Asks Heavy Damages. David Kroil has brought suit against the Lincoln Young Men's Christian association for damages amounting to \$25,000. He alleges in his petition that he was employed as foreman of janitors in the building of the defendant, and as such it was part of his duties to fire the furnace under the boiler at that time.

While thus engaged last August the boiler burst and threw boiling water over his body in such a way that he was severely burned to the extent that he has been incapacitated for work; that his mental faculties have been impaired and that his treatment cost him \$425. The plaintiff alleges the defendant gave him a dangerous place to work and an unfit boiler.

Shallenberger Busy Rapping Mr. Bryan

(From a Staff Correspondent.) LINCOLN, Neb., Dec. 6.—(Special Telegram.)—It is the opinion of ex-Governor Shallenberger, who was in the city yesterday, that the democratic party should get an issue and fight consistently for it in the coming campaign. He says further that the issue should be one that will be beneficial to the people—one that will relieve them from some of the weights with which they are now overburdened. "The time is past," he claims, "when the voter scratches his ballot because of a man—issues are what count. The party with an issue and the party that fights hard for that issue, if it is a worthy one, is the party that wins. Give the democratic party an issue this next year and its candidates will be elected all the way down, and where there are republicans in the state house, at the present time there will be democrats."

BASE BALL ASSOCIATION AT HASTINGS REORGANIZED

HASTINGS, Neb., Dec. 6.—(Special.)—The stockholders of the Hastings Base Ball association have made the preliminary preparations for the continuation of league base ball next year.

A board of directors has been chosen composed of H. E. Stein, Mayor Miles, C. B. Hutton, John Pickens and G. J. Evans. Mayor Miles is prominently mentioned for the local presidency, H. E. Stein having declined re-election. Will S. Trites, secretary of the Hastings Chamber of Commerce, may be elected secretary to succeed John Uerling, who also wishes to be relieved from active service. The league presidency was discussed at the annual meeting of the stockholders Tuesday. Charles S. Sherman of Lincoln is generally favored here for the presidency, but the delegates, H. E. Stein and Charles Jacobs, will go to the state meeting unopposed.

Manager Shaner has been employed for next year and is already on the lookout for players.

HASTINGS MAN BUYS INTO BLOOMINGTON FIRM

BLOOMINGTON, Neb., Dec. 6.—(Special.)—William Dunn, who has been in the mercantile business in this city for many years, has closed a deal whereby H. Bushee of Hastings comes into possession of his business. The new proprietor lives in Hastings and has sent Mr. Dunn here to continue the business. Mr. Dunn has enough outside interests to keep him busy. School has taken up this week after a four weeks' vacation, taken on account of the disturbance caused by the installation of a new \$1,900 heating plant and work on an addition of five new rooms. This makes the Bloomington school building one of the roomiest and best appointed buildings in this part of the state.

MR. WILKINSON LEAVES LIBRARY TO STATE SOCIETY

(From a Staff Correspondent.) LINCOLN, Neb., Dec. 6.—(Special Telegram.)—The Nebraska Medical association came into possession and ownership of the vast library of Dr. Alonso D. Wilkinson, who died yesterday. The association and a sister of the deceased, Jettie W. Decker of Chicago, were the only devisees named in the will. The last will and testament of Dr. Wilkinson was filed for probate yesterday. By its terms the medical library is left to the Nebraska Medical association and all the other property to Mrs. Decker. There is one proviso that the property shall go to the children if the sister should die before the testator.

The First Trust company has been appointed special administrator of the estate, as otherwise without a special administrator the property would pass to the hands of strangers. This is the first time that a trust company in Lancaster county has ever been appointed administrator of an estate.

Morehead, looking to the fulfillment of the adage relative to the propping of the worm by the alert bird, today filed as a democratic candidate for the gubernatorial nomination. BURNHAM REPLIES TO LETTER OF F. P. CORRICK

(From a Staff Correspondent.) LINCOLN, Dec. 6.—(Special.)—S. W. Burnham, in reply to a letter from F. P. Corrick of the La Follette league, in this state, has written the latter a strong communication in which he declares that he does not care to affiliate with the insurgent movement and that the grand old party as it stands for years past and as it stands with President Taft is still good enough for him. Mr. Burnham says: "I believe that President Taft is the strongest man in the party today and the only logical candidate to succeed himself. You go on to say that the illustrious leader, Colonel Theodore Roosevelt, has been forced to the conclusion that a new candidate should be nominated, but I have never seen the statement over the signature of the former president, neither have I seen any statement that would indicate that he is hostile to the re-nomination of President Taft."

"You issue your letter by inviting me to join in the effort to send a delegation to the next republican convention and to the support of Senator La Follette. I wish to inform you that I am a republican. It was my privilege and pleasure to have voted for Abraham Lincoln for a second term, and I am proud of the fact that I have voted for every republican candidate for president from then until now. I admire a loyal republican, and next to my admiration for a loyal republican I have some respect for a democrat, but the man who runs upon a republican ticket and is elected by republican votes and who afterwards associates with republicans, but goes off consorting with the democrats, is not, to my mind, deserving of the further support of loyal republicans."

"I don't care whether he be a congressman from Nebraska or a senator from Wisconsin. I have seen too many of these uprisings within the party to be disturbed by them. You remember the old republican movement in the '70s, the populist movement of the '90s and the silver craze later on—but the republican party still survives and will continue to do so after the insurgent wave has passed away and been forgotten."

PLAN OF DES MOINES PAINTERS SUGGEST PENSION FUND FOR FAMILIES OF TIMES' VICTIMS

DES MOINES, Ia., Dec. 6.—Anxious to erase any blot on the escutcheon of union labor that may result from the confession of the McNamara brothers the Des Moines branch of the International Brotherhood of Painters, Decorators and Paper Hangers today announced that last night at its regular meeting a resolution was adopted providing for the establishment of a pension fund for the widows and orphans left by the Los Angeles Times disaster.

The local union launches a movement which is to become nation wide. The union has subscribed nearly \$100 for the defense of the McNamara brothers. They agreed last night to raise twice that amount for the widows' and orphans' pension fund. The union will suggest that a commission be named to have charge of the fund raised, in a manner similar to the fund raised for the widows and orphans of the Cherry mine disaster.

KEARNEY, Neb., Dec. 6.—The dynamite used in the destruction of the Los Angeles Times building is said to have been taken off a Union Pacific train while passing through this city in order to evade a detective and hauled twenty miles by a local drayman to Shelton, where it was reloaded to Los Angeles.
