Big House Sold for One Dollar—The former B. A. Cudahy home, at 613 South Thirty-seventh, which cost \$12,000, to say nothing of the cost of the ground, was sold for \$1, according to the story by the deed filed by the purchaser, John D. Creighton. It is said the actual consideration was near \$100,000, but in order that the public might not learn the price, it was mentioned as \$1 in the deed. A. P. Tukey & Son made the sale. Dr. Jenks Lectures on Albinism—Rev. Edwin Hart Jenks gave a subscription lecture Tuesday afternoon in the public library on "The Albinism As I Saw It," for the current term of the department of the Women's club. Most of the pictures shown by Mr. Jenks were taken by himself in Spain. The department had a short parliamentary drill preceding the lecture on "The Rights and Duties of Officers," led by Mrs. Earl Stanfield.

Young Nurse Hangs With Roller Towel; Details Suppressed

It became known Tuesday that Miss Hattie Rosenbeck, trained nurse at the Presbyterian hospital, committed suicide and did not die a natural death a week ago last Thursday. After suppressing the fact from the public for nearly two weeks the hospital authorities admitted Tuesday evening that Miss Rosenbeck hanged herself on the rear porch of the hospital with a towel. She was found ten minutes after she had committed the deed, but it was too late to save her. No reason has been found for the act. On the night before the tragedy Miss Rosenbeck had been caring for a nervous patient. She was relieved at 9 o'clock in the morning by another nurse. As soon as relieved she disappeared and a search was instituted a few minutes later by several of the nurses and she was found hanging from a pillar of the porch with life extinct. County Attorney J. P. English, after hearing many stories of the young lady's death, investigated the matter Tuesday afternoon. He has as yet made no public statement concerning the affair. Miss Rosenbeck was 19 years old and has been connected with the hospital for three and one-half years. Always jolly and happy she was a great favorite among the nurses. She is survived by a mother and father, who, when told of the manner of her death, stated the hospital authorities in keeping the matter from the public as did Coroner Crosby.

"NIXIES" ROOM AT Y. W. C. A. BECOMES TOO CROWDED

Hairpins, hairpins, side combs, belt-everything feminine, in fact, from corsets to gymnasium suits—have accumulated in the "lost and found" department of the Young Women's Christian association until there is no room for them. YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all the tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BROWN'S REGULATORY CO., Atlanta, Ga.

STATE SEEKING A LOOPHOLE

Assistant Attorney General Ayres Arguing Surety Bond Case.

SEEK TO APPLY ANTI-TRUST LAW

Land Commissioner Cowles Compiles Statement Showing Cost of Coal During Recent Cold Weather.

(From a Staff Correspondent.) LINCOLN, Feb. 7.—(Special Telegram.)—Assistant Attorney General Ayres today argued for a new trial in the supreme court of the case of the state against the American Surety company. The case itself concerns an alleged combine in surety bonds, but the main question at issue is whether there is any law against such a combination. The state lost on the original hearing, the court holding that the Junkin act repealed the Gondring act, and that the new law did not mention insurance companies, as did the bill repealed.

The company set up that insurance was not trade within the meaning of the law, and hence agreements such as contemplated were not in restraint of trade, which contention was upheld by the court. Mr. Ayres in his argument for a rehearing contended that only so much of the Gondring act as was inconsistent with the Junkin act was repealed and hence if insurance was not trade the portion of the old law relating to insurance was still in force.

Kansas Seeking Tips. George Plumb, John P. White, members of the Kansas State Railway commission; E. Hogue, secretary; Carl Witt, engineer; John Marshall, attorney for the board, were in Lincoln today seeing how the Nebraska commission had gone about the work of obtaining a physical valuation of railroad property. They conferred with the engineers of the Nebraska road, looked over the reports and obtained such other information as possible in the limited time at their disposal. They also inquired how the Nebraska commission managed telephone regulation, they having in mind some of the same problems as came up here.

Cold Weather Expensive. The coal bills for the various state institutions for January have been received and indicate that the severe weather the first half of the month cost the state considerable more than \$1,000. The total expended for coal in January was \$18,000.33, while in December the bills amounted to \$14,100.27, a difference of \$3,900.12. These figures do not tell the entire story, for there is much less coal on hand now than on January 1. The cold spell found the state institutions well supplied, and it has been with difficulty, in spite of the reserve, to keep anything ahead at most of the institutions, the roads being unable to deliver it during most of the time and the mines also being short.

