## PLANNED BY MARROW

An attorneys' exchange similar to the Chicago Attorney exchange probably will line and build up the faith if we expect be established in the court house the Morse Olander, Boise Turk, Joseph Ros- people work with their hands,' and they first of the year by Joe Marrow, bailiff get a job where they can sit on a in Judge William A. Redick's court room. of more ministers than anything else, It Judges of the district court approve the is to see men and women who have plan and several lawyers have said they believed it would meet a long felt need. Mr. Marrow has not yet actually determined to establish the exchange and is waiting to learn whether a majority of the attorneys favor one and whether the Omaha Bar association approves.

The business of the exchange is to keep attorneys informed regarding the time for hearing of their cases and to furnish detailed information regarding legal matters about the court house. Attorneys now waste much time going to the court house or telephoning to learn whether or not courts are ready to hear assigned cases. Since it never can be determined in advance just how much time a trial will require, a lawyer whose case is next on the calendar never can know definitely just when the court will be ready exchange to keep attorneys informed re around" would be saved the atterneys by the system.

#### MUST DEVELOP CHARACTERS

Rev. J. M. Kersey Tells of Needs of the Present Day Church. The time of the founding of the church of Jesus Christ was discussed by the Rev. J. M. Kersey, pastor of the First Christian church, in his Sunday morning sermon. According to the evidence of the scriptures, he said, the church became a reality on the day of Pentecost, in relating history prior to the day of Pentecost, the new testament always refers to the church in the future tense; all references after the day of Pentecost are in the

past tense. "The mere existence of the church, the organization, does not count much, however," said Dr. Kersey, "if the members of the church have not the spirit, Let us walk in the old paths, hew to the to do anything for Christ in the church. "I will tell you what wrecks the lives spent ten, twenty or fifty years in the church and are no stronger in character than when they came in. This thing has done more harm to the church than all the shafts of infidelity that have been launched against it.

"We must add to our faith the other Christian virtues. We must study to build up our characters and develop the best there is in us. Twenty-five men and twenty-five women in this church, who earnestly sought for one year to develop their characters could do anything they wanted to do for the church."
