## BEE WANT ADS PRODUCE RESULTS

**Oldsmobile 14 Year**

In every city, town and village there are a few people who want the best. They are not necessarily the richest people, but they prefer investing to speculating.

It is not mere pride that makes such people want the best motor car; they believe the best is the cheapest;—the most durable and satisfactory investment.

These people buy the output of the Olds Motor Works every year—and this is the fourteenth year of the Oldsmobile. It is also a most prosperous year.

Evidently the Oldsmobile has a way of "keeping faith" with its purchasers.

May we explain some of the reasons why so many people believe this is the best car built, even though it is not the most expensive?
