CREIGHTON CASE IS ARGUED

Supreme Court Hears Argument Over Share Given Girls' Home.

QUESTION OF PRIMARY BOARDS

District Court Clerk Smith Raises Point Whether New List of Judges and Clerks is Needed for April.

(From a Staff Correspondent.) LINCOLN, Jan. 20.—(Special.)—One phase of the litigation over the John A. Creighton estate was threshed out in the supreme court today, that of the bequest to the working girls' home. The home was given a verdict in the lower court, but was not satisfied with the amount.

Question of Primary Boards.

The attorney general has been asked to decide two questions, one of which interests Douglas county, as well as every other in the state. Robert Smith, clerk of the district court, wanted to know whether under the primary law it was necessary to appoint new judges and clerks for the primary election.

Accretion of Lands.

The counties of Thurston county wants to know what to do in the matter of several hundred acres of accreted lands along the Missouri river in the eastern part of that county. The land is claimed by the owners of abutting realty, which in many cases means Indians not taxed.

Kearney Home to Open.

Land Commissioner Cowley has gone to Kearney to superintend the formal opening of the hospital for tubercular patients. It is expected some patients will be on hand Monday and possibly some may arrive today.

Hebron School District Has Sent \$20,000 Worth of Bonds to be Registered.

The bonds are voted under the same law which has been challenged in the case acting in Lincoln, on the ground that the title is not as broad as the law itself. The district court upheld the law, but the case has been appealed. The Hebron people, however, took the precaution to comply with the terms of both the old and the new law and the chances are the bonds will be registered without protest in case the auditor finds the proceedings were regular.

Gage County Remits.

Gage county today remitted to the state treasurer \$23,000 of tax collections, \$15,000 of which belongs to the general fund. Yesterday, the first day for payment of warrants under the last call, brought \$1,000 of the \$15,000 called into the office for redemption and today there was another large demand for cash. A few days will clean up all of the call except scattered warrants in the hands of holders who are in no hurry for their money, but interest stopped yesterday.

State Superintendent DeWalt Has Gone to Bladen, where he will deliver an address in a church Sunday and one before the schools on Monday. Both will be on educational topics.

Game Warden Miller went out to Eagle Thursday, returning last night. While there he obtained the conviction of Howard Moreland of College View, charged with unlawfully killing four quail out of season. He was fined \$20 and costs.

Dates for Governor.

Governor Aldrich goes to Omaha tonight and tomorrow will deliver a address before the Young Men's Christian association. In the evening he will speak in the Auditorium in Council Bluffs, the occasion being a union meeting of the churches.

Governor Aldrich has received an invitation to become a member of Association of Western and Northwestern Governors. The association was formed during the trip of the train which carried an exhibit of western products to the eastern cities. Governor Norris of Montana was elected president and Governor West of Oregon, secretary. The object of the association is to aid in all projects which have for their object the building up of the west. Each of the governors is requested to send in suggestions for topics to be discussed at a meeting to be held at Boise, Idaho, in August, and from these a program will be made up and speakers appointed to lead the discussion.

Robert Hunter, a 12-year-old boy, was brought back from David City on a bench warrant charging contempt, the warrant being issued by the police judge. Hunter was the complaining witness against Harry Crawford, a pool hall owner, charged with permitting minors in his place. Hunter failed to appear on the date set for trial.

Methodists to Meet.

Next Tuesday evening Methodists from all over the state will meet in Lincoln for a banquet, the real purpose of the assembling, however, being to devise means of increasing the endowment fund of Wesleyan university near this city. The various district superintendents and prominent laymen are to be invited to meet Bishop Nuelson and Chancellor Fulmer on that occasion.

Laurel Files Affidavit.

J. Dan Lauer, in an affidavit filed in the litigation over the transfer of the Lincoln Paint and Color company to the Acme company of Detroit, alleges that the sale is part of a plan to consolidate the paint business of the country into a couple of gigantic concerns working in harmony. He also charges an agreement exists by which prices are fixed and that if the deal goes through it is the intention of the purchasers to close the Lincoln plant. He charges that of the fifty or more firms comprising the Paint Grinders association, a small inner circle controls the entire association. The defendants in the answer deny all these charges.

Nebraska

Boy Ground to Death by Switch Engine in North Platte Yards

NORTH PLATTE, Neb., Jan. 20.—(Special.)—Roy Halligan, 16 years old, son of Thomas Halligan, a farmer, who lives west of this city, was ground to pieces under a switch engine at Locust street crossing at 6 o'clock Thursday evening.

Mr. Halligan and his son were crossing the track on a loaded hay rack when it was struck by a rapidly running switch engine which was backing toward the round house to change cars. The boy was thrown under the tender and instantly killed, his body being badly mangled. Mr. Halligan was either thrown or jumped off of the wagon and one wheel of it passed over him giving him some internal injuries. The rear wheels of the hay rack were smashed, and the train ran away.

