WAR IN BIG EIGHT IS THREAT

Summer Base Ball Question Proves Difference of Opinion.

WOULD REINSTATE MICHIGAN U.

Charge that Organization is Dominated by Stagg of Chicago Made by Student Publication of Illinois State School.

CHICAGO, Jan. 25.—Threats of a possible split in the Western Conference Athletic association, which meets here tomorrow, were repeated tonight with the arrival of some of the "Big Eight" representatives.

Resignment of the summer base ball question, removal of the ban upon the University of Michigan, which withdrew from the conference in 1906, would be demanded, it was said.

The Universities of Illinois and Minnesota were reported to be anxious for Michigan's return. Representatives of these universities say the Wolverine present the keenest competition in athletics of any western rival.

Charges that the "Big Eight" conference is dominated by the University of Chicago have been made by the University of Illinois, through its student publication, the Daily Illini. It charges that Coach A. A. Stagg of Chicago dictates the policy of the conference and that legislation for the last few years has been in favor of Chicago.

Appointment of Dean A. W. Small as Chicago's delegate to the meeting is said to mean that the Michigan' vote on "summer base ball" will be unchanged. Coach Stagg, who has led a fight against the vacation sport, is in the south recovering from a recent illness.

None of the representatives of the conference schools would say tonight what action he would take on the summer base ball question or Michigan's return to the conference.

Checker Champion Surprises McCook

McCOOK, Neb., Jan. 25.—(Special Telegram.)—Checker and chess players of southwest Nebraska were treated to a genuine surprise here last night by the marvelous playing of Newell W. Banks, the American checker champion. Playing a half dozen checker games and two chess games at the same time, he won with two exceptions during many hours of playing. His first game was the winning of four games of checkers, playing blindfolded, and one game of chess, all at the same time. Nothing like his wonderful work has ever before been seen in this part of Nebraska. Banks is but 23 years of age. He left today for Denver, on his way to the Pacific coast. He promises to stop over in McCook on his return early in a few months from now.

Working for Olympic Team

Jack Eiler, an Irish-American A. C. New York, who is training hard for the Olympic team, Eiler is a certainty to make this greatest of all athletic events, as his time in the 20-yard low hurdles, 1:44.3 seconds, stamps him as the foremost hurdler in the country. Eiler is the first man since the

great Kraenzlein to get over the furlong steeplechase in that time, and it is reasonable to expect him to go even faster after a while, as it is only lately that he has given much attention to the low hurdles, having been brought up on a diet of high hurdles.

M'FARLAND WHIPS WARD

English Lightweight Completely Outclassed by Packy.

CHICAGO FIGHTER TOO FAST

Six-Round Bout Before National Athletic Club in Philadelphia Results in Easy Victory for Americans.

PHILADELPHIA, Jan. 25.—Jack Ward the English lightweight, was completely outclassed by Packy McFarland in their six-round bout before the National Athletic club tonight. The Englishman was apparently bewildered by the Chicago boy's speed and in the second and third rounds he scarcely laid a glove on McFarland. In the third round in particular McFarland smothered Ward with left jabs and right swings.

In the fourth round McFarland struck Ward several times with his open glove and early in the fifth round when he again tried the same tactics the crowd hissed and called for more action.

Toward the close of the sixth round McFarland cut loose and drove the Englishman across the ring with right swings, one of which caused Ward to go to the mat. He was up in an instant and fought back hard until the bell rang. It was the consensus of opinion that McFarland was an easy winner.

Jack Britton Gets Decision Over Burns

OAKLAND, Cal., Jan. 25.—Jack Britton, the Chicago lightweight, won a decision here tonight in a ten-round bout with Frankie Burns. Burns was a 19 to 5 favorite in today's betting.

In the second round Britton closed Burns' eyes and from then on the latter had no chance. In eight of the ten rounds Britton fanned his opponent around the ring, hammering him at will, but the local man's stamina saved him from a knockout.

In two rounds, the sixth and the ninth, Burns showed some signs of his former ring ability and in those two he only broke even.

New York Players Send in Contracts

NEW YORK, Jan. 25.—Manager McGraw of the New York National league team, announced today that he had received contracts from five of his players, two of them being members of last year's champions. The old players who came into the line were Devin, the veteran third baseman and utility infielder of last season's team, and Grover Hartley, a member of last year's catching staff.

The signing of Devin puts at rest the rumor that he will be traded to Cincinnati or Boston.

The youngsters who sent in their contracts were Outfielder Johnston and Pitcher Munnell. Johnston had a trial with the team last spring.

Manager Wolverton of the American league team announced the receipt of signed contracts of Pitcher George McConnell and George Simmons, an infielder, the two stars of the Rochester International league team. McConnell was given a trial with the Highlanders in 1909, but was sent back to the Eastern league for more seasoning. He was the sensation of the Eastern league last season, winning thirty out of thirty-eight games. Simmons is the younger slated to play second base for the team next season. He hit .313 with Rochester last season.

Wolverton also announced that he had signed Edwin Bergin, local semi-professional catcher. He has also appointed a new trainer, Daniel T. Mulcahy of Glen Falls, N. Y. Mulcahy is well known as a college trainer.

Sporting Implements Arrive from Sweden

NEW YORK, Jan. 25.—Swedish sporting implements which will be used in the hammer, shot, javelin and discus throwing contests in the Olympic games at Stockholm next summer, have arrived here. They will be inspected by the American Olympic committee next week and unless some fault is found the samples will be reproduced and distributed all over the country for trials.

The javelin is of wood with a sharp iron point. It is 15 pounds in weight and 8 1/2 feet in length. No throws are counted unless the point of the javelin strikes the ground before any part of the shaft. The discus weighs 4 1/2 pounds, the same as the American, but is said to fit the hand better. The hammer consists of a massive lead head with a four foot shaft of steel wire and weighs 15 1/2 pounds. The Swedish shot is of iron instead of lead, and is an ounce short of sixteen pounds, the regulation weight here.

Attell had testified before the commission that he fought to the best of his ability and believed he had been "doped" by the injection of too much cocaine into his hand by the club's physician.

MINNEAPOLIS, Jan. 25.—University of Minnesota's foot ball team will meet that of the University of Wisconsin, on November 2, according to an announcement made here today. As a result of the protest made last fall which took Captain Earl Pickering from the Wisconsin game there was considerable talk at the University of Minnesota that the team would not meet Wisconsin next fall, but the athletic authorities opposed the boycott.

The key to success in business is this: judicious and persistent use of newspaper advertising.
