BUTTER AND EGG PRICES RISE

Eggs Up Three Cents a Dozen and Butter Four Cents a Pound.

PEOPLE MUST BE ON A STRIKE
People immediately start to buy Butter in Larger Quantities, Because it Costs So Much Less.

Butter and eggs leaped upward in price yesterday, butter 4 cents a pound and eggs 3 cents a dozen.

All the creameries advanced the butter price to 39 cents a pound, following the advance in the Elgin market Monday to that figure. Dairy butter and country roll went up a like amount.

Both fresh and cold storage eggs were advanced, the former to 35 cents and the latter to 27 cents at wholesale.

Retail prices on both articles vary. The common price of butter at retail is 45 cents; of fresh eggs, 25 to 40 cents, and of storage eggs, 30 cents. One big store, however, was fortunate enough to buy a big supply, just before the advance and is selling fresh eggs at 28 cents, storage eggs at 27 cents, creamery butter at 40 cents and dairy and country roll butter at 25 cents.

Large quantities of butter are sold to take the place of butter in families that cannot afford the higher priced article. Butter sells at 17 1/2 to 25 cents a pound.

Coffee took another jump of 1/2 cent a pound at wholesale, but the retail price remains the same.

LABOR LEAGUE IS ACTIVE, GETS MORE ENDORSEMENTS

The Labor league, which is an organization of union labor men for the purpose of political action, is holding regular meetings. At its session on Monday night it was reported that 100,000 of the International Association of Machinists, Nos. 17 and 21, had endorsed the movement and would be represented by delegates; also 200,000 Plumbers' union, No. 26, and Sheet Metal Workers, No. 28. Nearly all the labor unions in Omaha are now represented by delegates in the Labor league.

4 Big Bargains from the China Sale

Incidentally mention that this sale is to continue all the week, or as long as the various lots last. There are complete sets, open stock patterns, odd lots and pieces, hand-painted china, some cut glass, and similar articles at mere fractions of the actual worth. In some cases we are closing out the line and in others the prices are the natural result of the heavy selling of the past few months. Come Wednesday if at all possible:
