

First Showing of Sampeck's 1912 Models

We've been busy the past week unpacking the new suits and its been a genuine pleasure to open each case—a handsome lot of clothes never entered the store.

There are new modified English models, others distinctly American, but every one with that irresistible cleverness of Sampeck designers.

New shades of gray and tan with pin stripes and plain colors of gray and blue.

Come in and look over these new clothes, if only to get acquainted with what's right for 1912.

An especially strong showing of suits at \$15, be sure to see these.

\$15 to \$25

THE YOUNG PEOPLE'S OWN STORE BENSON & THORNE CO. 1518-20 FARNAM STREET

BANKS WILL GET REFUND

Iowa Treasurer to Pay Back Money Paid in Bond Taxes.

TO RETURN CONSIDERABLE CASH

Examination of Accounts of Iowa City Reveals Them in Good Condition—Liability Commission Continues Hearing.

(From a Staff Correspondent.) DES MOINES, Feb. 5.—(Special Telegram.)—As the result of a recent supreme court decision holding finally that government bonds held by banks are not subject to taxation, or rather that their value must be deducted from the value of the bank stock when assessed, the county treasurer here will immediately pay back to Iowa banks about \$200,000 already collected in taxes. This covers taxes paid for about eight years while the matter was being adjudicated. It is supposed that a number of counties in the state will have to pay back to banks large amounts thus collected.

Accounts All Right. The municipal accounts of the city of Iowa City are in excellent condition, according to the report filed with the state auditor by the municipal accountant who made the examination.

Two weeks ago a petition signed by fifty residents of Iowa City was sent to the state auditor asking the state to make an examination, the statement being made that they feared the funds of the city had been wrongfully used. The accountant reports all funds properly accounted for. At a previous examination the state examiner made some recommendations in regard to the method of conducting business and says the recommendations all have been carried out.

Advertisers in session. The first meeting of the biennial session of the northern union conference of Seventh Day Adventists, representing the membership of Iowa, Minnesota, North Dakota and South Dakota, was held here today.

Must Visit Jail. "It also becomes the duty of the court to call your attention to that portion of the statutes relating to juries, and you should make such investigation as the law requires to be made, and it will be your duty while in attendance to visit the county jail at least once during your session, and to examine its state and conditions; examine and inquire into the discipline and treatment of prisoners, their habits, diet and accommodations, and report in writing whether any of the provisions of law have been violated, pointing out in what particulars, if any, said violations consist and you should make any recommendations for the benefit of the officers for the management of the jail.

Welfare Hearing. Welker G. Holden, secretary of the Employers' Liability Commission, today announced the dates at which the state commission will hold public hearings during the last week of February and the first two weeks of March. The following cities will be visited in the order named: Council Bluffs, Sioux City, Mason City, Dubuque, Davenport, Burlington, Ottumwa, Des Moines.

After Having set the date for the Seventh district republican convention for March 5 a change was made by the committee to the date of March 12, when the republican convention for the capital district of the state will be held here. It is a foregone conclusion that the convention will be unanimous for a delegation that will be for Senator Cummins for president without any second choice. It will be the second of the district conventions held in the state, the first being in the Sixth district on March 5, where it was elected an anti-Cummins delegation will be named.

Unconcerned Have Opposition. At least six of the Iowa republican congressmen will have opposition for re-nomination at the republican primaries. It is stated there will be a candidate against Kennedy in the First district. In the Third Mr. Pickett is now opposed by A. D. Sumner and R. L. Leach. In the Fourth Mr. Haughey is opposed by H. L. Adams. In the Sixth Mr. Kendall has opposition in the person of Thomas Gray. In the Tenth, Mr. Wood's place is coveted by Paul Hillman. In the Ninth Mr. Hubbard's berth is sought by George C. Scott and Judge William Hutchinson. Messrs. Pickett and Hubbard seem to be in greatest danger of defeat.

Helped Out of the Race. Rev. Dr. A. E. Keppeler, state lecturer on tuberculosis, who was considered to be in the lead for lieutenant governor, has announced he would not be a candidate at all, as he feels that he can be of greater service to the public in his present work. He has been largely responsible for the work of arousing the people of Iowa to methods of prevention of tuberculosis and he desires to remain in the health service. He is working under the board of control. His announcement leaves the field for the present to Senator Van Law of Marshall and Representative Harding of Woodbury.

City Detective Exonerated. A jury empaneled by the coroner decided that the shooting of Luther Alexander, a boy, by two detectives was justified. Alexander had been deced to a room by a purse left exposed and the detectives shot him as he was leaving the room. It is regarded as certain he had been engaged for some time in making robberies. Arthur Bales, who was supposed to be a pal of Alexander, but against whom no evidence has been obtained, has agreed to leave Des Moines and go to a farm in Nebraska where he has relatives and remain.

Cummins' Chance in State. The first of the republican conventions for Iowa will be held probably in the Sixth district, and these county conventions will declare in opposition to the aspirations of Senator Cummins to become a candidate for president. This will be largely due to the influence of Major J. P. Lacey, who opposed Senator Cummins at the primaries three years ago and was defeated for senator. The major and his friends have got in early

KING AND QUEEN RETURN

George and Mary Back in London After Visit to India.

