### Freckles, Pimples and Liver Spots

Can Be Removed Easily by Stuart's Calcium Wafers.

Why suffer the striae of those about you because of a poor, muddy and biliary complexion? What you need is fresh, strong, generous flowing blood to furnish clear, clean pigment (color) to the face so that with each beat of the heart the blood courses unimpeded through the small surface veins of the face, thereby keeping a glowing color ever present.

Stuart's Calcium Wafers are composed of the most powerful of blood builders and purifiers, yet they are harmless and may be taken into the system by any one, even a child. What is inviting to the weak stomach most certainly will add the well one. Any invalid may take Stuart's Calcium Wafers and be benefited, so that no one need feel the slightest hesitancy in using these little purifiers continuously.

They work very fast and many severe cases of discolored complexions are thoroughly cleared and beautified after a brief time. The number of testimonials we have attesting to the strength, vigor and effectiveness of Stuart's Calcium Wafers would astonish one. Every druggist carries them in stock, price 5c. Don't wait, but go to your druggist today and buy a box of these Wafers. Take them after each meal and give them an honest trial and the rapid results will astonish you.

We will send you a trial package containing an amount of these Wafers sufficient to show their value. Send us your name and address and we will send you a trial package, by mail, free.

Much Stock Shipped.

There were 2,300 cars of stock on the local market this week. This is considered a very good record for this time of the year. The heavy run was due to the warmer conditions of the weather. During the cold snap the railroads were nearly all tied up and unable to take care of the stock and the shippers were afraid to come to the market for fear their stock would freeze on the way.

Under the careful supervision of Colonel Buckingham all the stock was taken care of in fine shape. The colonel gave up his trip to the western stock convention at Denver in order that he might be on hand.

Cholera Serum Demonstration.

Clyde J. Baker, representing the Interstate Vaccine company of Kansas City, is conducting a cholera demonstration at the stock yards. He bought sixteen hogs on the market Wednesday and injected pure cholera blood into four of them. Two of the hogs were treated with serum for the prevention of cholera. The two remaining pigs were put into the same pen with the other fourteen. Mr. Baker intends to prove that the hogs injected with the serum will not catch the deadly disease while the two that were not treated will.

A demonstration of this kind was conducted at the yards some time back by a government representative and it was a great success. The hogs treated with the serum did not take the disease while the others had cholera in a most virulent form.

### WOMAN WANTED ON WHITE SLAVERY CHARGE ARRESTED

Blanche Waggoner, wanted by the federal authorities here upon a white slavery charge, was arrested shortly after 6 o'clock Friday afternoon by Officer Emery at 34 South Thirteenth street. She was placed in the city jail for the night and Saturday morning she had a hearing before Judge W. H. Munger, and her bonds were fixed at \$1,000. In default of bail, she was remanded to the county jail until her case is called at the April term of court.

The Waggoner woman was arrested several months ago by the police for inducing Anna Pakornay, a pretty Bohemian waitress at the Lange hotel, to throw up her job and go with her as a "traveling companion." When arrested the girl, who had been in this country only a short while, was in company with the woman and a male companion. A charge of white slavery was placed against her and she was to have had her trial in the state district court several months ago.

In the meantime the Bohemian girl married and moved to Colorado, so the case was dropped in the state court but information was furnished the federal grand jury last November and an indictment was returned against the Waggoner woman. A capias was given Deputy United States Marshal Hise and her arrest was ordered. She disappeared after the state dropped the case and it was not until last night that she was again located. United States District Attorney Howell has the address of the Bohemian girl and can produce her when wanted.

### LABOR LEAGUE IS ENDORSED

Central Labor Union Gives Sanction to Political Body.

GEORGE NORMAN IS PRESIDENT

Declaration of Principles Drawn by Committee of Ten Members of League Declares for Fair City Administration.

Following a fiery speech by C. M. Felder and by several delegates from affiliate organizations, the Central Labor union, in session at the Labor Temple last night, declared, with one dissenting vote, its endorsement of the Labor league, effected three months ago to further the political interests of labor.

A committee of ten from the Central Labor union perfected the Labor league and has arranged to put up seven labor candidates for commissioner. The candidates will be nominated by referendum vote. There are now 3,000 members pledged to the league.

Mr. Felder directed an attack against a certain organization, which he did not call by name, saying that its officers had called every "dirty trick known to politics" in thwarting the purposes of labor.

Dr. Jenkins of the Associated Charities voiced his objection to the action of the Nebraska State Teachers' association in passing a resolution requesting an amendment to the child labor law. He said the present law was a pretty good one and the amendment asked for the wrong amendment. He said the action of the teachers would be attacked at the state conference of charities in Omaha this latter part of the month.

Ex-Secretary Wilson, following the election of officers, declared he withdrew from the Central Labor union because not enough recognition was given in the election to the Building Trades union.

Newly Elected Officers.

Following is the list of officers elected, former officers, with the exception of trustees, being chosen for a second term: President—George Norman.

Recording Secretary—John Poljan. Financial Secretary—William J. Marks. Sergeant-at-Arms—Robert Dunlap. Trustees—J. Kerrigan, R. S. Fisher and Robert Bender.

With the adoption of the motion to endorse the Labor league cards with the following declaration of principles drawn by the executive committee of ten which formed the Labor league was adopted and distributed among the delegates:

We favor an honest, fair administration of the city government, which shall promote free speech, the right of lawful public assembly and justice.

We advocate ownership by the municipality of all plants and establishments which furnish the people of Omaha gas and electric power and the establishment of coal and wood yards, ice plants, cold storage warehouses and free public markets, all of which shall be operated for the benefit of the people and not for profit.

We favor the municipal ownership of a single telephone system.

We favor the establishment of our parks and playground systems.

We advocate the establishment of a free public bath.

We favor the establishment of a free employment bureau to be operated by the municipality.

We favor the establishment of a free hospital.

We are opposed to the contract system such as now exists in Omaha and stand for all public work being performed by Omaha citizens.

### ANDREW CARNEGIE'S FEES FOR TESTIMONY HELD UP

WASHINGTON, Jan. 20.—Andrew Carnegie is having trouble collecting from the government \$239 in witness fees for his recent testimony before the house steel trust committee.

Mr. Carnegie on January 17 signed his expense voucher and it was received today by Jerry Smith, chief clerk of the house. It calls for 65 miles of travel at five cents a mile (\$2.75) and for three days witness' fees at \$2 a day (\$6).

The notary in New York who witnessed the voucher for Mr. Carnegie failed to affix his seal. Not until this defect is remedied will Clerk Smith give up the money.

### Too Credulous Man Falls for Old Game

NEW YORK, Jan. 20.—A detective from police headquarters today saved Charles M. Olsen of Portland, Ore., \$15,000 and a futile trip to Madrid, in answer to a letter sent him some time ago. The detective found Olsen aboard a steamer about to sail, persuaded him to go to police headquarters and proved to him that he was about to become a victim of the old time Spanish prisoner swindling game. Olsen, accompanied by his son, George Olsen, a student in the University of Michigan, is homebound on a fast train tonight.

The letter which caused Olsen to undertake the trip to Madrid was languishing in a Spanish dungeon, but possessed, unknown to the government, a trunk with a false bottom which concealed \$50,000 pesos. In order to get the trunk, Olsen would have to pay \$15,000 to satisfy a claim against the writer, the letter said and to do this was Olsen's mission to Madrid. At police headquarters the detectives showed Olsen similar letters addressed to other persons here and this convinced him of their fraudulent nature.
