MIKE MAZZOCK SAYS ITS ACTION WAS LIKE MAGIC

He Never Had Any Medicine Respond So Quickly.

SCORES OF OTHER STATEMENTS Thousands of Debility Victims Who Really Do Not Know What Is Wrong with Them, Says Specialist.

"I have been sick for some time past," said Mr. Mike Mazzone of 1031 South Nineteenth street, city, recently. "I became nervous and debilitated," continued Mr. Mazzone, "and felt completely worn out. I had indigestion and my stomach troubled me constantly. Any food I ate would cause a formation of gas on my stomach. The doctors said my liver was out of order for I had constipation almost all the time. My circulation was poor and my feet and hands were always cold. I had had headaches and kidney trouble. I also suffered from rheumatism. I have tried many remedies, but without any results.

"I heard of this new medicine, Tona Vita," and decided to give it a trial. I felt better after taking the first dose. I now feel like a new man and I quickly had any medicine in my life to act so quickly. It was like magic."

Scores of Omaha people who have that common practical sense which guides them in all of their acts and conclusions are coming out unreservedly with statements regarding "Tona Vita," the new tonic that is accomplishing such remarkable results in this city.

"People who are nervous and irritable have imperfect digestion and stomach disorders, lack energy and ambition, feel melancholy and discouraged, suffer with headaches, backaches, poor memory, unsteady sleep, irregular circulation, have pallid complexions and who are susceptible to coughs and colds, are unquestionably suffering with nervous debility, that dreaded disease that is so common in all large cities, where nature's limitation is so apt to be exceeded," said one of the specialists introducing "Tona Vita" to the local public. "There are thousands of such half sick men and women in Omaha who really do not know just what is wrong with them," continued the specialist, "and they struggle aimlessly along until they become totally debilitated and often come to an untimely end in this condition in its most aggravated form. We have a preparation that will positively remove this condition and restore the organs of the body to a healthy, normal condition."

The specialists are at Brandt's drug department, Sixteenth and Douglas streets, south side, main floor, from 9 a. m. to 6 p. m. where they will meet the public for a limited time.

Enthusiasm continues to prevail generally where the new product called "Tona Vita" has been used. The great amount of good which seems to have been accomplished is the cause of considerable excitement by those who have seen its wonderful work. Case after case of people who were comparatively nervous wrecks and those who have been sufferers from stomach trouble for years have been reported and the results of "Tona Vita" were said to have been astonishing in nearly every case.—Adv.

Save Magazine Money! Earn \$5,000.00 for Charity

Back Broken—Friendless—Bedfast—Must Support Self or Perish

No invalid could earn a dollar by magazine soliciting. He would have to reach one hundred people for every order. ONLY by act of **CHARITY** can a friendless paralytic survive, but if as a matter of **CHARITY**, the public will favor me

with their orders and renewals at the **LOWEST** published price, \$5.00 can be earned for **CHARITY**, and as a matter of **CHARITY**, the interest will bring me \$25.00 a month for life and later pay a nurse's wages or endow a hospital cot forever—\$3,000 of which is earned.

PARALYZED ELEVEN YEARS

Hospitals do not accept incurables, therefore, having but a short time to live, as an only hope of provision for my decline. For 3,585 more subscriptions to the above magazines the publishers will deposit \$5,000 with the Conservative Savings & Loan Association for my benefit, the principal to revert to some **CHARITY** to be chosen by the VOTE of my subscribers—\$3,000 of which is earned, also any publisher below will add \$250 for 500 subscriptions in DECEMBER.

I mailed 20,000 catalogues in Omaha with scarcely a reply, 20,000 people read my story, but returns do not come, yet failure means death, for whereas the public expects the superhuman, defeat is never forgiven.

Remember, whereas, the thief receives fair trial, it is yet necessary to look up the jury to enforce deliberation. I would not even receive a hearing. No man can judge results but 50,000 people subscribe for the Post and Journal in Iowa and Nebraska alone. I wrote 4,800 subscriptions last year myself. A thousand purchased those magazines on news stands, who could save \$1.10 a year. A thousand people order the Post and Journal for gift purposes in Omaha alone.

TO READ THIS CAREFULLY WILL PROBABLY SAVE MY LIFE.

To find one's only happiness from waist down, with neither feeling nor intellectual knowledge of control, would be an appalling affliction under the most opulent circumstances, but for one utterly friendless and destitute to suffer such an injury, to be literally compelled to support oneself or perish in a fate which exceeds comprehension. It is absolute nonsense to suppose that any invalid could earn a livelihood by magazine soliciting. He would not receive a dozen orders a month nor could he attend to sufficient business to insure support.

Perhaps you can imagine my plight, four years ago when I found myself bedfast and absolutely alone in an empty house, compelled to prepare my own food on a gas plate beside my bed. The first season I mailed an appeal to 6,000 ladies, asking a \$100 prize which enabled me to arrange for the life lease of my cottage. But I often worked until 2 a. m. getting in my orders and must have collapsed had not my lady sent a lady to help.

