

LYNCH CHAIRMAN OF BOARD

Receives All the Commissioners' Votes Except His Own.

COMMITTEE CHAIRMEN NAMED

Board Makes Its Appointments for the Coming Year—M. B. Thompson Head of Detention House.

County Commissioner John C. Lynch was elected chairman of the Board of County Commissioners for 1912 when it met and organized yesterday morning by a vote of four to one.

Committee chairmen were named as follows: Finance, Charles and Finance; Public Works, roads and bridges; Police, Harry Miller; Health, Harry Miller; Jail, Detention house, hospital and whole.

Appointments as follows were made: Effective January 15—J. M. Calabala, superintendent court house; Martin Thibe, night watchman court house; Harry Miller, superintendent county store; W. H. Brandt, assistant superintendent county store; Henry Peterson, superintendent South Omaha county store; James Ryan, day watchman county hospital; George Stephens, night watchman county hospital.

Effective February 1—Mr. and Mrs. E. M. Robinson, superintendent and matron county hospital; William Britton, engineer county hospital; William D. Kierstead, day fireman county hospital; William Reuman, night fireman county hospital; Frank Johnson, undersheriff; Mr. and Mrs. M. B. Thompson, superintendent and matron at Detention house; W. H. Christman, court house engineer; John Larsen, court house carpenter; Dr. F. J. Schiller, county physician; Dr. W. M. Davis, assistant county physician.

No important changes will be made in salaries when they are fixed by the board, which probably will be next Saturday.

Fugitive Rearrested for Horse Stealing

Chester Mitchell of Valentine, S. D., wanted there for stealing government horses from the Lincoln agency, was arrested near Loup City Monday afternoon by Deputy Marshal Hayes and brought to this city. He was placed in the county jail pending the return of United States Commissioner H. S. Daniel, who is in Lincoln. Mitchell was arrested last October by government officials in Loup City, but in some manner he escaped and it was not until several days ago that he was located.

Upon the return of the commissioner an order for his removal will be granted the Dakota officials.

TRAINS RUNNING NOW NEARER TO SCHEDULE

The railroad passenger trains have all weathered the storm and most of them are getting back to their old schedules. While some are coming in a little late generally they are on time.

Roads east of the river are now having more trouble than those west. It is said, to more caution being taken by the managers. On the roads west of the river all passenger trains are equipped with snowplows and the drifts interfere but little with their movements. The pin has not been flowed to any extent by the managers of the lines east, and consequently when there has been any snow backing it has been done by the engines.

COMMERCIAL CLUB RAISES PRICE OF MEAL

The Commercial club has decided to raise the price of the Monday luncheon at the club from 40 cents, the figure that has obtained for many years, to 50 cents, and promises that "radical improvements will be made in quantity, quality and service." Many members have not eaten at the club, it is said, because the luncheon "was not good enough for them."

Coincident with raising prices, the club is taking radical measures to compel delinquent members to pay up. A list of seventy men, delinquent \$5 to \$15 each, has been posted on the club bulletin board. It includes bankers, grain men, judges, lawyers, doctors, editors and others.

ANNIVERSARY

"Just a few lines from a man who owes his existence to you. This writing is a happy anniversary as it is now one year that I have not lost a day due to my old trouble. I am feeling fine and utter an appreciation suitable. Wishing you unlimited success."

F. CHANDLER, 359 Main Street, Middletown, Mass.

Two years ago on Christmas Day, Chandler was given up by Dr. N. Y. by his home physicians. He had dropped to the bursting point, nearly all night and early death was looked upon as certain. The family was in despair. They heard of a man who had been cured of a similar case.

Wonder what physicians think of all this who are wedded to nitro glycerine, digitalis and Chamber's Mixture, under which nothing is certain.

Sherrin & McConnell Drug Co., Cor. 16th and Dodge, Orel Drug Co., Cor. 16th and Harrison, Harvard Pharmacy, Cor. 24th and Farnam; Loyal Pharmacy 297-9 No. 16th St., Omaha, local agents. Ask for pamphlet.

THROW YOUR TRUSS AWAY

RUPTURE

"I will guarantee a cure in 15 days without pain or loss of time. No one will be accepted unless the patient is cured."