Following are coal purchases at the various institutions in January: Lincoln asylum, \$1,111.11; Hastings asylum, \$1,111.11; Norfolk asylum, \$1,111.11; Penitentiary, \$1,111.11; Beatrice Home for the Deaf, \$1,111.11; Grand Island Soldiers' home, \$1,111.11; Milford Soldiers' home, \$1,111.11; Industrial home, Milford, \$1,111.11; Kearney Industrial school, \$1,111.11; Geneva, \$1,111.11; Orthopedic hospital, \$1,111.11. Total, \$11,999.99.

Hospital Sells Wheat. The Lincoln hospital for the insane has just sold 912 bushels of wheat at 97 cents a bushel. There was raised altogether on the hospital farm 1,300 bushels of wheat.

Beater's Bills Again. A Hastings firm has written to the state auditor, who has turned the letter over to the Board of Public Lands and Buildings, asking if the state intends to pay bills contracted by former Superintendent Porter, and if not wants to send given permission to sue the state. Mr. Baxter was an associate of Governor Shallenberger and is not now in office. Fire Marshall Randall has gone to the western part of the state on business and Deputy Buck is in charge of the office until his return.

Clearing Up Warrants. All except about \$10,000 worth of the registered state warrants have been presented to the state treasurer and been cashed under the call of February 1. Holders of these warrants might as well bring them in and get their money as interest ceased on them the date of the call.

Minor Seeking Relief. W. L. Minor of Scotts Bluff county was at the state house today trying to find out if there was any way of remedying the trouble which people in the vicinity of the Interstate ditch. They are talking of organizing a drainage district and ditching the water to the Platte river, but in case this plan fails Mr. Minor is trying to find out if there is not some way by which an irrigation district may be formed and utilize the water at points lower down the valley. If something is not done it is feared the excess of water which flows onto the lower lands will ruin them.

Barton Will Enforce New Insurance Law. LINCOLN, Feb. 7.—State Auditor S. R. Barton has changed his mind about disregarding the state law which prevents life insurance companies organized in Nebraska from writing health and accident insurance. He has announced that he will enforce this law and will also refuse to permit foreign life insurance companies to do business of this nature in the state. The companies affected by the latter part of the order may make a legal fight on the auditor's decision.

ALLEGED WIFE BEATER BOUND OVER TO COURT. BROKEN BOW, Neb., Feb. 7.—(Special.)—Clinton Bennett, the farmer living north of here charged with beating up his wife on the 30th of last month, was taken before County Judge Holcomb today for preliminary hearing. After consulting with his attorneys Bennett concluded to waive examination and was accordingly bound over to the next term of district court in the sum of \$50. Through his attorneys, Bennett secured a bond that was accepted by the court. After committing the alleged assault, Bennett disappeared, but was finally located at Dakota City, this state, where he was apprehended and brought back.

PIONEER SOLDIER AND STATES-MAN PASSES AWAY.

GENERAL BRUNO TSCHUCK.

the city of Richmond, Va., and came with his parents when a boy to Madison where he attended public school and some twenty years ago established the Madison Star, now the Madison Star-Mail, which he has made one of the most influential papers of the county. Mr. Donovan was well known to the newspaper men of the state, having served as president of the State Press association.

He was an ardent political worker, being the chairman of the democratic county central committee as well as the congressional committee from this county at the time of his death. He was practically a young man, being 43 years of age, and his death was in a measure untimely and unexpected. He leaves to mourn his departure a son, Archie, who will succeed him in the management of the Star-Mail, and a daughter, 18 years of age, and two sisters, Mrs. Julia Hulet and Mrs. Mae McKale, both of South Omaha, and a host of friends.

TWO SUSPECTS ARRESTED IN NEBRASKA CITY. TUCUMSEH, Neb., Feb. 7.—(Special Telegram.)—The deputy sheriff of Otoe county has caught two suspects and is holding them at Nebraska City for Sheriff E. L. Roberts, who will go for them this afternoon. It is thought they are the ones who held up the Burlington agent here and robbed the depot Monday night. It is said laborers about the depot grounds saw the men here the night of the holdup and can identify them.

OMAHA TRAVELING MAN BREAKS LEG AT CALLAWAY. CALLAWAY, Neb., Feb. 7.—(Special Telegram.)—F. J. Smith, a traveling salesman for the Hanny Saddlery company of Omaha met with an accident last night which will keep him from his work for some time to come. He had arrived on the evening motor and had registered at the Oliver hotel. While walking in the hotel yard in the darkness he slipped into a hole which had been dug and left standing open, receiving a broken leg just above the knee.

