

SMOOT TO WRITE NEW WOOL BILL

Senator, Pleased with Report of
Tariff Board, Will Prepare
Measure Based Thereon.

CONGRESS MUST MAKE CHOICE

Hard Fight for Supremacy Ex-
pected to Begin After Holidays.

INDUSTRY NOT ENDANGERED

Member of Finance Committee Gives
Ideas on Revision.

APPROVES TAFT SUGGESTION

Favors Levying Duties on Wool by
Single Specific Duty Based Upon
Secured Pound with Two
Other Rates.

WASHINGTON, Dec. 24.—Congress is to have a surfeit of bills revising the woolen tariff schedules, and a hard fight for supremacy in the passage of such legislation is assured to begin immediately after the holiday recess.

Democratic members of the ways and means committee, under the direction of Representative Underwood, the chairman, have in charge the preparation of a bill, the republican members of the committee also are preparing a wool bill, and tonight Senator Smoot of Utah, a member of the finance committee, announced his approval of the tariff board's report on the woolen schedules and said that he, too, would prepare a bill.

"I am pleased with the tariff board's report on schedule K," Senator Smoot said in announcing his purpose, "and hope that the findings of that board will be accepted by the American people, coming as they do from a nonpartisan board."

Asserting that a wool bill can be prepared upon the facts submitted that will not interfere materially with the woolen industry as now established and maintained "by the republican policy of protection," Senator Smoot continued:

"I will prepare a bill in which the rates of duty imposed will equal the difference of the cost of producing wool and the manufacturers of wool in this country and foreign countries based upon the tariff board's report."

Revision Necessary.

After an analysis of the report, Senator Smoot submitted for consideration of the public the following ideas as to the revision necessary in the woolen schedule:

"The report shows that fine and fine medium wools, which represent nearly 80 per cent of our domestic clip, bring from eleven to twelve cents per pound. The remaining twenty per cent, being the coarse grades, cost less. Australia and New Zealand produce great quantities of wool that come into competition with American fine and fine medium wools and costs 'net' to produce, according to the board's report, nothing, as the profits from the sale of mutton and sheep for stocking other runs' pay in a normal year the entire station expenses, leaving the fleece profit.

"Let us be more than liberal and allow two cents a pound to cover extraordinary losses that may be caused by disastrous droughts which happen at long intervals in Australia. We then find a difference of the 'net' cost of producing fine and fine medium wools in this country and Australia and New Zealand, the American wool grower's competitors, of 9 cents to 10 cents per pound.

"The report also shows that western fine wools shrink on an average of 67 per cent, Ohio fine wools, 60 per cent, and the lower grade of wools an average of 45 per cent; while the national average is about 50 per cent. Imported wools now coming in (largely skirted fleeces) shrink nearly 50 per cent. It is generally conceded that the average shrinkage of Australian wools unskirted, would be 50 per cent or more.

Approves Suggestion.

"I approve of the president's suggested plan of levying duties on wool by a single specific duty based upon the secured pound, with all wools now classified as first and second class thrown together with one rate imposed, and third class, or carpet wools at another and lower rate.

"These facts ascertained and a plan agreed upon, it is easy to determine the rate of duty necessary to protect the American wool grower. If the difference in the cost of producing wools, other than carpet and the lower grades, in this country and abroad is, say, only 9 cents per pound and the average shrinkage of fine and fine medium wools is 50 per cent, and under this plan still heavier shrinkage wools to be hereafter imported is only 25 per cent, then the actual rate of duty on the secured wool content should be 20 cents per pound."

Insurance Men Are Charged with Misuse of the Mails

DENVER, Dec. 24.—Federal warrants were issued today for the arrest of four officers of the United States Postal Insurance company on a charge of using the mails to defraud. The men under indictment are: D. C. Nevin, president; O. D. Olmstead and Harry E. Insley, all of Kansas City, and Charles A. White-Carver, treasurer.

The insurance company was organized in Denver three years ago, capitalized for \$1,000,000 and stock, par value \$100 sold for \$150 to \$200 a share. By this means \$2,000,000 was brought into the company's treasury. It was charged officers and organizers spent and divided \$70,000 and that not one policy was written.

Insley, formerly was commissioner of supplies under Mayor Spear of this city.