Complaints has often been made of the dangerous condition of this crossing. About twenty tracks frequently used by switch engines are located on this crossing which has most of traffic to and from north and south sides of city.

Wilson's Name is Filed at Lincoln

(From a Staff Correspondent.) LINCOLN, Jan. 20.—(Special.)—The Woodrow Wilson democratic petition was filed today by J. W. Woodrough of Omaha, whose name heads the petition.

Among the other prominent names attached to the petition are Lee Herndon, M. D. Welch of South Omaha, Jerry Howard of South Omaha, John J. Sullivan, formerly justice of the supreme court; C. J. Smyth, I. J. Dunn, who nominated Bryan in the Denver convention, and A. H. Hippie. This is the first serious filing made on behalf of the candidate and the personal of the signers is taken to confirm the general understanding that the Bryan following would line up behind the New Jersey governor. C. O. Lobeck of Omaha sent in his filing as a democratic candidate for congress in the second district.

A prominent politician, who has been watching the game in Nebraska for a good many years, remarked today that the recent visit of J. H. Morehead to Lincoln also brought to the front a large number of democratic workers who can generally be seen wherever there is an indication of a barrel. Whether the Falls City man tapped anything or not has not been ascertained. It is certain if even the name was opened there were plenty on hand with tin cups to catch the outflow.

BROKEN BOW COMMERCIAL CLUB FEASTS AND SMOKES

BROKEN BOW, Neb., Jan. 20.—(Special.)—The annual banquet and smoker of the Broken Bow Commercial club was one of the most successful ever held by that organization. The affair took place in the large assembly room of the city hall-in fact, the whole top floor of the building, including the council chamber and firemen's club, was utilized in order to give sufficient room. Nearly 200 members and guests sat at the table and were regaled with dainty viands, choice brands of cigars and a good program. The nearest approach to strong waters was a large, inviting looking barrel of sweet apple cider that stood in one corner and remained on tap the whole evening. Benevolent talks, concerning the welfare of the town, were given by members of the club, and valuable suggestions made that will be acted upon in the near future. Among other things brought to the club's notice was the need of a good sewerage system, and this matter will be taken up and investigated at once. At the conclusion of the program, an entirely new executive committee was appointed as follows: Bas Anderson, Charles Martin, A. E. Lucke, F. C. Kern, James Leonard, Alvin Burk and Andrew Snyder. The members of the retiring executive committee, who have served for the three years past are: H. Lomax, George L. Turner, S. R. Lee, J. S. Molyneux, A. E. Anderson, E. C. House and Willis Cadwell.

BLAIR WILL HAVE MORE TERMINAL FACILITIES

BLAIR, Neb., Jan. 20.—(Special.)—John R. Aye, acting as a representative of the Young Men's Commercial club of this city, recently filed a complaint with the State Railway commission for an adjustment of the stock yard question, which has been a matter of contention for some years between shippers and the railroads. As a result of the complaint made, Dr. J. H. Winnett, chairman of the state commission, was here this week and in conference with the representatives of the Northwestern Railway company, shippers and members of the Commercial club the matter was adjusted in a satisfactory manner, the company agreeing to increase the facilities of the yards by building new pens, sheds, runways and placing hydrants. The yards are in close proximity to some good residence properties and the owners threaten to get out an injunction if the yards are enlarged, claiming that they are a nuisance and unsanitary, the most of the shipping being done at night and the noise keeps them awake. Two years ago the Northwestern built an up-to-date passenger depot at cost of about \$20,000, but has furnished no toilet rooms for the general public. This matter was also taken up with Commissioner Winnett and the railroad company will have to get busy.

Bank of Lewiston Sold.

TUCUMSEH, Neb., Jan. 20.—(Special.)—T. R. Richardson and C. L. Rothel, of Crab Orchard, have closed a deal with P. L. Bratton of Pawnee City, whereby they gain possession of a controlling interest in the Bank of Lewiston, a state bank. The bank has a paid up capital of \$10,000 and surplus of \$2,000. The deposits are \$35,000. The officers are: R. Hunsicker, president; Charles White, vice president; P. L. Bratton, cashier. Mr. Richardson will take the management of the bank March 1.

Hand Mangled in Cornsheller.

BROKEN BOW, Neb., Jan. 20.—(Special.)—Wayne Knox, a young farmer living fourteen miles south of town, had part of his hand torn off by catching it in the gearing of a gasoline corn sheller. He was cleaning the oil cup of the machine, when the accident occurred. This is the second accident of a like nature that has happened in the Knox family within a short time. Paul, an older brother, having suffered the loss of four fingers while running the same machine.

PAY BACK INSURANCE MONEY

Officers of Union Fire Will Return Bonus that Was Given Them.

