NEWTON FILES FOR GOVERNOR

Wymore Man Announces Will Contest with Aldrich.

INTERESTED WITH McMULLEN

Letter with Filing Indicates He Intends to Put Up Fight for Nomination on Republican Ticket.

(From a Staff Correspondent.)

LINCOLN, Jan. 6.—(Special Telegram.)—Jesse Newton of Wymore, sprung a little surprise on the politicians of the state this afternoon by filing as a republican candidate for governor, accompanying the filing with a receipt for the primary fee from the treasurer of Gage county. Newton is practically an unknown quantity of the politicians, but inquiry developed that he is in the mercantile business at Wymore and has been so engaged for several years. So far as known he has never held or aspired to any office on previous occasions.

The only thing which throws any light on the filing beyond the letter which accompanies it is the fact that he is interested in business with Adam McMullen, former representative in the legislature from Gage county and at one time an active candidate for the speakership of the house. Friends of Governor Aldrich assert that at that time the governor was in the senate, but that McMullen charged him with being unfriendly to the Gage county man's aspirations. Newton is alleged to be anti-county optionist.

His letter accompanying the filing is as follows: "I am a candidate for the governorship of the state of Nebraska in the April primaries, 1912. I believe the state needs a straight from the shoulder business administration by a governor who is not afraid of anything or anybody and who believes in an absolute square deal and will see that the people get it. I believe the affairs of state should and could be handled on a strictly business basis and in fairness to all. It is with a knowledge that I could and would give the state such an administration if nominated and elected that I herewith file my application. County treasurer's receipt covering filing fee enclosed."

Requisition Honored.
Governor Aldrich has honored the requisition of the governor of Montana for the return to that state of three men now under arrest at Grand Island. Leo B. McCarrick and Frank Furlong are wanted for Grand Larceny and Ed Sawyer for assault to commit robbery. In connection with the extradition it is said the three were confined in the old jail at Boxman, which held them successfully, but when they were transferred to the new jail on its completion they broke out the second night.

Boling Admitted to Bail.
The supreme court admitted to bail in the sum of \$2,000, Alfred Boling of Nemaha county, who is held on the charge of statutory assault upon Dolly Boling, nee Dolly Hanner. A habeas corpus case was also filed by Boling today in the supreme court growing out of the same legal tangle in which he is involved. The girl in question, whom Boling is alleged to have married, is only 15 years old.

Mrs. Lewis Burned.
Mrs. T. P. Lewis and her daughter, Mabel, were severely burned today by a pair of gasoline in which the Lewis woman was washing a skirt, catching fire from a furnace register. Most of the furniture in their home in University Place was destroyed and the house itself badly damaged. Mrs. Lewis was severely, though not dangerously, burned, but her daughter's injuries were not serious.

Cashier Called Down.
The banking board has decided to call to the attention of the directors of the State Bank of Anoka, Boyd county, the fact that Cashier Adamson of the bank has been inclined to ignore the instructions of the board and he also sent disrespectful letters to the secretary, Mr. Royce. Mr. Adamson, on his part, asserts that the examiners have been unfair in their work with the bank.

Hogland May Not Accept.
Henry V. Hogland, former sheriff of Lancaster county, is not certain whether he will accept the filing made in his behalf as candidate for senator from this county.

More Filings Made.
W. R. Beum of Tekamah has sent in his filing as a democrat candidate for delegate to the national convention from the Third district.

S. D. Mast of Frontier county has made his formal filing as republican candidate for the legislature from the Frontier-Casper county district.

The temperature appeared to have a depressing effect upon matters political in the capital city today. The mails were late and even when they did arrive they betokened the same condition of affairs out in the state. There is every indication that political ambitions are hibernating, but the first indication of a change of

Two Men Killed by Inhaling Live Steam

LINCOLN, Neb., Jan. 6.—Two men, Fred Streck and Joe Albright, are dead as the result of the blowing out of a plug from a combustion chamber of a boiler at the Burlington depot here late yesterday. Both deaths were the result of inhaling live steam. Streck had taken Albright's position as fireman at the plant Thursday. Albright ran from the boiler room after the explosion and made his way home, a distance of over a mile.

Farm House Burns; Family Barely Escapes

BEATRICE, Neb., Jan. 6.—(Special Telegram.)—The farm house of M. A. Willis, eight miles east of Beatrice, was destroyed by fire this morning. The family saved nothing and barely escaped with their lives, walking in the intense cold to the home of a neighbor two miles away. The loss is \$2,000, partly covered by insurance. The fire was caused from a defective flue.

