

AFFAIRS AT SOUTH OMAHA

Republican Club Holds Session to Endorse Men for Place.

POLICE CASE COMES UP SOON

Indications Accused Commissioners Will Seek to Use Every Possible Opening for Delay—Eagles Name Donaghay President.

That republicans of South Omaha are a unit was demonstrated last night when the rooms of the South Omaha Republican club were crowded to the doors to hear and discuss the names of those seeking endorsement for positions under the newly elected administration.

A number of applications were rejected and placed on file, after having received the endorsement of the club. President Hancock and several of the leaders were praised by many of the rank and file who approved the policy of having all applicants depend upon the endorsement of the club and not upon personal friendship in obtaining any reward.

The plan followed by the club was designed to forward the aspirations of the real campaign workers.

When the business of endorsement had been concluded a move was made to have the club endorse President W. H. Taft for re-nomination. This move was deprecated by the members in attendance because of the settled policy not to anticipate the will of the whole party.

After the question had been threshed out it was determined to await the action of the primaries or at least to go no further in endorsing a presidential candidate than to pledge allegiance to the regularly constituted leader and nominee of the republican party.

While the club refused to commit itself in the public endorsement of a presidential candidate the sense of the meeting seemed to favor President Taft, of whom many enthusiastic things were said by the different speakers. The club will meet Tuesday night.

Delay in Police Case. Tomorrow the motion to quash the information filed before the supreme court for the ousting of Fire and Police Commissioners Ryan and Pivonka will be argued at Lincoln. It appears, however, that when notice was served Monday afternoon upon the city for the defense the same was not accepted. Speaking for his colleagues in the case, Attorney H. B. Fleharty on the part of the accused commissioners refused to accept service on the score that Smyth, Smith & Shall, the other legal firm engaged, were absent from the city.

Governor Aldrich is understood to have shown signs of impatience at the delay so far manifested.

Auto Trip to Bluffs. In order to impress upon the minds of the city council the special advantages of their ornamental lights, the Omaha Electric Light company last night gave the councilmen an auto ride to Council Bluffs, where the ornamental system is being demonstrated.

The auto party was arranged by E. M. Mareb, one of the officials of the light company, who, in a personal letter, asked the councilmen to assemble at the city hall Tuesday night at 8 o'clock.

Not all of the council, however, responded to the invitation of the light company, which is anxious to install the ornamental system in the Magic City.

At 8 o'clock several of the aldermanic body waited impatiently for the arrival of the buzz wagons. Among those waiting were: George Hoffman, Jack Walters, Tom Peterson, John Riha, John O'Leary and J. B. Watkins. August Miller and the mayor did not attend.

Eagles Elect Officers. One of the largest crowds in the history of the eagle attended the annual election of the Eagles last night. After several hours had been consumed in balloting and counting the returns, the following elections were announced:

John P. Donaghay, worthy president, elected over P. J. Barrett; Charles J. Alstadt, worthy vice president, elected over W. M. McClintock; Charles Waters, worthy chaplain; C. Christiansen, secretary; M. P. Brennan, treasurer; James Cunningham, inside guard; J. A. McCarthy, outside guard; aerie physicians: Drs. W. M. Davis and E. A. Zaworski; trustees: J. A. Parks, J. B. Fergenson, F. E. Jones.

John Harney Arrested. John Harney, a former employe of the Bolen Transfer company, was arrested yesterday afternoon at his home in the alley between O and P streets and held in connection with the assault made upon Gilbert Bolen early Monday morning.

Harney's arrest follows that of J. W. Conley, who is still held by the police, under suspicion of having criminal knowledge of the attack made upon the aged Bolen.

At the Bolen residence last night the condition of the aged man was still precarious. Since the attack he has been practically unconscious.

Calewicz Bound Over. John Calewicz was bound over to the district court yesterday evening on the charge of breaking and entering a Union Pacific car on the night of November 22. His bond was fixed by Judge Callahan at \$500.

Attorney J. J. Breen, who appeared for the prisoner, made a plea for the word of the prisoner, who is a young man of industrious habits, as against the unsupported testimony of Special Officer Watson.

For the state Deputy County Attorney J. M. Fitzgerald convinced the court that the case brought up a doubt of guilt that were best decided by a jury.

Mix This Simple Remedy for Kidneys or Bladder

Weak, deranged kidneys or bladder can be cured in nearly every case by using the following well-known formula: Get one-half ounce Mux's Compound, one-half ounce fluid extract Buchu. Take home and mix with six ounces good pure gin. One to two teaspoonfuls of this mixture after each meal and at bed time will soon put the kidneys, bladder and urinary organs in good working condition. Such symptoms as backache, rheumatic pains in the joints and other unmentionable symptoms are quickly stopped.