AGREE ON BARTON AS TRUSTEE

Three Thousand Dollars Already Paid in and Balance Will Be Forthcoming—Martin Back to Lake City.

(From a Staff Correspondent.) LINCOLN, Neb., Jan. 20.—(Special Telegram.)—State Auditor Barton made a start today in getting a settlement of the affairs growing out of the attempt to consolidate the Woodman and Union Fire insurance companies. The old officers of the Union resigned in consideration of the payment of money and the Woodman officers were elected in their place.

The auditor demanded the repayment of these sums, \$20,000 in the aggregate, which were taken from the funds of the Woodman company. Today, two of the recipients of the money made payments. G. P. Watson of Plainview paying in \$2,000, the entire amount received by him; Cyrus Kellogg of Lincoln paid in \$1,000, half of the amount received by him and promised to pay the remainder Monday; J. F. Donovan of Chapman, who received \$2,000, left Lincoln for home today and promised to send a draft for \$2,000, the amount received by him as he reached home.

Agreement Between Companies.

Following is the text of agreement signed by the Union Fire officers, those of the Woodmen signing one exactly like it except changing the name of the company.

Whereas, Members of the former board of directors of the Union Fire Insurance company, Mutual, have determined to return money paid to them by the Woodmen Fire Insurance company, and

Whereas, A dispute has arisen as to whether said money belongs to the Union Fire Insurance company, Mutual, or the Woodmen Fire Insurance company, and each of said companies is desirous of appointing a trustee to receive said money and hold the same in trust until it is finally determined to whom said money should be paid; and who is the owner thereof, it is therefore

Resolved, by the board of directors of the Woodmen Fire Insurance company, that S. H. Barton, auditor of the State of Nebraska, be and hereby is appointed and constituted trustee of the purpose of receiving said money and holding the same in trust for each of said companies and paying the same to the trustee as determined in the final settlement with each of said parties and receipt each of them in full upon the payment as the trustee and representative of said companies.

A. H. ARMSTRONG, Secretary. JOSEPH W. WALT, Secretary.

The passage of the resolutions was duly certified up to the auditor.

Shirley Martin Goes Home.

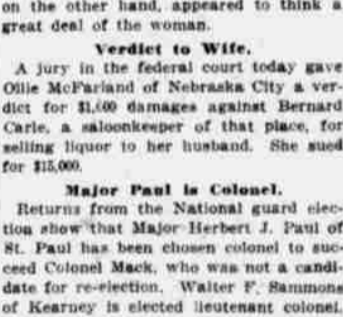

The woman who under the name of Shirley Martin was arrested a few days ago while wearing man's clothes left Lincoln today in company with her husband, John Nelson of Lake City, Ia. Since her arrest and release, on promise to don feminine attire, the woman has been working in a local restaurant. It appears that she and Nelson were married last October, but she left him after three days of wedded life. Though she went home with her husband, she did not appear to be overly delighted with the idea. She said he was a good man, all right, but she did not really love him. Nelson, on the other hand, appeared to think a great deal of the woman.

Verdict to Wife.

A jury in the federal court today gave Ollie McFarland of Nebraska City a verdict for \$1,000 damages against Bernard Carie, a saloonkeeper of that place, for selling liquor to her husband. She sued for \$15,000.

Major Paul in Colonel.

Returns from the National guard election show that Major Herbert J. Paul of St. Paul has been chosen colonel to succeed Colonel Mack, who was not a candidate for re-election. Walter F. Sammons of Kearney is elected lieutenant colonel.

S. W. LINDSEY

who has this past week moved from 1518 Douglas St. to 2214 South 16th St. in the Paston block, is one of the most favorably known business men in Omaha today. For 34 years his name has stood for honesty and square dealing and his patrons represent the most desirable families in the city. In his new location, Mr. Lindsey will continue to carry the same well selected, medium priced stock that has met the approval of his trade all these years. He also plans to materially enlarge his repairing and manufacturing departments and at the same time will give his personal attention to his large line of diamond work. Curtis M. Lindsey will be associated with his father in the future at the new location.

Lexington Man Sends Presidential Filing

(From a Staff Correspondent.) LINCOLN, Jan. 20.—(Special.)—Robert G. Ross of Lexington, a member of the American Democratic association, is a member of the state of Nebraska. He is a member of the Presbyterian church of which he is a regular attendant.

ARTICLE PUBLISHED IN BEE FINDS HEIR FOR ESTATE

(From a Staff Correspondent.) LINCOLN, Jan. 20.—(Special.)—It seems probable an heir has been found for the estate left in Texas by a Nebraska veteran of the civil war, through the publication of the story in The Bee. Mrs. Carrie Jones of Edgar writes that she is the oldest daughter of Israel Long who died in Wichita Falls, Texas. The facts of his later life and death were sent to the adjutant general's office by an ex-Confederate, who owned a big ranch adjoining the small farm of the former union veteran, who was living a life of a hermit after a quarrel and separation from his family in Nebraska.

