Really, Mutt is Taking Advantage of Jeff's Slow Think Tank :: :: :: By "Bud" Fisher

CORNHUSKERS FOR BASEBALL

University of Nebraska Athletic Board May Resume it Again.

DR. CLAPP READS RESOLUTIONS

Missouri Valley Conference Willing to Recognize Players Who Have Accepted Expense Money for Their Services.

(From a Staff Correspondent.)

LINCOLN, Jan. 15.—(Special Telegram.)—At the regular monthly meeting of the university athletic board Monday night initial steps were taken toward the establishment of base ball following its abolishment two years ago owing to the adoption of a summer base ball rule by the Missouri Valley conference.

Prof. Clapp, who represented the university at the Missouri Valley conference meeting, read a series of resolutions which were presented at the last regular conference of the different schools in the valley, looking forward to the establishment of base ball upon a saner basis. The resolutions provide that all may participate in collegiate base ball who have only accepted expense money for their services during the summer.

The ambiguity arising from the term "expense" was called to the attention of the board, but it is quite likely that Nebraska will favor the return of base ball. An informal discussion was held, but no action taken at this date, owing to the fact that several members of the board were not present at the meeting and the members desired longer time in which to consider the matter.

The rule is now flat against accepting money for services on any team. It is said that the new rule is aimed only against the members of league teams or outlaw league teams.

The board took a hard rap at the management of the Cornhusker banquet, who incurred a deficit of over $100 in holding the big annual feed supposedly in honor of the foot ball men. The committee in charge reported to the board an extraordinary large deficit and asked that the athletic board appropriate sufficient funds to cover it. This was turned down, although the board did appropriate some funds to meet debts which called for immediate payment.

The members expressed dissatisfaction with the management of the banquet and believed that the committee had attempted to do too much. The deficit resulted from the expected sale of seats to Michigan rooters, the aforesaid Wolverines failing to show up. After considering these two matters the board adjourned without considering considerable business of a routine nature.

COCKING MAIN IS BROKEN UP BY POLICE OFFICERS

NEWPORT, O., Jan. 15.—Forty-nine persons, representing many Ohio towns, only one being from Newark, were arrested today by local police and county deputies who raided a basement where a cocking main was in progress. About forty birds were getting down to the preliminaries when the officers made their descent and created a panic among the spectators and promoters.

Only one patrol wagon was available and when a dozen prisoners had been loaded into it, the others were marched overland, a distance of two miles in near-zero weather, to the city prison. That institution being already filled with prisoners, police court was convened immediately and the entire number of defendants were assessed fines and costs aggregating $17.20 each.

JOHNNY SUDENBERG WILL BOX WITH CARL MARTIN

Johnny Sudenberg, protege of Paul Murray, the well known Omaha scrapper, has agreed to appear tonight in a six-round exhibition bout with Carl Martin of Council Bluffs before the Omaha Athletic club in the Savoy gymnasium.

PUEBLO TEAM BOUGHT BY WICHITA CITIZENS

WICHITA, Kan., Jan. 15.—The deal was closed today for the purchase of the Pueblo base ball club from Frank Isbell. The franchise will be transferred back to Wichita. Games will be played in a downtown park. A company of 300 business men owns the new team.

Grabineer Leaves for South.

CHICAGO, Jan. 15.—Harry Grabineer, secretary to Charles A. Comisky of the Chicago American league base ball club, departed tonight on a trip through the southwest to arrange for the club's spring training trip and a series of exhibition games. Grabineer will visit St. Joseph and Kansas City, Mo., Fort Worth, Galveston, San Antonio, Austin, Corsicana and Waco, Tex.

Nominations Sent to Senate.

WASHINGTON, Jan. 15.—Among nominations sent to the senate by the president today were the following: Postmasters: Wesley R. Childs, Kansas City, Kan.; Joseph H. Harrison, Denver. Chief of bureau of docks and yards (with rank of rear admiral), Civil Engineer Homer R. Stanford, U. S. N., succeeding Admiral R. C. Holliday. President Taft also sent in the nomination of E. V. Morgan of New York as ambassador to Brazil to succeed Irving B. Dudley, deceased.

George Barr McCutcheon is Ill.

ROCHESTER, N. Y., Jan. 15.—George Barr McCutcheon, the author and playwright, who came to Rochester yesterday to see the premier of his play, "The Flyers," which will be given here tonight, is fighting off a threatened attack of appendicitis and may have to go to New York for an operation.