Frank H. Wray, M.D., 16th and Douglas, Omaha

Scott's Emulsion

ALL DRUGGISTS

Kountze Bros. in New Quarters

C. T. Kountze and L. L. Kountze of the First National bank of Omaha, with the other sons of the late Herman Kountze, are members of the firm of Kountze Bros. of New York, whose banking house was in the Equitable building, destroyed by fire yesterday.

The city information received by them from the New York house was the fact that new quarters had been secured at 141 Broadway. It is presumed that all papers and records of the firm were saved from the fire by fireproof vaults.

EQUITABLE LIFE BUILDING BURNS

(Continued from Page One.)

mass of flames and the firemen working from the tops of skyscrapers and from the streets below were trying to prevent the flames from spreading to the buildings on the opposite sides of the street.

The Equitable building occupies the block between Broadway and Nassau street and Pine and Cedar streets. The fire was first discovered on the ground floor in a store room of the Cafe Savarin and, carried by a draught of air, shot upward through an elevator shaft, setting the fire to the upper floors.

A general alarm was turned in, and when the fire department reached the scene the flames were bursting from the windows in the southeast corner of the building.

Gale Causes Fire to Spread

A gale sweeping through the streets drove the flames through the building from end to end. Firemen dragged their ladders to the tops of the Chase National bank on Pine street and the Fourth National bank on Nassau street, while other lines of hose were run up on a sky scraper opposite the burning building on Broadway, from which streams of water were directed on the flames.

Five alarms were turned in and fire ladders from the North and East rivers grouped themselves at a convenient dock and pumped volumes of water in the building.

Three watchmen in the building heroically remained to fight the flames with fire extinguishers, but they were driven finally to the roof. Firemen made a heroic attempt to save them and scaling ladders were run up.

Rescuers got as far as the fourth floor when the watchmen, their forms outlined against the glare of the flames, were seen to kneel and pray, and then, as the corner of the building on which they were standing fell, they jumped to the street. The firemen on the scaling ladders had difficulty in making their way to the streets.

Deputy Chief Walsh Missing. Deputy Fire Chief William Walsh and five firemen were caught when a section of the floor in an upper story gave way. The firemen managed to catch a window ledge, from which they were rescued by means of a life line, but when they looked back Chief Walsh had disappeared into the smoking ruins. Efforts were made to reach the spot where he was buried, but the firemen could not find him.

Two porters in the safe deposit company were rescued from the basement of the building when the sidewalk in front of the structure caved in. They were injured and removed to a hospital.

The fire was finally confined to the Equitable building, though for a time it seemed as if the flames would sweep across the street and set fire to the American Exchange National bank at Cedar street and Broadway, on which the sparks were falling in a shower. This building was kept wet down by streams of water from the skyscrapers on all sides.

Confined to Equitable Building. The flames had the intensity of a blast furnace. The heavy floors of the building buckled under the white heat of the fire and fell in while the walls crumbled and dropped piecemeal into the streets.

Business in the financial section was brought practically to a standstill. Thousands of clerks in banking and brokerage houses, railroad and industrial corporations were held back by police lines formed two blocks north of the fire and traffic of every kind in the streets nearby the burning building was forbidden by the police.

Three employees of the building leaped from the third floor to the street. They were taken to the hospital seriously injured.

After the fire had been checked and the firemen were able to get closer to the building it was discovered that in the basement building on Nassau street, which adjoins the burned building, had been saved, though the offices of August Belmont & Co. had been flooded with water.

President Giblin Will Recover. After President Giblin was rescued from the fire he was carried to the basement of the Trinity building. Ambulance surgeons stripped off his clothing, wrapped him in heavy blankets, stimulants were administered. After a two-hour interval of rest Mr. Giblin said:

"I was sitting up last night with my wife, who had been very ill, when an employee of the hotel informed me that the Equitable building was on fire. When I arrived at the building there was a flames, but plenty of smoke. I hurried into one of the vaults to get some valuable papers, followed by one of the night watchmen. The vault had a spring lock and I left my papers outside."

"When the man and I started to leave the door swung shut and we were both prisoners. The smoke was awful. We screamed and shouted, but it seemed we were doomed. The other man was alive up to half an hour ago, but just before

I was carried out he fainted and I think he must be dead by this time."

Mr. Giblin was then taken to the Hudson Street hospital. He was very weak, but in no immediate danger.

