BEATRICE SENDS IN CHECK

State Basket Ball Champions Enter Big Tournament.

TEAM PLAYS IN GOOD FORM

Up to Date It Has Lost No Games This Season—Sioux City, Iowa Champ, Will Take Part in Meet.

Beatrice High school is the first one of the schools of Iowa and Nebraska to send the entrance fee for admission to the big interstate basket ball tournament, which will be held under the auspices of the University of Omaha February 14, 15 and 16.

Several schools have promised to enter, but the Sioux City boys have the honor of sending the first check to the manager of the tournament. The entrance of Beatrice puts aside all doubt as to the success of the enterprise, for last year at the state meet they handily won the state championship, and a number of last year's letter men are still on the squad. To date Beatrice has lost no games and has very good chances of again capturing the first honors in the state.

The Sioux City High school has also indicated that it will enter, thus the champions of both Iowa and Nebraska for last year will be here in February. Other strong teams that will enter are: Omaha, South Omaha, Malvern, Tabor, Red Oak, Corning, Auburn, Clarinda and others.

John C. Cowin Pays Respects to Taft

(From a Staff Correspondent.)

WASHINGTON, Jan. 24.—(Special Telegram.)—Senator Brown accompanied General John C. Cowin to the White House today to call on President Taft. General Cowin told the president that he was for him and he firmly believed the president would be nominated and elected. General Cowin will attend the president's reception in honor of the judiciary tonight.

Mrs. Margaret Dye Ellis, legislative agent of the National Woman's Christian Temperance union, stated today before that body that the supreme court decision holding beer as a commodity and thereby compelling railroads to accept the same when consigned to "dry" counties in a state had greatly changed the status of the Kenyon-Shepherd bill, and that she could not give any information at this time as to the future course of legislative work on that measure.

This action of the supreme court put a bill by Senator Kenyon in cold storage. E. G. Kennedy and wife of Sioux Falls, S. D., are visiting in Washington. A. B. Harding and N. Mortality of Redfield, S. D., arrived in Washington this morning en route to New York on business.

Milder requirements for homesteaders are asked for in a bill introduced by Congressman Kincaid today. Mr. Kincaid has had many cases under his observation in which homesteaders have been unfortunate about the improvements they must make on their homesteads before securing title, either through lack of means, drought, accident or otherwise, resulting in failure of proof. The bill introduced provides that those who have complied with the law in all other respects, who have been unable on account of misfortune to make improvements of the full value required by the act of April 23, 1906, shall be entitled to patent on showing permanent improvements made to the extent of their ability, in no case less than one-half in value required by the act.

ENGLAND'S CONTRIBUTION TO THE GAYETY OF THE RING.

Denning Outpoints Gibbons

Pugilists Fight Ten Rounds Before Fairmont Athletic Club. Warm up in last rounds. Tenth session fast and furious in which each takes considerable punishment in attempting to land knockout.

NEW YORK, Jan. 24.—Jack Denning of this city and Mike Gibbons of St. Paul fought ten rounds at the Fairmont Athletic club tonight and the consensus of opinion was that Denning won on points. Up to the second round Gibbons seemed unable to do anything, but showed far better advantage in the last four sessions. The New Yorker used a straight left jab to the face, which the westerner seemed unable to keep away from until the bout was more than half over.

In the seventh round Gibbons slipped. He landed hard lefts and rights to the head with frequency and at the bell had Denning tired from the hammering. Gibbons pursued similar tactics in the eighth, with even more success. The bell found the New Yorker bleeding from the mouth and nose and wobbling on his feet. The tenth was a fast and furious round, in which each took considerable punishment in an endeavor to land a knockout.

NEW YORK, Jan. 24.—A condition of discontent and a consequent partial demoralization of the mail service exists because of the dissatisfaction of railway mail clerks with their present working conditions, according to a statement to the house committee on postoffices today by Carl C. Vanduyke of St. Paul, Minn.

Mr. Vanduyke is an official of the Railway Mail association. He was for many years a clerk in the railway mail service and left the service after a disagreement with the Postoffice department a year ago.

"There is a lack of harmony between the men and the officials," he said. "The men complain of unfair treatment."

Mr. Vanduyke said the 51 per cent allowed them for expenses while away from home had been paid in the last year at the rate of 60 cents on the dollar. He said a blacklist existed and that promotions and demotions were being made in the service on the basis of what the department said was "loyalty." Disloyalty, it was explained, was adherence to the demands of the majority of the men.

Undermanned mail crews, prolonged hours and other conditions, Mr. Vanduyke said, had resulted in great loss to the public because of delayed mails.

Trouble Follows Democrats' Cut in Wages of Writers

WASHINGTON, Jan. 24.—Efforts of the democratic house leaders to economize by cutting the price paid for expert stenographic work in committees from 25 to 15 cents a folio, have resulted in consternation in their own ranks, for a closure in reports and a general condition of chaos have resulted therefrom.

The situation has become such that the democratic chairman of several committees are much agitated. Inexperienced stenographers, who took the places of the regular men who refused to work at the reduced rates, are weeks behind in the transcription of testimony. In some instances the stenographers have had trouble with their notes, and recourses to chairmen have had to be resorted to, greatly delaying the progress of government.

The situation is growing serious and unless it improves some of the democratic members say they will demand of the committee on accounts, which ordered the cut, that something be done to remedy matters.

S.S.S. CURES CHRONIC ULCERS

Any chronic ulcer shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it, of unhealthy matter from the circulation. No treatment can have any curative effect except a medicine which will renovate the blood and entirely remove the cause. Salves, washes, lotions, etc., are sometimes helpful in reducing inflammation, cleansing the ulcer, or perhaps lessening the discharge, but such applications do not reach the blood where the disease germs are located and can never effect a cure. S. S. S. goes down into the circulation, drives out all impurities and morbid matter, and by nourishing the flesh with rich pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but by beginning at the bottom, and rebuilding broken-down tissue, and supplying healthy, healing qualities to the blood, causes the place to fill in with new, firm flesh, while it steadily but surely effects a permanent cure. The ulcer can not exist when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.
