

WARMER WEATHER HELPS

Roads to the West Are in Much Better Shape Than Eastern.

SUNDAY A MOST STRENUOUS DAY

Iowa Lines Are Hard Hit by the Drifting Snow—Theater Trains Are Late—Cuts Fill Fast on Various Lines.

With mild, warmer and clearing weather over the west, trains from that direction are running practically on schedule, but with blizzard conditions prevailing throughout South Dakota, Minnesota and northern Iowa, trains from the north and east have been annulled, or are getting through the best they can.

Trains on the Wyoming and Long Pine divisions of the Northwestern, the entire Union Pacific system, the Burlington and Rock Island lines west of the Missouri river and the Missouri Pacific are arriving and departing practically on schedule.

However, with the roads from the east it is different. Even as far south as the line of the Rock Island through Iowa, a fierce blizzard prevailed for twenty-four hours, completely tying up passenger trains on this road. So badly was the line blocked, that trains are being detained over the Milwaukee that is fortunate enough to run through a comparatively level country.

Plows Are Used. Trains on the Burlington's Iowa line are from one to four hours late. The trains on the Northwestern are running about the same as those of the Burlington, the trouble being east of Boone and along the lilly country between there and Marshalltown. From Boone, this way, the line is clear.

The Great Western is hit about the hardest of any of the eastern roads. All service west of Carroll has been abandoned and from there, trains into Omaha are being detained over the Northwestern.

Trains on the Omaha-Minneapolis line of the Northwestern are, just now, in the Minnesota snowdrifts, some of them having arrived since Saturday night. Nothing has been heard from them since that time. The Northwestern's line from Tracy west through Dakota to the Black Hills is in trouble, the entire 500 miles being blocked with snow. Over the stretch of road no trains have passed since last Saturday. A dozen rotary snow plows and large forces of men are at work and it is hoped to have the trains running some time Tuesday. The portion of the road from Irongate, S. D., to Eagle Grove and the branch into Sioux City was tied up all day Sunday, as was the branch across the northern part of Nebraska from Emerson to Norfolk.

Big Riverview Bear Bowed in Grief for Julius Caesar, Dead

A great cinnamon moose bear crouches on her haunches in her lair at Riverview park and groans in a grief that cannot be imagined, for Julius Caesar Egan, the little cub born Saturday, died Sunday night.

Cold weather and the ferocity of the old bear caused the death of the little fellow, who found the rigors of the weather too great for endurance and was kept from assistance by the selfish and dangerous love of his mother. Since the death of Julius Caesar Egan the old bear has advertised her grief in moans alternating with defiant growls. She asked for no sympathy and resented with a flare of fangs and a deep growl of warning approach of man or beast.

Seek Near Eggs in Restaurants

Federal investigation of Omaha eating houses and restaurants is said to be now quietly in progress as a result of a rumor to the effect that a huge quantity of "near eggs" has been shipped here from Chicago. This investigation is said to be carried on by Chicago pure food officials who are said to have found traces of huge quantities of eggs adulterated with milk and other ingredients and sold in cans to restaurants, who sell them in the shape of "scrambled" and other forms of cooked eggs. The commonest form of use of the "near egg" is in the making of pastry and other foods.

Preparing Way for Seed Corn Specials

Frank G. Odell, secretary of the Nebraska Rural Life commission, who is assisting the publicity bureau of the Commercial club and the Omaha Grain exchange in their seed corn campaign, was in Fremont yesterday to organize the interested business men there and in surrounding counties in preparing for the coming of the seed corn special that will be sent out by the railroad. Mr. Odell will spend the rest of the month in advance work for the special.

MIDWAY CASE TO BE TRIED FOURTH TIME ON FRIDAY

There will be another trial of the Midway case, probably Friday. Louis Platt appeared before Police Judge Foster Monday and asked for a new trial of the case in which Jack Brownfield and Billy Crutchfield are so deeply interested. Judge Foster granted him a rehearing and said that he probably would draw the jurors Friday.

COMMON GARDEN SAGE RESTORES GRAY HAIR TO NATURAL COLOR

A Simple Remedy for Dandruff, Falling Hair, Itching Scalp, Faded and Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't use harsh, faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.