Auto Races to Be Run on Maine Coast

NEW YORK, Jan. 15.—Among the important automobile races that will be held this year is a meet at Old Orchard Beach in Maine. There on July 4, 5 and 6 motor cars will race at every standard distance known to promoters. Short sprints, long distance drives and special record trials will all have a place on the card.

Louis Disbrow, the well-known driver, who is to be in charge of the Case team made the announcement of the meet. He said that all details for the American Automobile association's sanction had been compiled with and that plans are being pushed to make the event the most important in the east. Militia have been secured to police the course, which is unusual, being that the meet will last three days. Over 75,000 spectators are expected to attend.

The program has been submitted to the American Automobile association contest board, and of course any announcement of events would be premature. It is known, however, that a contest resembling a road race in length will be put on—hence the necessity for militia policing. All the prominent drivers and cars in this country will compete, for the meet is being planned on a scale too important to overlook. Disbrow will be on hand with the new 200 horse-power racer that the Case company is building for him. The rest of his team will also be in line.

The course is remarkably fast. In fact it has been called the "Dayton of the North." At Old Orchard miles of sand stretch away, smooth and closely packed. The course will be 500 feet wide and two miles long, conditions that will permit of terrific speed. As every class of car will be raced, according to the American Automobile association provisions, a wide representation of manufacturers is assured. Fred Wagner, official starter of all big races in this country, has been secured to handle the meet.

U. P. General Agents Now Meeting Here

With an attendance of thirty-five the general agents of the Union Pacific held the first session of their convention this morning, meeting in one of the large rooms on the third floor, east wing, of the new headquarters, Gerrit Fort, passenger traffic manager, presiding. The time of the morning session was consumed almost entirely by Mr. Fort, who addressed the general agents, talking to them on passenger traffic matters.

At 1 o'clock the meeting adjourned to the Loyal hotel, where the visiting railroad men were the guests of Mr. Fort at lunch. This afternoon they were back at the meeting place, the number having been augmented by a number who arrived on delayed trains. The afternoon meeting was entirely informal, the program taking on the form of a "round table" talk, each man present feeling free to express his views relative to matters under discussion.

Tuesday, the second and last day of the convention, Elmer Wood, freight traffic manager, will preside and deliver the principal address. After this the discussion will be upon freight matters and will be an open discussion.

Policeman Robbed While He is Asleep

Nicholas Sanko, a policeman, was robbed of a gold watch and $3 in money while he slept yesterday morning at his home, 2302 North Twenty-sixth street. Sanko is a member of the night force and sleeps in the daytime. He has reported the theft to his fellow officers.

GEORGE CROOK RELIEF CORPS INSTALLS OFFICERS

George Crook Post and corps gave a joint installation in their hall, Twenty-fourth street and Ames avenue, Friday evening. The following ladies were installed: President, Mrs. Elizabeth Beatty; senior vice, Mrs. Nellie Tony; junior vice, Mrs. Lizzie Bugh; chaplain, Mrs. Selina Stevens; conductor, Mrs. Eileen Hall; assistant conductor, Mrs. Mary Decker; guard, Mrs. Rose Cassady; assistant guard, Mrs. Barr; patriotic instructor, Mrs. Addie Hough; press correspondent, Mrs. E. Hull; musician, Mrs. Terment; color bearers, Mrs. E. Y. Shields, Mrs. Sarah Hunt, Mrs. Lucy Wingard and Mrs. Ester White.

VICTIM OF ACCIDENT ASKS FOR $40,500 DAMAGES

Suit to recover $40,500 for personal injuries has been started in federal court against the Armour Packing company by Smith Arbuckle, who was formerly employed in the Armour ice house at Memphis, Neb., and who was injured for life when the house collapsed while he was in it. R. M. Johnston and M. F. Harrington are the attorneys for the plaintiff.

Marriage Licenses.

Permits to wed have been granted the following couples:

Name and Address.	Age.
Joseph Komarek, Omaha	21
Antonio Blechova, Omaha	20
William P. Lynch, Omaha	31
Maria Rauber, Omaha	28
Dana R. Muts, Utica, Neb.	27
Mildred K. McAllister, Omaha	22

WEATHER WARMS IN WEST

Conditions Generally Improved Between River and Mountains.

