Continuing a statement by City Engineer Craig, Fanning said the Missouri Pacific had refused contractors the use of the belt line, necessitating a long and expensive haul by wagon. Fanning took the case to the courts and has a permanent injunction against the enforcement of the order. Other contractors, who felt they could not stand the expense of a trial in the courts, had their material by wagon to the paving districts.

Allegation Made Court is Prejudiced but Motion is Overruled—Des Moines Seeks to Hold the Fort.

(From a Staff Correspondent.) DES MOINES, Jan. 29.—(Special Telegram.)—The Democratic state committee had a difficult time today on the location of the two democratic state conventions for this year. In the end it was decided to send them to Burlington for the first one May 9 and to Cedar Rapids for the second on July 25. The decision as to time was made early, but it was an all-afternoon job to decide on the location. At the outset Burlington received four votes, Des Moines four, Cedar Rapids three and Council Bluffs two. On second ballot Burlington got three, Des Moines one and the other two four each. On the forty-fourth ballot Burlington won with seven votes, Council Bluffs three and Cedar Rapids two.

A few minutes later the committee decided on Cedar Rapids for the second convention without a ballot. Burlington puts up \$1,000 bonus for the first convention and pays convention expenses. Cedar Rapids pays convention expenses. The convention will have over 1,000 delegates entitled to seats.

ALBERT WOLTER EXECUTED

Slayer of Ruth Wheeler Dies in Electric Chair at Sing Sing.

PROTESTS INNOCENCE TO LAST

Three Hours Before the Current Was Turned On He Wrote a Statement Denying All Knowledge of Crime.

OSKINSING, N. Y., Jan. 29.—Albert Wolter was put to death in the electric chair at Sing Sing prison at 2:45 o'clock this morning for the murder of 15-year-old Ruth Wheeler, nearly two years ago.

The girl came to Wolter's flat in New York in search of employment and he killed her after she had been mistreated. Wolter left a statement with Warden Kennedy denying that he had committed the crime.

The execution was without feature and Wolter was declared dead after one contact of 1,900 volts. The state electrician said that Wolter showed less resistance to the electric current than any murderer put to death by electricity at Sing Sing prison.

The murdered woman's last night quiet resting only part of the time. At 2 o'clock this morning Wolter wrote his denial of the killing. It was on a single sheet and so even and clear were the letters formed that the writing had the appearance of copper plate. The statement reads:

Wolter's Statement. "Warden J. S. Kennedy: To be given to the public: January 29, 1912. Now that I am departing from this earth to go into the presence of God, I wish to make this last statement. The world refused me justice, but our Father in Heaven, who knows our innermost thought, he will give me pure and undefiled justice. I wish to state I am innocent of the crime I was convicted of. I have been a victim of circumstantial evidence. I hope that there may come a time when the conscience of the perpetrator will overpower him and he will come to the front and acknowledge his guilt. It is my honest prayer to God that he may bring the person guilty of the crime to justice that my name may be cleared of this stain and that the people may see the injustice done me and that they killed an innocent boy. To those who have given me their kind assistance and have trusted in me, I give my sincerest thanks. To those who have maliciously persecuted and killed me, for them I pray God's forgiveness.

ALBERT WOLTER. "Although Wolter was convicted on circumstantial evidence the court of appeals, reviewing the case after a series of legal delays, declared he was fairly tried and justly convicted.

Ruth Wheeler met her death on March 5, 1910, in Wolter's apartment, on the fourth floor of a house on East Seventy-fifth street, New York City, where she had gone to seek employment, as a stenographer. Her charred body was discovered subsequently.

HEART THRILLS FROM MITT

Forlorn and Forlorn Kansas Girls Lament the Importation of Brides.

Kansas girls don't like the idea of farmers importing wives from Europe. William Prayton, editor of the Peabody Herald, printed a request for husbands from a club of eligible young women in Stockholm, Sweden. Since the Stockholm notice was published many letters from Kansans have been received by Mr. Prayton. And so a Peabody young woman asked that this be published:

"The undersigned desire to exercise their leap year privilege by protesting against the men of this country making such efforts to get wives from Sweden, as shown by the multitude of letters you have received, asking for the address of the members of the club in Sweden whose members want husbands from among the men in Peabody and vicinity. In this connection we desire to state that right here in Peabody there are young ladies who, in personal appearance, education, culture, refinement and in business, cooking and housekeeping ability are the peers of any women in the world. These young women have been residents here for years and their personal worth is a matter of knowledge to everyone. As a matter of state pride, we urge that Kansans open their eyes to the girls at home for wives, instead of seeking women in a foreign country, about the disposition, character and temperament of whom they have no knowledge."

The first Swedish bride is here. She was Miss Agatha Olsen in Stockholm, but now she is the wife of Weston Lockney, a Chase county farmer. Lockney had paid for the Swedish club and the result is his marriage to Miss Olsen, the secretary. Mrs. Lockney speaks English fluently and says the other members of the club do also, with few exceptions. "About a year ago," she said, "a young

man who was raised with us and who had gone to Kansas and made a fortune in farming came back to Sweden and married a friend of mine. He told the rest of us girls that there were a lot of nice young men in Kansas who would be glad of an opportunity to get a wife from among a crowd of us pretty girls as we were and he told us of the American leap year. After he and his bride came to Kansas the idea came to us to organize the club and study American ways and language and be ready to take advantage of leap year when it arrived. GEORGE BARKER MAKES CONSERVATIVE STATEMENT

Attributes Remarkable Change in His Condition to New Tonic.

HE IS THOROUGHLY BENEFITED

Typical Case of Nervous Debility, Says a Specialist—Thousands of Similar Ones in Omaha.

Mr. George H. Barker, of 1821 North Twenty-second street, prominently known Justice of the Peace, and a resident of Omaha for the last forty-six years, came out with the following statement concerning "Tona Vita," the new tonic that has created much comment on account of the great number of reputable people who have been benefited by it. Mr. Barker said:

"I am averse to publicity in connection with a thing of this kind but I have had what seems to me a great experience and I will state the facts as briefly as possible.

"I suffered from stomach trouble and nervousness and a general run down condition. I did not seem to have any energy. I suffered from cold feet at night. I slept and my sleep did me little good.

"I have treated with many different doctors for the last ten years and have taken everything I ever heard of, but did not get permanent relief. My condition became serious and I was about to close my office when I heard of 'Tona Vita' the new remedy which is being introduced here. I take great pleasure in saying that 'Tona Vita' is the best remedy in the world for anyone suffering as I was. It does all that is claimed for it. I trust that this statement will prove beneficial to many callers.

A preparation similar to 'Tona Vita' has had a tremendous sale in Europe, and the specialists who have charge of the introduction of the tonic in Omaha are meeting with remarkable success here.

One of the specialists said: "Mr. Barker's was a typical case of nervous debility, caused by sedentary habit, and there are thousands of people in the larger cities of this country in exactly the same condition, although they may not know what the trouble is. We will convince any man or woman, young or old, suffering from nervous debility, who will call on us at Brandeis Drug Department, 12th and Douglas Streets, South Side Main Floor, that this tonic will greatly benefit them in five minutes' time. We charge nothing, and they may take the medicine or not, just as they choose.

"Nothing like 'Tona Vita' has been sold in this country before. It will prove a revelation to thousands of half sick, run down, listless people who don't know exactly what is the matter with them."—Adv.