Famine in New Money in New York

NEW YORK, Dec. 24.—On the last business day before Christmas New York discovered that there was a "famine" in new money. At the subtreasury it was said today that the supply of crisp, unused bills and shining coins which it is usual to distribute at this season of the year to persons and institutions which wish them for Christmas gifts had been virtually exhausted. Individuals who wish small amounts of new currency in exchange for their torn or soiled bills were accommodated at the subtreasury so long as they asked for only small amounts, but there was no large supply for the banks to draw upon.

Each year the banks are subjected to a heavy demand for new money, and formerly they had no difficulty in obtaining it from the subtreasury. Secretary MacVeagh made a ruling some months ago, however, which upset this procedure. His ruling was to the effect that where there was sufficient currency in the nearest subtreasury to meet demands the government would not pay the cost of transporting new bills or coins merely to meet the preferences of the banks.

These banks which wished unusual supplies of unused currency have consequently been obliged to pay the cost of transporting it from the mint. Where they were willing to meet this charge the Treasury department accommodated them.

Insane Patients Lose Money by Thefts

CHICAGO, Dec. 24.—Warrants charging M. T. Campbell, record clerk of Dunning insane asylum, with stealing money from patients at the institution, were issued today, but process servers were unable to locate Campbell. His wife said that for the first time in years he did not come home last night and she did not know where he was.

The allegation of theft charges the record clerk with taking amounts varying from 7 cents to \$50.

Charges that Cook county's charitable institutions at Dunning have been robbed of money and personal property valued at many thousands of dollars by employees were made today by Dr. Stephen J. Flewitt, recent appointed superintendent.

An auditing company, engaged in examining the books of the institutions has, it is said, discovered thefts amounting to \$2,000 in a few days work. President Hertz of the county board declares that the inmates have been systematically robbed for years by the employees and that the total may reach \$100,000 when the investigation is completed.

Russian Arrested on Federal Warrant

LYNCHBURG, Va., Dec. 24.—Andre L. Gurovski, said to be a Russian count, who has been in America for twenty-seven years, left tonight for New York in custody of two men, one said to be an immigration detective and the other a city detective of New York. Further, it is said, he had a United States warrant for the Russian's arrest, the men were uncommunicative.

Gurovski was detained by immigration officials upon his arrival in New York on October 21 from a six weeks' visit abroad, but was released after several days and returned to his estate near here. He said at that time that he did not know why he was detained, unless he was thought to be an enemy of the Russian government. He claims to be a Russian loyalist.

Tonight it was said Gurovski's movements had been watched for two months by secret service men. He has been living for a year near Lynchburg and says he owns estates at Miami, Fla., and Red-bank, N. J.

PHILADELPHIA CARMEN SUSPENDED BY UNION

PHILADELPHIA, Dec. 24.—The local carmen's union, known as division No. 477 of the International Amalgamated Association of Standard Electric Railway Employes, has been suspended by the international body and ordered to surrender its charter. A telegram to this effect was received here today by representative of the international organization from W. D. Mahon, president of the parent body.

Mahon declares that the action is the outcome of the "insubordination and refusal" of the local division to abide by the laws and rules of the association.

RETURNS HOME TO FIND HIS HOUSE LOOTED BY ROBBERS

SALTZBURG, Pa., Dec. 24.—L. H. Shaner, general foreman for the rolling mill department of the United States Steel corporation at Gary, Ind., discovered tonight that everything in his home had been carted away by robbers.

Shaner was ordered to Gary three weeks ago. His wife and family went to Apollo, Pa., and the house was closed. Shaner returned today to prepare his household goods, valued at \$2,000, for shipment to Indiana. The house was bare. Shaner reported the loss to his brother, the sheriff.

SAINT NICK IS GUEST OF CITY

Omaha Suspends Business Activities
and Throws Open Floodgates
of Yuletide Cheer.

CHRISTMAS TREES ARE MANY Evergreens Bend with Presents for the Rich and Poor Alike.

GIFTS FOR THE YOUNG AND OLD Liberal Donations Made by Business Men to Employees.

RELIGIOUS SERVICES PREPARED Charitable Organizations Are Ready with Appropriate Programs and Christmas Will Be Every- where Observed.