TRAINS NEARER TO SCHEDULES

Backbone of the Severe Cold Spell Seems to Be Broken, with Warmer Weather in the Missouri Valley.

The railroad weather map shows a decided improvement of conditions in the country west of the Missouri river. Everywhere the temperature is higher than Sunday, with almost summer weather in portions of Wyoming.

Along the Northwestern, from Long Pine to Lander, temperatures at 7 o'clock yesterday morning ranged from 30 to 40 degrees above zero. East of Long Pine and down through the Elkhorn valley, the range was from 28 above to 10 below.

On the Union Pacific, from Cheyenne to Green River, the range of temperatures was from 29 to 43 degrees above, and through Nebraska, from North Platte west, from 15 to 29 above. In Colorado the temperature was from 13 to 62 above, while down in Kansas it was from 2 to 20 above.

The Burlington's report showed 2 to 12 below on the Wymore division, 5 to 30 above on the McCook, 7 to 35 above on the Sterling, and 15 to 45 above on the Sheridan division, Sheridan being the warmest spot on the map.

Everywhere in the west the reports came of clear and calm weather, while in Iowa conditions were much different. There continued cold was reported, with a heavy fall of snow along the Chicago Great Western, in the northern part of the state.

Moderating weather with a rising temperature is Forecaster Welsh's prediction for today for Omaha and vicinity, and although he does not want to make a prediction for the balance of the week he is inclined to believe that the mercury will take a big jump and stay at a comfortable figure above zero.

Cold Reaches East.

WASHINGTON, Jan. 14.—The national capital shivered today in the grasp of a cold wave which drove the mercury at the weather bureau down to 13 below zero, within two degrees of the record temperature—15 below—on February 11, 1899. The city for days has felt the sting of the frigid wave that has swept the entire Atlantic seaboard, but the lowest temperature was not reached until 6 o'clock this morning.

The intensity of the cold, however, now has been dissipated. The thermometer registered 17 above at 8 o'clock, and Washington, in common with the rest of the country, will share a season of milder weather.

Northfield, Vt., with a registration of 28 below zero, was officially the coldest place in the country today. Temperatures nearly as low were recorded at many inland New England points. The north Atlantic states suffered less, the minimum at Boston, being 2 below. A like temperature was recorded at New York, Philadelphia and Boston. On the south Atlantic coast 28 above was the reading at Jacksonville, Fla., while on the North Carolina coast it was 10 above, and 6 below at Lynchburg, Va.

HYMENEAL

Goff-Baird.

FAIRBURY, Neb., Jan. 15.—(Special.)—Arthur Goff and Miss Elizabeth Baird, two prominent young people, surprised their friends by going to Beatrice and getting married Saturday. Rev. J. W. Ferner officiated. Mr. and Mrs. Goff have returned to Fairbury and are receiving the congratulations of friends and relatives. The groom is the eldest son of Mr. and Mrs. O. A. Goff, who live five miles north of Fairbury. They will make their home on a farm near Fairbury.

Littledog-American Horse.

RAPID CITY, S. D., Jan. 15.—(Special.)—Two lineal descendants of famous Indian chiefs were wed here when Justice Joy performed the ceremony for George Littledog and Mille American Horse. Both are full blooded Sioux Indians, Littledog's bride was the widow of Black Crow and is a daughter of American Horse, one of the best known Sioux chiefs in South Dakota's early history, who was prominent in the battle of Wounded Knee and led the uprising at that time.

DEATH RECORD.

Colonel Robert E. Edmonson.

KANSAS CITY, Jan. 15.—Colonel Robert E. Edmonson, president of the Hereford Cattle Breeders' National association, died at his ranch near Claude, Tex., today, according to a message received by Dr. M. M. Edmonson, a son who lives here. He was 65 years old.

FIRE RECORD.

Halstead's Bank Burns.

HALSTEAD, Neb., Jan. 15.—(Special.)—On Friday night after 10 o'clock, fire broke out in the basement of the Halstead bank building, one of the finest brick structures, and destroyed the fixtures and furniture, and the plate glass front. Smoke also penetrated Dr. Lewis' dental parlors on the second floor, and damaged them. The smoke also did damage to W. D. McCarthy's law offices. The loss will be several hundred dollars.

The key to success in business is the judicious and persistent use of newspaper advertising.