The offices of the Harriman lines, which were in the building, were being moved to 342 Broadway. Everything had been moved save the papers in the legal department. Many valuable records, including the autobiography of E. H. Harriman, was there, and it was believed that these and other valuable records were destroyed.

Business Halted for Time

Banking and brokerage business was halted for a time by the fire and the governors of the Stock exchange met to determine what action should be taken with respect to deliveries of securities purchased yesterday. The decision reached was that transfers may be suspended for a day by mutual consent.

The clearing house in the Chase National bank was closed and temporary quarters were opened at the Chamber of Commerce. Depositors and bank customers of the burned-out trust companies, as well as those of financial institutions located in the neighborhood of the burned building, were unable to reach their banks, being held back by the police lines.

An officer of the Equitable Life Assurance society said that the society had duplicates of every record, which were stored in a building several blocks away from the burned structure. The fire, he said, would not affect the company's liabilities with its policy holders throughout the country.

Officers of the Mercantile Safe Deposit company said the vaults were intact and not a cent would be lost.

Harriman Loss Small

President Lovett of the Harriman lines says that all of the Union and Southern Pacific securities held in the treasury were kept outside the city; that the monetary loss to the railroads was small. Mr. Lovett said that the extent of inconvenience suffered because of the loss of records will, of course, depend on whether the vaults have been destroyed. The records referred to include those of the comptroller's department, the treasurer's office and the transfer department.

The offices of the Equitable Trust company escaped the flames, but were damaged by water, as were the offices of August Belmont, whose offices were practically untouched by the flames.

Four men are known to be dead and some are missing, including Battalion Chief Walsh whose body has not yet been found. Conservative estimates of the damage place the loss in the neighborhood of \$10,000,000, while others say the loss will run as high as \$15,000,000.

According to an officer of the Equitable the great safety deposit vaults in the building contained last night securities aggregating between \$50,000,000 and \$100,000,000.

Statement by President Day

President Day of the Equitable issued the following statement: "The burning of the home office at 129 Broadway will cause but temporary inconvenience. Securities and important records are protected by fire proof vaults which are intact."

Gale Tarbell, a former vice president of the Equitable, said that the company carried its own insurance.

Many of the large New York banks announced today that owing to the fire they would not exercise their prerogative of calling loans today. The money market was practically at a standstill.

BELLEVUE COLLEGE NOTES

Oratorical Contest Will Be Held at the Presbyterian Church Friday Night.

John Bloomquist, who has been at the General hospital in Omaha for treatment, returned to resume his college work a few days ago, but was compelled to return to the hospital for further treatment.

Rev. Dr. Joseph N. Cochran, secretary of the Board of Education, is co-operating with Dr. Stookley in arranging a series of addresses in connection with the day of prayer for colleges, which occurs on February 5.

The Clarke oratorical contest will be held on Friday evening in the Presbyterian church. Henry T. Clarke of Omaha offers it prize for this contest, which is preliminary to the state oratorical contest. The contestants will be Earl J. Fowler, Paul C. Johnson, Paul Kamanski, E. L. Ohman, Herbert Curtis, Joe H. Chabough.

Mrs. Frazer, the matron of the college, has been offered the position of assistant to Dr. Clark at the Child Saving institute in Omaha. She has the matter now under consideration.

A boosters' club for the purpose of advancing the general activities of the college is being organized among the students.

New Bank Building Opened. WINNER, Neb., Jan. 9.—(Special)—The new building of the First National bank was opened Saturday with a reception to the friends and patrons of the institution. Coffee and sandwiches were served to all visitors and each was given a souvenir. The new building is one of the finest of its class in this section of the state.

Sum up the heating account

While taking annual inventory, don't overlook summing up your household account on heating expense. If your business is one of making or selling the usual staple lines, you will find it does not yield you as big a percentage of profit per dollar as would an equal sum invested in an outfit of

AMERICAN & IDEAL RADIATORS & BOILERS

In the countries of Europe where every penny counts in the practice of domestic economy, these heating outfits are finding enormous sale. If Americans were not so wasteful, no inhabited building of any kind in this country would be without an outfit of IDEAL Boilers and AMERICAN Radiators.

