**NORMAL BOARD IN SESSION**

Members Order Fireproof Building for the Pumping Plant.

**PERU ATHLETICS PAY OUT**

Difference with Teachers' Committee Over Selection of Teacher in Physical Culture in Chadron Normal School.

(From a Staff Correspondent.)

LINCOLN, Dec. 20.—(Special.)—The State Normal board has been in session all day, the principal business being providing for replacing the water plant of the Peru Normal, destroyed by fire recently. It is estimated a fireproof building for the pumping plant will cost between \$2,500 and \$3,000 and the executive committee of the board was empowered to advertise for bids and let the contract. Bids for a pumping engine ranged from \$32 for a twenty-horsepower gasoline engine to \$811 for a thirty-horsepower coal oil engine. The letting of this contract also was left to the executive committee.

The athletic board of the Peru Normal reported that it had wound up the season with all bills paid and \$1.25 in the treasury, against a deficit of \$200 last year, which had been paid out current receipts and some cash funds which the board had granted permission to use for this purpose.

**Differences in Coal Weights.**

The Peru Normal also reported some differences in weights of coal between the school authorities and the White-breast Coal company, the contractor. On thirteen carloads there was a shortage of twenty-six tons from billed weight, which neither the railroad nor the coal company was willing to stand, one asserting the weights were correct as billed and the other denying any responsibility. The board decided it would make the coal company a proposition to split the difference and pay for thirteen tons, the company to lose thirteen. The offer was based on the fact that there was some question about the accuracy of the scales at Peru, where a portion of the coal was received and weighed.

**Wayne Normal Growing.**

Reports from the Wayne Normal indicated that school is growing at a gratifying rate. At the opening of the school year the registration was less than 100 and today is 300, while another 100 is anticipated by the opening of the next semester. The new library and science building is now enclosed and will be completed in about four months.

The following were reported from Peru as applicants for life certificates to teach: Rose Bailer, Luella Fairchild, Mary Ellen Foss, Theodore A. Frye, W. D. Fulton, Sara E. Gibbons, W. C. Harpster, Helen M. Johnson, Zella Messenger, Corah S. Shambaugh, Ora A. Spencer, Minnie B. Sublette, Dora May Taylor, Lella W. Thomas, Jare B. Ware, Norman G. Wickland.

**Students Who Graduate.**

The following members of the senior class of 1912 were reported as having been approved for graduation:

Goldie Apageate, Wesley Boyle Fulton, Carrie Hansen, Elizabeth De Powers, Marie Lind Swan, Darie M. Taylor, Lella Winifred Thomas.

For graduation subject to completion of work Stella Eja, Patricia and Rola F. Fosnot were reported.

The following students have complied with all of the laws of the state and the regulations of the school relative to life certificates at Kearney. These were allowed at the last meeting of the board and the list is herewith provided:

Lillian Nilson Cole, Enid M. Conklyn, Louis Hollingsworth, Lena Muckle, Marguerite Preiss, Katherine Tryon, Mary Daugherty, Nettie Youberg, Mrs. Martha Watia, Mrs. Margaret E. West, Anna Rice, Mrs. Margaret Axmaker, Florence Miles.

**Change Teachers' Report.**

LINCOLN, Neb., Dec. 20.—(Special Telegram.)—The state board of education turned down the recommendation of the teachers' committee, composed of State Superintendent Delsell, N. P. McDowell and Dr. Shelhorn, in the matter of a teacher of expression and physical culture at Chadron normal. The teachers' committee has in the past practically controlled these appointments, but other members of the board concluded it was time they had something to say on such matters.

**Lincoln Monument Pedestal.**

A representative of the Chicago firm which has the contract for erecting the pedestal and the big granite block which is to back up the Lincoln monument on the capitol grounds, is in the city and announces he is ready to proceed with the work. As soon as weather conditions will permit the location will be surveyed and the work begun.

