KELLY JURY IS STILL OUT

Members Still Deliberating on Question of Insanity.

HAVE AGREED UPON VERDICT

Major Greer, Porter in Saloon, Falls Heir to Fifty Thousand Dollar Estate in Holland.

(From a Staff Correspondent.) DES MOINES, Ia., Dec. 9.—(Special Telegram.)—When court adjourned at 6 o'clock the jury in the Dr. Kelly case was still deliberating. Early in the day there seemed some hope of a verdict but later it became evident that the prospect was good for disagreement.

In the afternoon the judge sent for the jurors and tried to aid them in arriving at a verdict but it became evident from what the foreman said that while they could agree on a verdict they could not agree on a decision as to whether or not he was insane.

Some wanted to refuse to answer the special interrogatory in question. The court made it plain that no verdict would be considered unless this is done. All day the parents of Dr. Kelly sat in the court room which for a part of the time was deserted, and when the jury came in on orders of the court they were apparently on the point of breaking down. The defendant also showed great emotion, but later became more cheerful.

An estimate by the county officials on the cost of the trial fixes it at about \$2,500.

Porter Heir to Property. Hajo Jreest, a native of Holland, porter in a saloon here, has been identified as probable heir to a \$50,000 estate in Holland, and he hopes to be able to secure possession. A letter to the mayor making inquiries about him led to his location. He has been in this country twenty-seven years and the estate was inherited eighteen years ago. He found that the requirements of the Holland law that advertisement be made in the newspapers of the city where he was last known to have lived had not been complied with and he will claim the property.

Requisition for Schwenski. Governor Carroll today issued requisition for Otto Schwenski, in Omaha, accused of connection with the Derby bank robbery.

Coats of Parslows Found Near Logan. LOGAN, Ia., Dec. 9.—(Special.)—Sheriff Rock and Deputy Sheriff W. R. Millman have received word of the finding of two coats in the cornfield of C. A. Pitzer, south of Missouri Valley, which are believed to have belonged to the Parslow brothers, who murdered Officer Butler of Missouri Valley late in August last.

The coats had in the pockets a lunch, some coffee, matches and time tables over different railroads. It will be remembered that the officers tracked the Parslow brothers to this cornfield on the evening of the day of the murder. It will also be remembered that neither of the Parslow brothers had on a coat when discovered as floaters in the Missouri river shortly after being seen and shot at on the Robinson island west of Mendon.

The two coats will be given a careful inspection by the officers and also by the eyewitnesses of the shooting, now employed at Missouri Valley.

Waiter Puts Harmon in Quick Lunch Seat. WASHINGTON, Dec. 9.—Governor Harmon of Ohio, prospective candidate for the democratic nomination for president, arrived here today and had a conference at the capitol with about twenty-five leaders of both houses of congress, including many of the Ohio delegation. The meeting was held in the office of Senator Patterson. It was asserted that the democratic leaders were gathered to do honor to Governor Harmon a telegram urging united action by democrats was drafted and sent to the democratic central committee of Arizona.

Governor Harmon took luncheon in the senate restaurant with Adjutant General Weybrecht. An imperious servant waved the governor out of that portion reserved for senators and seated him at a quick lunch counter. The governor crowded his knees into the uncomfortable space and was lunched simply when his identity became known. He was immediately besieged with waiters who begged him to move to the sacred precincts of the senators' dining room. The governor declined.

"This is what they call democratic simplicity," he remarked to General Weybrecht.

MINERS BURIED BY DUST BLAST; MANY WILL DIE

Rescue Work Slow.

Up to 230 o'clock this afternoon squads of rescuers had made no effective progress in their efforts to reach the entombed miners. Care-ins barred the way to the point where it is hoped the hundred or more men are still alive.

A federal rescue car is expected to reach Briceville late this afternoon. Special trains were sent from Knoxville to the scene of the disaster. President Stephenson of the Knoxville Iron company was in charge of a train over the Southern railway. With him went officials of the local mine rescue station. They carried paraphernalia of rescue.

Briceville, as a mining town has had a stormy history. It was the scene in the early nineties of rioting when miners rebelled against working with convicts leased by the state. Troops were sent to quell the trouble.

At Coal Creek, near there, on May 13, 1902, 200 men were killed in the Fraterville mine explosion.

There are several big mines at Briceville known as the Cross Mountain system. It was in one of these that the explosion occurred today.

HYDE'S STORY READ TO JURY

State Gets Testimony of Defendant Into the Record.

SOME PARTS ARE EXCLUDED

Cross-Examination Fails to Break Testimony of Miss Margaret Swope—Will Not Call Mrs. Swope Now.

KANSAS CITY, Dec. 9.—The greater part of Dr. B. Clark Hyde's testimony given in his first trial of the alleged murder of Colonel Swope was today read by Prosecutor Conkling. Parts of testimony relating to matters of the supreme court held not to be advisable were left out.