They save so much in fuel, need so little care, protect the family health, do away with repair bills, give vastly longer life to the furnishings and decorations of the rooms because of absence of ash-dust and coal-gases, will wear as long as the building stands, and finally enable one to sell or rent his property quicker, at higher price—get your money back. One of the big features of AMERICAN Radiators which makes them the pride of the world's great construction engineers is their marvelous, yet simple, right- and left-hand threaded nipple connections, making the tightest joint known to radiator mechanics.

AMERICAN Radiators are always dependably tight and alike in quality, whether placed on the 40th floor of the Metropolitan Life Company's tower or to warm the tents of the tuberculosis hospital patients on the alkali sands of Arizona.

AMERICAN Radiators are not only the best known but they are known as the best—all over the world—for tightness, strength, full water-way openings, safe shipments, ease in taking apart and tightly reassembling, and for many, many years of perfect service.

Sum up at once your heating expense and the results you are getting therefrom. Don't put off action until you build—comfort your present home at once—reconcile now by making the right investment. Write to-day for free book. Prices are now most attractive.

AMERICAN RADIATOR COMPANY

Public Showrooms at Chicago, New York, Boston, Providence, Philadelphia, Buffalo, Pittsburgh, Cleveland, Detroit, Cincinnati, Atlanta, Birmingham, New Orleans, Indianapolis, Milwaukee, Omaha, Minneapolis, St. Paul, St. Louis, Kansas City, Denver, Seattle, Portland, Spokane, San Francisco, Bradford (Ont.), London, Paris, Brussels, Berlin, Dusseldorf, Milan, Vienna

NEWS NOTES FROM FAIRBURY

Retiring Jefferson County Officials Presented with Gifts by Those Who Remain. FAIRBURY, Jan. 9.—(Special)—The officials in the Jefferson county court house presented the retiring members with gifts as remembrances of their services. James Chirside, retiring clerk, and F. A. Houston, retiring county clerk, were presented with gold handed umbrellas. Wilson Stoebohan, the retiring deputy sheriff, was given a pair of gold cuff links. These were presented by the officers who remained in the county court house. The county commissioners, including C. W. Rohrbach, J. Jacobson and Louis Nider, presented Mr. Houston with a leather upholstered rocking chair.

The ladies of the Catholic church are preparing for a box supper and dance to be given in Tondre's hall on Tuesday evening.

The Fairbury band and concert company gave its third concert and entertainment in the opera house, Monday evening. Prof. J. Chiarini, director of the Fairbury band, had charge of the entertainment.

County Judge C. C. Boyle married Annie Nelson and Onke Frazer, a well known couple living near Tiller in this county, Monday.

Reports were brought in by farmers, Monday, of the suffering among live stock and poultry during the recent storm. Many farmers lost chickens, young pigs and calves that froze to death in the cold.

WE INVITE EVERY THIN MAN AND WOMAN HERE

EVERY PERSON IN OMAHA AND VICINITY TO GET FAT AT OUR EXPENSE

This is an invitation that no thin man or woman can afford to ignore. We'll tell you why. We are going to give you a wonderful discovery that helps digest the foods you eat—that puts good, solid flesh on people who are thin and underweight, no matter what the cause may be—that makes brain in five hours and blood in four—that puts the red corpuscles in the blood which every thin man or woman so sorely needs. How can we do this? We will tell you. Science has discovered a remarkable concentrated treatment which increases cell growth, the very substance of which our bodies are made—a treatment that makes indigestion and liver stomach troubles disappear as if by magic, and makes an old dyspeptic or a sufferer from weak nerves or lack of vitality feel like a 20-year-old. This new treatment, which has proved a boon to every thin person, is called Sargol. Don't forget the name—S-A-R-G-O-L. Nothing like it has ever been produced before. It is a revelation to women who have never been able to appear stylish in anything but the most becoming of their thinness. It is a godsend to every man who is underweight or is lacking in nerve force or energy. If you want a beautiful and well-rounded figure of symmetrical proportions, of which you can feel justly proud—if you want a body full of throbbing life and energy, write the Sargol Company, 74-M, Herald Bldg., Binghamton, N. Y., today and we will send you, absolutely free, a 50c box of Sargol that will prove all we claim. Take one with every meal and in five minutes after you take the first concentrate, a great increase of energy will commence to unfold its virtues, and it has by actual demonstration often increased the weight at the rate of one pound a day. But you say you want proof? Well, here you are. Here is the statement of those who have tried—who have been convinced and who will testify to the virtues of this marvelous preparation.

