INQUIRY INTO MONEY TRUST

Democrats Instruct House Committees to Make Investigation.

SPECIAL PROBE VOTED DOWN

Majority Leader Asserts Integrity of House Must Be Guarded Against Interference—Roll Call Made Public.

WASHINGTON, Feb. 8.—An investigation of the "money trust" was ordered by the democrats of the house in caucus tonight after the Henry plan for a special committee had been defeated, 115 to 66. The caucus then instructed the standing committees of the house on banking and currency, judiciary, interstate commerce and elections to proceed with the inquiry.

The democrats adopted the plan offered by Representative Underwood, the majority leader, as a substitute for the special investigating committee asked for in the resolution submitted by Representative Henry of Texas.

Sharp criticism of William J. Bryan for his imputations that the banking and currency committee of the house leaned toward the financial interests, and the passage of a resolution expressing confidence in that committee characterized the debate.

A roll call, enforced under a new code, was made public after the caucus. Among those who supported the Underwood resolution were Speaker Clark, Chairman Fitzgerald of the appropriations committee, Clayton of the judiciary committee, Adamson of the interstate commerce committee, Pujo of the banking and currency committee and members of those committees. The Henry resolution was supported by Representatives James of Kentucky, Burleston of Texas, chairman of the caucus; Stanley of Kentucky, Moss of Indiana, Riley of Illinois and the Bryan democrats of the house.

The caucus was the liveliest the democrats have had in years and certainly the most spirited since the party has been in control of the house.

From the beginning there was a fight between the Bryan and the anti-Bryan democrats.

Chairman Henry, in urging the appointment of a special committee to investigate the "money trust," made a vehement appeal for the adoption of his plan. Mr. Henry denied he was inspired by Mr. Bryan to demand a special committee. He emphasized the influence of the money trust over the capital of corporations, railroads and banks and its influence in national elections and in legislation.

AFFAIRS AT SOUTH OMAHA

Total Valuation of All City Property Twenty-Five Millions.

BOOSTERS WANT UNITED EFFORT

John Healy Attacked in Street and Beaten Up by Gang of Toughs—Hibernians Making St. Patrick Day Plans.

According to the latest report of City Clerk Frank Good the total valuation of all city property for the year 1911-12 amounts to $24,567,857.50. Real estate men in town maintain that the showing would be much better if a get-together spirit were adopted by the business men of South Omaha. The same men also say that the facilities and opportunities offered by the Magic City are not sufficiently advertised to the world.

It is maintained that if wage earners could be furnished with information relating to the chances offered to the laborer in South Omaha, real estate values would increase and business would experience a general improvement.

Healy Attacked.

Because he refused to buy a drink for a half dozen toughs, John Healy, an employe of the beef cooling department at Cudahy's packing house, residing at Thirty-second and C streets, was attacked last night in front of Mike Diggin's saloon, 3206 Q street, and beaten unmercifully about the head and face.

In a half stupefied condition Healy made his way home to Thirty-second and Q streets, where he was found by the police, who took him to the police station. Dr. A. H. Koenig who was summoned to attend Healy found the injured man's head and face a mass of cuts and bruises.

Captain John Dworak, who with Officer Joseph Potach investigated the matter, believes that Healy knows the names of his assailants, but is afraid to reveal the information to the police.

St. Patrick's Day Plans.

Large and extensive are the preparations now under way for the proper celebration of St. Patrick's day by the South Omaha division of the Ancient Order of Hibernians. The program of celebration contemplates a parade that will include all the Irish societies of the city and an entertainment in the evening when Rev. Father Mather of the Salina, Kan., will deliver the oration of the day.

St. Patrick's day this year falls on Sunday and the Ancient Order of Hibernians look forward to a magnificent demonstration in honor of the patron saint of the Green Isle.

At a meeting held Tuesday night President J. J. O'Donnell stated that the arrangements for the celebration were almost completed. In order to increase the membership of the organization a committee composed of Messrs P. J. Trainor, Ed Starr and Jerry Hurley was appointed to take charge of the campaign.

No Water for Fire.

Because of a lack of water supply the fire department was unable to control the fire that destroyed the home of Frank Smith, 1113 North Thirty-sixth street, last night at 8 o'clock.

Two other houses which adjoin the Smith residence were saved from the flames by the hard work of the firemen, who formed a bucket brigade and carried water from wells located two blocks away from the fire.

The house which was destroyed was valued at $1,000 and is owned by James McAuley of Albright. Smith and his family were absent when the fire occurred and the firemen are of the opinion that the blaze originated from a defective flue.

