Simple Way to Know

If the Kidneys are Really Affected, Also Gives This Simple Prescription Which Anyone Can Prepare at Home at Nominal Cost.

There are more cases of kidney trouble here now than ever before, while recent reports show that more people succumb each year to some form of kidney disease than any other cause.

When there is sickness, examine the urine. Renegation is only a symptom of stomach and kidney trouble. It is nothing more nor less than excessive uric acid in the blood...

COUNTY IS SHORT-WEIGHTED

Commissioners to Look Into Charges Against Coal Company. EVIDENCE IS GIVEN TO BOARD

Alleged short weighing of coal sold to Douglas county for heating the new and old county buildings will be probed by the Board of County Commissioners.

This was decided upon by the board after J. A. Murphy, foreman for Caldwell & Drake, general contractors on the new county building, had produced evidence that a load of coal delivered by the Union Fuel company was short 20 pounds.

Murphy produced his evidence in defense of Caldwell & Drake's protest against the county's bill coal bill charged to the general contractors for heating of the new building.

The commissioners unanimously decided to thoroughly investigate the matter and in the future to insist that all coal sold the county be weighed on the city scales.

City and County Treasurer W. G. Ure has received offers from van owners of their transportation facilities should be used in collecting personal taxes.

Ure Has Offer of Big Vans to Help Collect the Tax

Whether to eliminate reduced ratings on empty beer kegs, steel tanks, croaker cans, heavy cement legs and other receptacles, returned empty to point of shipment, was the proposition most vital to Omaha at the recent meeting of the western classification committee at Galveston.

Dermatologist Gives Complexion Secret

"The great secret of keeping the face young is to keep the dead outside," said Dr. J. Mortimer Mitchell, the noted English dermatologist, now visiting this country.

Albert Law Upheld in Oma Hotel Case; Injunction Granted

Upholding the Albert law, Judge Leslie yesterday morning granted a permanent injunction against the Omaha hotel, restraining the proprietor, Louis W. Prentice, and Charles E. Fanning, owner of the building, from conducting the business as a distillery resort.

In deciding the case Judge Leslie holds that while there may be flaws in the Albert law, there are none of sufficient importance to invalidate it, and that the penalties provided by the law are not excessive, as was argued by the defense.

Judge Leslie's ruling holds unconstitutional that section of the Albert law which provides that the attorney representing the state when a suit is finished shall receive 20 per cent of the \$300 special tax assessed against the owner of the property.

The ruling, however, does not go further into the tax matter and does not consider whether or not the provision for a \$300 assessment is constitutional.

Meningitis Begins to Worry McGraw

NEW YORK, Jan. 27.—Manager McGraw of the New York National league club, today received a letter from his club doctor, John Murphy, who has been in Martin, Tex., saying there are several cases of meningitis in Martin, but that none of the patients is seriously affected and all have been isolated.

PAYING PROMOTER IS WROTH

A. A. Arter and Assistant Engineer Have a Lively Mixup. GUN BROUGHT INTO THE PLAY

City hall officials are trembling over the possible outcome of a personal feud started yesterday morning when A. A. Arter, a paving promoter, walked into the office of George Campen, assistant city engineer, and casually asked if he was preparing more "bought" figures.

The trouble began yesterday when the city engineer's office submitted figures on paving jobs on being asked to strike an average of the cost of paving in the city. Objection was made to the manner in which the average cost was secured and the documents were withdrawn.

City Engineer Craig says the figures as submitted Monday will prove that the department is right in the manner in which the average has been struck.

The boys at the Lathrop school have organized a basketball squad and started regular afternoon practice in the gymnasium at the University of Omaha.

His Eczema Gone AND BOILS CURED

Eczema Began When Three Weeks Old. Arms, Shoulders and Breast a Solid Scab. Boils Broke Out During Teething. Used Cuticura Soap and Ointment, and He Was the Picture of Health.

224 E. Jackson St., Colorado Springs, Colo.—"My son was about three weeks old when I noticed a breaking-out on his cheeks, from which a watery substance oozed. A short time after, his arms, shoulders and breast broke out also, and in a few days became a solid scab. The little fellow was under treatment for about three months. By the end of that time, he seemed no better. I became discouraged. I summoned the use of Cuticura Soap and Ointment, and in a few days noticed a marked change. The eruption on his cheeks was almost healed, and his shoulders, arms and breast were decidedly better. When he was about seven months old, all traces of the eczema was gone. During his teething period, his head and face were broken out in boils which I cured with Cuticura Soap and Ointment. Surely he must have been a great sufferer. During the time of teething I used the Cuticura Soap and Ointment, nothing else, and when two years old he was the picture of health. His complexion was soft and beautiful, and he had a mass of silky curls. I had been afraid that he would never be well, and I feel that I owe a great deal to the Cuticura Remedies." (Signed) Mrs. Mary W. Ramsey, Sept. 24, 1910. Cuticura Soap and Ointment are sold everywhere. Sample of each mailed free, with 32-p. book. Address, "Cuticura," Dept. T, Boston. Tender-hearted men should send their Cuticura Soap Shaving Stick.