REV. GEORGE W. DAVIS says: "I have made a faithful trial of the Sargol treatment and must say it has brought to me new life and vigor. I have gained twenty pounds and now weigh 170 pounds, and what is better, I have gained the days of my boyhood. It has been the turning point of my life. My health is now fine. I don't have to take any medicine at all and never want to again."

MRS. A. I. RODENBERGER writes: "I took Sargol for I only weighed about 106 pounds when I began using it and now I weigh 150 pounds, so ready this is a wonderful thing. I feel stronger and am loving better than ever before, and now I carry my

cheeks, which is something I could never say before. My old friends who have been used to seeing me with a thin, long face, say that I am looking better than they have ever seen me before, and that they and I am so pleased to think I have got to look so well and weigh so heavy for me."

CLAY JOHNSON says: "Please send me another ten-day treatment. I am well pleased with Sargol. It has been the light of my life. I am getting back to my proper weight again. When I began to take Sargol I only weighed 135 pounds, and now, four weeks later, I am weighing 152 pounds and feeling fine. I don't feel that stupid feeling every morning that I used to have. I feel good all the time. I want to put on about five pounds of flesh, and that will be all I want."

F. GAGNON writes: "My report since taking the Sargol treatment. I am a man 67 years of age and was all run down to the very bottom. I had to quit work as I was so weak. Now, thanks to Sargol, I look like a new man. I gained 25 pounds with 23 days' treatment. I cannot tell you how happy I feel. All my clothes are getting too tight. My face has a good color and I never was so happy in my life."

MRS. VERNIE ROUSE says: "Sargol is certainly the grandest treatment I ever used. It has helped me greatly. I could hardly eat anything and was not able to sit up three days out of a week, with stomach trouble. I took only two boxes of Sargol and can eat anything and it doesn't hurt me and I have no more headache. My weight was 120 pounds and now I weigh 140 and feel better than I have for five years. I am now as fleshy as I want to be, and shall certainly recommend Sargol for it does just exactly what you say it will do."

You may know some of these people or know somebody who knows them. We will send you their full address if you wish, so that you can find out all about Sargol and the wonders it has wrought.

Probably you are now thinking whether all this can be true. Stop it! Write us at once and we will send you absolutely free a 50c package of the most wonderful tablets you have ever seen. No matter what the cause of your thinness is from, Sargol makes thin folks fat but we don't ask you to take our word for it. Simply cut the coupon below and enclose 30c stamps to help cover the distribution expense, and Uncle Sam's mail will bring you the most valuable package you ever received.

COME, EAT WITH US AT OUR EXPENSE.

This coupon entitles any thin person to one 50c package of Sargol, the concentrated Flesh Builder (provided you have never tried it), and the 50c is enclosed in stamps in letter today. Read our advertisement printed above, and then put 10c in stamps in letter today, with this coupon, and the full 50c package will be sent to you by return of post. Address: The Sargol Company, 74-M, Herald Bldg., Binghamton, N. Y. Write your name and address plainly, and, FOR THE COUPON TO YOUR RETURN.

A SPECIAL DEMONSTRATION

OF THE New Home Sewing Machine

Mr. P. J. Bullis of New York will visit Omaha next week. While here Mr. Bullis will demonstrate the great possibilities of the

"NEW HOME"

Sewing Machine. He will illustrate just how easy and what a great saving it is to make useful and ornamental things with the "New Home."

During Mr. Bullis' visit we will have a grand clearing sale on all makes of machines.

Table with 2 columns: Machine Model and Price. Includes Wheeler & Wilson (\$12.00), Singer (Cabinet) (\$8.00), Domestic (Drop Head) (\$9.00), Goodrich A (Drop Head) (\$15.50), Goodrich B (Drop Head) (\$15.50), Aviator (Drop Head) (\$25.00), Duplex (Drop Head) (\$22.50), Duplex (Cabinet) (\$30.00), New Home, Box Top, Used (\$8.00), New Home, 5-drawer (\$35.50), New Home, Rotary (\$40.00), New Home, Automatic (\$50.00).

HAYDEN BROTHERS

Special Demonstration Is In Piano Department—Douglas Street Entrance.
