

CHINESE DRAGON IN DISCARD

Celestials of San Francisco Celebrate in Entirely New Way.

PARADE IN HONOR OF REPUBLIC

Men and Women in Lin Garbed in Occidental Dress, Wearing No Queens, Some Blowing Horns.

Many in Autos. SAN FRANCISCO, Jan. 8.—China's rejuvenation was observed in San Francisco today by a celebration participated in by nearly every person in Chinatown.

No man of the more than 3,000 persons in the parade that wound its way through the city's business district wore a queue and the early use of silk robes of other days were replaced by the garb of the occident.

The famous dragon had been relegated to exclusion and the tom-tom and other music making instruments of old China were replaced by the strident brasses of American bands.

The celebration was held under the auspices of the Young China association, the Free Masons, the Chinese chamber of commerce, the Chinese native sons of the Golden West and the Chinese six companies.

La Follette Plans New Western Trip

WASHINGTON, Jan. 8.—Senator La Follette of Wisconsin, upon his return to Washington tonight from an extensive campaign trip through Ohio, Michigan, Illinois and Indiana, in the interest of the republican progressive campaign, issued a statement in which he said:

"Everywhere the people are aroused. They are determined to have some voice in their government. They understand the real contest to be to wrest our government from the control of the special interests.

"They are not only interested to learn the details of misrepresentation, but are enthusiastically in favor of measures which shall give to them the means to compel real representative government—the nomination of all candidates from coroner to president by direct vote, the election of United States senators by direct vote and the initiative, referendum and recall.

"The people recognize that only through these instrumentalities can the increasing concentration of business and political control in the hands of a few men be arrested and effective measures devised and enforced to re-establish the business of the country upon a sound, honest, economic basis of actual value, fair to big business and to small business alike and just to the public.

"It is my intention to continue these appeals to the people to support the progressive republican cause and to take care of their own interests. I shall return to Ohio, Michigan, Illinois and Indiana and go west of the Mississippi river to Kansas, Nebraska, Iowa, the Dakotas and Minnesota. I shall also make speaking trips into New England, into New York and other eastern states."

SAN FRANCISCO, Jan. 7.—Definite announcement that the German vaudeville circuit would invade New York was made tonight by Martin Beck, general manager of the circuit, who arrived today from a tour of Europe and of the orient.

Accompanying Beck is Herman Fehr of Milwaukee, who represents a number of wealthy theatrical investors of that city.

OSTER BAY, N. Y., Jan. 8.—Mrs. Theodore Roosevelt, it was learned tonight, has been quite ill for several days, but is recovering.

Two months ago she was injured by a fall from her horse while riding with the colonel. Her present illness is said, however, not to be a result of the accident.

One of the attending physicians said Mrs. Roosevelt was more comfortable tonight; that her condition was not now considered serious and that her recovery within a few days was looked for.

BRITT FOR HIGHER RATE

Third Assistant Postmaster General Advocates More for Papers.

FAVORS CENT POUND INCREASE

Annual Report reveals Tremendous Business Done by Postoffice Department and Contains Several Recommendations.

WASHINGTON, Jan. 8.—Adequate postage rates are discussed at length in the annual report of Third Assistant Postmaster General James J. Britt, made public today.

Mr. Britt recommends a flat increase of 1 cent a pound for newspapers and periodicals in connection with his consideration of second class rates. He also recommends that postage stamps be issued to United States senators, representative and executive officials of the government instead of permitting the use of the congressional franks and penalty envelope, as at present.

The report shows that at the close of the last fiscal year 27,864 newspapers and magazines were admitted to second class mail privileges. It is pointed out that good feeling and co-operation now exist between the department and publishers, due to the removal of many burdensome requirements, the effect being to relieve the department of unnecessary work and the publisher's of much annoyance.

More than \$5,000,000 money orders, aggregating 465,718,664, were issued and paid during the year, at a loss of less than \$2,000 through errors. Recommendation is made that authority be given to the postmaster general to fix fees for the issuance of domestic money orders, no fee to be less than 5 cents or more than 25 cents.

The total number of registered packages handled was 47,764,892, the fees received amounting to \$1,864,315. The Treasury department sent or received 1,023,440 packages, aggregating in value \$1,902,215,452.

Mr. Britt recommends the increase of indemnity for lost registered articles of the first class to \$100, and urges that congress provide for the insurance of mail matter to its full value with commensurate registry fees.

Economies are said to have been effected throughout all divisions and field operations, and a constant improvement and betterment of postal facilities was noted.