Edgar Farmers' Institute. EDGAR, Neb., Feb. 7.—(Special.)—The farmers' institute opened its first session Monday morning. The Monday afternoon session opened at 1:30, the program consisting of music, recitation and a lecture on "Poultry Raising on the Farm," by C. L. Opperman of Lincoln. This was followed by music and a short recitation, after which a lecture on "Hog Cholera and the New Horse Diseases," by Dr. J. H. Galt of Lincoln. The evening session consisted of interesting talks by Dr. Galt on "Practical Knots" and Mr. Opperman on "Poultry Raising on the Farm." The afternoon session Tuesday was devoted to a lecture on domestic science by Mrs. Jennie C. Barlow of Bloomington, Ill., illustrated by cooking demonstrations. The program Tuesday evening consisted mostly of instrumental music, piano solos, song solos, readings and recitations. Time was found, however, for two talks, one by Mrs. Barlow on "The Home Beautiful," and the other by Mr. Rail, on "Agricultural Values."

Ice House Filled to Capacity. ABILENE, Neb., Feb. 7.—(Special.)—After continuous work of about fifty days, the last of the foremen and laborers employed at the ice house of Swift & Co., northwest of town, were paid off this morning. The harvest was delayed somewhat by the shifting gangs of workmen, many only staying a few days and departing. The force ranged from 100 to 300 men, two-thirds of whom came from Omaha. For the second time since the Swift icehouse was built here in 1897 it is filled to its capacity, 125,000 tons. Most of the ice averaged over 30 inches in thickness.

DRUGGIST IS FINED FOR SELLING WITHOUT LICENSE. Henry B. Olson, druggist, at Nineteenth and Harney streets, held to the district court on a charge of selling liquor without a license, pleaded guilty when arraigned before Judge Sutton of the criminal division and was fined \$100 and costs.

M'GOWAN DENIES CHARGES

Young Canadian Contradicts Detective at Every Point. SAYS WIEHE PAID HIM \$300

This Was to Reimburse Him for Losses While Absent from Business—Giving Testimony in Washington.

WASHINGTON, Feb. 7.—Charles McGowan, the young Canadian who has been the storm center of the Lorimer sensational investigation since private detectives charged that he "admitted perjuring himself for \$1,500," testified today that he had received \$300 from C. F. Wiehe, a brother-in-law of Edward Hines, for the losses he sustained by absence from his business in Canada, while he was before the committee in Washington last July.

McGowan testified that while waiting in Chicago several days to see Wiehe about reimbursement he met F. J. Shields, who has figured several times in the investigation.

"You would not get a cent if you were dealing with me," McGowan testified Shields remarked when he had explained his desire to see Wiehe.

McGowan's appearance as a witness at this stage was somewhat of a surprise. It was thought attorneys for Senator Lorimer and Edward Hines would introduce other testimony with intent to break down the allegations of the detectives before swearing McGowan.

Denies Perjury Charge. McGowan told of meeting Detective Bailey.

"Did you ever tell Bailey or anybody else that you had perjured yourself terribly for the Hines bunch, or that, in substance?" asked Attorney Haney.

"No, sir."

"Did you ever say you were going to hold the Hines bunch up for \$5,000?"

"No, sir."

"Did you ever ask C. F. Wiehe for \$1,000 or \$1,500 for perjury?"

"No, sir."

McGowan denied that R. J. Shields "shoved money" toward him when he signed an affidavit in the case.

So on through Bailey's testimony the attorney went, McGowan categorically denying in short "no, sir" answers material allegations by Bailey of McGowan's so-called admissions.

Asked Wiehe for Loan. Wiehe had telegraphed he would pay McGowan's expenses, the witness said, but had said nothing about his losses.

It developed that McGowan had testified in July he had sold his well-drilling machine in September and had been paid his expenses in October.

Prior to his visit to Chicago, McGowan testified, he had written Wiehe asking for the loan of \$5,000 to buy some land in the Canadian northwest.

"Of all your friends in the United States and Canada, why did you pick out Wiehe?" asked Senator Kern.

"Because I thought he was best able to do it," responded McGowan.

Wiehe, however, did not loan him the \$5,000 McGowan said, and Attorney Haney produced a letter from Wiehe offering to go in partnership on the deal if McGowan could produce security.

NEBRASKA'S FARM CONGRESS HEARS PROMINENT MEN. NORFOLK, Neb., Feb. 7.—(Special Telegram.)—Addresses on transportation problems by General Superintendent R. M. Braden of the Northwestern, R. W. McGinnis and William Golden, an address on "Good Roads" by C. P. Parish of Norfolk, one on "Co-Operation" by Prof. Vincent of Omaha, an address by Chancellor Samuel Avery and Dr. Cogdr's illustrated lecture on "Farm Health" were features in today's Nebraska farm congress. Governor Aldrich will speak tomorrow night.

BEN GOLDENBERG HAS SHOWN HIS APPRECIATION

Makes Public His Opinion, Which May Benefit Others.

ALL RECORDS ARE BROKEN HERE Strain of Metropolitan Life Causes Thousands of People in Large Cities to Become Discouraged.

