Banking groups, however, are offer of substantial loans in order to help suppressing the revolution made possible States District Attorney A. J. McCor place China on its feet.

For the present the idea of an international banking conference on the subject has not advanced beyond an idea. It is in no way connected with the ara private visit before his departure for

Germany Ready to Act. BERLIN, Jan. 6 .- No inquiry concern ing the dispatch of troops to China has been received here from Washington. There is no doubt as to what Germany's answer will be. The government is fully in accord with its minister who, with che other diplomats there, already has intermined to send international troops to guard the rallroad from Peking to Chin Wang Tao against either the revolutionists or the government troops. The minister has full authority to act, if the

occasion requires. No confirmation has been received from the German ministers of the reports by way or London that an Anglo-German expedition has started from Tien Tsin.

WASHINGTON, Jan. | 6 .- In view of the fact that other legations are sending troops to protect the somes allotted to them along the rallroad from Peking to Chin Wang Tao, it is not at all impossible that the United States will send troops and signed the confession in the presence to assist.

Yuan Surprises Powers.

TOKIO, Jan. 6.-Premier Yuan Shi Kai's exclaimed; attitude toward the peace conference between the revolutionaries and the imperialists at Shanghal is criticised by some coarters here as an inexcusable disregard of the foreign powers who have committed themselves to render benevolent seistance in expediting the restoration of peace in China: In other quarters, however, the explanation is given that Premler Yuan Shi Kal's first idea was to China by national convention composed of members duly elected. He had an edict issued to that effect but, finding that a concession even to this extent was unsatisfactory to the revolutionaries the premier found himself pressed to the last

Wyoming Warming Up. Through portions of Wyoming the weather seems to have moderated some what. Saturday morning at Cheyenne the mercury registered zero, while at Ogden,

Utah, it was 40 above, At Winner, S. D., the temperature at 7 clock was 26 degrees below zero. Between Pierre and Rapid City temperatures ranged from 10 to 25 below.

Out in Wyoming, from Lander east as far as Casper, a peculiar condition maintained Friday night and yesterday morning. In this section of the country the temperature was from zero to 20 degrees below. During the early evening a Chbnook wind poked its nose in from the northwest and within a couple of hours the temperature rose to 30 degrees above zero. A couple of hours later the wind whiped around into the northeast, blowing a gale and accompanied by a heavy snowstorm. At almost the same instant the temperature commenced to drop and next morning it was reported as being from zero to 30 degrees below.

In the Black Hills country the tem perature yesterday morning ranged from is to 20 degrees below, the coldest weather being up around Belle Fourche.

Generally throughout the Missouri valley it was clear yesterday, but last night there were many points that were visited by light to fairly heavy anow falls.

· Stock in Danger.

The railroad offices in the city are making every possible effort to keep in touch with the live stock situation in Kansas, the western portion of Nebraska and Wyoming. The reports received by them are to the effect that already the losses have been considerable, especially among the sheep men of Wyoming.

While cattle are standing the cold better than the sheep it is beginning to tell upon them. On the ranges where plenty of hay was not put up last season, the losses are increasing rapidly. The ground is covered deep with snow and it is impossible for them to get at the dry grass beneath.

Cold Burts Travel.

The continued cold is getting in its work on railroad travel, which has now reached a minimum. Trains both coming and going are running light. None of

nor are they even attempting to do so. No railroad operating in or out of

Omaha has any call on any other, for all of the trains are from one to six hours late. However, none of the passenger trains have been abandoned. Freight traffic is being seriously interfered with. Few of the freight trains. saids from those that are handling live stock of perishable goods, are moving Engineers running into the city state that the weather is so severe that evough coal cannot be shoveled into the fire
