

NEW METHOD NOW BEING USED WITH GREAT SUCCESS

Jerry Darnell Talks of His Recent Experience.

PROVEN SATISFACTORY TO MANY

Expert Says It is a Source of Great Pleasure to Know New Discovery is Proving So Popular Over Here.

An occurrence worthy of note was the restoration to health of Jerry Darnell of 232 Lake street, this city, who tells in the following interesting manner what "Tona Vita" did for him:

"I have been in poor health for a long time, growing worse gradually. I was always nervous and had stomach trouble. My appetite was poor and the food I did eat would cause a formation of gas on my stomach. At the completion of my day's work I would be so tired and worn out I could hardly walk. I slept poorly and my sleep did me little good."

"I heard of this new tonic, 'Tona Vita,' and determined to test it. I saw immediate results. I now eat and sleep well and my nervousness has disappeared. My stomach has improved and I no longer feel tired and worn out. In fact, I am a well man, after taking this medicine only a short time."

Similar statements by the dozens of Omaha people have been benefited by this remarkable new tonic are being received by the specialists who are here introducing "Tona Vita." These specialists were confident that their medicine would prove as successful in this country as the original did in Europe, and the fact that it has become so beneficial and popular in Omaha and other cities of the United States has proven a source of great satisfaction.

"We have predicted all along that every man or woman affected with nervous debility who would give 'Tona Vita' a fair test, would become a walking advertisement for our remedy, and judging from the results in Omaha we are correct," said one of the specialists recently. "Anyone," continued he, "who has been in a half sick, run-down condition, with no vitality and energy, a constant sufferer from despondency, stomach trouble, etcetera, is sure to tell about it when they find something that will give them genuine relief."

"The public does not realize the symptoms of this modern plague and it would be well for as many as can visit Brande's Drug department, Sixteenth and Douglas streets, south side main floor, between the hours of 9 a. m. and 6 p. m. this week and have us explain them, as well as the nature of our remarkable remedy. I am certain that half of the headaches and other pains in Omaha can be attributed solely to nervous debility, and I am equally certain that we have found a permanent source of benefit and relief."—Adv.

Whooping Cough CROUP ASTHMA BRONCHITIS CATARRH COUGHS COLDS Vapo-Cresolene A simple, safe and effective treatment for bronchial troubles, croup, whooping cough, croup, asthma, catarrh of the throat, croup, and colds. It is a true relief from all these ailments. The Vapo-Cresolene is a simple, safe and effective treatment for bronchial troubles, croup, whooping cough, croup, asthma, catarrh of the throat, croup, and colds. It is a true relief from all these ailments.

The Diamond SAFETY TREAD TIRE Knobs, buttons, ridges or ornamental designs on a tire tread won't stop skidding. A skidding tire slides in a film of mud, water or grease. A tread that cuts through this film, that cleans the pavement as a squeegee cleans a window will stop the skid before it starts. There's only one such tread—the Diamond Safety Tread. The Diamond Safety Tread Tire is a year-round tire, greater in mileage than even the regular Diamond Tires. At your Dealer—or The Diamond Rubber Co. of New York. 215 South 20th Street.

BRIEF CITY NEWS

Navv. Boat Print It. Omaha General Hospital, Doug. 855. Omaha Fixtures, Burgess-Grandes. Burns' Celebration at the Auditorium, January 25. Concert and ball-program rendered by Royal Welsh ladies' choir. Revival at People's Church—Dr. John W. Edwards of Denver is conducting revival meetings this week at the People's church. He will speak tonight.

More Chickens Stolen—Eleven spring chickens and one blooded rooster was stolen Sunday night from a coop in T. C. Benney's back yard at 419 North Twenty-fifth street.

Go to Look Over Land—Phillip J. Kunz, Fred Armstrong and Andrew Traynor have gone to California, where they will spend several weeks looking over some land they have purchased. Mrs. Traynor accompanied her husband.

Mrs. Argus at Lincoln—City Attorney Rine is in Lincoln handling the city's side of the case of Critterbrink against Withnell, which is a test suit in the supreme court to settle the legality of an ordinance passed by the city council prohibiting the establishment of brick yards in the city limits.

Mrs. Craig Much Better—Mrs. James Y. Craig, mother of City Engineer Craig, is much improved. She passed the crisis of illness Friday. Owing to her advanced age, doubts as to her ultimate recovery have been entertained, but physicians believe she will now improve steadily until she is entirely recovered.

Henry Ostrom, a Grandfather—Henry C. Ostrom, clerk of the Board of County Commissioners, is a grandfather. Mr. and Mrs. Otis Domina of near Dixon, Neb., are the parents of a baby girl, born last night at the Ostrom home, where the couple is visiting. Mrs. Domina is a daughter of Mr. and Mrs. Ostrom.