A merry Christmas! Omaha will celebrate the feast today. The entire city will observe Christmas, business activities being suspended where possible and religious services superceding them. Santa Claus will bring joy to hundreds of children in the city today, visiting all who were overlooked last night. Christmas trees, Yuletide songs and appropriate exercises in all churches and by the several charitable organizations and full bills at all the theaters will provide the entertainment and constitute the observance of the day.

Santa Claus found a hearty welcome when he came rattling into town last night. Before him all all doubts which had threatened his very existence, the youngsters and many of the older ones whose spirit is still the spirit of youth unobscured by the years, and old Saint Nick is a person of flesh and blood and a warm heart, and a profuse exhibitor of fat checks, baskets of substantial wearing apparel and heaps of rich food-his gifts.

Few Places Open.

Only the postoffice, the cafes and hotels, a few cigar stores and drug stores and the railway stations will be open today. The street car men and the telephone girls, of course, will have to work. Some of the groceries and meat markets will be open in the morning.

Banks, large retail stores, the factories, the jobbing houses, the grain exchange, the courthouse, city hall and railroad offices will be closed, thus giving their employes two days off in succession.

Both the Boyd and Brandeis theaters will be open again after several dark nights last week and there will be "something doing" at every theater in town both this afternoon and tonight. Outside of theatrical performances, Christmas tree programs, church services and turkey shoots, the Christmas celebration for the most part will be in the bosom of the family. The streets today are expected to look as deserted as on Sunday. Some of the big department stores will do a big business in serving Christmas dinners to small parties.

Christmas in Churches.

Christmas services were held at many of the churches yesterday, and some will be held this morning and at some tonight. Sunday school Christmas tree programs began Friday night and there will be more tonight.

Thanks to the spirit of generosity manifested by the public, hundreds will have good Christmas dinners today who could not have paid for them from their own purses. The Salvation Army and the Volunteers of America gave out 2,000 baskets filled with Christmas provisions, on Saturday. The Elks provided forty worthy families with food and ordered food wherever it was found to be needed. Hundreds of boys and girls will go to the City Mission today to get the gifts that have been provided for them.

Most of the charitable institutions of the city will hold their celebrations today, with Christmas trees and gifts and special dinners for their charges. At the hospitals the nurses and attendants have decorated the rooms of the patients with holly.

Employees Are Remembered.

Many of the large mercantile institutions of the city gave presents to their employees Saturday. All the banks made cash gifts to their employees. Iler & Co., Paxton & Gallagher, National Roofing company, Holmquist Elevator company, Merriam & Millard company, United States Supply company, Fairbanks-Morse company, Haum Iron company, H. J. Hughes company, Johnson-Danforth company, Swartz Printing company, C. N. Dietz Lumber company, Maney Milling company and the Wooden Box and Package company presented their employees with turkey. Sheriff Brailey gave a turkey to each of his twelve deputies and Brailey & Dorrance sent turkeys to the hospitals. The Crane company's Christmas gift to each employe was a check for 10 per cent of the amount of his annual salary. The McCord-Brady company gave each employe a check for an amount equal to his vacation pay, whether he took a vacation or not. The Payne Investment company distributed shares of stock in the company among employees.

The Gayety theater will give a Christmas dinner for the show people and employees tonight after the show.

The Knights of Columbus will provide Christmas cheer for the orphans at St. James' orphanage.

Newspies who sell The Bee and World-Herald, will be given a big feed at the Jacobs Memorial hall at 11 o'clock this morning.

Mrs. Erlanger Gets Decree of Divorce

NYACK, N. Y., Dec. 24.—Mrs. Adelaide Louise Erlanger obtained an interlocutory decree of divorce here today from Abraham L. Erlanger, the theatrical manager, with \$1,500 a month alimony.

Mrs. Erlanger and her husband separated two years ago and she began suit against him last summer. A. S. Hall was appointed referee and it was on his report that Supreme Court Justice Tompkins acted today. Counsel for Erlanger moved for a sealing of the referee's report, but Justice Tompkins said there was no authority in law for sealing anything but the evidence and on that he reversed his decision.

The papers will be filed in the office of the clerk of Rockland county, where Mrs. Erlanger lives.

REBUKE COSTS HIS LIFE David Stepany, Assistant Manager of Store, Receives Broken Neck.