BIG CHIEF BENDER OF THE TRIBE OF CONNYMACKS.

"Chief" Charles Albert Bender, who has been chosen among the twenty greatest Indian athletes in history. The crack twirler of the Athletics deserves the honor too; in fact he is worthy of being picked among the "one greatest Indian of them all." In an interview the other day, Bender declared that he is in fine physical condition even now, and that he expected to have a better season during 1912 than he had last year, when he was the chief factor in the Athletics' winning of the world's pennant.

Callahan is Sued for Attorney Fees

John M. Macfarland, attorney, who ten years ago defended James Callahan against a charge of kidnaping Eddie Cudahy, has started suit in district court to collect $5,000 for his services from Callahan.

The petition alleges that when Callahan was accused of the kidnaping he employed Macfarland to defend him, but was without sufficient money to pay what Macfarland thought the work was worth. An agreement was made by which Callahan was to pay Macfarland $5,000 immediately after the death of the late James B. Callahan, father of the accused man. The father has been dead for months, but Callahan has not paid the $5,000, says the petition.

Macfarland has attachee property of the estate of James B. Callahan to secure his claim. Mrs. Mary J. Callahan, administratrix of the estate, has filed a motion to dissolve the attachment on the ground that none of James Callahan's debtors have a right to attach the estate's property. After she has paid Callahan his inheritance the attorney will have a right to sue and attach, she claims.

ALCO BREAKS WORLD RECORD FOR NONSTOP

Jack Sharp has received a telegram stating that the Alco truck broke the world's nonstop record of 169 hours Saturday morning. Monday the ninth day of continuous service the speedograph registered 209 hours.

Missing Fremont Man Returns.

FREMONT, Neb., Jan. 15.—(Special.)—J. W. Allbery, an active mission worker, who disappeared from home last week under circumstances which made his friends fear that he had been overcome by the cold, returned Friday night. His family found him sitting in front of a heating stove at his home. His feet and hands were chilled, but not badly frozen. From a street car transfer ticket in his pocket he had evidently been in Kansas City on Thursday. He is at present under a doctor's care and unable to give any account of himself since last Wednesday.

Ravenna Wins from Litchfield.

RAVENNA, Neb., Jan. 15.—(Special.)—The basket ball team from the Litchfield High school played the local high school team at this place Friday evening. The Litchfield boys were older and larger, but the Ravenna boys had the most speed. At the end of the first half the score was tied and at the end of the second half stood 34 to 23 in favor of Ravenna.

Pruyn Asks Release on Bail.

FREMONT, Neb., Jan. 15.—(Special.)—An application of Al Pruyn, who is in the county jail awaiting trial on the charge of shooting Mike Gorey on Christmas day, was argued before Judge Hollenbeck in district court Saturday. The defendant claims that owing to the showing of self-defense the charge is one on which he can be released on bail, while the state contends that it is not bailable. A decision probably will be handed down by Wednesday.

MORE RIOTING IN LAWRENCE

Two Companies of Militia Called to Aid Police.

SEVERAL ARRESTS ARE MADE

Gates of Mills Are Locked and More Than Forty Thousand Operatives Are Idle, Half of Them on Strike.

LAWRENCE, Mass., Jan. 15.—Disorders before the gates of the great textile mills of Lawrence became so frequent and menacing today that two companies of militia were called from the armory to assist the police in controlling the turbulent foreign operatives. The uproar at the mill gates was so great that seven of the big plants were shut down. Several shots into the air were fired by the police and some arrests were made.

During the raids on the mills a dozen or more operatives were injured, but none seriously.

It is estimated that neary 30,000 hands are idle, half of whom are actually on strike and the others forced out by the stoppage of the machinery. The trouble, which began last Friday, when a mob stormed several of the mills and injured employes and property, are due to a general reduction in wages necessitated, the manufacturers say by a cut in the working time from fifty-six to fifty-four hours a week by a new state law governing establishments where women and minors are employed.

The mills closed are the Wood, Ayer and Washington, controlled by the American Woolen company and employing 15,000 persons, the cotton mills of the Arlington, Everett Pemberton corporation and the mills of the Lawrence Duck company, employing 5,000 more.

Other woolen and cotton mills, the employes of which aggregate 9,500, are running on a small scale.

It was believed that practically every mill in Lawrence would be forced to close.

