Shorter Schedule Wanted by Rourke

Will there be a schedule adopted at the meeting next month for 168 games or 154 games? There were several objections to the length of last season. If there are to be 168 games there probably will only be three swings around the circuit. Last year there were four swings and the expense was too much on almost all the clubs.

Tiger Cub Five Has Been Reorganized

The Tiger Cub quintet, the oldest of the Young Men's Christian association basketball teams, has disbanded since the organization of the new Tri-City league and another team, the "Y" Tigers, entered in its place.

PLANS UNDER WAY FOR THE SOKOL TOURNAMENT

The western division of the National Tri-Ted Sokol will hold a meeting next week to complete plans for the Nebraska state sokol tournament, which will be held at the local Turner hall from February 15 to March 4.

Observed from the Pit.

Ray Cooley is working hard for a place on the Jetter. He hit a 21 clip during the week.

Officials of the coming National Championship tournament to be held at Chicago are boosting for a 75 pin men team contest.

New the Magic City bowlers are talk-

ing of a tournament all their very own to take place next month.

If some of those Gas Company shooters don't keep off the foot line an explosion is liable to happen most any time. Berger has placed some matches right in the line.

One-arm Mike Crowe likes the bowling game and can be found shooting them up at all hours of the day or night.

He is surely a wonder and can make some very good scores.

Flitzgerald thinks that Briggs throws him down in the merry-go-round contests.

Briggs can get the pins any old time except when he joins Flitz for a trial in one of these matches.

Charlie Lefler, the new recruit of the Garrow's Colts, shot his head off the first night, finishing up with a fine 160 total.

For his initial appearance in fast company that's some performance.

The members of the J. S. Cross team performed in grand style during the tournament.

They shot good scores in every event, but not sufficiently high enough to get them any great amount of glory.

Woster Lambert a protégé of Mr. Peterson of St. Louis, is being boosted by the Mound City bowlers for president of the American Bowling congress.

The Omaha teams will vote for Lambert just for Peterson's sake.

Omaha will be represented at Chicago by more teams than ever attended a national tournament before, and much more of the best of them by the same boys.

Especially will this be true of the famous Metz Bros. five.

The Morrison alleys are making new bowlers every day.

The way the novices are taking to the sport at this place is a caution. Three new leagues have organized to shoot regularly already, bringing up the number of leagues from seven to ten.

Mike Morgan worked hard for that all-weather prize and was surely entitled to it.

It was a 100-1 bet he wouldn't land in the money, but he did. Jimmy Hake-nay totalled up just three pins in the rear of the season that was just four size out of the trouby.

Posters advertising the American Bowling congress have been sent broadcast and prominently engraved thereon in a very like manner of Charles Conkley, the well-known owner of the White Sox baseball team, who is president of the tournament association.

Nolan and Kubry are out with an open challenge, and as Zapp and Angelberg want to get even with what they handed to Hunting and Blakney, a Huntington and Angelberg are also billed to fangle sometime this week.

The Gate City and Morrison five-men teams lead the heads of the Gate City league will shoot on Tuesday and Friday and the Morrison on Wednesday and Thursday.

Four of the six teams will be used in all these league contests.

Frank Lepinski, captain of the Martin Tigers of South Omaha, was pleased with the performance of his team.

The only two-men team in the tournament to shoot better than 1300 pins.

Dan Butler has been elected president of the Morrison Bowling league which has applied for membership in the Greater Omaha Bowling association.

Dan used to be a good shot, having won many games for the old field Top team back in '08. Butler will captain the league and expects to make them all go to win.

WELSH-WAUGH FIGHT "INDEFINITELY POSTPONED"

LOS ANGELES, Jan. 20.—Freddie Welsh, the English lightweight, who was scheduled to fight Bobby Waugh twenty rounds at Vernon today, was taken to a hospital at Venice this morning. It was stated that he had strained the tendon of his neck and back so severely last night that he could not keep his ring engagement. Welsh was to have been the opponent of Ad Wolgast Thanksgiving day, when Wolgast was stricken with appendicitis. Welsh, it was later said, caught cold, which settled in his muscles and disabled him.

Holland Picks Out Twenty Greatest Players in Western

Jack Holland decided the other day that it was up to him to name the twenty greatest ball players in the Western league. Jack almost forgot Omaha, too, but then, what's the use. NEW YORK, Jan. 20.—The proposal to do away entirely with the annual ranking of lawn tennis players, which is recommended, or at least suggested, by the majority report of the 1911 ranking committee of the United States National Lawn Tennis association, seems certain to be overwhelmingly rejected when it is brought before the annual meeting of that body in this city on February 3.