Seeks His Daughter—William Fuller, 209 south Eighth street, reported to the police yesterday that his 16-year-old daughter Herma left her home last Monday morning and has not been seen or heard of since by him or any of his family. He describes the girl as being about five feet four inches in height, weighing about 125 pounds. She is light-complexed with light hair. When she left some she was dressed in a light green overcoat.

Stolen Goods Found—P. Goldberg, a pawnbroker at 108 North Sixteenth street, was arrested yesterday by Detectives Dunn and Fleming for the running of an alleged "fence." When the detectives entered the store they found the cellar to be partly filled with stolen goods. A set of harness which was stolen from Leo Wagner, at Sixteenth and Burg streets, on December 6 was found and a bicycle which was stolen from in front of the Western Union telegraph office was also recovered by the detectives.

Will Form Jewish Association—Headed by Rabbi Frederick Chum of the temple Israel a number of progressive young Jewish men have called a mass meeting of the Jewish population of Omaha for the purpose of organizing a young men's Hebrew association. The meeting will be held at Washington hall, Eighteenth and Highney streets, Wednesday evening, and will be addressed by Rabbi Cohn, Harry B. Zimman and L. Harris. Just how much the local association will pattern after the organizations of other cities when formed is not known at this time, but Rabbi Cohn believes that the young Jewish men of Omaha will support an institution fully as large as the ones in St. Louis and Chicago.

Heavy Snows Give Promise of Bumper Crops This Season

Union Pacific general agents who are at the convention and who have come from the west, state that throughout the entire inter-mountain section of the country, the outlook for a bumper crop next season is better than it has been in years. Over the entire area west of Nebraska the snowfall has been unusually heavy, ranging from eighteen inches to two feet. In the mountains it has been still heavier, in Idaho, Utah, Montana, and Washington over many of the ranges, it having fallen to a depth of from four to six feet. These general agents who make it a business, in a measure, to study crop problems, claim that when this immense body of snow melts next summer, it will furnish an abundance of water for irrigation and that in almost every section of the irrigated belt the surplus will be stored in the reservoirs for use during the dry season.

Charity Cases in Need of Medicine

A perceptible slackening up in the flood of cases which for the last two weeks has deluged the various charitable institutions has been noticed by the persons in charge, and this fact is causing much elation for it shows that the Omaha field for charity work is being thoroughly covered.

The Salvation Army dealt with about twenty cases Sunday, against about fifty on the day previous and comparatively few asked for aid yesterday. One old man, about 75 years of age, appeared before Ernest Thomas and asked for coal and food and he told a pitiful story about how his grandson, aged 16, who is his only support, had fallen ill with grippe and was unable to earn money. Miss Thomas made an investigation and found the old man's story true in every detail, except that he had neglected to mention that his grandson was an orphan and was afflicted with tuberculosis as well as being sick in bed with grippe. The two unfortunate share an ill-smelling little room in a boarding house in the 1900 block, Cass street.

The Salvation Army as well as other charitable institutions find that they could use considerable medicine and medical aid and they would like to have a few kind hearted physicians give up a few hours of their time each day for a few days and assist in charity work.

LESS THAN A YEAR AGO

Smoked meats are much cheaper than a year ago at this time, according to Martin Reum, manager of the meat department at Hayden Bros. No. 1 bacon is selling at 15 cents a pound, which a year ago cost 25 cents. Hams, which a year ago cost 15 cents a pound, are now selling for 12 1/2 cents, and bacon which then sold for 15 cents is selling for 10 cents.

LABORER HORRIBLY BURNED

Sam Larson, Employed on Keeline Building, Cannot Survive.

CAUSED BY EXPLOSION OF OIL

Wrapped in Flames, Larson Jumped from Second Story of Building and Rans Frantically into the Street.

Sam Larson, a laborer employed by the Seiden-Breck Construction company on the Keeline building at Seventeenth and Harney streets, was horribly burned yesterday when a quantity of coal oil exploded while he was pouring it on a slow burning fire. His legs, face, arms and body were burned to a crisp. His chest was the only part of his body which was not burned. He was taken to Wise Memorial hospital. He cannot live.

The accident occurred about 9 o'clock. Larson was on a scaffold on the second floor and was building a fire in a salamander. He could not get a hot blaze and poured a quantity of coal oil on the burners. An explosion followed and Larson was wrapped in a mass of flames.

Jumps from Scaffold. Driven by heat from his blazing clothes he jumped from the scaffold to the first floor and started running to the street.

Larson was just crawling over a fence when he was noticed by them and his clothes were torn entirely from his body. Dr. James Goetz was a witness to the accident and rushed into a store to call an ambulance. Larson was taken into the office and there waited in excruciating pain until the ambulance arrived. Dr. Goetz worked on him at the hospital all morning and alleviated the pain to a certain extent, but the man is hopelessly burned.

He has been employed as a laborer ever since the building was started. He is 22 years of age and has a wife living at 287 Harney street.