Any good druggist has the ingredients for this mixture. Anyone can mix. For children, in cases of weak bladder or kidneys, give ten to fifteen drops, diluted in a little water, at bed time. One should use the best quality of gin in preparing this mixture, also the genuine Mux's Compound, which comes only in sealed wrapping. A substitute will not give the desired results.—Adv.

Garlow went along with the team to boost for the local aggregation.

John Hay Kuhn Talks On Affairs in China

John Hay Kuhn, one-time teacher of English in the government schools of China, spoke before the current topics department of the Women's club yesterday, emphasizing the necessity of Christianizing China.

"Of the 500,000,000 population, not 5,000,000 are Christians. China can put 50,000,000 soldiers in the field, whereas Germany can send only 100,000, but 5,000,000."

Mr. Kuhn explained the trouble between the Chinese and the foreigners over the railroads. He said that the roads were built through the burial grounds and interested much with the Chinese custom of ancestor worship. He also said that the Chinese object to telegraph lines being run through their grave yards because they fear the effect of the shadows of the poles on the graves and believe that the spirits of the air will be troubled by the vibrations of the wire.

Preceding Mr. Kuhn's talk, the department had a half hour of parliamentary practice under the tutelage of Mrs. Edward Johnson. Mrs. Johnson said that the study of parliamentary law would teach the women courtesy, one toward another; that at meetings of women it often happened that three or four wanted to speak at the same time and that the gist of the matter in hand was lost.

The organization was formed with the election of the following officers: E. T. Van Cleave, president; Dr. P. C. Chaver, vice president; G. N. Anderson, secretary, and E. L. Thomas, treasurer. LARSON TO TAKE STAND IN HIS OWN BEHALF

TEKAMAH, Neb., Dec. 6.—(Special Telegram.)—The Larson murder trial is hurrying to a rapid conclusion and it is expected that the case will be ready for the jury by Thursday at the latest. The jury was secured without exhausting the special venire yesterday and the opening statements were made by counsel. The taking of testimony began this morning. The state offered all its evidence and rested this afternoon, adjournment taking place until tomorrow, when the defense has its inning.

It is understood that the defendant will be placed on the stand in his own behalf. His wife is expected to furnish the interest in the case as far as the public is concerned, for her testimony will deal largely with her relations with the brother of Larson, and for which cause the defendant declares the killing was done. Larson, the defendant, seems to take the entire affair in as cool and indifferent a manner as he has the entire tragedy and its consequences. The jury is composed of the following: John M. Young, Will Brokaw, George Wagner, Howard Hancock, T. T. Plummer, S. R. King, John McDonald, all of Craig; John Oberst, sr., W. A. Drury, J. K. Hancock, Eric Pearson, all of Tekamah; Albert Sadorsing of Craig. All are farmers with the exception of Young and Plummer.

JOHN HAYS HAMMOND SAYS CHARGES ARE UNFOUNDED

NEW YORK, Dec. 6.—John Hays Hammond tonight made his first public speech since an attack upon his relations with the Russian government was made several weeks ago. As principal speaker at the meeting of the Hungarian Republican club to an audience including a large number of Jews, Mr. Hammond said: "A charge has been made that I have used my friendship with the president to the prejudice of the Jewish race. It is, indeed, a grave charge, and were it true I should not have the hardihood to look into the friendly faces before me."

DAKOTANS HAVE HAD MUCH SNOW AND ARE CONTENTED

DEADWOOD, S. D., Dec. 6.—(Special.)—Since October 29 fifty-one inches of snow have fallen here and nearly as much in the valleys and agricultural districts. The government records here show thirty-seven inches during the month of November and fourteen during October. This call in more than the total fall for two years and as most of it has melted and seeped into the ground, prospects for excellent crops next summer are practically assured and farmers throughout the western part of South Dakota are in a much more jubilant frame of mind than for several years past.

Woman's Beauty in Wintry Weather

(Dr. de Werthe in the Realm.) "Every woman's complexion needs protection against wind and weather. Better than powder is a simple solution made by dissolving an original package of mayatone in eight ounces of witch hazel. Gently rub on face, neck and arms night and morning and you will be delighted with results. It restores and preserves youthful loveliness of the skin.

"Mother's Salve is the world's greatest remedy for chaps, cold sores, pinpoints, eczema, and other skin diseases. It heals cuts, burns and scalds and is also an excellent cure for coughs, colds and catarrh.

"Don't wash the head in cold weather. A dry shampoo is better and there is no danger of catching cold. Just mix four ounces of therax with four ounces of powdered orris root, or with four ounces of corn meal, sprinkle a tablespoonful on the head. Brush it out, and the hair will be clean, light, wavy and lustrous."—Adv.