A strong friendship sprang up between the two men and the ex-Confederate wanted his friends heirs to get his small property instead of a local claimant whom he considered had no right to it. Mrs. Jones says she lived in Antelope county for a time following the departure of her father, from whom she had not heard in thirty years.

York May Vote on Water Bonds.

YORK, Neb., Jan. 20.—(Special.)—A petition with the proper number of signatures was filed yesterday with the city clerk asking the city council to submit a proposition to the people of this city to vote bonds in the sum of \$125,000 for

Nebraska

the purpose of erecting a municipal water, electric light and heating plant. The matter will be taken up by the city council at its next regular meeting.

NEBRASKA PURE SEED GROWERS ORGANIZE

LINCOLN, Jan. 20.—(Special.)—The Nebraska Pure Grain and Seed Growers' association was organized at the farmers' meetings at the state experiment station this week, with the following officers: W. D. Steik, Phillips, president; W. H. Ehlers, Rock, vice president; T. A. Kleson, secretary of the department of experimental agronomy, secretary and treasurer.

The members pledge themselves to use seed of a pure variety, to carefully tend each year a seed plot of one acre and to use every effort, not only to improve the quality of their grains, but also the yielding power, through breeding methods. The state experiment station will work with the association, turning over to it the seed of improved varieties bred up on the state farm. The experimental agronomy department has appointed an inspector, who will visit and inspect the fields of the members each year, will test their seed samples for purity, soundness and germinating quality and will issue certificates of approval on good seed, which certificates will be used as a guarantee in the sale of the seed.

Wife of Convicted Bank Robber Asks New Trial of Automobile Suit.

BEATRICE, Neb., Jan. 20.—(Special.)—In an effort to secure possession of an automobile belonging to the Kansas bank robbers, Mrs. H. H. Hoerr, wife of one of the bank robbers convicted at Marysville, Kan., filed a motion in the district court yesterday for a new trial. The car was attached at Wynore by an insurance company, which paid the loss sustained by the Beattie, Kan., bank, and at the hearing in the district court Mrs. Hoerr, who claimed the car belonged to her, lost her case. She is now asking for a new trial.

Nebraska

At the regular meeting of the Board of supervisors yesterday the annual appropriation for Gage county for the coming year, which amounts to \$146,000, was made. Of this amount \$5,000 will be used for road purposes. The expense bill is \$12,700 more than a year ago.

Judge L. M. Pemberton yesterday made a ruling that there should be no grand jury empanelled for the term of court which opens February 12 nor at other time this year unless otherwise ordered.

You Don't Need a New Stomach

You Can Now Look Any Meal Square in the Face, and Then Just "Go for It." If You Take Stuart's Dyspepsia Tablets.

Trial Package Sent Free to Prove It.

The stomach will go on patiently for years enduring abuse, overwork and general ill-treatment. So we're apt to think it can stand anything. But when the stomach does rebel, look out!

Every Meal Smiles at Me Now Since I've Been Taking Stuart's Dyspepsia Tablets.

The minute the stomach ceases to perform its functions properly the whole body begins to suffer. The food is only half-digested, the body only half-nourished. And the undigested portion of the food ferments and decays, generating nauseating gases which derange the whole system. The eventual result is chronic dyspepsia, heartburn, bad breath, dizziness, flatulence, and sick headache.

Stuart's Dyspepsia Tablets instantly relieve all ailments of the stomach and digestive tract. They act quickly, safely and naturally—just like Nature herself. They contain in themselves the elements which go to make up the natural gastric juices. They actually digest the food, relieving the stomach of all the hard work.

Stuart's Dyspepsia Tablets are the stand-by of many a doctor in the worst cases of stomach trouble, and they never fail him.

All druggists carry and recommend Stuart's Dyspepsia Tablets. They are sold at 50 cents a box. If you want to try them first, we will send you a trial package free on receipt of your name and address. P. A. Stuart Co., 150-Stuart Bldg., Marshall, Mich.

Humphreys' Seventy-Seven Breaks up Grip and

COLDS

COLDS NOT DUE TO LOW NECK GOWNS

Some physicians attribute the colds and sore throats which have been so common that they threatened to become epidemic within the last week in large measure to foolish dressing on the part of women and especially to the Dutch necks and lace collars. On the contrary, the tendency to wear higher clothing and especially to expose the throat has hardened women and increased their vitality that they can withstand exposure far better than they could ten years ago.

It is not lack of protection but inconsistency that is dangerous. If women would always wear low necks or always high ones the system would accommodate itself to it.

If women will carry a vial of "Seventy-seven" and take a dose at the first feeling of a cold they may dress as they please.
