Standard Mail Cars Will Be Discussed

The committee of railway mail service officials appointed last June by the postmaster-general to adopt plans for the standardization of steel mail cars will hold a meeting in Omaha some time during the latter part of this week. This committee is composed of Frank D. Johnson, assistant superintendent of the fourteenth division with headquarters here; C. M. Reed, superintendent of the fifth division, with headquarters at Cincinnati; and C. H. Otis, chief clerk at St. Paul. The committee met in December at Washington, but nothing definite was done about adopting plans, but at the meeting here it is thought that the problem of a uniform steel mail car will be solved. C. A. Seeley, mechanical engineer for the Rock Island, is chairman of the committee of seven railroad men who were appointed by the various railroads to co-operate with the government officials, and he will represent that committee here.

AFFAIRS AT SOUTH OMAHA

Movement on Foot to Check Extensive Street Grading Operations.

FEW PROPERTY OWNERS GAIN

City Attorney Advises Council and He is Backed by Mayor Trainor and Councilman Miller—City Engineer Scored.

City Attorney H. C. Murphy, aided and abetted by Mayor Trainor and Councilman Miller, advised the council last night that the time had come to limit the policy of public improvement that has been carried on recently with such magnificent disregard of cost and expense to the property owners.

The matter came to an issue when the consideration of a grading proposition came up for consideration. One resolution referred to that part of Twenty-first street lying between G and F streets and the other to Twenty-second street lying between D and F streets. City Attorney Murphy interrupted the proceedings of the council just at the time when the clerk was about to read the resolution. The attorney asked for permission to look over the resolutions before action was taken on them.

Upon his return to the council chamber Attorney Murphy bluntly told the council that in grading the streets in question they were about to grade a series of hills and fills and incidentally saddle a debt upon the city at large for the benefit of a few individual property owners. Mayor Trainor came to the assistance of the attorney and recalled that he had urged the same course at the last meeting of the city council.

At this point August Miller turned on City Engineer Roberts and asked him why he did not make it his business to see that the council had become acquainted with such projects before drafting them into resolutions. Roberts said he was unable to do otherwise and Miller, flaring with anger, told him that if he had the interests of the taxpayers at heart he would see that the council was furnished with all proper information in regard to such improvements.

Goes to Committee of Whole.

Another denial from the engineer and the council hurriedly agreed to refer the matter to the committee of the whole, which will go over the ground with the engineer before the next session of the council.

The claim of J. M. Tanner for \$10 and the Magic City Printing company for \$5 damages alleged to have resulted from an overflow of the sewer contiguous to the building of the Magic City Printing company was referred for reconsideration after an adverse report by August Miller, chairman of the streets and alleys committee. Miller, upon information furnished by the city engineer, maintained that the owner of the building in question belonged to no sewer district and paid no taxes for sewer maintenance and that therefore any connection with a sewer proposition to his property was at his own peril.

On motion of John Ulha the printing supplies for the year will be furnished by O'Brien & Butler, whose total bid was the lowest offered. Miller introduced a minority report giving the contract to the Citizen's Printing company, as the safest and best bidder. His report was not adopted.

The bid on stationary offered by the Stott Stationery company, on motion of Jack Walters, were rejected and a re-advertisement ordered. Walters asserted that the kind and grade of stock to be supplied by the Stott Stationery company was not specified. Walters maintained that the stuff can be bought at a much lower figure in open market.

The contract for surgical and medical supplies was awarded to C. P. S. Tobin.

Gypsy Justice Administered.

A curse from the drunken lips of Giovanni Gobo, a blow in the dark and a woman's scream sent the police hurrying to the gypsy camp at Tenth and Missouri streets Friday night. A drunken fit in a drunken fit is said to have administered a chastisement to his better half. Chief Briggs of the imperial city of South Omaha and Chief Mitchell of the gypsy camp and the open road conferred a moment and the prisoner was left to the tender ministrations of his own people.

A few minutes later City Physician A. H. Koenig, who had also been called to the scene of the "murder," was politely informed by Chief Mitchell that the services of a physician were unnecessary.

State Charged with Gambling.

Walter Slate and six companions were arrested in a police raid made last night on a gambling joint at Twenty-sixth and O streets. Slate was charged with being proprietor of a gambling house and his companions with being inmates. The raid was made by Chief of Police John Briggs, Captain Henry Emsfelder and Detective John Zaloudek.

This is the second gambling raid made by the police within the last few days and there is much comment as to the possible proportions of the crusade inaugurated. It is understood that there are other joints of like character in town.

Board Refuses to Pay.

With unresponsive calmness the school board listened last night to a communication from the city, inviting the school district to approve the recent work of the special auditor on the school books to the extent of \$25. The board requested Attorney A. C. Pancoast to inform the city that the school district would not pay the amount asked for.

The last echo of the recent unpleasantness among the seniors of the high school occurred when Harold Chambers, one of the pupils suspended, asked to be reinstated. The board, while willing to readmit the young man to full standing, refused to abate the penalty imposed on the other delinquents and as a result Chambers, it is understood, will apply for admission to the Omaha High school.

The resignations of Misses Ida M. Darling and Ethel Breen, two members of the teachers' force, were accepted. Miss Darling, who goes to Portland to accept a position in the school department of that city, was succeeded on the high school faculty by Miss Sarah Chase. Miss Ethel Breen resigned preparatory to her marriage, which will take place tomorrow morning.