Mr. Ben Goldenberg of No. 209 N. 12th St., city, made the following statement recently in connection with "Tona Vita," the tonic that is now being introduced in Omaha by specialists at Brandeis Drug Dept., 16th and Douglas Sts., south side main floor. He said: "I have been sick for some time. I tried all kinds of remedies without relief. I suffered principally with nervousness and stomach trouble.

"I was dreadfully tired most of the time and was generally debilitated. I couldn't get a good appetite and whenever I did eat would suffer from gas on my stomach. I slept poorly and my sleep did me little good.

"A short time ago I got some 'Tona Vita' and have taken it regularly since. From the very beginning I felt the good effects of the new tonic, and I now feel for the first time in years like a well man. I now seem to get nourishment from my food and no longer have stomach trouble or feel nervous and tired out."

The specialists who are here introducing "Tona Vita" are giving demonstrations of what the preparation will do. All day long they meet callers at Brandeis' Drug Dept. from 9 a. m. to 6 p. m., and try to produce a noticeable improvement in all cases of nervous debility within five minutes. The people who take the medicine to be the judges. There is no charge for this demonstration.

"Tona Vita" is breaking all records in Omaha," said one of these specialists yesterday. "The people here are rapidly awakening to a full appreciation of what the preparation will do for them, and the sale is large," continued he. "We are instructed by our company to take no money for the tonic unless the tonic proves satisfactory. Thousands upon thousands in this and other large cities are afflicted with nervous debility caused by the strain of metropolitan life. The entire system becomes run down in such cases and nervousness, stomach trouble, headache, backache, despondency and loss of vitality result. 'Tona Vita' will work wonders in such cases in a remarkable short time. If it doesn't we want nothing other than the time it takes to come and get the medicine."—Adv.

Ten-Year-Old Girl is Kidnaped at Grand Island

GRAND ISLAND, Neb., Feb. 7.—(Special Telegram.)—A block-to-block search is being made of the city this afternoon in the effort to find Goldie Williams, 10 years old, who disappeared yesterday afternoon in the company of a man of about 30 years, who inveigled her to go with him on the promise to buy her a pair of skates. The girl was seen in his company by various people from 1:30 to 2:30 p. m., when all trace was lost. After 8 o'clock they could not have boarded any trains here, all depots and trainmen having been notified. On account of examinations the girl did not have to attend school yesterday afternoon and failed to advise her parents of this, saying when advised to hurry at dinner time that it scattered her if she were late, it would only be the one time.

ALLIANCE AND SIDNEY WILL PLAY OFF TIE. ALLIANCE, Neb., Feb. 7.—(Special.)—The third game in the series for the basketball championship of western Nebraska was played at Sidney Saturday night. The game was fast throughout, the score being 8 to 3 in favor of Sidney in the first half. During the second half the Alliance boys gained so much that at the expiration of time the score was a tie, 22-22. It was then agreed to play until one or the other team made two points. Alliance made these two points on fouls. Immediately upon this the spectators rushed on the floor and disrupted the referee's decision, after which a heated argument ensued which lasted until nearly midnight, when it was agreed to call the game cancelled. Arrangements are now being made to play this game over on a neutral floor, probably at Robinson or Lodge Poles. If Alliance gains a victory over Sidney at the forthcoming game the title of championship for western Nebraska can be claimed for the Alliance High school team.

Grape-Nuts

Brain Nourishment is essential to Brain Activity.

A sluggish brain is a handicap—a hindrance in the path of promotion.

Grape-Nuts food, made of whole wheat and barley, contains the tissue-building "albumins" and the energy-making starches (changed into dextrin and grape sugar in making Grape-Nuts.)

It also contains the phosphate of potash (grown in the grains)—the cell-forming, mineral element Nature uses in building brain and nerve cells.

Grape-Nuts, regularly for breakfast, will help anyone.

At the rate secured this year the insurance on each of the forty-two boilers in the city will be about \$11.

Ure Sees No Need of Safety Vault

Referring to the formal letter addressed to the city council by City Comptroller Crogrove, City and County Treasurer Ure said that if there was any charter or other provision of law requiring him to keep securities carried as cash items in a safety deposit vault to be opened only when the comptroller was present he would willingly do so.

"But I have been unable to find any such provision," he said, "and therefore will not do it. I feel that it is unwarranted."

These securities, the total amount held on February 1 being \$69,654.02, are kept in a time safe and but two men in the treasurer's office know the combination. A daily record of all warrants purchased, improvement district bonds or other negotiable securities is kept, and at the close of each day's business a balance is struck, so that all such securities or other funds deposited with himself as treasurer by Mr. Ure can be seen at a glance.