Edward McGrath Held by Police
Following Fatal Fall of Man
Who Reprimands Him for
Spilling Sweets.

Death from a broken neck was the lot of David Stepany, assistant general manager of a ten-cent store on Sixteenth, near Farnam Saturday afternoon, when he reprimanded a man for knocking a sack of candy from a counter.

Edward McGrath, 319 South Thirty-fifth avenue, whom Stepany encountered while a number of persons looked on, was arrested by Officer Cunningham, who was in the store when the fight began. Stepany was on his hands and knees with McGrath standing over him when the patrolman arrived.

When an attempt was made to assist Stepany, he was found to be dead.

Police Surgeon C. H. Peppers and Dr. N. F. Steiner were called to attend Stepany. After a cursory examination it first was believed that his death was due to heart trouble, there being no marks which would indicate that McGrath's blows had killed him.

Coroner Crosby took the body and on making an examination last night found the man's neck had been broken.

Knocks Candy to Floor.

The fatal encounter started when McGrath in taking a piece of candy from the counter after telling the clerk, he was going to "steal" it, knocked a sack to the floor.

Stepany was walking behind McGrath and a companion, F. J. Riley, 919 North Fifteenth street, when he rebuked the man for taking the candy. McGrath turned upon him with an oath, according to Police Officer Cunningham.

Stepany quickly took off his spectacles, threw them onto the candy counter and grabbed McGrath by the shoulders. McGrath then caught the manager by the throat and the two dropped the floor.

Stepany falling on his hands and knees, Miss Nellie Hinesh, 406 North Twenty-fourth street, who was in charge of the candy counter, told a different story. She said that as Stepany reached downward to pick up the candy which McGrath had knocked from the counter, McGrath struck him in the face.

Stepany from East.

Stepany was 27 years old and had been in the employ of the same firm for about eight years. He came to Omaha from Altoona, Pa., when the Omaha store was opened. He has been living at the Floniar hotel. His mother at Detroit, his home, was notified of his death last night.

An autopsy will be held this morning and Coroner Crosby has set the time of the inquest at 2 o'clock Tuesday afternoon.

McGrath is employed by the Western Electric company. He is 25 years old.

"I was walking along in front of the transfer station near the candy counter when the floorwalker jumped on my back and fell dead," McGrath told Captain Dempsey at the station. "I am sorry for him. It wasn't my fault."

DAY WRITES OPINION ON BANKRUPTCY PROCEEDINGS

WASHINGTON, Dec. 24.—At the bedside of his wife in Canton, O., Associate Justice Day of the supreme court has written an opinion dispelling much uncertainty about bankruptcy proceedings.

Last Monday Chief Justice White announced in court that the opinion would be recorded and the printed opinion has just been filed in the clerk's office. Among other things decided were these:

"That the state court cannot entertain a suit on a debt by a creditor against a debtor, when a federal court anywhere in the United States is passing on a petition to declare the debtor a bankrupt."

But a federal court cannot take five years to pass on the petition, allowing some creditors to manage the debtor's business. That would amount to denying the petition.

Also it was held that the Beekman Lumber company of Missouri could sue in the Missouri state courts the Acme Harvester company of Peoria, Ill., despite bankruptcy proceedings in Illinois.

Reward Offered for Young Man Charged With Girl's Death

ELK FALLS, Kan., Dec. 24.—A reward for the arrest of Don Brittain was offered today by Elk county officials after a coroner's jury had returned a verdict that Brittain had caused the death of Miss Maude Bingham, his sweetheart.

Brittain took Miss Bingham out driving in a buggy Sunday afternoon, November 26. Late at night he returned to the home of his stepfather, Burr Reynolds, a prominent farmer near here, and shouted:

"Come quick, Maude has fainted."

Miss Bingham was found crouched down in the buggy dead. Brittain disappeared after explaining that the girl had become ill after eating candy. An autopsy held the next morning disclosed the girl's condition. A sample of the candy was analyzed but found to contain no poison. The coroner's jury held that death was due to chloroform.

Storm Off Coast of France Costs Lives of Crew of Steamer

BORDEAUX, Dec. 24.—The Uruguayan steamer Rafael, from Montevideo, was wrecked off Coubre Point on the west coast of France, at the mouth of the Gironde. The Rafael carried a crew of twenty-five men. Five bodies have been washed ashore.

