HAMILTON ON SUGAR TARIFF

Former Nebraska Manufacturer Gives His Views on Question.

WHERE TRUST'S INTERESTS LIE

Seeks to Defeat Development of Beet and Cane Sugar Industry in the United States.

Going east yesterday, although not stopping over, was J. G. Hamilton, who was formerly in charge of the beet sugar factory at Grand Island, and one of the incorporators of all the factories merged into the American Beet Sugar company until 1902, when, associated with Los Angeles capitalists, he erected the successful plant at Hamilton City, Cal. Mr. Hamilton is still greatly interested in the development of the beet sugar industry.

"This country should produce its own sugar," he said. "Millions of acres of land in the United States are particularly adapted to the sugar beet as well as to sugar cane, and wherever a factory is properly located and intelligently managed, prosperity is sure to follow, for the requirements of sugar factories are far-reaching, increasing the earnings of railroads and coal mines, consuming large quantities of fuel, lubricating oil, lime rock, coke, barrels, bags, twine, agricultural implements, machinery, and, in fact, stimulating nearly every branch of industry. It means intensive farming, a higher value for land, while the beet pulp furnishes probably the best fodder for fattening cattle and sheep.

"Cane and beet sugar, refined with all impurities eliminated, are absolutely the same, and if stable protection were assured the development of the sugar industry in this country would be rapid, saving something over $100,000,000 now annually sent abroad.

"The confessed robbery of millions of dollars from the government, many millions in rebates from railroads, together with the flood of literature relative to the poor distressed Cuban, with a view of getting the product of Cuba in free of duty, has made the sugar trust extremely obnoxious to everyone. This is past history, and it is now conceded that the sugar trust and so-called independent refineries are being managed honestly and intelligently.

"The sugar trust has nothing whatever to do with the price of refined sugar, the market being dependent on the cost of raw sugar, made in London. If raw sugar is high, refined follows and vice versa. The recent high prices of sugar were due to the failure of the beet sugar crop in Europe. Had it not been for our beet and cane sugar we would probably have seen an 8-cent sugar market for refined, clearly demonstrating the wisdom of encouraging our own people to produce the sugar they consume.

"The ideal tariff for the sugar trust would be free raw sugar, with a duty on refined. It would give the sugar trust a monopoly and destroy the beet and cane [illegible] while a flat duty on both raw and refined would destroy the sugar trust and kindred refineries, which would be unwise and unjust, giving to foreign nations the control of our supply of sugar other than that produced in our own country."

Fearful Slaughter

of deadly microbes occurs when throat and lung diseases are treated with Dr. King's New Discovery. 50c and $1.00. For sale by Kenton Drug Co.

Item Welcomed By Many Men

This recipe can be filled at home, so that no one need know of another's troubles, as the ingredients can be obtained separatery at any well stocked drug store. They are in regular use and many different prescriptions are constantly being filled with them.

This will prove a welcome bit of information for all those who are overworked, gloomy, despondent, nervous and have trembling limbs, heart palpitation, dizziness, cold extremities, insomnia, fear without cause, timidity in venturing, and general inability to act naturally and rationally as others do, because the treatment can be prepared secretly at home and taken without any one's knowledge.

Overworked office men and the many victims of society's late hours and dissipation will, it is said, find the restorative they are in need of.

If the reader decides to try it, get three ounces of ordinary syrup sarsaparilla compound and one ounce compound fluid balmwort; mix and let stand two hours; then get one ounce compound essence cardiol and one ounce tincture cadomene compound (not cardamon), mix all together, shake well and take a teaspoonful after each meal and one when retiring.

A certain well-known medical expert asserts that thousands of men and many women are sufferers all because of dormant circulation of the blood and a consequential impairment of the nervous force, which begets the most dreadful symptoms and untold misery.—Adv.

ECHOES OF THE ANTE-ROOM

Modern Woodmen Will Discuss Readjustment of Rates.

MEMBERSHIP EXCEEDS 1,250,000

B. & M. Camp and Royal Neighbors Install Officers—Woodmen Circle to Play Cards—Ben Hur Plans a Masquerade.

The head camp of the Modern Woodmen of America, the largest fraternal beneficiary society in the United States, will meet in special session at Chicago this week for the purpose of discussing the assessment rates now levied on the members. The society's membership roll is now in excess of 1,250,000, with considerably over a billion dollars of insurance in force, and any action that will be taken at the special meeting as regarding an increase of rates will have a far reaching effect on the future of the organization. The head camp is a thoroughly representative gathering, being composed almost entirely of delegates selected by the membership. Omaha members incline to the belief that the head camp will decide on a general readjustment of rates at the different ages, but that no radical increase will be made.

B. & M. camp No. 986 and its Royal Neighbors auxiliary, Pansy camp No. 10, held joint installation of officers at Modern Woodmen hall Tuesday evening. The attendance was very large and following the ceremonies dancing was indulged in.

Royal Achates Dance.

Next Thursday evening Union lodge, No. 110, Royal Achates, will give the regular monthly dance at Baright hall, Nineteenth and Farnam streets. Good music has been secured. Last Thursday evening two more new members were obligated, after which refreshments and card games were the features. Mrs. Florence Mead won the ladies' prize and John Gard the gents' prize.

