

Nebraska ASKS STATE TO CELEBRATE

Governor Calls Attention to Anniversary of Admission Date. FORTY-FIVE YEARS OLD MARCH 1 People Called on to Take Note of Tremendous Growth During Forty-Five Years—Train Crew Held blameless.

(From a Staff Correspondent.) LINCOLN, Feb. 6.—(Special Telegram.)—Governor Adair this afternoon issued a proclamation calling attention to the fact that March 1 was the forty-fifth anniversary of the admission of the state into the union.

"In view of these facts and in order that our people may be reminded of the near approach of our forty-fifth anniversary, I have thought it wise, as chief executive of the state, to suggest that as citizens of the commonwealth we in some manner observe this occasion, for example, that the schools take up the subject and ask one or more of each school to prepare and read a paper involving the growth of the state in population, schools, churches, railroads, number of farms and amount produced, instituting comparisons between certain dates as to numbers and values."

"On March 1 next write a letter to some one or more of your friends in other states telling them something of what you know of the state's development. Think in this connection of the fact that the day and help spread important facts touching the resources and progress of our beloved state."

Work of Fire Commissioner. In reply to criticisms of his office Fire Commissioner Randall has issued a statement in which he says that none of the inspectors appointed under him have drawn one cent of state money, but they are appointed under provisions of the law. He says that the cost of the state's fire department is not more than that of any other fire department in the country.

Missouri Pacific Hearing. The hearing of the physical valuation of the Missouri Pacific railroad has been set for March 11. The Union Pacific hearing has been postponed until February 20.

Commission Without Jurisdiction. H. A. March, an irrigation engineer, has complained to the railway commission that the Interstate Ditch company has raised its rates to a prohibitive point. The commission advised that as the ditch is an interstate affair it has no jurisdiction and advised him to appeal to the Interstate Commerce commission.

Anton Single Files. Anton Single has made filing as a democrat and populist candidate for the legislature from the Thirty-eighth district, composed of the counties of Saline, Butler and Seward.

Widow Dies of Grief. Grieving over the death of her husband December 18, from whom she had never been separated for any length of time for fifty-four years, Mrs. Susan C. Byer of this city died today. She was a pioneer of Lancaster county. Last May the couple celebrated their fifty-fourth wedding anniversary.

Bennett Soon to File. E. D. Bennett, who was at the state house a few days ago talking over the power project on the Loop river in Custer county, evidently was impressed with the prospects, for he has indicated he will soon make a filing for water rights needed to develop the project. He represents New York capitalists.

Ben Bussey of Bridgeport has filed a protest with the railway commissioners.

Beauty of Hair and Skin Destroyed

(Dr. de Werthe in The Graphic.) "Washing the head makes the hair brittle, splits it, and causes streaky color. Dry shampooing with thorax keeps the hair fluffly, clean and bright. Put a couple of cornmeal in a fruit jar, add an original package of thorax, and shake well. Sprinkle a spoonful on the head and brush through the hair once a week. This treatment makes hair grow long and abundant."

"The complexion is destroyed by powders that clog the pores and greasy creams that darken the skin. A sensitive complexion beautifier can be made at home by dissolving an original package of mayevine in half a pint of witch hazel. Gently rub this solution over face, neck and arms in the morning and it will 'show' all day. It will not rub off or hold like powder and makes the skin soft, satiny and pliable."

"If you have chaps or cold sores or rough, red skin, apply Mother's Salve. It is antiseptic and healing, and is a splendid remedy for pimples, eczema, sores and skin afflictions."—Adv.

against the proposed increase in rates by the Brown's Creek Ditch company. New Bradshaw Bank. The German-American bank of Bradshaw has been given permission to commence business at Bradshaw, York county. Its capital stock is \$15,000, fully paid up.

Spring Fries May Be Few. Just as if the present price of eggs was not enough to worry about, some are wondering if the high prices and scarcity of eggs will not have an effect on the number of chickens during the coming season, and particularly the early hatch. It is the general belief that early hatchlings will be few and that the man with an appetite for spring fries must either enjoy them in anticipation or else pay a high price.

Curtis Would Enlarge Limits. The town of Curtis is desirous of taking the state farm adjoining that place into the city limits. The state land is not taxable, but in order to take in considerable property which is it is necessary to bring the farm in also. The Board of Public Lands has not acted upon the petition, but is inclined to object for fear that at some time the town might take a notion to open up streets through the state property.