Friend, this is a matter of life or death with me. Isolated as I am I could not possibly earn \$300 a year. But if the public will give its support to earn this \$5,000 for CHARITY I will have earned a LIFE'S INCOME of \$300 a year for three years' work besides the \$1,000 for the Infants' Home and LIVING EXPENSES which would have been UTTERLY IMPOSSIBLE by any other plan.

As it will be impossible to write 500 subscriptions each month during the summer, I must therefore have 583 subscriptions in DECEMBER. I cannot get them myself, but 1,000 Farmers would find THE COUNTRY GENTLEMAN, THE BEST investment they ever made.

I could save 1,000 people \$1.10 a year on the SATURDAY EVENING POST and LADIES' HOME JOURNAL, being the difference between the single copy and the yearly subscription price. 1,000 people could use these magazines advantageously for gift purposes. Gift cards sent on request.

If 500 people will place their order in DECEMBER the full \$5,000 will follow as it did last year. Write for catalogue and story. Your order contributes 50c; don't withhold it. Indifference is a barrier, but I believe you will. God bless you.

Christmas Shoppers!

To those shoppers who have not already finished their Christmas shopping for this year, we want to say that shopping during the early hours of the day has many advantages. There is less crowding on both the street cars and in the stores, and both you and the sales people are not as tired as later in the day. And when shopping in the afternoon, we urge you to start for home before 5 o'clock, if possible, making it possible for those compelled to remain down town later to find room in the cars.

AMERICA'S WORLD MISSION

It Must Bring Material and Spiritual Forces Into Unity.

McAFEE OF NEW YORK SPEAKS

Dwells on Importance of Setting Aright Aliens Who Come to Our Land and Return Home with Own Impressions.

"God Almighty never created a chasm between the material and spiritual forces of this world; what chasm exists between them was created by man," said Joseph E. McAfee of New York at the Young Men's Christian association yesterday afternoon in the course of a profound address to men on "America's Spiritual Mission to the World." It was an address with the genius of rare thought clothed in unique diction, whose force was invariably driven home with clinching effect.

Mr. McAfee said "America is destined for missions. It has a message to the world, something to give the world, which the world needs."

He spoke of the great "unofficial foreign missions" of this country, on which "some day some man will write a book and when that piece of literature comes before us it will grip our sense of our responsibility and opportunity by holding before us the powerful agencies of these unofficial missions."

Plan for Working Unity.

He pleaded for a working unity of the material and spiritual forces before ever this land of democratic institutions, the only land never ruled by despotism, could hope for the full performance of its greatest function of teaching Christian democracy to the world. He spoke of the millions of aliens who come to dwell among us, imbibe their ideas of us and our Christian civilization and then return to their native lands.

"Every one of them is a missionary," he said, eloquently. "And what is it they have learned and carried back with them? Ah, there is one of the vital elements of this great, far-reaching, unofficial foreign mission of this land. We have a few thousand persons engaged in official foreign missions, millions in the unofficial. We have not, in reckoning up our missionary resources, taken cognizance of that. These aliens have come here with the purpose of self-improvement. They form their ideas of our democracy, our careful what it is they see and learn."

Tone of Address Optimistic.

The tone of the address was of optimistic statesmanship, but deeply serious in laying stress on America's domestic problems, the solution of which was essential to the performance of its mission to the world. Mr. McAfee is secretary of the Board of Home Missions of the Presbyterian church and a member of the Home Missions council, composed of twenty-two Protestant churches, and he is brought to Omaha at this time with four other secretaries of that council on a "neglected field survey" of the west. This traveling body holds conferences at the Young Men's Christian association at 5:30 a. m. and 2 p. m. today and some of the secretaries will speak at a popular mass meeting for men and women tonight at the Young Women's Christian association.

MAJOR GENERAL WOOD FOR RESTORATION OF CANTEEN

WASHINGTON, Dec. 18.—Major General Leonard Wood, chief of staff of the army, favors the restoration of the canteen to army posts. He declares in his annual report that the consensus of opinion in the army is that the canteen should be re-established. General Wood also makes some recommendations for the garrisoning of the Panama canal forts. He says it is necessary to provide garrisons to protect the canal and insure its neutrality and he recommends twelve companies of coast artillery, four regiments of infantry at full strength, one battalion of field artillery, one squadron of cavalry and some auxiliary troops.

LIVELY ROW LOOKED FOR OVER PEGG'S ASSISTANT

When the council convenes in committee of the whole this afternoon and in regular session this evening the appointment of Ralph Richardson, white, to serve under John Grant Pegg, inspector of weights and measures, is likely to create noise or less dissension. The colored citizens of the city are in disagreement over the policy of Mr. Pegg's request to have a colored assistant, in the name of harmony and efficiency and because he believes a white man would not care to serve under him.

Chicago Opens Its Schools to Public

Chicago, Dec. 18.—It has dawned upon Chicago that the immense investment of public money in well lighted, well heated and well ventilated school buildings may be utilized to a far greater extent in the service of the people.