Joline Gives Out Letter Where Wilson Slurred Col. Bryan

NEW YORK, Jan. 8.—Governor Woodrow Wilson was anxious several years ago to retire William J. Bryan from the councils of the democratic party, according to a letter given out here tonight by Adrian H. Joline, a lawyer, which was said to have been written him by Dr. Wilson April 27, 1907. The letter is brief and says, in part:

"Would that we could do something at once dignified and effective to knock Mr. Bryan once and for all into a cocked hat."

The rest of the communication was purely personal and had no political flavor. This letter has been the subject of considerable discussion in the political circles in New York and Washington for several days.

AFFAIRS AT SOUTH OMAHA

Stockmen Find Many Frozen Animals in Trains that Arrive.

COLD MAY AFFECT THE MARKET

Action of Police in Helping Homeless Wanderer from Kansas to Job Has Met with Good Result.

Stockmen are becoming anxious at the continuance of the extreme cold weather, which unless it moderates will effect shipments to the local market.

Saturday several train loads of hogs showed the effects of the cold in the great number of the porkers found dead in the cars from cold and "piling."

In one car it was said as high as fourteen were found frozen stiff, while in other cars the average seemed to be three and four. Hog buyers say that death to the porkers often results from piling, that is, when the hogs pile upon one another causing the death of the undermost.

At the stock yards every attention is given the unloading and train loads are emptied in record time. The hogs and cattle suffer most on the long rides through the country.

Examination of the dead animals revealed the fact that death was in most cases due to freezing and the meat was sent to the rendering and refining works.

May Include South Omaha.

Following the report of the gambling raid made by Sheriff McShane in Omaha Saturday night there was renewed discussion as to the probability of the raid said to have been threatened by the new sheriff against South Omaha.

Some weeks ago a visit from the United States internal revenue department caused a momentary halt in the operations of the free and easy brotherhood of the Magic city.

As a result of the revenue officer's visit the local police were instructed by Chief of Police John Briggs to be on the lookout for all suspicious places.

So far no arrests have been made, but there is a reported rumor that Sheriff McShane will extend his operations to South Omaha.

Helps Boy to Job.

Homeless and without kith or kin, George Post, a 17-year-old Kansan, walked into the police station some days ago and told Desk Sergeant Billy Corrigan that he had been robbed while on his way from Des Moines to South Omaha.

The desk sergeant after a scrutiny of the lad was moved to pity at his destitute condition and mentioned the case to some of the policemen. Immediately the men began a systematic program of caring for the destitute youth. He was provided with a place to sleep and supplied with food and clothes. The police then obtained a place for the lad in the machine shops at one of the packing houses.

The lad has done well and the policemen feel that their protégé has the makings of a first class man in him.

Booker's Condemned.

Building Inspector Andrew Nelson, who has been recently appointed to his position by Mayor Trainor, takes his work seriously and has been active in an inspection tour throughout the city.

A number of old and dilapidated buildings have been condemned in the southern section of the city and it is understood that certain rookeries in the business district will soon be sentenced to the wood pile.

The building inspector said Saturday that he would not issue condemnation proceedings on certain places until the extreme cold weather had abated.

Mike Gaughan Loses Coat.

Mike Gaughan, the brawny son of Officer Jack Gaughan, was robbed of his overcoat while in the "Two by Four" restaurant at Twenty-fifth and N street, Saturday night.

Young Gaughan had hung his overcoat on a hook while he remained in the restaurant.

In leaving the place he discovered that the garment had been stolen. James Doe was arrested by Officers Morton and Gaughan on suspicion of knowing something about the missing coat.

Famous Men and Women of the Stage in Dickens Tribute

LONDON, Jan. 8.—The actors and actresses of London this evening paid a tribute to the genius of Charles Dickens when at the Coliseum theater they gave a performance of the great novelist's work in aid of a fund which is being raised for his grandchildren. The presentation was made up chiefly of Dickens' plays and tableaux portraying familiar scenes and incidents from the books of Dickens. Practically all those who took part were stars. Seymour Hicks and company gave the one-act play, "Scrooge," and Willard and Miss Alexander Carlsle an excerpt from "Martin Chuzzlewit." Cyril Maude and company a humorous scene entitled "Mrs. Stacey Gamp," while the Folies presented "The Polles edition of Dickens' works."

The trial, "Bardell Against Pickwick," given by an all-star cast, was the centerpiece of the evening, among those appearing being such famous performers as Sir John Hare, Sir George Alexander, Norman McKinnell, Gerald Du Maurier and Huntley Wright, and Misses Irene Van Brugh, Mabel Hackney, Rosina Filippi and Eva Moore.