Abbott Calls on Governor. Fred H. Abbott, assistant commissioner of Indian affairs at Washington, called on the governor today. He desired to ascertain if there was not something the state officers could do to prevent the sale of liquor to Iowa Indians by saloon keepers at Rulo. The Indians are located in Kansas, but it is alleged they come across the line and obtain liquor. The governor will take the matter up with the local authorities.

Elder May Not Come. Marsh Elder, speaker of the house in the 1901 session, who had been counted on as one of the attractions at the legislative banquet, may not be present. He is now at Newark, Okl., and has been there all winter. An urgent request has been sent to him, but it is not known yet whether he will comply.

HOW TO MAKE ORCHARDS PRODUCE GOOD APPLES

PERU, Neb., Feb. 6.—(Special.)—On Friday, February 2, there was held in Peru a horticultural short course under the auspices of the Peru Commercial club with Prof. R. A. Howard and Val Keyser of Lincoln, and Mr. George S. Christy of Johnson as instructors. The talks and lectures were very instructive and showed the growers how an old neglected orchard might be put into shape to bring the owners the most out of their investment. The fact was brought out that the orchards of Nemaha county when properly cared for will produce apples that will sell on any market for as good prices as any western apples. What the grower must do is to first grow that kind of fruit then learn to put it up in the most attractive manner, then show the consumer that no other apples compare with Nebraska apples for quality, a fact no one can dispute.

There were also some good talks on different phases of small fruit culture. A large attendance and much enthusiasm showed that the growers are alive to their opportunities and will put into practice the truths learned at this meeting and Nemaha county will take her place in the near future along with the western fruit sections as a producer of fancy high class fruit.

Do you know that more real danger lurks in a common cold than in any other of the minor ailments? The safe way is to take Chamberlain's Cough Remedy, a thoroughly reliable preparation, and rid yourself of the cold as quickly as possible. This remedy is for sale by all dealers.

Key to the Situation—The Want Ads.

Nebraska YEISER AND HARRISON FIX IT

One Primary Ticket for La Follette and Roosevelt Forces. CORRIK HAS BEEN SNUBBED

La Follette State Meeting Called for Monday in Lincoln to Pick Delegates and Trouble Likely to Follow.

(From a Staff Correspondent.) LINCOLN, Feb. 6.—(Special.)—It was announced today on the best of authority that John O. Yeiser, representing the Roosevelt forces, and Frank Harrison, representing the central organization of the La Follette forces, had arranged a deal by which the Roosevelt and La Follette forces would unite on a primary ticket, dividing the delegates. This deal, it is announced, has been made without consulting Secretary Corrick of the State Taft league, who all along has expressed opposition to the plan.

The plan was originally sprung at a conference of Yeiser and Don C. Van Dusen of Blair, but Corrick immediately repudiated it. Harrison is said to have favored it from the first, and it is said the arrangement of the details is what has kept him in Lincoln since his return from the southwest. The La Follette men have already secured their candidates for delegates in five of the six districts, and a convention has been called for Monday to choose the delegates at large to the national convention. Frank Harrison is quoted as saying that if the Roosevelt and La Follette forces divided there was not a ghost of a show of beating the Taft ticket, and that united the best they could figure out was a fighting chance. It is one thing to put up a deal like this and another to make it work in view of the harsh things some of the La Follette leaders, notably Corrick and other newspaper mountaineers in Lincoln, have said about Roosevelt and his friends; there may be trouble deriving from the goods.

La Follette Convention. The state convention of the La Follette men will be held in the Lindell hotel, Lincoln, Monday, February 20, at 2 p. m. This was decided on this morning after the receipt of a telegram from W. L. Houser, chairman of the La Follette national committee. Notices were sent out at once to followers of the senator in all parts of the state. It was also decided to hold the sixth district convention at the same time and place as the state convention. It is not known whether speakers of prominence can be obtained for this date but it has been decided to hold the convention just the same. All the districts except the sixth have named their candidates for delegates to the national convention.

Possible Action of Populists. Secretary Curtis of the Taft league had received word from several parts of the state that populists are planning to vote for La Follette in the primaries, though it is evident they have no intention of voting for any republican candidate for president in the November election. He has been asked by republican workers, especially those from the southwest portion of the state, and has been compelled to answer that he knows of none if the voter is willing to make oath that he intends to vote for a majority of the candidates on the republican ticket. It will be especially difficult to prevent this in most parts of the state for no registration is required except in the cities. Careful scrutiny by challengers, however, may reduce the number somewhat. Some such move as this has been anticipated, and there will be no contest over delegates in the populist ranks.