GIVEN AN ELABORATE WELCOME

His Majesty Risen in His Carriage and Saluted the Stars and Stripes as He Passed the American Embassy.

LONDON, Feb. 5.—King George and Queen Mary returned to England today from the most memorable journey ever undertaken by a king and queen of Great Britain and Ireland.

After an absence of three months, during which they had been crowned emperor and empress of India and had received homage of many of their princely vassals in the vast eastern empire, they were given a hearty welcome back to London.

Their present stay in the British Isles will be only a short one, as they are due to pay a round of state visits to European courts this spring and summer.

After breakfasting on board the Medina with Queen Mother Alexandra, the prince of Wales and the other royal children, their majesties landed and were saluted by the guns of the forts around Portsmouth. On the quay were drawn up guards of honor of bluejackets and soldiers, who presented arms, while a military band struck up the strains of the national anthem.

Stations Are Decorated. The king inspected the guard of honor and then boarded a special train in which he with the queen and the royal children traveled to London through country covered thickly with snow. All the stations along the route were decked with flags.

A large assemblage of notables was waiting at Victoria station when the train pulled in soon after midday. An archway bearing the words "Welcome Home" in gold lettering on a blue background was erected across the platform where their majesties alighted.

King Salutes American Flag. An interesting incident happened in Victoria street as the king's carriage passed the American embassy. King George stood up in the carriage, turned toward the embassy and saluted the stars and stripes flying over the entrance. His majesty's action drew an additional cheer from the crowd gathered in the vicinity.

Three Persons Burned to Death. YUCATAN, Mex., Feb. 5.—Three members of the family of Ole Senators who were reported to be dead from hemorrhages through the skin and intestines.

Cannot Talk City Politics. City officials have undertaken to prevent the employes of the city of Des Moines from engaging in city politics and an order was issued forbidding any talking of politics. The first victim was Detective Sims, who was found talking with former Councilman Hamery, for which he was promptly suspended.

Haywood Would Exhibit CHILDREN OF STRIKERS. LAWRENCE, Mass., Feb. 5.—William D. Haywood, the western labor leader, today addressed the executive committee of the striking mill operatives, outlining his program for collecting strike funds. At the suggestion of Haywood a committee of five was appointed to secure as many children of strikers as possible to be sent to New York and exhibited at a mass meeting in Madison Square Garden in order to create sympathy for the strikers.

Two TONS OF DYNAMITE EXPLODE AT JAUDON, MO. JAUDON, Mo., Feb. 5.—When a watchman employed by a railway construction company here forgot the fire he had kept burning during the night to keep a quantity of dynamite and powder warm, the magazine caught fire and two tons of the explosive blew up early today. Window panes were broken for miles around. No persons were injured.

No Bear Cat or Bunny Hug at the Musicians' Ball. None of the objectionable dances are to be permitted at the Musicians' ball, which takes place at Creighton hall on Tuesday, February 6. This will be the eighth annual ball given by the Omaha Musicians' association and the success of the former occasions should be sufficient evidence of its popularity. Music will be the main feature and the excellent orchestra of twenty-five pieces will be augmented by musicians from all the theaters as soon as the theaters close. The receipts from the ball will be used to entertain the delegates to the seventeenth annual convention of the American Federation of Musicians, to be held in Omaha in May.

BROWN'S BRONCHIAL TROCHES. Nothing so good for Croup, Whooping Cough, Hoarseness and Coughs. Also gives relief in Bronchitis, Asthma and Lung Affection. Free from opium. Sixty years' reputation. Sold only in boxes. Sample mailed free. JOHN L. BROWN & SON, Boston, Mass.

Half Million-Dollar Blaze in Chicago

CHICAGO, Feb. 5.—A fire, which is to result in an official investigation, destroyed the grain elevator of the Northern Mailing company, North Ashland avenue and Bloomingdale road, early today. The loss is estimated at \$500,000. Two firemen and a watchman were injured.

SENATOR LA FOLLETTE WILL TAKE LONG REST

WASHINGTON, Feb. 5.—Senator La Follette was reported better today. He will take a rest of several weeks, but has not indicated whether he will make a sea trip or not, although that is under consideration. He visited Providence hospital to see his daughter who is better.

Progressive republican senators who have been closely associated with Mr. La Follette say the question of a withdrawal in the presidential race has not come up.

MOTHER GIVES BLOOD AND SAVES SON'S LIFE. LEXINGTON, Ky., Feb. 5.—The mother of Frank Glover, a 17-year-old lad, who gave her own blood for her boy, has the satisfaction of knowing that she saved his life. A transfusion of blood operation today was successful and the boy was reported out of danger. Young Glover had bled almost to death from hemorrhages through the skin and intestines.

The enthusiasm of the crowds reached its climax at Buckingham palace. After their majesties had entered, the thousands of people who had assembled around the railings sang successively, "God Save the King," "Auld Lang Syne," "Home Sweet Home," and "He's a Jolly Good Fellow." Their majesties responded to this demonstration by appearing on the balcony of the first floor when they were greeted with salvo after salvo of cheering.

Less than two weeks ago the elevator of the Acme Malt and Grain company, which was located but a short distance from the structure which burned today, was destroyed by fire.
