Knockout Ends Bout in Eleventh Round of Fight at Los Angeles.

LOSER GETS SEVERE BEATING

Kenosha Lad Lands Stut One Blow that Interferes with Rivers Dur-Ing Past Engagement Between Peatherweights.

LOS ANGELES, Cal., Jan. El-Jos Rivers of Los Angeles knocked out Frenkle Conley of Kenosha yesterday in the eleventh round of their scheduled twenty round fight at Vernen.

At no time did Conley have the least chance to win, and only once in the first round when he put a stiff left to Rivers' jaw as the latter was backing away and sent him to the floor, did he land a blow that estiously interfered with Rivers. It was one of the fastest fights between

featherweights ever seen in the Vernon ring. Rivers fought all around Conley. His favorite combination was a left jab and a vicious right to Conley's face. In the seventh Rivers had Conley all but out but could not land on a vital spot. Conley's face was a fearful signt by this time. His eyes were nearly closed and he was bleeding from a half dozen cuts, while Hivers bore but one mark, a

Contey Whipped Endly.

It was seen as early as the third round that Conley had no chance and it was simply a matter of how long he could endure the terrible punishment Rivers was inflicting. Conley constantly parried the fight to his opponent, only

ninutes in the center of the ring. Rivers with a terrific right to the jaw. Rivers kept after him and landed left and right to body and face until Conley tell limp over the ropes, head downward and suffered for the first time in his ring career

(From a Staff Correspondent.) LINCOLN, Jan. 2 .- (Special.)-The abstract of the condition of incorporated ommercial and savings banks operating under state charters, at the close of are 669 such banks. One gratifying thing onnected with the state banks is the fact there has been but one small failure, that of a bank at Firth, since 1904. The Firth bank was closed in 1907 on account of its principal officer absconding after getting the bank into financial difficulties. It finally paid back to depositors about 96 per cent and there is every reason to believe had the officer remained with the bank and wound up its affairs in the ordinary way not even that small amount would have been lost to depositors.

Another gratifying condition which Mr. Royse finds is that a number of the soundest banks in the state at present at one time several years ago under less stringent supervision and regulations were on the verge of insolvency. Taken all in all the banking department is highly pleased with the showing made by the December statement, a summary of