**First Bridge with State Aid.**

The first contract under the new state aid bridge law will soon be let. The state engineer's office has opened bids for a structure in Boone county, over the Cedar river, three-quarters of a mile from Cedar Rapids. The county has made an appropriation for its share of the work. The lowest bid for steel construction is submitted by the Canton Bridge company and is \$12,900. The next lowest is by the Western Bridge company of Omaha, \$8,400. The highest is by H. B. Thompson of Kansas City, \$12,150. The specifications call for two spans of 112 feet each, high truss, with concrete piers.

**The Lincoln Construction Company is the lowest bidder for concrete bridge, \$3,700.**

The plans call for four fifty-foot concrete arches. The company offers to build the bridge under its own specifications for \$7,500. The highest bid on concrete construction was by J. W. Turner of Des Moines and was \$18,100. The bridge is designed to carry a twenty-ton traction engine or corresponding load.

**Presidential Primary Ballot.**

The attorney general has given an opinion in response to a query from the secretary of state, regarding the minimum of names required on a petition to place the names of a candidate for president and vice president on the preferential primary ballot. After quoting section 1-B, chapter 46, of the session laws of 1911, the attorney general says:

"The latter part of this section is meant to give effect to the filing of petitions for candidates for president and vice president of the United States. The meaning of this section is not very plainly expressed. However, I think the legislature intended

**COMMERCIAL TRAVELER GAVE UP HIS POSITION**

Remarkable Statement Made Recently by C. J. Simpson.

**HE HAD BEEN ILL FOR A YEAR**

Tells How New Tonic Which is Being Introduced Here Brought Him Relief from the Very Start.

One of the most interesting statements yet made in connection with the introduction of the remarkable new tonic, "Tona Vita," is that which was given recently by C. J. Simpson, a well known traveling salesman for the Prince Albert Tobacco company, residing at No. 229 Douglas St., city.

Mr. Simpson said: "For the past year my health has steadily failed until I was forced to relinquish my position. I was a nervous wreck, and in recent months I have had a complete breakdown. The slightest noise excited me. I could not sleep at night, but would toss from pillow to pillow for hours. I was always haunted with a fear that a great calamity was about to happen. In fact, I was generally a miserable man. 'I heard about the new medicine, 'Tona Vita,' which is being introduced here. I sent for a bottle of this remedy. I began to improve from the start. I have taken a full treatment of 'Tona Vita' and am now a well man, and give entire credit to this remarkable preparation. 'People who are nervous and irritable have imperfect digestion and stomach disorder, lack energy and ambition, feel melancholy, and discouraged, suffer with headaches, backaches, poor memory, unsound sleep, poor circulation, shallow complexions, and who are susceptible to coughs and colds, are unquestionably suffering with that modern plague nervous debility, say the specialists who are introducing 'Tona Vita.' 'There are thousands of such half-sick men and women in this country, who really do not know just what is the trouble with them,' said one of these specialists. 'They struggle aimlessly along until they become totally debilitated, and often times they come to us suffering with this dreadful condition in its most aggravated form.' 'We have a preparation that will positively remove this trouble and restore the organs of the body to their healthy, normal condition. This remedy is called 'Tona Vita.' 'The public does not realize the symptoms of this modern malady, and it would be well for as many as can to visit Brandeis Drug Dept., 16th and Douglas Sts., South Side Main Floor, between the hours of 9 a. m. and 6 p. m. this week and have us explain them, as well as the nature of our remedy. I am certain that half of the headaches in Omaha can be attributed solely to nervous debility, and I am equally certain we have found a permanent source of benefit and relief.'—Adv.

**Taft Men Satisfied With Lincoln Meeting**

(From a Staff Correspondent.)

