

HOUSE AUCTION UNDER WAY

One Hundred Buildings Are Sold to the Highest Bidders.

SOME BRING RATHER HIGH PRICE

Firm Parastake Lunch—Plot Being Cleared for the Million-Dollar Rock Island Terminal to Be Built.

The biggest house sale ever held in Omaha was started yesterday forenoon when the McCague Investment company began offering at public auction 100 buildings, including business houses, residences, cottages and outbuildings on the ground west of the sixteenth street viaduct, east of Nineteenth, south of Mason and north of the Union Pacific tracks on the ground on which the Rock Island is to place its terminals and erect its proposed freight depot.

The sale was held in the old dismantled planing mill on South Eighteenth street and was attended by not less than 100 men and women, all of whom clamored for a bid on the old buildings.

Much for the same reason as people at a bargain sale at one of the retail stores. The terms were cash and provided that all buildings purchased should be moved off inside of thirty days.

The second building sold was a three-room, one-story cottage that brought \$1,100. Generally, it is said that the houses sold for all were worth, considering the expense of moving and putting in repair. In buying, purchasers acquired only that portion of any building down to the foundation. The foundation is reserved and the brick is to be sold, cleaned, at \$1 per 1,000.

Take Problem of Social Evil from Police, Says Dean

"Take the problem of social evil out of the hands of the police department and place it under the eye of a moral commission and we have a solution of many of the most perplexing problems," said Dean Witter J. Sumner of the Chicago vice commission to 100 members of the Commercial club yesterday at the luncheon given by the Public Service committee.

"Not that the police departments are all corrupted, but because the problem is so large and so important that it makes the department insignificant when compared to it. Statistics show that the annual profit on prostitution is over \$10,000,000, and with the influence that this amount can command the police department is powerless. Until moral commissions are established and we have a federal law that will tend to repress immorality, let each community care for its own problem the best way it can. I believe that the best thing each city could do to stamp out red light districts is to place the work in hands other than in those of the police.

Thief Takes Only Blooded Chickens

J. W. Metcalf, 221 Charles street, is on the warpath. Sunday night some light fingered bowler entered his chicken coop and stole fifteen of his blooded chickens. Metcalf would not be so angry if the thief had taken any of the other chickens in the coop, but the fact that all the blooded stock in the flock were taken sort of riled up the amateur chicken farmer.

OMAHA UNIVERSITY ADDS COMMERCIAL LABORATORY

The university of Omaha has added a commercial laboratory to the department of work of the college of liberal arts. The work is carried on at the university and is the first step taken towards the building up of a school of applied science. It embraces most of the work that is found in any of the schools of chemical and sanitary engineering and will be greatly enlarged next year.

WOMAN CHARGED WITH FIRING REVOLVER AT THE LANDLORD

Mrs. Elizabeth Followell, 82 North Seventeenth street, was arrested at 3:30 o'clock last night on complaint of E. B. Gaurvieux, her landlord, that she had shot at him. She was charged with shooting firearms within the city limits. The woman declared that in defending herself against Gaurvieux, who she said was trying to evict her from her room, she fired a revolver which was discharged in her hand. The man, she asserted, had grabbed her hand in the scuffle, and caused the weapon, which she had picked from her dresser as a bluff, to be discharged. She said she owned Gaurvieux for three weeks' rent of the room which is occupied by her, her husband and a 4-year-old boy. Followell, she said, has been in poor health and unable to work.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ill and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Believing Rheumatism Every Time—Buy the Ingredients From Any Good Pharmacy and Mix It Yourself at Home—Full Directions Given, Also the Dose—Anyone Can Easily Prepare the Mixture.

Cut this out and put in some safe place, for it is a valuable and worth more than anything else in the world if you should have an attack of stomach or rheumatism or bladder trouble or any derangement of the stomach or kidneys whatever.

The prescription is simple and can be made up by anyone at home. The ingredients can be had at any good prescription pharmacy and all that is necessary is to shake them well in a bottle. Here it is: Fluid Extract Juniper Berries, one ounce; Compound Syrup of Hypophosphites, four ounces. Take a teaspoonful before each meal and at bed time. A few doses is said to relieve almost any case of stomach or bladder trouble, frequent urination pain between the kidneys, etc. It is now claimed to be the method of curing chronic rheumatism because of its direct and positive action upon digestion and the eliminative tissues of the kidneys. It gives them life and power to sift and strain the poisonous waste matter and uric acid from the blood, relieving the worst forms of rheumatism and kidney and bladder troubles. The treatment acts upon the stomach and liver and is used also extensively for relieving dyspepsia and indigestion. Compound Syrup of Hypophosphites cleans and enriches the blood. There is nothing better than Hainwort and Juniper Berries for the kidneys. The prescription is as follows and can be used at any time—Adv.