James Box, another workman, was busy on a scaffold about five feet above the salamander when the explosion occurred. His hair and eyebrows were singed, but beyond that he was not injured.

PLANS FOR VIADUCTS READY

Indications Are Work Will Soon Start on Three of Them.

WILL COST LARGE SUMS EACH

Eleventh Street Viaduct Plans Approved, While Those for Bancroft and Nicholas Streets Ready for Approval.

Detailed plans for the construction of two important viaducts in the city during 1912 have been drawn. One is the Nicholas street viaduct, to be built by the Missouri Pacific and the Omaha railroads. The other is the huge viaduct on Bancroft street, to be erected by the Union Pacific, the Great Western and the Burlington. Plans for the reconstruction of the Eleventh street viaduct have been approved and work is expected to begin soon as the viaduct must be completed in April.

These viaducts will mean an expenditure of thousands of dollars. The reconstruction of the Eleventh street viaduct alone will cost in the neighborhood of \$40,000, according to engineers. The Nicholas street viaduct will be 300 feet long and the Bancroft will be 400 feet in length. The total cost of the two structures will approximate \$200,000. The plans have been drawn by the railroad architects and will be submitted to the city engineering department for approval.

Frightful Pain in the stomach, torpid liver, lame back and weak kidneys are soon relieved by Electric Bitters. Guaranteed. 50c. For sale by Beaton Drug Co.

PERSONAL PARAGRAPHS. William Nash, manager of the dress goods department at Hayden Bros., has gone on a buying trip to New York. T. J. Crawford, manager of the furniture department at Hayden Bros., has gone to Grand Rapids, Mich., to attend the annual furniture show, which sets the styles in furniture for the year.

BURLINGTON WRECK AT SEWARD VERY SLIGHT

General Manager Holdrege has received the official report on the accident that occurred on the Burlington road eight miles west of Seward Sunday afternoon.

There was no explosion of a boiler or anything of the kind. The Burlington train No. 40 was running thirty-five miles per hour, and it is supposed that the engine struck a broken rail. It with a baggage car and two coaches left the track, but remained on the line. The train was stopped inside of 100 feet and the entire damage will not exceed \$200. The only person injured was Trainmaster Steen, who was riding in the cab of the engine and was slightly scalded by steam that escaped from a valve.

Big Bag of Rabbits and Gun Are Stolen from Frank Dworak

Councilman Frank Dworak of South Omaha is wondering what use there is in going hunting and banging a number of rabbits.

Sunday the councilman went a hunting. He had good luck and returned with twenty-five nice fat cottontails. Yesterday he laid his gun and the rabbits down in the Burlington depot while he went for a cup of coffee. When he returned his gun and rabbits had disappeared.

Cement Users to Meet Here Today

The Douglas County Cement Users' association is called to meet at the Commercial club this morning at 10 to plan for the Midwest cement show, which will be held in the Auditorium February 4 to 8, inclusive. President Peter Palmer and Secretary C. H. McCord of the Nebraska Cement Users' association will be present.

A large part of the exhibit space for the show already has been sold, the list of exhibitors to include the Ideal Cement Stone company and the Ideal Concrete Stone company of Omaha, Kempe & Whitaker of Goehner, Neb., Bolts Manufacturing company of Kearney, Neb.; four firms from Iowa, three from Michigan and one each from Indiana, Ohio, Pennsylvania, Illinois, Kansas and Minnesota.

For Chills, Frost-Bites and Sore Feet. Many persons dread the approach of winter on account of chills and frost-bites, which cause a soreness and itching at times almost unbearable, frequently bringing on a nervous condition. It is those thus afflicted the following treatment will be welcome information, as it gives immediate relief and soon cures. Dissolve two tablespoonfuls of Calocid compound in a basin of warm water, (not hot). Soak the feet in this for fifteen minutes. Repeat this for several nights, until the trouble disappears. The action of Calocid compound for all foot ailments is really remarkable. By its use corns and calluses can be peeled right off. Sweaty, smelly feet and tender aching feet need but a few applications. Blisters get relief instantly. Any druggist has it in stock or will get it from his wholesale house. A twenty-cent package is usually sufficient to put the worst feet in fine condition.—Adv.

Ask Your Doctor "How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows that headaches, bilious attacks, indigestion, impure blood, are often promptly relieved by a good liver pill. Ask him if he approves of Ayer's Pills. Then follow his advice.

Splendid bargains in things your home needs

High quality, good measure and once-in-a-year prices prevail everywhere in this greatest of January sales

NOTHING can attract the home-furnisher so much at this time of year as bargains in curtains, draperies and other interior decorative materials. Splendid opportunities are offered here to the wife who wishes to effect new beauties within her rooms. The bedroom, the dining room, the parlor, the reception room—all will be changed to rooms of new beauty by the draperies which we are selling now for prices that in some instances run to half the fair demands we usually make.