La Follette Men in Air. The La Follette men were somewhat relieved this morning by later news denying the breakdown of the senator and the statement of his managers that he would not pull out of the race. In spite of the denial, however, there is a lingering belief that the report, in the end, will be found to be true. If it should they are just as much at sea today as they were last night as to whom they would seek to rally their forces around. Whether or not La Follette withdraws it is conceded he will not visit Nebraska previous to the primaries and this alone will be a serious blow to their hopes, as they had counted on the senator's visit to put life into the movement.

Cox Opposed by Friends. Senator J. M. Cox of York county is being groomed by his friends as a candidate for lieutenant governor on the republican ticket. The senator was in Lincoln yesterday and was silent on the proposition. It is known, however, that some of his friends are doing some quiet work for him. The senator has served several terms in the legislature.

Primary Proclamation. The governor is working on the proclamation for the primary election, which must be in the hands of the various county clerks sixty days before the date of the primary. It will be the longest document of the kind ever issued from the executive mansion.

Stephens Sends Word. Dan Stephens of Fremont, present congressman from the Third district, made it known to the secretary of state today that he desired his name placed on the primary ballot as a democratic candidate for the place he now holds.

Petitions for Metcalfe. Two petitions reached the secretary of state today asking that the name of Richard Metcalfe be placed on the primary ballot as a populist candidate for governor. One is from Nemaha county and the other from Clay.

NOTES FROM DOANE COLLEGE

Preliminary Debate for Triangular Contest Will Be Held Next Week. CRETE, Neb., Feb. 6.—(Special.)—The Nebraska conference of college men will be held at Doane college this year March 8 to 10. About 125 to 150 college fellows are expected at Crete and big preparations are being made for their welfare. A fine list of speakers is on the tentative program that the authorities have made out, among them being Dean Fordyce of the University of Nebraska, President Turner of Hastings college, President Perry of Doane, President F. H. Burt of Illinois Training school, Chancellor Pulmer of Western, Rev. Mr. Shepherd of Lincoln and F. P. Bailey, state Young Men's Christian association secretary, besides about thirteen others. The expectation is of making this one of the largest and best conferences in years. The triangular debate held between the three societies of Doane college for the Frank G. Stephens cup was won by the Independent Debating club. This cup is

An invitation hard to resist....

An invitation to any event is looked upon as a favor to the one invited. Our invitation to come here and save money is in reality a favor we are extending to the people of this city and vicinity. It's an invitation thousands have found impossible to resist—it rings true and sincere. We invite those who have not been here to come. We're holding open house for bargain seekers—it's as much to your advantage as ours.

OUR GREAT 1/2 PRICE SALE

Serves a double purpose—it allows you to buy quality clothes at half the regular prices and allows us to dispose of all our winter stock. By it you get double value and we get to open next season, as we have past seasons, with all new goods. There are heavy suits and overcoats for winter and medium weight suits and light overgarments for early spring.

Table with 2 columns: Item and Price. Items include suits, overcoats, spring coats, rain coats, slip-ons, boys' suits, and boys' overcoats. Prices range from \$10.00 to \$25.00.

Omaha's Only Modern Clothing Store. King-Swanson Co. The Home of Quality Clothes.

We want every big and irregularly proportioned man to come in and get garments to fit him at half the clothier's prices and one-fourth the tailor's prices. That's what they can expect at this sale.

JOY MORTON DISPLACED AS IRRIGATION PRESIDENT

RIVINGTON, Wyo., Feb. 6.—(Special.)—It is rumored here that the Wyoming Central Irrigation company, which contracted with the state of Wyoming four years ago to construct irrigation works and supply water to 10,000 acres of land in the arid portion of the Wind River Indian reservation, at a recent meeting elected Mr. George W. Roberts, director of the United States mint, as president of the concern in place of Joy Morton. It is also stated that the Wyoming Central company has interested French capital in the enterprise and as soon as a few technical matters are arranged that work is to be resumed on the irrigation system.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it, as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all druggists.

BODY OF THOMAS EDWARDS IS BURIED AT YANKTON

YANKTON, S. D., Feb. 6.—(Special.)—The funeral of the late Thomas Edwards, county commissioner, who met death a few days ago in Kansas City, took place here today and was largely attended. The Masons, Elks and Elks fraternities had charge. The break address from Kansas City indicated that the unfortunate man was murdered for supposed valuables on his person, and did not commit suicide, as was at first supposed. Further reliable details are awaited here anxiously.