Pythian Veterans.

The Nebraska Pythian Veteran association held its annual meeting last Monday evening and elected officers for the year. In the absence of President Goss, Vice President Wood was in the chair. The election of officers resulted: President, John Q. Goss; vice president, O. S. Wood; second vice president, J. M. Macfarland; third vice president, Kent D. Cunningham; secretary, U. B. Balcombe; treasurer, Mel Hoerner; necrologist, L. A. Merriam; sergeant-at-arms, A. A. Heath; trustees, W. W. Bingham, Ed Haymaker and Henry Rotholz.

Messrs. Macfarland, Balcombe and Hoerner were appointed a committee to arrange for the annual banquet of the association.

Several new members were admitted and the association adjourned to meet again on Tuesday, February 13, when the banquet committee will make report.

Clansmen Give Minstrel.

Friday evening Omaha lodge No. 1, Clansmen of America, gave a black-face minstrel or vaudeville entertainment. A. M. Foote as chief entertainer excited the risibles of the members and thoroughly proved that he was well chosen as chairman of the committee. Other members connected with the entertainment handled their parts so well that it made one of the most successful and pleasant meetings the lodge has enjoyed for some time.

These Friday evening entertainments will be a regular thing in the future. Next Friday evening a "mitten party" will be given. This will be open to the general public. Each person attending is to wear mittens with which games will be played. After the games an entertainment consisting of music, singing and speaking will be given. Following that will be dancing and refreshments. All members are requested to bring their friends.

Independent Order of Odd Fellows.

Omaha lodge No. 2 will have work in the third degree next Friday night.

The 1911 grand lodge session reports are now being distributed by Grand Secretary Gage.

The funeral of Ernest Stuht will be held Tuesday afternoon at 2 o'clock at his late residence, 1225 South Thirtieth avenue. The body will arrive in Omaha at 5:45 this afternoon.

Beacon lodge No. 20 will put on the second degree next Tuesday evening.

C. M. Coffin is spending considerable time this month inspecting cantons in the central part of the state.

Wasa lodge No. 182 will put on the second degree next Wednesday evening.

Triangle encampment No. 70 will have degree work next Tuesday evening.

Dannebrog lodge No. 216 will have work in the third degree next Friday night.

Corps Birthday Party.

The U. S. Grant Women's Relief corps No. 104 will give a birthday party in honor of Mrs. Lillian P. Eddy, department president of Nebraska, also past president of Grant Relief corps, at her home, 517 South Twenty-fifth avenue, on Wednesday evening. All members of U. S. Grant post and Grand Army of the Republic are to be honored guests. Each member of the corps is to prepare a box of lunch for herself and two others. Every member of post and corps is earnestly requested to be present.

Order of Scottish Clans.

A regular meeting of Clan Gordon No. 63, Order of Scottish Clans, was held Tuesday evening and two names were balloted upon. Songs were sung by members and a pleasant evening was spent. All arrangements are made for the coming of the Royal Welsh Ladies' choir to the Auditorium Thursday.

Yeomen Install.

Friday evening Omaha homestead No. 1404 of the Brotherhood of American Yeomen installed officers for the ensuing year. The installation was public and in charge of William Davy, chief correspondent, from the supreme office. The attendance was exceedingly large because of the fact that Mr. Davy is well known in and about Omaha. After the ceremony refreshments were served.

Dinner was served and there was music by Miss Gladys Fowler and Miss Hazel Fowler. Those present were: Mr. and Mrs. M. W. Hughes, George Jones, Seattle, Wash.; Milton Shrader, Ray Shrader, Bill Smith, Lewis Zigler, Ollie Bennett, Frank Murphy, Ruel McKnight, Mark Elliott and Mr. Kaufman.

Marshall A. Hudson, the founder of the national movement for organized Bible classes for young men and young women, termed Baraca and Philathea classes, will be in the cities of Omaha, South Omaha and Council Bluffs on the three days of January 27, 28 and 29, during which time he will address a number of meetings in the interest of his work. His program for Sunday, January 28, will be as follows:

Winning Men One by One—9:45 a. m., Emmanuel Baptist church, Twenty-fourth and Pinkney streets; 10:15, First Methodist church, Twentieth and Davenport; 10:45, Dietz Memorial church, Tenth and Pierce streets.

APPLES DOWN TO $2.50 BARREL NEXT TUESDAY

Apples of the Ben Davis and Gano varieties, which have been bringing $4 a barrel, will be retailed next Tuesday at $2.50 a barrel, according to Manager King of Hayden Bros.' grocery department.

The slump, he says, is due to the fact that there are 100,000 barrels of apples in storage in Omaha and South Omaha and the cold weather has prevented their shipment for so long that the holders must sell them cheaply or they will not get rid of them in time to prevent the loss of a large percentage of them by decay. During the cold weather apples were plenty in Omaha, but many towns in the state had none at all.

Arrangements have been completed for the annual meeting of the Creighton University Alumni association, which will be held in the Henshaw hotel rathskeller Tuesday evening, January 30.

Following the banquet addresses will be made by various members on Creighton and topics of interest to the graduates.

The University Glee club will attend and is scheduled to liven up the evening with vocal selections.