The trouble today began with an attempt by the strikers to rush the doors at the Wood worsted mills and the Prospect woolen mills. The attempt at both places were repulsed by the police, who used their clubs freely and made several arrests.

Disorders before the gates of the great textile mills of Lawrence became so frequent and menancing this morning that seven companies of infantry and a battery of field artillery were called from their armories in Lowell and Haverhill to assist the police in controlling the turbulent mobs of striking foreign operatives. During the rioting more than a dozen persons were injured, two by a bayonet wound and two by bullets. Thirty-five arrest were made.

A call was sent to several cities for militia and police officials. The militia are armed with muskets and equipped with ball shot. At noon the authorities had the situation well in hand.

Among those arrested today was Joseph Mixon, a Polish strike leader, who has figured in labor troubles in other places.

Two mill hands who were directing a hose on the crowd were slightly wounded on the hands with bullets.

OSTLER SISTERS MARRIED WITH DOUBLE CEREMONY

Misses Barbara M. Ostler and B. Ostler, daughters of Mr. and Mrs. George Ostler, 2165 Webster street, were united in marriage Sunday at noon at the parents' home. The grooms are Leslie R. Cobb of Elk City, Neb., and Arthur E. Grau of Washington, Neb., the former with Miss Barbara Ostler and Mr. Grau taking Miss B. Ostler for his bride. The ceremony was performed by Rev. Charles W. Savidge. A large number of guests were present and a dinner was served following the ceremony.

SAVIDGE MAKES RECORD FOR EARLY MARRIAGE

One of the earliest morning marriages ever recorded in Omaha was celebrated at 1:45 Sunday morning by Rev. C. W. Savidge at his home. Miss Marie E. Seiple, daughter of E. A. Seiple, and Charles N. Smith, both of Des Moines, arrived on a train delayed by the cold weather. They telephoned Mr. Savidge, who replied it was never too late or too early. They secured a taxi, having obtained their license ahead, and arrived at the parsonage at 1:45 a. m., where the service was performed.

JEWISH CHARITIES HAS LIST OF MEN FOR WORK

Miss Grodinsky, secretary of the Associated Jewish Charities, has a long list of men who are seeking employment, but she is unable to find jobs for all of them. She asks than any one desiring to employ help call her up over the phone or visit her at the office in the Brandeis building. The telephone number is Douglas 1525.

Titled Briton is Given Divorce.

LONDON, Jan. 15.—Lieutenant Colonel William Arnold Webster Lawson, second son of Baron Burnham, principal proprietor of the Daily Telegraph, was granted today a decree of divorce on the ground of his wife's misconduct with Lord Hamilton of Dalzell. Mrs. Lawson is the daughter of Lieutenant General Sir Frederick Marshall and was married in 1887.

Family is Found Living in a Tent During Bitter Cold

Associated Charity workers, led by Miss Ida V. Jontz, found a family, consisting of a deserted wife and her numerous brood, living in a tent on Grand avenue Sunday. In the bitter weather the mother had found it almost impossible to keep her children warm and their suffering was intense. Willing hands brought them food and fuel and forced the protesting mother to accept the donations.

CLUB LIFE NOW COSTS MORE

Nearly All Clubs Have Advanced Dues and Initiation.

BUSINESS MEN'S LUNCH MORE

Country Club, Omaha Club, Field Club and Others Keep Up with General Advance in Cost of Living.

With the addition of oyster stew and salad to the menu the Commercial club Monday raised the price of its luncheon, which has been 40 cents for many years, to 50 cents. The half-dollar price will be continued and while stew and salad will not be served every day, there will be something in their stead, besides soup, radishes, meat, hot bread, potatoes, pie, ice cream and tea, coffee or milk.

Which brings to one's attention the fact that the cost of club life in Omaha is on the increase. This is not only true of advances in table prices, due to the general high price of eatables, but of membership fees and annual dues.

Directors of the Commercial club say that membership fees, now $25, will be raised before the club gets into its new quarters, as the scale on which the club will live after that time will be much more elaborate. It is possible also that the annual dues, now $20 a year, will be raised.

The University club, with a membership fee of $50, recently increased annual dues from $20 to $36. The luncheon price at the University club is 50 cents, and it is said to be due to the fact that this club was drawing men from the Commercial club at noon, that the price of the Commercial club meal was raised and improvements made.

Elks to Raise Price.

