HADLEY IS FOR ROOSEVELT

Governor of Missouri Says He favors Colonel's Nomination.

THINKS HE WOULD ACCEPT

Statement Says Former President is Choice of Republicans of Missouri and That He is Popular in Other States.

JEFFERSON CITY, Mo., Jan. 23.—Governor Herbert S. Hadley, in a statement today, said he favored the nomination of Theodore Roosevelt as the republican presidential candidate. His statement follows:

"From information that has recently come to me from all part of the state, I am convinced that a large majority of the republicans are in favor of the nomination of Theodore Roosevelt as our candidate for president and a large majority of people are in favor of his election."

"While they hold Mr. Taft in high esteem and are not unmindful of many good things that have been accomplished during his administration, they feel that the candidacy of Colonel Roosevelt will insure success in the state and nation in the coming campaign and, further, I think they feel that Colonel Roosevelt represents as no other man represents those principles and policies of government with which his name is associated and which appeal so strongly to the American people, without reference to party."

People Wanted Him Last Year.
"In 1908 I believe a majority of people wanted to give him a nomination, and it was only his positive inclination that prevented it."

"While it was under his leadership that

Missouri was taken from the solid south and placed in the republican column, I am confident that the sentiment in favor of his nomination is not confined to this state. It appears that there is the same demand for his candidacy in other parts of the country as there is here; and to that demand I am confident he must yield by indicating his willingness to accept the nomination if tendered."

"While I will oppose, as I know he would oppose, any efforts to secure delegates in favor of his nomination by political manipulation, I will also oppose any political manipulations in this state to prevent it."

"The methods provided for the selection of delegates to the various congressional and state conventions should give a full and fair opportunity for the expression of the wishes of the members of the republican party in this state and if such methods are adopted I am confident that expression will result in the selection of a delegation to the Chicago convention in favor of the nomination of Theodore Roosevelt."

Roosevelt Boosters Busy in Ohio.
COLUMBUS, O., Jan. 23.—That an effort will be made to bring about the nomination of delegates from Ohio to the republican national convention who favor the nomination of Theodore Roosevelt was made certain today. Political headquarters were formally opened here, from which the campaign for Roosevelt delegates is to be prosecuted.

Republican State Chairman Walter Brown of Toledo, who returned yesterday from Oyster Bay, today declared that he (Brown) had opened the headquarters on his own account and without committing Colonel Roosevelt in any way.

Associated with Mr. Brown in the management of the Roosevelt movement in Ohio is Malcolm Karchner, representative in Columbus.

HARVESTER AND STEEL AT OUTS

(Continued from First Page.)

the export market. That is far from the truth. The British steel industry must export 40 per cent of the product a year in order to live. Germany must export 30 per cent and Belgium 20 per cent. The product of the United States is greater than England, Germany and Belgium combined, and the domestic consumption is so much greater that export trade is not so vital.

"It is true that before the steel corporation was formed the steel exports of the United States amounted to about 200,000 tons a year. Last year the exports of the United States Steel corporation were about 2,000,000 tons, valued at \$80,000,000, as against Germany's 5,000,000 tons.

"It is not the aim of the steel corporation to grab the export trade of the world. We are conducting our export business on a safe and sane basis without any jealousy toward other nations, to whom export trade is of such vital importance."

"The bonus goes to everybody who deserves it," said Mr. Farrell. "For instance, a brakeman recently invented a dumping machine for which he was given a bonus."

Stock Sold to Employees.

Attorney Reed, for the corporation, explaining the method under which employees subscribe for stock, said that 5,222 men receiving less than \$600 a year in 1910 subscribed for one share each, and men earning between \$600 and \$2,000 took a total of 14,122 shares, while the high salaried employees took 4,656 shares.

A bonus dividend of 35 cents is credited to the employee purchaser until the stock is all paid for. Then it is turned over to him.

President Farrell said the steel corporation's bonus fund to employees last year amounted to \$1,400,000.

"Who benefits by it, the laborer or salaried man?" asked Chairman Stanley. "Both: foremen and skilled men largely," was the reply.

