

VETERAN OF CIVIL WAR NOW FEELS YEARS YOUNGER

Says the Results of New Tonic in His Case Was Remarkable.

MANY OTHERS HAVE TESTIFIED

The Public Does Not Realize What a Tremendous Number of People of Large Cities Have Nervous Debility.

The most interesting feature connected with the introduction of "Tona Vita" in Omaha is the statement from those who have actually tested the remarkable new tonic...

"Ever since the war I have been debilitated, nervous and all run down. My digestion was bad, and my stomach seemed out of order most of the time. I could eat very little solid food, and whenever I did eat anything I would suffer great distress."

"I heard of the good that this new tonic, 'Tona Vita,' was doing, and decided to try it at once. I got a bottle and began taking it regularly. The results in my case have been remarkable. I feel better than for years. I have been thoroughly benefited. I feel twenty years younger, in fact, I am a well man."

Many testimonials of the same character are being received, and the specialists of the Approved Formula Company, who are introducing the new tonic, said that Comrade Walkup's case was not uncommon.

"Why, it is possible that some one in nearly every family in Omaha is suffering with an attack of nervous debility," said one of these specialists recently.

"The public does not realize what a tremendous number of people among those who live in the larger cities like Omaha are afflicted with this modern plague, in a more or less aggravated form. Most of the so-called kidney trouble, nearly all indigestion, and fully half of the headaches in Omaha can be attributed solely to nervous debility, superinduced by the strain of modern city life. Anyone who has been half sick all the time with almost no vitality or energy, a constant sufferer from despondency, stomach trouble, weak back, headaches and a dozen other troubles caused by debility, is sure to tell about it when they find something that gives them back buoyant spirits, sound digestion and general good health."

The "Tona Vita" specialists are located at Brandeis drug department, Sixteenth and Douglas streets, south side, main floor, between the hours of 9 a. m. and 6 p. m.—Adv.

Bishop Beecher to Have Farm for Boys

Bishop George A. Beecher of the missionary district of Kearney will purchase a tract of land in central Nebraska somewhere, place it in charge of an experienced man and his wife and will throw the gates wide open to the boys of the state who cannot stay in town and behave.

"I have just one-tenth of the money to start this farm," said Bishop Beecher. "I'm looking for the good people who will increase the amount."

To establish a farm where boys may be taught to be good farmers and good boys, and may also learn other manual vocations has been Bishop Beecher's dream for many years. In Omaha he knows many little tots who would consider it a paradise to live on a farm with a good man and woman who would be father and mother to them.

Great Scott! There's the very boys' suit my son and I looked at just a moment ago, at a half price boys' suit sale, said an excited mother to one of our general salesmen Saturday. And your sale price is only \$1.50? Why, dear me, at the one-half price sale the clerk informed me their suit sold all season for \$1.00 and at 1/2 price would cost me \$2.00. This is a conversation that took place in our busy boys' department Saturday. Needless to say this lady is now a customer of ours—no doubt she agrees with us that half price sales are not half what they seem.