The Elks plan to raise their initiation fee from $25 to $50 as soon as they have 1,500 members paying dues, which will be very soon. They have 1,504 members now, but some are life members and do not pay dues. The regular dues of $1 a month will not be raised.

Annual dues at the Omaha club used to be $60, but a year ago they were raised to $100 temporarily to pay for refitting and refurnishing, but club members say they will never go back to lower than $80 a year. The membership fee is $100, for which the member gets a share of stock.

This year the Country club, with annual dues of $60, raised its membership fee from $100 to $200, which will include one share of stock, of a par value of $100. The Field club membership fee was $25 many years ago, but was changed to $50. Annual dues were $30 until last year when they were raised to $40. The club has also voted to eliminate junior memberships and make boys pay the same as their fathers. Membership in the Happy Hollow club costs $100, the member getting one share of stock, and annual dues are $40.

Two or three years ago the Racquet club raised dues from $2 a month to $3 a month. The membership fee is $100.

The Knights of Columbus expect to raise dues from $12 to $25 a year as soon as their new club is completed.

Births and Deaths.

Births—Ben and Cora Law, 1013½ South Eleventh street, girl; Charles and Edna Horn, 220 South Twenty-second street, boy; William and Harriett Phelps, Fiftieth and Pratt, girl; Oliver W. and Hazel Eldridge, Methodist hospital, boy; John W. and Anna B. Weisend, 1624 Cass, girl.

Deaths—John L. Service, 50 years, 1511 Farnam street; Joseph S. Panel, 65 years, 911 North Sixteenth street; M. E. Alerle, 60 years, Douglas County hospital; J. Hansen, 40 years, Thirteenth and Dodge streets; Norman Bennett, 66 years, Long Beach, Cal.; Tom Jamison, 24 years, Falls City; John W. Dibble, 31 years, 321 North Twenty-seventh avenue.

DEAN WIDENS CHARITY WORK

With His Wife He Goes Among Poor on the Bottoms Giving Aid.

MANY HUNGRY ARE BEING FED

Many Who Apply at Jacobs' Memorial Hall Are Given Food and the Homeless Provided with Shelter.

The work of Dean J. A. Tancock of Trinity cathedral and his band of assistants has gone beyond the walls of Jacobs' Memorial hall where for two weeks soup has been served to the hungry and where night lodgings are furnished to homeless men. Dean and Mrs. Tancock spent the morning in quick relief work among families on the river bottoms—families in which the fathers get $5 or $6 a week and pay $8 a month rent, leaving little for food, clothing and fuel.

The dean said that he found families literally without anything and that conditions are discouraging. He says that the way in which the well-to-do may help most is to send money with which necessities may be purchased immediately for the suffering.

Shivering and Hungry.

Seventy-eight men, shivering, hungry, broke and with no outlook for better times, sought a haven in Jacobs' hall yesterday morning and were given breakfast of hot soup, bread and coffee. After being warmed and clothed the men who come to the hall are given work either cutting ice or with the T. F. Stroud company. Last night forty-five men were provided with beds at the hall.

Jacobs' hall is now the meeting place for the Sunday school and sewing classes of the City Mission as the mission is too small to carry on all the activities which the cold weather make necessary. The Sunday school room has been converted into a men's clothing establishment where the men who come to the mission for aid are given clothing and their ragged apparel is burned in the mission stove.

Large sizes in women's underwear and stockings are needed badly at the mission. All the women's clothing donated has been in small sizes. Clothing of all kinds is needed and the mission workers are as busy as when the cold started trying to give aid to the needy ones.

Injured in a Fire

or bruised by a fall, apply Bucklen's Arnica Salve. Cures burns, cuts, wounds, boils, sores, eczema, piles. Guaranteed. 25c. For sale by Beaton Drug Co.

S.S.S. HEALS OLD SORES

Before any sore can heal, the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will remain open, and resist every effort made to heal it. The nerves and tissues of the flesh around the places are continually fed with unhealthy matter and nature is simply disposing of the poison by draining it from the system through the sore. The only cure for an old sore is a thorough cleansing of the blood, entirely ridding the system of the cause. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely cleanses the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S. S. S. heals the sore from the bottom, the place soon fills in with healthy, firm flesh, the tenderness leaves, all discharge ceases, the skin regains its natural color and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed. Book on Sores and Ulcers and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.