"We have at the entrance of the mill a question box wherein men may give suggestions. Beneficial suggestions are rewarded. It is reward for merit."

President Farrell surprised the steel investigating committee by declaring his corporation had had no relations with the International Harvester company during the last five or six years because the Harvester company had boycotted it after a controversy with a subsidiary steel company. He said it was due to a mere quibble between salesmen.

For indigestion, Sour Stomach, Belching, Gas, Coated Tongue, Intestinal Indigestion and all Stomach Disorders and Pains—or for Loss of appetite—Stuart's Dyspepsia Tablets are invaluable.

Use them freely—they are as harmless as sugar would be—and are by no means to be classed as "medicine." They have no effect whatever on the system except the benefits they bring you through the proper digestion of your food.

All drug stores sell Stuart's Dyspepsia Tablets. The price is 25 cents per box. Physicians use and recommend them. If you wish to try them before purchasing, address P. A. Stuart Co., 150 Stewart Building, Marshall, Mich., and a trial package will be sent you free.

DES MOINES LIFE IS SOLD

Old Iowa Company Disposed of to National of Chicago.

BIG SUM PAID FOR DEAL
Des Moines City Council Orders Sale of Two Lots in Order to Start Erection of Market House—Train Service Wanted.

(From a Staff Correspondent)
DES MOINES, Ia., Jan. 23.—(Special Telegram.)—The old Des Moines Life insurance company of this city has been sold to the National Life Insurance company of Chicago and today an arrangement was effected with the advice of Governor Carroll and other state officers for rewriting the insurance of the Iowa company. President Johnson of the National Life came here and personally attended to the business. The price said to have been paid for the Des Moines company is \$700,000. The company had been managed almost from the start by Mr. and Mrs. C. E. Rawson, but owing to the illness of Mr. Rawson others have been connected with the company in recent years. It has over \$30,000,000 of insurance in force.

Starts Market House Project.

The city council today ordered sold two plots of ground that the city has long owned for the purposes of erection of market houses, and directed that as soon as this ground is sold the proceeds be used for construction of a market house on the site of the old city hall, now partly used for a market house. Representatives of labor unions appeared before the council and demanded that action be taken looking to starting work for a market house.

Sued for Street Lights.

The Walsh Street Lighting company filed suit in the United States court against the city of Des Moines to collect \$25,290.20 on a street lighting contract. The suit alleges that in April, 1904, the company made a contract with the city to furnish "improved Walsh lamps" for lighting purposes, for ten years after March 1, 1904. The original bill on which the suit is based was \$1,921.22. The city paid only \$4,150.04 of that. It is complained.

Cromwell Wants Train.

Citizens of Cromwell, on the main line of the Burlington railroad, filed a complaint signed by 20 residents of the town with the State Board of Railroad Commissioners today, asking that the Burlington restore a local service on its line through trains, No. 8, which does not hesitate in Cromwell under the present schedule.

RED OAK WANTS TRAIN.

Citizens of Cromwell, on the main line of the Burlington railroad, filed a complaint signed by 20 residents of the town with the State Board of Railroad Commissioners today, asking that the Burlington restore a local service on its line through trains, No. 8, which does not hesitate in Cromwell under the present schedule.

BOY CRUSHED TO DEATH UNDER WAGON AT RED OAK

RED OAK, Ia., Jan. 23.—(Special Telegram.)—When Peter Ackerman went out yesterday evening to see why his son Emil did not get home after starting away with a load of corn that had been crushed up and the boy had been crushed to death. From tracks in the snow it appeared that the boy had gone to the side on which the wagon was tipping in hope of preventing its overturning. Mr. Ackerman is a prosperous farmer living six miles east of Red Oak.

THREE PERSONS FOUND DEAD NEAR TERRE HAUTE

TERRE HAUTE, Ind., Jan. 23.—William H. McVey, his wife and his baby were found dead today at Taylorville in a hotel where they lived in squatters early today. The screams of a stepdaughter, Gertrude Phelps, 20 years old, attracted the attention of neighbors. McVey was found on the floor and his wife and baby bed, their bodies cold. The girl was hysterical and so far has been unable to throw any light on the deaths.