Fairbury Man Is Nearly Burned to Death

FAIRBURY, Neb., Jan. 6.—(Special.)—Arthur Stewart, a hostler helper in the Rock Island shops, barely averted death last night while in the performance of his duties. Mr. Stewart was going from the roundhouse down into the yards for the purpose of removing one of the big locomotives into the house, and as he was passing the turntable, lost his balance and fell headlong into the pit. He was rendered unconscious by the fall. He held a lighted torch, which fell under him and set fire to his clothing. Another employee who saw him lying in the pit and thinking he was dead, ran to get several rescuers. In the meantime his clothing caught fire from the torch and when the parties returned they found the young man a mass of flames. He was unconscious and unable to do anything for himself. After considerable effort, the fire was extinguished and the unfortunate man carried into the roundhouse office and a doctor summoned. Stewart sustained serious burns and is in a serious condition.

Union Pacific Right-of-Way Case on Monday

GRAND ISLAND, Neb., Jan. 6.—(Special.)—The case of the Union Pacific company against Tashby & Stryker is set for trial Monday, January 8, before Judge Grimes of North Platte at Lexington. The case originally came before Judge Hostetler of Kearney, but the latter owned property which may be affected by the decision and declined to sit in the case as judge. The case involves the question of the width of the right-of-way of the railroad company and, therefore, property in nearly every city and town through which the road runs and many acres of valuable farm lands. It has been estimated that the value of this property will run into millions of dollars. An organization has been effected, mostly of farmers, between Lexington and Cheyenne and they have employed T. J. Mahoney of Omaha and W. A. Prince of this city to contest the case.

Notes from North Platte

Boosters Have Banquet at New Hotel—New County Officers Are Installed.
NORTH PLATTE, Neb., Jan. 6.—(Special.)—A splendid meeting of the business and professional men of this city was held in the new Ritz hotel last evening at a banquet given for the purpose of getting together and discussing matters of interest in the growth and progress of North Platte. An excellent dinner was served at 6:45, which was followed by short speeches by citizens of the city. Jim McDonald was toastmaster and the speeches made were by Harry Dixon, Frank Heston, E. J. Vandendorp, M. J. Forbes, J. G. Wilcox, E. T. Trapp, Ira L. Bare, T. C. Patterson and D. T. Quigley. It was then voted to hold a monthly banquet for the business and professional men of this city.

W. T. Banks, who sold out his dry goods store to F. R. Elliott, and who took possession yesterday, purchased a stock of groceries at Kearney and will ship the same to this city.

Chas. McComber and William Lannin have leased the Vermilion building and will open the grocery store in about ten days.

Yesterday at noon there was quite a change in the county offices in this county. A. N. Durbin succeeded Ray G. Langford as county treasurer. Mr. Durbin having been the deputy under Mr. Langford.

A. J. Salisbury succeeded T. L. Milington as sheriff. C. W. Yost succeeded his chief, E. R. Elliott, as county clerk. Roy Crochran, who defeated Paul G. Meyer for re-election, succeeds the latter as county surveyor. Miss Cleo Chappell also defeated her predecessor, William Eblight, and becomes the new county superintendent.

Mr. White of Hershey becomes the new county commissioner. In these changes the demonstrators gained two offices and lost none, the gains being the county superintendent and the surveyor. County Clerk Yost has appointed A. S. Allen as his deputy. Sheriff Salisbury has appointed Tom Watts as his deputy, and County Treasurer Durbin has appointed Miss Kate Clarke as his deputy.

The city council of this city is making arrangements to accept the decree of the circuit court of appeals, which requires the city to purchase the water works plant at an appraised value of \$5,000, and arrangements are being made to vote the necessary bonds.

FARM COURSE IN HIGH SCHOOL

Holdrege Board of Education Takes an Advance Step.

WORK WILL BEGIN FEBRUARY 1

J. G. McMillan, a Graduate of the Iowa State College of Agriculture, Will Have Charge of Instruction.

HOLDREGE, Neb., Jan. 6.—(Special.)—The Holdrege Board of Education has taken an advance step in the line of practical education by arranging for an agricultural department in the high school. In the state of Minnesota thirty high schools have departments similar to that the local board will establish, but so far as known here this city is the pioneer in the new movement in the state of Nebraska.

J. G. McMillan, a graduate of the Ames Agricultural college, has been engaged to conduct the new work. He will arrive here January 15 and will spend the two weeks before the beginning of the second semester of school work in helping Superintendent C. W. McMichael and the members of the school board arrange the new course in detail. The board endeavored to find a Nebraska-educated man fitted to take charge of the new course, but, being unable to do so, selected Mr. McMillan, who is said to be excellently qualified for the position.