For the tableaux the curtain rose on an exact replica of the famous picture by Sir Luke Fildes, R. A., entitled "The Empty Chair," representing Charles Dickens library at Gad's Hill. From the shadows of the room, full of memories, the creations of the master mind were evolved by the "Spirit of Inspiration" impersonated by Miss Ella Lina Terris. Later there entered some of the contemporaries of Dickens—Thackeray, John Forester, Gladstone, Disraeli, Macready and others, about 150 actors and actresses taking part. For the finale the performers grouped themselves around a picture of the novelist.

Stimson Declares Roosevelt Will Not Run Against Taft

NEW YORK, Jan. 8.—Henry L. Stimson, secretary of war, said after luncheon with Theodore Roosevelt at Oyster Bay yesterday, according to the Tribune, that in his opinion Mr. Roosevelt would never be a candidate for the presidential nomination against President Taft.

Secretary Stimson is a personal friend of both the ex-president and President Taft. He is quoted as deprecating the stories of Mr. Roosevelt's political activity as a possible candidate in 1912 as being without any foundation.

"I have never believed Mr. Roosevelt would be a candidate for the nomination against Mr. Taft and I have not the slightest reason now," he said, "after talking with Mr. Roosevelt to change that opinion."

Hitch in Progress of Peace Proposals

ROME, Jan. 8.—All reports presuming that peace between Italy and Turkey is near are premature. The official attitude at Rome is that in view of the fact that Italy is in the position of victor, it cannot ask for peace or initiate negotiations looking for peace. It is pointed out, however, that Italy is ready to examine into peace proposals with an open mind, if advanced by Turkey, on the basis that Tripoli and Cyrenaea shall be definitely annexed to Italy, according to the royal decree of December 12, which will be transformed into a law of the nation at the reopening of Parliament the end of January.

Italy desires peace, not so much for the purpose of ending the conflict with Tripolitana, but because it wishes to avoid complications, which, if they resulted now in the dismemberment of Turkey, would mean for Italy only the acknowledgment of the possession of Tripolitana, while if the dismemberment occurred later, Italy might gain a larger portion of the empire.

CONSTANTINOPLE, Jan. 8.—The rumors that peace negotiations have been entered into by Turkey and Italy, it is announced, are without foundation.

Last Signal Torch Works Crew's Rescue

BALTIMORE, Md., Jan. 8.—After having lighted their last signal torch and given themselves up for lost, Captain C. W. Harrison and his crew of three men were rescued by a passing schooner last night off Hooper's island from the disabled schooner Eloise, from Newburg, N. C., for Baltimore. The four men had fought the storm since Friday night without food and at the mercy of the high-running seas. They were put ashore at Hooper's island.

The wrecked schooner was picked up by the revenue cutter Apache and towed into Hooper's island inlet today and the story of the suffering and rescue came to Baltimore by wireless telegraph from the operator on the Apache.

The Eloise left Newburgh nearly two weeks ago and encountered heavy north-west gales all the way up the coast. When the vessel finally beat its way into the cove it was several days behind its schedule and the food supply had run out.

The first heavy gale in the Chesapeake Bay struck the Eloise Thursday night and its first sail went away with the gust.

PIMPLES ON FACE CAUSED GREAT DISFIGUREMENT

For Three Long Years, Suffered Great Deal, Cuticura Soap and Ointment Brought Marvelous Results. In Few Weeks Cured Completely.

1015 W. 20th Place, Chicago, Ill.—"I was troubled with acne for three long years. My face was the only part affected, but it caused a great disfigurement, also suffering and loss of sleep. At first there appeared red, hard pimples which later contained pus. I suffered a great deal caused by the itching. I was in a state of perplexity when walking the streets or anywhere before the public."

"I used pills and other remedies but they failed completely. I thought of giving up when nothing would help, but something told me to try the Cuticura Soap and Ointment. I sent for a Cuticura Socklet which I read carefully. Then I bought some Cuticura Soap and Ointment and by following the directions I was relieved in a few days. I used Cuticura Soap for washing my face, and applied the Cuticura Ointment morning and evening. This treatment brought marvelous results so I continued with it for a few weeks and was cured completely. I can truthfully say that the Cuticura Remedies are not only all, but more than they claim to be." (Signed) G. Baumel, May 28, 1911.

Cuticura Soap and Cuticura Ointment do so much for skin eruptions, poor complexion, red, rough hands, and dry, thin and falling hair, and cure so little that it is almost criminal not to use them. Sold by dealers everywhere. Liberal sample of each mailed free with 25-c. book. Address, "Cuticura," Dept. T, Boston. Tender-faced men should shave with Cuticura Soap Shavine Stick.