Chicago has now joined the movement to extend the use of the public schools. Nine of them will be opened at least two evenings a week as "social centers."

The schools are in active competition with the neighborhood dance hall, the 5-cent theater and the cheap pool room. The school directors will make every effort which receives the approval of the community in which the schools are located to attract the children and the young men and women off the streets and away from the influences which heretofore have offered the chief means of diversion.

After January 1 the board hopes for an appropriation, which will permit them to open several new schools and to keep them open each evening in the week.

Games, dancing, dramatics, gymnastics and in the future moving pictures will be arranged under the direction of the principal of the school and the representatives of the Juvenile Protective league. The success of the plan, as shown by the opening night has inspired the belief that the system can be extended indefinitely.

DEATH TAKES S. C. BARNES

Former Member of Legislature Passes Away at Daughter's Home.

LIVED MANY YEARS IN OMAHA

Slight Illness Which Develops Saturday Evening Results in Formation of Blood Clot in Arteries Above Heart.

S. C. Barnes, former member of the Nebraska state legislature, died suddenly at 1:15 o'clock yesterday afternoon at the home of his daughter, Mrs. Ida Barker, 21 South Twenty-fourth street. He was taken slightly sick about 7 o'clock Saturday night and not until 8 o'clock yesterday morning did he think his illness serious enough to allow his daughter to call a physician. Dr. Robert Gilmore and a trained nurse attended him. Formation of a blood clot in the arteries above the heart was the cause of death.

Mr. Barnes was 87 years old, but despite his years had good health until three years ago. Only a month ago he became too feeble to make his way downtown.

Mr. Barnes had lived in Omaha since 1887. He represented Douglas county in the state legislature for four years, retiring from political life after the democratic landslide which defeated him for re-election in 1907. In the legislature he was a conscientious worker. Many important bills were passed by virtue of his aggressiveness.

He will be remembered especially for his fight for the Omaha firemen. He worked in behalf of the "double shift," and although the desired legislation was not passed until a year after his retirement, he is credited with a great deal of responsibility for its passage.

Horn in New York State.

Mr. Barnes was born and spent his boyhood in New York state. When a young man he and his brother established there an enormous lumber mill and tanning business, but lost practically all their property in the panic of 1878.

Shortly after that time he moved to Lehigh, Pa. There he first held a public office—that of justice of the peace. He later operated a hotel for two years at Saginaw City, Pa., coming from that place to Omaha.

Mr. Barnes leaves his daughter, Mrs. Barker, and a son, Albert T. Barnes. "Although my father had grown feeble during the last three years," Mrs. Barker said, "I always believed he would live to be much older. His father was 102 years of age when he died in 1901."

Funeral services will be held at the daughter's home at 2 o'clock Tuesday afternoon. Rev. Mr. Williams, pastor of the First Methodist church, will conduct the funeral ceremony. Burial will be in Forest Lawn cemetery.

ROBBERS BLOW SANTA FE RAILROAD FREIGHT DEPOT

GAINESVILLE, Tex., Dec. 18.—Robbers blew the safe in the Santa Fe freight depot here with nitroglycerin about 1 o'clock this morning and took \$50 in cash, leaving about \$4,000 in checks. Saturday was pay day and the cashier noticed strange men loitering about the depot last night. The country is being scoured for the robbers.

HOLIDAY PRICES ARE LOWER

Turkeys Are Much Cheaper Than at This Time Last Year.

EGGS ALSO DROP IN PRICE

Butter, as Well as Other Staples, Follows the Downward Move to Help Out the Purse of the Housewife.

Declining prices on several staple articles is the joyous news for the Christmas shopping housewife. Turkeys are 20 and 21 cents at wholesale today and indications are that the retail price for Christmas will run from 20 to 25 cents a pound, about the same figures that generally prevailed for Thanksgiving and about 3 cents a pound lower than a year ago. Cranberries can be bought at 10 cents a pound.

Fresh eggs, which have been selling at 40 to 45 cents, retail, dropped today to 35 and 38 cents. The wholesale price was 25 cents a week ago; today it is 30 cents. No. 1 storage eggs have declined 5 cents a dozen, both wholesale and retail. The wholesale price is 25 cents.

Butter went down 1 cent on the wholesale market last week and another decline is expected Tuesday, which will bring the retail quotations down. Oranges are also lower than they have been all fall.

It is estimated that Omaha will use 500,000 pounds of nuts this Christmas season. Hayden Bros. alone bought ten tons of nuts or 20,000 pounds, in one lot. The current price on mixed nuts is 15 cents a pound.

COLORADO WANTS TO PLAY MISSOURI VALLEY TEAMS

BOULDER, Colo., Dec. 18.—Manager Herman Weisberger of the University of Colorado foot ball team, today announced that the Rocky Mountain conference champions next year will break into the Missouri Valley conference and will play with Chicago, Michigan and Oklahoma universities, and possibly with Kansas, Nebraska, Wisconsin, Ames and Iowa universities. With these college negotiations are pending.