Miss Ethel Breen, daughter of Judge Cummings-Breens, and Mrs. Joseph J. Lorenz, resigned last night from the faculty of the Brown

Park school, to become the bride of John Cummings of Kearney, Neb., a commercial traveler out of Omaha. The wedding will be held tomorrow morning at St. Bridget's church and after a wedding breakfast the young couple will leave for a six weeks' trip to Tampa, Fla., and points of interest throughout the south.

Miss Breen has been one of the best liked and most efficient teachers of the school district and her many friends rival one another in their well wishes for her future.

Mr. and Mrs. Cummings at the end of their wedding trip will make their home in Omaha.

Miller Tries to File.

Surprise returned in political circles this morning when August Miller, councilman from the Fifth ward, offered a fee to City Treasurer John Gillin and announced his intention of filing for mayor at the spring election.

The city treasurer indicated his willingness to accept the fee, but Miller first proceeded to the city clerk's office for a filing blank. It is understood that the blanks were not forthcoming and the little councilman refused to pay his fee.

When questioned as to his intention a few minutes later Miller smiled his most engaging smile, but refused to say more than that he had made an effort to file for the mayoralty.

Magie City Gossip.

After a pleasant visit with his father in Nebraska City Judge Jacob Levy has returned home.

Phone Bell South 58-Ind. F-108 for a case of Jettie, a fine old dog, for delivery at the home of Mrs. Levy last week.

Mrs. Morton, wife of Patrolman Charles Morton, is reported to be much improved after a severe illness last week.

Members of the Union Stock Yards Relief association will give their annual ball at Rushing's hall tomorrow night.

The Willing Workers will meet Wednesday afternoon at the residence of Mrs. C. Cline, 1509 North Twenty-fourth street.

The Women's auxiliary of St. Martin's church will hold their all day meeting at the home of Mrs. Walter Nieble, 1018 North Twenty-second street.

The 2-month-old infant of Mr. and Mrs. George Slaton died yesterday morning at the family residence, Forty-fourth and Orchard avenue. The funeral will be held Wednesday morning at 10 o'clock from St. Francis church. Interment in the German Catholic cemetery.

Pete due to an overheated stove broke out this morning in the cottage at Thirty-fourth and T streets, owned and occupied by Mrs. Mary Shannon. The building was reduced to a wreck and the loss was approximately \$500.

Walter Slate and six men, who were arrested last night in a gambling joint at Twenty-sixth and O streets, were taken to the police court this morning. Judge Callahan sentenced Slate, the alleged proprietor of the place, to pay \$25 and costs. The other six were each fined \$10 and costs.

Dr. William Harold, one of the United States officers attached to the veterinary department of the department of industry, has been transferred to this city from Wheeling, W. Va., at which place he has long been practicing his profession. He was formerly a resident of this city.

Park Commissioners Consider Boulevard

Plans for the construction of a boulevard from Grand avenue to Carter Lake park were considered by the park commissioners at a meeting yesterday afternoon. A map of the most feasible routes had been prepared, showing the appraised damage of the property affected to be about \$15,000.

Rome Miller, president of the Board of Park Commissioners, appeared before the council to ask assistance in putting the boulevard through. He said several small property-holders would be affected and that he believed these residents should be given the best of any bargain that might be made.

Mr. Miller declared that under the interpretation of the law the commissioners couldn't be "humane" that all property holders had to suffer alike. He expressed the opinion that the larger property-holders should be treated fair but should be compelled to stand the heaviest expense in proportion to the property they hold.

Assistant City Attorney Lambert said the legal department intended to be just and that if interpretations of the law forced inhumane acts it was the fault of the law and not the legal department.

Mr. Miller explained that he didn't intend to stem the legal department. He proposed the advisability of the boulevard the council referred the matter to the committee on parks, parkways and boulevards, to hold in abeyance for a week so that small property holders might voice any objection they may have.

With unresponsive calmness the school board listened last night to a communication from the city, inviting the school district to approve the recent work of the special auditor on the school books to the extent of \$25. The board requested Attorney A. C. Pancoast to inform the city that the school district would not pay the amount asked for.

SLOAN'S LINIMENT

Gives quick relief from pain. It's an excellent remedy for rheumatism, neuralgia, sciatica, lumbago and sprains.

Relieved Severe Pain in Shoulders. Mr. J. UNDERWOOD, of 2000 Warren Ave., Chicago, Ill., writes: "I am a piano polisher by occupation, and since last Sept. have suffered with severe pain in both shoulders. I could not rest night or day. One of my friends told me about your liniment. Three applications completely cured me, and I will never be without it."

Cured Sciatic Rheumatism. Mr. A. J. NANCE, of Oak Hill, O., writes: "I have used your liniment for sciatic rheumatism. I was so I could not walk for a long time. I even ate my meals on the floor, but your liniment cured me. I kept it in the house all the time and have let others use it and it cured them. I sent to Ironton, O., the other day and got two 50c. bottles for other people."

At all dealers. 25c., 50c. & \$1.00. Dr. EARL S. SLOAN, BOSTON, MASS.

Does Not Burn Out Grates

Unlike ordinary gas-house coke and hard coal, Solvay Coke does not burn out fire-pots or grates. It can be used in any furnace, range, stove or grate suitable for coal, and with better results.

Buy Milwaukee Solvay Coke

"The Fuel without a Fault"

It is smokeless, sootless and clinkerless—saves time, work and worry. Being practically pure carbon—the heat element—you obtain complete