Minnesota Is Example.
The new department was first created in the mind of Superintendent McMichael, who is one of the most progressive school men of the state, and who has watched the success of the Minnesota experiments from their inception four years ago. In order to satisfy themselves fully as to the merits of the agricultural department in high school work, the board of education three weeks ago sent Superintendent McMichael and A. W. Danielson, of the board, to Albert Lea, the birth place of the movement in Minnesota, to see what has been accomplished in the high school there. These men returned very enthusiastic over what they had seen and learned, and upon their recommendation the board has just decided to lose no time in getting the plan into operation during the second semester.

Work Will Be Practical.
The new courses will be made intensely practical, some of them being co-ordinated with the manual training course just established in the local school last fall. Work such as the testing of feed corn and grains will be carried on and a plot of land will be leased on which the students will plant a variety of crops in the spring.

This new departure in high school work will be watched with great interest by the educators of the state, and if successful there is no doubt but that the plan will be taken up in other high schools and spread over the state. In Minnesota state aid is given to the sixty high schools now carrying on this work, varying in amount from \$1,000 to \$2,500 per year, and the local educators believe that in the course of a few years the same plan will be in operation in this state.

Description of Runaway in Bee Brings Father to Son

CLAY CENTERS, Neb., Jan. 6.—(Special.)—Paul Ransom, a farmer boy who ran away from school about two weeks ago, has returned home. The description of the boy given in The Bee was read by a farmer near Table Rock, Neb., and he wrote the father saying a boy answering that description was at his place. The father immediately investigated the matter and found his son and brought him home.

Fair Association Elects.
CLARKS, Neb., Jan. 6.—(Special Telegram.)—The annual meeting of stockholders of the Merrick County Agricultural and Fair association held here this afternoon elected the following officers: President, W. N. Gants; vice president, H. M. Kojak; secretary, Thomas Keefe; treasurer, W. Chamberlain. The fair will be held here this year September 11, 12 and 13.

Persistent Advertising is the Road to Big Returns.

Last Week's Pimples Gone!

Pimples, Blisters, Blackheads, Disappear When Stuart's Calcium Wafers Are Used.

Trial Package Sent Free to Prove It.
You won't be always worrying about what your friends and strangers think of your "broken-out" face, if you give these wonderful little wafers a chance. That's because they go right to the seat of the trouble, the blood, driving out all impurities, strengthening it, toning it up. And when the blood is clear the skin is free from blemish.

Stuart's Calcium Wafers are perfectly harmless and may be taken freely by any one. They contain absolutely no mercury, no poisonous drugs, no opiates.

Stuart's Calcium Wafers contain Calcium Sulphide, and a mild alternative every doctor prescribes them a hundred times a year. They are the most effective blood-purifiers known to man.

It doesn't matter whether you have blackheads and pimples "resembling awful" or boils, tetter, rash, eruptions, eczema, liver spots or a muddy complexion, try Stuart's Calcium Wafers and get a surprise in a short time.

In order to prove to you that Stuart's Calcium Wafers are the most effective and prompt blood and skin purifiers in the world, we will send you a free trial package on request. Just send your name and address to P. A. Stuart Co., 115 Stuart Bldg., Marshall, Michigan.

When you have found for yourself how good they are, you can get a full-sized box for 50 cents at any drug store.

Earl Gets Life Term; Mathissen is Fined

PREMONT, Neb., Jan. 6.—(Special Telegram.)—In the district court this afternoon Judge Thomas sentenced Harry Earl, the negro who shot Charles Valt, proprietor of the Midland rooming house, to the penitentiary for life.

Fred Mathissen, the merchant who was convicted of assault upon Herman Wassner, was given a fine of \$100 and costs. Mathissen was tried on two counts, one charging shooting with intent to kill and the other of shooting with intent to wound, but was convicted of assault. Wassner, who was slightly injured, alleged that Mathissen was too intimate with his wife. The shooting occurred last August in the defendant's store on Main street, while a number of people were there. Judge Thomas thought there were some extenuating facts connected with the case and for that reason did not impose a jail sentence.

Ice Fourteen Inches Thick.
GRAND ISLAND, Neb., Jan. 6.—(Special.)—The owners of ponds and lakes in the vicinity are busy harvesting a 14-inch ice crop. The severe cold weather of the last ten days has brought a fine clear article of natural ice and this morning's temperature, 15 degrees below, is merely adding to the thickness. At Schlimmer's lake 6,000 tons are being put up for the Omaha Pacific and almost as much more for other lake traders.