LINCOLN, Neb., Dec. 20.—(Special.)—Those interested in the candidacy of President Taft, after taking a survey of the meeting yesterday afternoon, are satisfied with the results accomplished. The intention of its projectors was to place the organization of the Taft forces in the state on a working basis and this was thoroughly accomplished. The central organization is now constituted in such a manner that it can be spread into every county and voting precinct in the state with a directing force behind it, all of which insures concerted effort.

**Men in Charge are Thoroughly in Touch with Men and Conditions in the State, and upon them will devolve the work.**

Just who will succeed E. M. Pollard left for his home in Nebraska today, reaffirming his assertion that, while he was just as much in sympathy with the movement as ever and just as willing to help, his private affairs forbade him devoting the time necessary to perform the duties of the office. Talk today, where politicians gather, indicated that the La Pollette men have misjudged the temper of many who are not only generally looked upon as progressives, but who declare themselves as such. The organization of a movement to further the renomination of Mr. Taft has developed that a large percentage of this class are for Taft, declaring that the president is a good enough progressive for them.

**Pioneer Teachers Will Hold Banquet**

(From a Staff Correspondent.)

LINCOLN, Dec. 20.—(Special.)—The following circular has been sent out from the office of State Superintendent of Instruction Delsell:

All who were teaching in Nebraska twenty or more years ago and who are still engaged in educational work are cordially invited to attend a banquet at the Lindell hotel Tuesday evening, January 16, 1912, at 7 o'clock. Plates \$1 each. This banquet was suggested at an informal meeting of the following persons, each of whom was teaching in the schools of Nebraska twenty or more years ago: Chancellor Samuel Avery of the University of Nebraska, State Superintendent James E. Delsell, D. W. Hayes, president of the State Normal school at Peru; A. O. Thomas, president of the State Normal school at Kearney; U. S. Conn, president of the State Normal school at Weir; and J. E. Spink, president of the State Normal school at Chadron, and Inspector A. Reed of the University of Nebraska. It was suggested that Chancellor Avery act as toastmaster and that Superintendent Delsell make the necessary arrangements. All who desire to attend this banquet should notify Superintendent James E. Delsell.

**JAMES G. TAYLOR, PIONEER RESIDENT OF STATE, DEAD**

SEWARD, Neb., Dec. 20.—(Special Telegram.)—James Gallienne Taylor, aged 87, pioneer resident of Nebraska and father of James G. Taylor, former auditor for the Burlington railroad at Omaha, died at his home near this town at 9 o'clock this morning.

Death came to Mr. Taylor in sleep, following general weakening caused by old age.

He was reputed to possess much wealth, owning a fine farm, on which he had resided for many years, as well as several other farms in this county which he had inherited from his son, James G., who died in New York one year ago. He came to this county in 1879.

Mr. Taylor lived in Omaha a number of years with his son when the younger Taylor was located there.

Two children are left, Mrs. W. H. Alexander of Milford and Victor Taylor, who lives in Montana.

Mr. Taylor occupied a prominent position in this county by virtue of unusual educational and social advantages. He was a member of the Masonic lodge and of the Episcopal church.

The funeral will be held in Seward. Arrangements have not been completed.

**TWO SHERIDAN COUNTY PIONEERS ARE DEAD**

RUSHVILLE, Neb., Dec. 20.—(Special.)—James Evans, an old settler who has been in this country since 1854, died at 3 p. m. today at his home in the country five miles southwest of Rushville. The funeral will be held today.

Colonel Scott Brownlee, a veteran of the civil war, another settler of this county, passed away last week at Manzanola. He left here with his wife last August on a vacation, spending the time with his daughter there. Mr. Brownlee has been identified with this county more or less for the last twenty-five years and has a fine home on the outskirts of Rushville. He was born in Pennsylvania and was one of the first organizers of the United Presbyterian church there.

**Masons Enjoy Banquet.**

DAVID CITY, Neb., Dec. 20.—(Special.)—Last night at the local temple Fidelity lodge No. 21 of the Masonic order enjoyed a sumptuous banquet prepared by one of the caterers of this place.