The coast continues in the grip of the storm, which has lasted for several days. A score of sailing vessels have been driven on the rocks, the crews being rescued with difficulty. All incoming vessels report damage, and several of them have had men swept overboard by the heavy seas.

The steamer Rafael hailed from Montevideo and was built in 1890. It registered 2,341 tons.

Nitro Left in Vault Frightens Experts

WARRENSBURG, Mo., Dec. 24.—Blast-blowers, who were frightened away before they had finished entering the vault of the Warrensburg postoffice have left government officials here a knotty problem to solve. The robbers first blew the outer door of the vault and when frightened away had filled the cracks of the outer door with nitroglycerin. The attempt to rob the postoffice was made Wednesday night and since then officials here have tried in vain to find a safe expert who will enter the inner doors.

All experts who have been summoned refused to touch the safe saying the chances for an explosion are too great to take the risk.

CARDINALS PRESENT GREETINGS TO THE POPE

ROME, Dec. 24.—All the members of the Sacred college, at present in Rome, were received today by the pope, to whom they presented their Christmas greetings.

For the first time in the history of the church at such a ceremony three American cardinals were present, namely, Cardinal Patrick, O'Connell and Falconio. The audience lasted a considerable time. The dean of the cardinals expressed the felicitations of the Sacred college, after which conversation became general, each cardinal personally congratulating the pontiff.

RECEIVES BULLET IN BODY IN TWIRLING GUN ON FINGER

DENVER, Dec. 24.—While attempting in "wild west" fashion to fulfill his boast that he could twist a revolver on his finger, discharging a bullet in a target with every revolution, Fred Randall, 21 years old, seriously wounded himself today. At the first revolution of the weapon it was discharged prematurely and Randall sank to the floor with a bullet in his groin.

Randall is a coal miner and strike-breaker from Louisville. He was rushed to a hospital. His condition is serious.

ELGIN OFFICIALS WILL ACT Investigation of Legality of Quota- tion Committee Planned.

NEWLY ELECTED INSURGENT TREASURER
SAYS COMMITTEE WILL BE ABOLISHED
IF FOUND TO VIOLATE
THE LAW.

ELGIN, Ill., Dec. 24.—Investigation of the legality of the quotation committee of the Elgin butter board in reference to the Sherman anti-trust law will be the first official action of the newly elected insurgent officers of the board, according to J. P. Mason, treasurer, who outlined future plans of the board in the absence from the city of Charles H. Potter, who was elected president of the board today.

Question of whether this price committee was operated in violation of the Sherman law was raised by "insurgent" buttermen at the annual election of directors last Monday.

"Federal laws will be inquired into," Mr. Mason said, "and the question of the legality of the quotation committee settled. There has been considerable discussion on this point. The board wants to do business on the square. The majority of the directors are strongly in favor of retaining the quotation committee, but if it is found to be operated in violation of the Sherman law it will be abolished."

Mr. Mason expressed doubt that the board would be successfully operated. He said no other radical changes from the policy of the former administration would be made, in the near future at least.

"Without the quotation committee," he said, "we have got to regulate our price according to other markets," he said. "Without the price committee we would be handicapped to an extent."

Methods to Be Changed.

With Mr. Potter's election as president there was expected to come a change in the manner of operating the board, which fixes butter prices in the middle west and is a standard for America. The new president's idea was to abolish the quotation committee entirely.

"This committee was the basis of the 'insurgency' in the board. It operates with the full power of the board and may change or rescind its action at will. It was contended by the insurgents that the committee operated in violation of the Sherman anti-trust law.

For twenty-two years this committee has been in full charge of Elgin butter quotations. John Newman, deposed as president after seventeen years of service, predicted that no change could be made in the power of the committee without killing the prominence of the Elgin market. Among the insurgents there is a faction that believes in the maintenance of the committee, but in fixing the published standard price by the actual sales on the board.

TAFT REFUSES TO PARDON BANKER CHARLES W. MORSE

WASHINGTON, Dec. 24.—The president today declined to pardon Charles W. Morse. The explanation of his decision is contained in the following statement issued from the White House:

"The president today called into consultation the surgeon general of the army, the surgeon general of the navy and Major M. A. Delaney, medical corps, U. S. A., on the report of the board of physicians at Atlanta as to the physical condition of Charles W. Morse. After full consideration of the report as explained to him by them the president was not satisfied that immediate action was necessary, but directed that he be kept fully advised at frequent intervals of any changes."