When the department arrived on the scene it was found that water mains were located a distance of six blocks from the place and all efforts to save the building were useless. The locality is rather thickly populated and the residents have been clamoring for fire protection for years.

Rothschild to Face Charge.

Jake Rothschild, 2717 Q street, secretary of the South Omaha Liquor Dealers' association, will have to face charges before the Fire and Police board for operating his saloon on last Sunday. According to Mayor P. J. Trainor, who is ex-officio chairman of the board, a complaint will be filed against Rothschild some time today by Chief of Police John Briggs.

Yesterday in the mayor's office Captain of Police Henry Elsfelder told of his visit to the saloon on Sunday a little after midday. He said that the saloon was full of men when he and Captain James Sheahan entered the place. He says he counted thirty-nine glasses on the counter.

The mayor at first was led to believe that the saloon was open in order to allow light to plumbers who were said to be at work within the place. Captain Elsfelder denies that any such work was going on.

Woman Held to Jury.

Birdie Price, the negress arrested for maintaining a disorderly house at 2026 M street, was ordered held for the grand jury today.

The Price woman is one of a number who are alleged to conduct a bootlegging joint. In the recent raid Tuesday night beer and liquor was found in every nook and cranny of the building.

The "old folks' concert company" will make its first public appearance in a play tonight at the First Presbyterian church, Twenty-third and J streets.

Rev. A. B. Spear of Omaha is filling the pulpit of the United Presbyterian church every night this week. Next week Rev. A. C. Douglas, D. D., of Omaha will occupy the pulpit every night.

St. Martin's church choir will be entertained Friday evening by Messrs. H. G. Carrithers and Walter Nitsche at the home of the latter, 1018 North Twenty-second street. All members of the choir are invited.

Joseph F. Murphy, Joseph A. Koplets and L. C. Gibson, appointed last week to prepare bylaws and rules for the new South Omaha Real Estate exchange, met last night at the office of J. H. Kopiets, Twenty-fourth and M streets.

A series of religious meetings will be conducted at the Swedish Baptist church, Twenty-second between J and K streets, every night from February 8 to 18. State Missionary P. Ryder and other prominent ministers will address the meeting. All Scandinavian people are invited to the meetings.

Lem Kiger of the Greer hotel has formed a company to take over the management of the hotel, which will be put upon the old conservative basis of the Greer management. Many of the guests of the house are staid and respectable business men, who were altogether unacquainted with the loose management of George Swanback, who disappeared from the place last Sunday night.

Secretary F. A. Stryker of the Live Stock exchange has departed for Washington, where he will assist at the hearing on the feeder cattle freight rate which is to begin before the Interstate Commerce commission at Washington next Saturday. Gibbons Knocks Out Cashman in Fourth

NEW YORK, Feb. 8.—Mike Gibbons of St. Paul tonight knocked out Young Cashman, a local welterweight, in the fourth round of a bout at the Empire Athletic club.

The fight was to have been a ten-round affair. The knockout came after one minute's boxing in the fourth round, and was caused by a right swing to the jaw. Previously the westerner had sent Cashman to the canvas for a count of eight with a left to the face.

Cashman was a punching bag for Gibbons after the first round, in which he was the aggressor. Gibbons started to work in the second and with hard lefts and rights to face and head brought blood freely from Cashman's nose. He repeated this in the third and had Cashman so badly off that the bell alone saved him from a knockout.

BILL TO PREVENT MONOPOLY

Martin of South Dakota Would Have Industrial Commission.

MEMBERS NAMED BY PRESIDENT

Provision that Corporations of Over Million Dollars Capitalization Must Secure License and Be Subject to Regulation.

(From a Staff Correspondent.)

WASHINGTON, D. C., Feb. 8.—(Special Telegram.)—Representative Martin of South Dakota today introduced a bill designed for the regulation of corporations. The bill requires that all corporations having a capitalization of $1,000,000 or more engaging in interstate and foreign commerce after January 1, 1913, must first obtain a license from the industrial commission created by the act.

An industrial commission of five members is created in the Department of Commerce and Labor, with equal dignity and power regarding the control of industrial corporations as that held and exercised by the Interstate Commerce commission regarding common carriers.

The commissioners are to be appointed by the president, with the advice and consent of the senate, and not more than three commissioners can be appointed from the same political party. Their term of office is to be six years, one commissioner vacating each year, and the salary of the commissioners is to be $10,000 per annum. They are given full power of investigation, to subpoena witnesses and compel testimony, and in all respects to consider and determine questions within their jurisdiction, with the same force and effect as now exercised by the Interstate Commerce commission in matters of transportation.

