SHEEP-Nothing arrived in the way of sheep or lambs, and as yesterday's clear-act in every branch of the trade was complete, the market remained dmpty and nominal.

Trend to values for fat stock during the week was generally higher, but the trade received one or two setbacks, and closing advances are only moderate, and not exceeding a quarter on desirable ewes, wethers and vestings. Values were more or less erratic from start to finish,

OMAHA LIVE STOCK MARKET is not excessive, and everything cleared in good shape on the day of arrival, fed western lambs selling as high as \$6.50.

from Freezing.

It required more than 2,000,000 gallons of water to prevent numerous improperly protected water pipes in Council Biuffs comes and business places from freezing during the last week. Faucets were opened enough to permit the water to trickle slowly through and thus prevent freezing. This generally happened where there were no meters but in many places previous knowledge of the dimensions of plumbers' bills led to the choice of this plan as the cheapest way out of the difficulty. More than 19,000,000 gallons of water was pumped during the week while but a little more than 17,000,000 was

pumped in the previous week. Despite this wasteful use of water the calls upon the plumbers were greater than they could respond to. Thousands of dollars' worth of repairs quired. The eight days of continuous zero weather has caused the earth to freeze to a depth of several feet and Jack Frest has crept into basements where he had been easily barred in ordinary winter weather. Plumbers predict that by tonight hundreds of homes will