Boy Suspected of Murder.

DERRY, Conn., Dec. 24.—Edward Di Donato, 9 years old, was arrested here this afternoon by a detective from the office of the district attorney at Albany, N. Y., on suspicion of knowing something of the murder of the Morner family at DeForestville, Hampshire county, New York. Di Donato expressed his willingness to go to Albany and left shortly afterwards in custody of an officer.

TWO CONFEREES ASK NEUTRALITY

Imperial Envoy and Foreign Secretary of Rebels' Cabinet at Shanghai Issue Statements.

BOTH HOPEFUL FOR FUTURE Wu Ting-Fang Appeals to Sympathy of United States.

DREADS ANY INTERVENTION Tang Shao Yi Expects to Show World New China.

HOPE TO ACCOMPLISH OBJECT Representative of Insurgents As- serts Establishment of Republic Will Benefit All Nations Hav- ing to Do with Empire.

SHANGHAI, Dec. 24.—Tang Shao Yi, the imperial plenipotentiary appointed by Premier Yuan Shi Kai and Wu Ting-Fang, the foreign secretary of the revolutionary cabinet, the principal figures in the peace conference here, today gave out signed statements setting forth their views. That from Tang Shao Yi, who is Yuan Shi Kai's personal representative, is as follows:

"The situation in China today demands caution and deliberation and also the highest form of patriotism, which means the subordination of everything to the welfare of our country. I am trying my best to settle all major differences as a result of this conference and show the world a new China, strong, autonomous and peaceful, and a whole people prosperous. We won't divide China. I want peace here and throughout the world, but don't fear any form of intervention."

Wu Ting-Fang's statement follows:

"Greetings to the people of the United States and the world, from a representative of a newly formed sister republic. We hope and expect to accomplish our great purpose. When that is done it will benefit not only the people of China, but all nations with which we are commercially and diplomatically connected."

"I feel sure that all nations sympathize with us in our struggle for liberty, freedom and better government. I confidently expect that the nations will remain strictly neutral, as they have declared themselves to be, until our conflict is ended."

Hospitals Make Ready.

PEKING, Dec. 24.—Word comes from Pao Ting Fu, which is one of the important military centers, that the hospitals there are making preparations to care for many wounded, who are expected to be brought there in large numbers.

Is Taken to Indicate, along with Other Signs, that the Imperial Government Intends to Renew Hostilities. It is believed that Premier Yuan Shi Kai sees the hopelessness of the peace conference which is now going on at Shanghai and evidently desires to repeat the moral effect of the capture of Han Yang by restating Wu Chang, which under the present conditions, should fall easily to the imperialists.

An edict, issued in the dignified terms which have characterized such documents since Yuan Shi Kai assumed the premiership, confers posthumous honors on the imperialist commander who committed suicide when the city of Chao Chow was captured by the rebels. This one of many such honors recently bestowed by Premier Yuan, which the former regent did not dare to bestow, and it means that Yuan Shi Kai has not been in- timated.

Thirteen Babies Born in Three-Year Period

OKLAHOMA CITY, Okl., Dec. 24.—His recent complaint that the railway station waiting room at Boynton, Okl., was without fire on a bitterly cold day led to the discovery today that J. M. Jackson and his wife are parents of thirteen children, born in three years. Their fourteenth child, a son, is now 4 years old.

Five years ago the increase in the Jackson family became marked. The twins are now 5 years old. Triplets succeeded the twins in twelve months, and in another year triplets again made their appearance, but one year after the last triplets came five children on the same day.

The last five are alive, but the health of the whole family, Jackson says, was impaired by the absence of warmth in the Boynton waiting room.

BOY SHOTS SISTER FOR KEEPING HOLIDAY CANDY

OLVEY, Ark., Dec. 24.—Because his 11-year-old sister refused to share her Christmas candy with him, 15-year-old Bryan Bridwell, according to the police and members of the family, blew off the little girl's head with a shotgun. He suggested the division as they were returning home from their shopping expedition and when she demurred he threatened her with a shotgun, which was discharged when the trigger caught in his coat as he raised the weapon.