Although within the Department of Commerce and Labor for matters of convenience and to avoid duplication of work now authorized to be done by the bureau of corporations, the industrial commission is, nevertheless, to be an independent body and will make its reports direct to congress.

Proof Against Monopoly.

Before a corporation can obtain a license to engage in interstate and foreign commerce it must show to the satisfaction of the commission that it is not over capitalized and that it is not an unlawful trust or combination in violation of the anti-monopoly law.

If, after obtaining license, the corporation shall violate the provisions of the anti-trust laws of the United States, this will work a forfeiture of its right to engage in interstate commerce, which forfeiture must be enforced by the federal courts.

The commission is given authority to suspend the license of any corporation if upon investigation and hearing it shall find that the corporation has become unreasonably capitalized or is operating in violation of the anti-monopoly laws.

It is made a misdemeanor for corporations to engage in interstate commerce either without a license or during the suspension of license, and for such offense the corporation and its officers may be fined not to exceed $10,000 and imprisoned not to exceed one year. In case of continuing violation, each day shall be deemed a separate offense.

Annual reports are required of each corporation engaging in interstate commerce, covering such matters pertaining to their operation, capitalization and business methods as the industrial commission may require.

THOUSANDS OF PEOPLE ARE SUFFERING HERE NOW

Many Statements that Ring with Sincerity Are Being Made.

SITUATION IN CITIES SERIOUS

Fred Daves Talks Interestingly on Subject Affecting Public and Gives Details of Strange Experience.

One sensational statement after another is being made in connection with "Tona Vita," the new tonic that is accomplishing such remarkable results in Omaha. Mr. Fred Daves of Florence, Neb., and well known in Omaha, had this to say recently:

"My wife has not been a well woman for a long time. Her whole sytem seemed run down and debilitated. She could not sleep at night and would feel in the morning as fatigued as she did upon going to bed at night. She seldom had a good appetite. Sometimes she would almost force herself to eat, and as a result, would suffer misery for hours afterward. Her nervous system seemed all disordered and her stomach bothered her continually. I had procured for her every remedy I ever heard of and many physicians treated her, without permanent results.

"I heard of 'Tona Vita' and went to Omaha and secured a treatment for her. She improved from the first dose and now she feels better than she has for years. 'Tona Vita' is certainly making a new woman of her. She can now eat and sleep like she hasn't in years. Her whole system has been built up and she feels twenty years younger. This is certainly a wonderful tonic."

"Tona Vita" is now being introduced in Omaha by specialists who can be found each day between the hours of 9 a. m. and 6 p. m. at Brandeis Drug department, Sixteenth and Douglas streets, south side, main floor.

"A tired, dragging feeling of the body, a sluggish mind and dull memory, depression of spirits, nervousness, stomach trouble, weak back, cold feet, headaches and bowel troubles are among the numerous symptoms of a condition from which thousands are suffering here in Omaha," said one of these specialists yesterday afternoon. "This nervous, debilitated condition," continued he, "is more common in the large cities on account of the terrific strain of modern life. Experience has taught us that 95 per cent of all chronic ill health is caused by this condition. Stomach trouble, constipation, kidney and liver troubles, bad blood, nervousness, headache, dizziness, and even rheumatism, can be traced to nervous debility.

"'Tona Vita' will remove this condition. Thousands are now using our tonic in Omaha and in each and every case the results are surprising. We are receiving scores of testimonials from those who have been benefited by the tonic. These testimonials come from men and women of unquestioned honesty and integrity, who feel grateful as a result of having found a permanent source of benefit."—Adv.

TRUE SUCCESS AT LAST

THE JOY OF LIVING IS THE HERITAGE OF THE LEAN. I WAS FAT—AND I KNOW.

My friends were charitable, and they called it "obesity;" others referred to me as being STOUT, but I know it was just plain bulky fat. I was miserable—you, too, are equally miserable if you are too stout.

To reduce your weight, you must find the cause, you must get at the very reason.

I FOUND THE CAUSE—THE REST WAS EASY.

Before I succeeded, I tried everything within reason and some things beyond reason.

It was maddening—disgusting!

All I had to do was to remove the cause, and I swear under oath that, by my simple method, without drugs, medicine, harmful exercise or starvation diet, I reduced my weight 37 pounds in five weeks, and guarantee that I can do the same for you. I do not use medicine of any kind or worthless stuff to rub on the body, but a simple home treatment even a child can use without harm. Through this marvelous combination home treatment, I succeeded, because I had
