Friday, March Sth The Highlands of Piorida, that ex-tremely fertile and famous hill range of Famo county, heretofore held by milling interests, will be opened for occupation on Friday, March Sth. 1912, the allotments being in farms of forty acres as a mini-mum, with a permission for two or more to subdivide into such tracts as required. These lands are equally adapted to fruit, vegetables and general farm purposes. Postoffices abipping stations, schools and colleges, churches and every conveniences are at the very door of these farms. The wate; from wells and Milside springs is jure, cool, healthrul and invigorating. General health conditions are unsur-gassed. The soil is light loam underlaid with clay, which retains the molscure and makes farming intelligently con-queted prolitable every month in the year. The average summer temperature is less than 90 degrees. The climate condition, due to the high altitudes in this hill fanice, are as health giving as a mountain resort. The mild winters permit outdoor work practically every day.
