

New opportunities in ebbing January

For him who hastens this greatest of sales offers at midget prices; furniture which possesses every quality essential to truest wood, longest service, greatest beauty and most comfort.

WAIT-FOR-NOBODY TIME will come along next Thursday night and clip from every piece of furniture in this store the Green Seal of Quality tags, which bear the January economy figures. And just when Time's hand snaps off the rare-price tags, the selling figures will jump back to the prices originally asked. The buffet now selling for \$25 will be priced again at \$42. One who waits until after Wednesday will find only the higher figures; but he who comes here before Wednesday night will still have all benefits of bargains that come but once in a year. The quality of furniture presented at economy figures in this sale reflects high credit upon the home into which it goes, there to remain for years as a live-long friend. In it is nothing cheap, nothing shoddy and nothing we are not proud to have known as characteristic of furniture of this house. It is well designed, well constructed, and was built to be sold for the full price. The fact that it is leveled to an economy basis makes it no less worthy a place in the best home.