No marks of violence are visible on any of the bodies, except unexplained colorations about the mouths.

The McVey family had been dependent on charity since Thanksgiving.

CUT THIS OUT

Recipe that Breaks a Cold in a Day and Cures Any Curable Cough.

"From your druggist get half ounce of Concentrated Pine compound and two ounces of Glyptine. Take them two or three times a day and put them into a half pint of good whiskey; shake well and use in doses of two to two teaspoonsful after each meal and at bed time. Smaller doses to children according to age. You can do this only in a sealed tin screw-top case. If your druggist does not have it, he will quickly get it for many, mixtures of course, and experiment, but it is risky to experiment. This formula comes from a reliable doctor and is certain. This was first published here six years ago and local druggists say it has been in constant demand ever since—Adv.

LAWRENCE S QUIET AND STRIKE MAY END SOON

LAWRENCE, Mass., Jan. 23.—While there is no immediate prospect of settlement of the labor troubles in the cotton and woolen goods mills here there are evidences of conciliatory spirit in some quarters. It is estimated that 22,000 mill operatives are idle. A citizen who attempted to cross a bridge which had been closed by the militia was slightly wounded by a bayonet thrust today.

BOSTON, Jan. 23.—Charges by union officials and others that the American Woolen company has scoured southern Europe for cheap labor and induced immigrants to enter its employment were denied today by President William W. Wood.

SUIT TO BREAK BATES' WILL.

files cured in 6 to 14 days.

PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 30c.

MILVER GIRL BURNED TO DEATH.

MALVERN, Ia., Jan. 23.—(Special)—Miss Hannah Angus and her mother were terribly burned Saturday evening about 4 o'clock, by some gasoline being used to remove stains from some garments, becoming ignited. Miss Angus died about 9 o'clock the same evening, after a great suffering. Her mother lies at her home in a very critical condition, and her recovery is doubtful. The room in which they were working caught fire, and an alarm was turned in, but the flames were smothered before the arrival of the fire laddies.

that he was unduly influenced, W. S. Bates of Des Moines has filed suit to break the will of his brother, J. H. Bates, formerly president of the First National bank of this place. The estate is valued at \$12,000. Under the will the widow and an adopted son received all of the estate but a bequest of \$25,000 which was given to W. J. Murray, present president of the First National.

PACKERS' BOOKS ARE ALIKE

Nationals Stopped Hide Credits Same Time as Others.

MAKES TEST COST HIGHER

Company Frequently Sold Hides to Amount of Two Hundred Dollars a Month—Killing Charge Raised.

CHICAGO, Jan. 23.—District Attorney William E. Weber, general auditor of the National Packing company, testifying read into the record of the companies' monthly statement of cattle killed, the test cost of beef and the allowances made by by-products. District Attorney Wilkerson asked for the original data from which specific entries were made, but Weber said the memoranda had been destroyed in the regular course of business.

Examination of entries in the books showed that the National Packing company did not allow any credit for hides in 1909 and part of 1910 in figuring the test cost of beef.

The discontinuance of the practice was found to correspond in dates with the period when these credits were stopped by Armour & Co. and Morris & Co.

Sale of Hides Larger.

Notwithstanding the fact that the hide credit was omitted in figuring the test cost of beef for nearly a year and a half, the packers often sold as many as \$200 worth of hides a month, according to the books.

The government contends that the failure to give credit to this by-product raised the arbitrary cost of dressed beef and enabled the packers to raise the price to the consumer without showing an excessive margin of profit.

Attorney Wilkerson showed by the books that in 1908, when the killing charge of the National Packing company was \$2.00 a head, a charge of 25 cents an animal for the tongue was added, which brought the killing charge to \$2.25 a head, the same figure allowed by Armour, Swift and Morris.

When the killing charge was raised to \$2.25 by the National Packing company, the charge for the tongues were dropped, according to the government.
