, I would require bids to be received on all known paving materials, thus allowing the property holders an opportunity to select by majority petition which of the materials they want after the bids are received. I would eliminate the designation of the particular manufacture or make of material on all the material petitions."

"My sincere hope is that some day Omaha will have the right to make her own charter."

One section of the charter provision which has been denounced as objectionable follows:

The advertisement, specifications for bids and petitions designating materials shall not specify the paving material for asphalt pavement from any particular mine, place, locality or factory, nor by any particular name, but shall be a simply asphalt; but in all other classes of pavement enumerated in this section, or which may be ordered by the mayor and council, such petitions shall specify the particular kind of brick, brick block, vitrified brick, stone, and so on, which the owner of the property may designate. But all bidders shall be required to designate the locality, quarry, kiln, or factory from which will be furnished the specified material to be used by them, with its commercial designation.

Restores Patient With Cigarettes

Cigarettes, substituted for medicinal remedies, are being given Dan Grady, who sustained a fracture of the skull three weeks ago when he fell down the stairs of the Globe hotel, 1107 Douglas street.

The man had been in a precarious condition at St. Joseph's hospital until four days ago, when he was allowed the unusual privilege of smoking cigarettes. Since that time he has shown gradual improvement and the surgeons, who have had him in their care, believe that it will only be a short time before he is able to return to his home at California Junction, Ia., where he was employed as telegraph operator at the time of his mishap.

Grady was unconscious for more than a week after the accident. As soon as he gained semi-consciousness he began to show his desire to smoke cigarettes. When a newspaper was thrown on his bed the man picked it up, rolled it as a cigarette and pulled, and placed it in his mouth. When he began convalescing every piece of paper was treated the same way and pencils could not be kept from his mouth.

Noticing this, the nurses reported to Dr. T. T. Harris and were astonished to hear, the physician prescribe three cigarettes a day for his patient.

Little Boys Hurt by Careless Driver

While Willie, Henry and Arthur Day-on were returning home from Sunday school Sunday afternoon the latter two were struck and injured by an automobile at Tenth and Huron streets. Arthur, 6 years old, sustained a two-inch gash on his forehead, and Henry, 8 years old, received a similar wound on the back of his head. Willie, aged 9 years, was not injured. The little fellows were attended by Police Surgeon Peppers and taken to their home at 911 South Eleventh street. They were severely, but not seriously hurt. The police are now scouring the town for the careless auto driver.

M'NAMARA BUTTONS SPURNED

Omaha Craftsmen Drop Them as Though They Are Hot Rivets.

LOCAL CONTRIBUTIONS HEAVY

Central Labor Union Probably Will Take Action on Los Angeles Affair at Regular Meeting Friday Evening.

If the 1,000 McNamara buttons that were sold to Omaha craftsmen to aid in the defense of the Los Angeles dynamiters were red hot rivets they would not have been dropped any quicker than when they were repulsed following the recent elections. They have disappeared from the laps of the laboring men as if by magic, and the only ones to be seen now are those that look up groggily and mockingly from the gutters. "Actually, I have seen a score of them lying along the streets," said a well known citizen.

The Central Labor union bought from the American Federation of Labor 1,000 of these buttons for \$40, and all of them were sold to the union men on Labor day for 5 cents apiece. The money received from the sale, amounting to \$50 when all collections are made, is to be retained by the local central body to be applied to the temple fund.

The aggregate amount of money sent out from Omaha by individuals and locals to aid in the McNamara defense amounts well up into the hundreds of dollars. The carpenters sent \$25 and the thirty or more other locals sent contributions accordingly. A number of individuals sent as much as \$10 apiece.

At the meeting of the Central Labor union Friday evening resolutions likely will be adopted to the effect that the organized crafts of Omaha do not condone acts of violence. C. M. Fieder of the American Federation of Labor, who has been in Omaha for several months, and

who, by the way, was the first man arrested in Los Angeles on suspicion of having been implicated in the Times explosion, says that he is not in favor of capital punishment, but is satisfied to see Judge Bordwell mete out justice as he sees fit. "I think the resolutions passed by the Spokane unions asking for the extreme punishment is unwise," says organizer Fieder.

Merchants Warned Against Disasters in Making Displays

City Electrician Michaelson, along with his annual Christmas greetings, issues a warning to merchants who decorate their windows and the interior of their buildings with electrical displays.

"Electricity is safest for light and power," said Mr. Michaelson, "and is safest particularly in connection with displays such as are used by merchants at Christmas time. However, such is only the case when electrical apparatus is properly installed. For this reason I extend to merchants of Omaha my usual Christmas greetings with the proverbial seven 'don'ts':

- "Don't fasten anything by pins or otherwise to lamp cords.
'Don't allow lamps to touch anything inflammable.
'Don't permit tinsel of any kind (it all conducts electricity) to come in contact with lamps, sockets, wires or connections.
'Don't use drop cords in snow windows.
'Don't let amateurs do electrical work.
'Don't forget the danger of cotton batten with or without electricity.
'Don't be afraid to call for inspection of any display. No charge.
'The observance of these 'don'ts' will be conducive to a merry as well as a profitable Christmas, for destruction of property and probable loss of life will be forestalled."

JOE HEIL HESITATES, BUT DOESN'T KNOW WHY

Routine in police court was moving nicely when the prosecutor called out "Gus Neesley." No answer came and Judge Crawford whispered, "out on bail."

Joe Heil, who was taking charge of the prisoners called out, "Gus Neesley," evidently not hearing Judge Crawford.

"Wait A Minute," called City Prosecutor Dickinson.

Joe Heil halted. "Wait A Minute," again called Mr. Dickinson. Still Joe Heil waited. "I say 'Wait A Minute,'" again came from Dickinson.

"Well, I am waiting," came from Heil. Again came "Wait A Minute" from Dickinson. This time Heil got red in the face and walked over to the prosecutor. "Say how long do I have to wait?" "I did not tell you to wait," said Dickinson. "I wanted you to bring out the Mexican by the name of 'Wait A Minute' who is charged with being drunk."

"Wait A Minute" was discharged.