Now that the accused physician's story has been heard by the jury there is little likelihood of his taking the witness stand. Hyde's attorneys did not want him to testify if it could be avoided. It is said.

The examination of Mrs. Margaret Swope was finished this morning. The defense failed to break down her direct testimony.

The state decided to postpone the calling of Mrs. Logan O. Swope.

GRIDIRON CLUB GRILLS REVOLT

(Continued from First Page.)

It's own fair flag flies full and free (Spotlight on American flag.) For every party and for you and me. Genuine Grand Opera.

Genuine grand opera by the Gridiron quartette and chorus was a novel feature of the entertainment. "Faust," somewhat condensed, was the act, but it was distorted from its high moral purpose to demonstrate the certainty of the ultimate victory of evil as represented by stand-pattism. The shade of the immortal bard, Dante, being still in quest of knowledge, made another pilgrimage to hell, where he discovered some ancient friends, such as Marguerite Democracy, Progressive Faust and Stand-pattism, who "in never wholly down and out."

Faust pursued by Miss Democracy, declared: "Next year is leap year. She is on my trail." The ancient lady retorted in song, charging ingratitude and hatefulness, declaring that the thanks of progressives should be democracy's due.

Marguerite Democracy next warbled a message she had received from Robert La Follette asking her to be "his valentine." She sang:

"He is flirting with me; he's always near. He smiles out like a lover; on each magazine cover. When his features I see I am filled with fear. I am filled, I am filled, with fear."

At Marguerite's demand a ballet appeared, its members included "Miss Independence League," who complained that she was "broke." She sang: "I think Bill Hearst Has Quit For Keeps"; Miss Prohibition warbled the story of how near she came to losing her "Home, Way Down in Maine"; Miss Socialism announced: "I Don't Want Any Dynamite; Just Give Me Beer"; Miss Populism appeared as "Lass of Olden Time"; Much courted in Her Prime; and Miss Green-

PROBE FOR BLACK HAND CASE

Six Arrests Made in Solon, Ia., for Using Mails.

GOVERNMENT AGENTS BUSY

Veterinary Surgeon Charles Hamm Rearrested on Charge of Sending Letters After Out on Bail.

CEDAR RAPIDS, Ia., Dec. 9.—Charles Hamm and Jerry Wortner of Solon were arrested in the John Adams "blackhand" case and are in the Linn county jail, where they will be detained pending the hearing to be held December 15.

Government officials, who have been scouring the country in the vicinity of Solon, are said to have found valuable evidence that may result in several more arrests.

Wortner asserts he is innocent, while Hamm, who is a veterinary surgeon, is under arrest for the second time in connection with this case. He recently was taken into custody and released on bail. He is charged with having sent two blackhand letters to Adams, after getting out of jail. The arrests in the case now total six.

Committee Will Make Two Reports On Dick to Dick Case

WASHINGTON, Dec. 9.—A formal report to the house today from the committee on expenditures in the interior department dismisses from congressional consideration the Controller bay charges, the keynotes of which was the widely quoted "Dick to Dick" letter and the accusation that Richard S. Ryan will be acquiring a monopoly of valuable Alaska harbor rights.

The committee's action was based on the recommendation of Louis D. Brandeis and Amos Pinchot, counsel for the committee.

"The government," the committee report says, "should not part with the title to any coal, petroleum, natural gas or other mineral land which it owns in Alaska."

"The government should construct, acquire, own and, if necessary, operate at least one railroad there. If Alaska is to be developed, that development must come either through outside syndicated wealth or through universal energy and enterprise stimulated and aided by government construction of necessary railroads."

In committee, Mr. Burke of South Dakota, representing the republican members, ineffectually demanded continuance to hear Miss M. F. Abbott and others as to the authenticity of the so-called "Dick to Dick" letter.

Republicans claim the letter never existed in the interior department files or elsewhere and that the perpetrators of the "fabrication" imposed on Miss Abbott's credulity. A resolution by Mr. Burke declaring that if no such letter existed the affair was an "infamous attack" and "vicious assault" on the president, was defeated by a party vote. It declared that the "forgery and libel" should be exposed and the parties to it identified. The minority was given five days to make a report.

John S. Schriver of the Baltimore Star was re-elected secretary and Louis W. Strayer of the Pittsburgh Dispatch, treasurer.

federal grand jury next week, it became known today.

The investigation of the National Erectors' association tends to show that several hundred men had knowledge of the plans for these destructive explosions," said J. A. C. Badger, a representative of the association.

The representative of the Erectors' association said it would be able to show the grand jury that groups of men in different cities helped to finance the alleged dynamiting conspiracy, and that its effectiveness was not dependent on funds of the International Iron Workers' association, alleged to have been devoted to this purpose by John J. McNamara.

Getwell Jewelry Store Robbed. OELWEIN, Ia., Dec. 9.—(Special.)—Five hundred dollars worth of watches were stolen from the show window of Berg & Austerer, jewelers, some time during last night. Entrance to the building was gained through a transom over the front entrance. The police have not yet found a clue.