IOWA NEGOTIATING FOR SEVERAL ATHLETIC EVENTS

IOWA CITY, Ia., Feb. 6.—(Special.)—Manager Kellogg of Iowa's athletic department announced today that negotiations were on with Coach Stage of Chicago for an Iowa-Chicago freshmen dual track meet to be held in Chicago. Nothing definite has yet been arranged, but Iowa is anxious for the meet and feels that Chicago owes them something in this line since the Hawkeyes entertained the Maroon yearlings several years ago. Negotiations are also under way for basket ball games for Iowa's freshman team, such schools as Coe and Cornell being negotiated with, both of which have strong first year fives. Plans for the entertainment of the host of Iowa college base ball managers who will invade Iowa City next Friday to arrange schedules are now under way. Persistent advertising is the road to Big Returns.

HOOD'S SARSAPARILLA

Has kept on selling because it has kept on benefiting, and it has kept on benefiting because its high standard of merit has been carefully maintained. Get it today in unusual liquid form or chocolate tablets called Sarsaparilla.

Dust is filth—don't stir it up!

AN EMINENT surgeon writes: "The United States War Department has banished the feather duster from all its offices and buildings because it is believed to favor the dissemination of diseases. Dust is filth—it enters our bodies through the mouth, nose, eyes and the pores of the skin. Get rid of dust—but don't stir it up with broom and duster, for as soon as it gets into the air it is beyond your control."

For several years past we have experimented, tested and demonstrated in over one hundred different kinds of buildings the practical working qualities of the ARCO WAND Vacuum Cleaner. Our great corps of inventors and highly skilled mechanics in America and Europe have thus perfected and fully tried out under all conditions this ideal cleaning machine, and which we now offer broadly on the market everywhere, with our full guaranty, and backed by our high reputation. The ARCO WAND is a finished production, the first genuine, complete, permanent Vacuum Cleaner placed on the market.

THE ARCO WAND Vacuum Cleaner is a permanent, automatic machine set in cellar or on lower floor. Iron suction-pipes lead (between partitions or otherwise) to inlet openings at base of room or rooms on each floor. All that the housekeeper has to do is to slip the end of light rubber hose into nearest pipe opening, turn an electric button which instantly starts the machine to running in basement. With the dainty ARCO WAND at other end of hose she becomes a veritable household magician, as with a few gentle strokes of the magical wand passed over covered or uncovered floors, rugs, portieres, walls, ceilings, picture frames, chandeliers, cracks and crevices in tufted furniture, mattresses, in dresser drawers, under low furniture, etc., the steady, powerful suction draws into the tube-like, hollow wand all dirt, lint, threads, cobwebs, insect eggs, etc. All this dirt, trash and germ-laden air is drawn through the iron suction piping and down into the big, sealed dust bucket in basement.

IT becomes a fascinating pleasure for a child or an adult to run the graceful, magical ARCO WAND over anything to be cleaned and see the dust, lint, threads, cobwebs, etc., disappear in a jiffy, down the hungry, bottomless throat of the wand. The ARCO WAND Vacuum Cleaner is not a toy; not to be laboriously dragged from room to room, not to have its dust collections emptied into the rooms and the enfolded air passed back into the room to be rebreathed. Instead, the ARCO WAND Vacuum Cleaner puts dust—the destroyer—completely out of the living-rooms, and the air that has been freed from dust is exhausted. A pipe empties it into the outer air. The rooms are thus ventilated as well as cleaned—and the whole house is sanitariously sweetened and freshened. With utmost simplicity the machine and the few necessary iron air-suction pipes are put into old or new houses, flats, stores, offices, schools, churches, banks, theaters, libraries, hospitals, waiting rooms, hotels, etc. The sole running expense is just a little added to your monthly electricity bills.

Advertisement for Sloan's Liniment. For Sprains. Sloan's Liniment is the best remedy for sprains and bruises. It quiets the pain, relieves congestion and reduces the swelling very quickly. HERE'S PROOF: Mr. Frank Young, 91 Somerset St., Plainfield, N.J. writes: "A friend sprained his ankle so badly that he could not walk. I bought Sloan's Liniment and in five minutes he was able to walk. I told him I would give him a dollar if he would let me put it on his ankle. He said he would and I did. He was able to walk in five minutes and said Sloan's Liniment was the best he had ever used."
