H.S. HONOR STUDENTS NAMED

Hundred and Forty Get Mark of Ninety or Better.

RECORD IS CONSIDERED GOOD

List is Announced by the Principal that Parents May Realize the Excellent Character of the Work Being Done.

The list of honor students of the Omaha High school for the school term ending this month has been announced by Principal McHugh. It is Miss McHugh's object in compiling such a list to show the people of Omaha, especially the parents who have sons and daughters enrolled in the school, just what sort of work the rising generation of the city is doing.

Out of over 2,000 pupils enrolled, 141 have been able to gain final standing above 90 per cent in at least three of their studies, which is considered a good record by the school authorities, considering the crowded condition of the school and the limitation of faculty consultation and literary and debating societies.

In the following list, subjects requiring outside preparation count as one study and drill subjects, such as penmanship, typewriting and freehand drawing, count as one-half studies.

Five Studies 90 or Above. This Washer Must Pay for Itself.

A MAN tried to sell me a horse once. It was a fine horse and had nothing the matter with it. I wanted a fine horse, but I didn't know anything about horses much. And I didn't know the man very well either. He told me he wanted to try the horse for a month. He said, 'All right, but pay me first, and I'll give you back your money if the horse isn't all right.' So I paid him for the horse. And I was afraid the horse might be all right, but I had to pay for it. So I didn't pay for the horse. And I was afraid the horse might be all right, but I had to pay for it. So I didn't pay for the horse. And I was afraid the horse might be all right, but I had to pay for it. So I didn't pay for the horse.

Workman Dies of His Injuries

Taylor Glick, who was injured at the Woodmen building Monday afternoon at 8 o'clock this morning at the South Memorial hospital. He lived at 203 Harney street. Glick and T. Stubbs, who lives at 237 Martha street, were hurt at the same time. A wheelbarrow of brick having fallen from the second story on their heads. The two men were working on the ground floor hauling brick from the elevator shaft. They had just placed two wheelbarrows loaded with brick on the elevator and were taking the empty wheelbarrows into the building to be refilled. When directly underneath the shaft one of the wheelbarrows on the elevator worked loose and fell. Glick was directly underneath the elevator when the bricks fell. He was cut about the head and his left forearm broken. Stubbs, who was a little to one side of the shaft, was struck a slanting blow on the hip and back. His condition is not reported as being very serious. His back may have been wrenched.

Police May Receive All of Big Reward

Judge W. H. Munger has ordered all of the claimants of shares of the \$25,000 reward offered by the Union Pacific for the apprehension of the bandits who held up the 'Overland Limited' at South Omaha several years ago to file affidavits with the clerk of the court before February 25, stating just what their assistance in the capture amounted to. If Judge Munger follows the precedent set several years ago, it is probable that the police and marshal's force will be the only ones to share the reward. The decision in question was one made in a murder case. A controversy arose over the reward and the court held that only the arresting officers were entitled to it, no matter what information was given them by others.

Boy Cuts Artery, Losing Much Blood

James Craig, 12 years old, living with his parents at 2111 Fowler avenue, severed an artery in his right wrist yesterday morning and was in a serious condition from loss of blood before he could be rushed to the Swedish Mission hospital. He cut his wrist on a broken bottle while reaching into a barrel in the basement of the Craig home.

PLANS FOR NEW MASONIC HOME ARE ABOUT READY

Plans are not yet quite complete for the new Scottish Rite cathedral at Twenty-ninth and Douglas, according to C. Herring of the committee in charge. Herring expects soon to be able to show the complete plans. Republican candidate for commissioner public lands and buildings.

South Omaha Yards Invaded by Students Who Study Industry

Ivan E. A. Burnett of Nebraska State university, eight professors of the secondary school of agriculture and 25 students arrived yesterday morning at the Union stock yards to spend the day in a course of practical instruction upon all phases of the cattle and stock industry. Bad weather at Lincoln prevented 175 students from reaching the train in time. As soon as the train arrived from Lincoln the students were divided into eight groups which were placed under the respective leadership of Messrs. J. S. Walters, Robert Hall, J. A. Shoemaker and Percy Ambler of the Union Stock Yards company. Part of the crowd was taken to assist at the several demonstrations in the packing houses while the remainder received instructions on feeding and judging cattle at the Union stock yards pens.

Nash Says Power Plan Not Feasible

President Fred A. Nash of the Omaha Light and Power company says the proposition now said to have been undertaken by Kountze Bros. to develop power for Omaha from the Platte and Elkhorn rivers at Fremont, was thoroughly investigated and turned down by his company fifteen years ago. 'We investigated it thoroughly,' said Mr. Nash, 'and found that the cost of land, the construction of canal, reservoir and power plant, such as much, and the loss of power in transmission, would be so great that it would not pay, taking into consideration the fact that we would still have to maintain our Omaha steam plant for use in case of accident to the water plant. We still believe it is cheaper to produce electricity by steam in Omaha than it is to make it at Fremont and bring it here. 'We estimated the plant would cost us \$2,000,000. At that time we could have bought the necessary land for less than half of what it is worth now, and labor and construction materials would have been much cheaper. According to the papers, the Kountzes estimate the project would cost \$2,000,000. 'If the plant is built, we will be glad to shut up our Omaha plant and buy electricity from the new concern if we can get it cheaper than we are now producing it.'

Moving Pictures to Be Made of Omaha

As the result of a conference of manufacturers at the Commercial club with the managers of moving picture film concerns, the Omaha Manufacturers' association has practically decided on having made a reel of films depicting the interior of a number of Omaha industrial plants. Among them will be the Canton Pacific shop, the smelter, the McKeen Motor Car works, T. F. Stroud & Co's plant, the cracker factories and the breweries. These will be ready in time for use on the Commercial club's spring trade excursion. They will be sent over the country wherever there is a demand for them, to advertise Omaha.

Mrs. Schroeder is Granted a New Trial

Mrs. Caroline Schroeder, who a few weeks ago lost a sensational lawsuit against the Woodmen of the World and the Royal Achates to collect \$2,000 on policies on the life of her husband, has been granted a new trial by Judge Sears in district court. The defense of the insurance fraternalists was that Schroeder committed suicide, and it was so strong that Judge Sears directed a verdict for the defendants. In granting a new trial he holds that while the evidence of suicide seemed conclusive to him the jury might possibly have questioned it and it should have gone to the jury. Dr. Pierce's Pleasant Pellets

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, mandrake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it 'GOLDEN MEDICAL DISCOVERY.'

This 'Discovery' purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require.

Dr. Pierce says:—'Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.'

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the 'Golden Medical Discovery' is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The 'Discovery' is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.' Sold by all principal dealers in medicines.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

MIDWAY OWNERS INDICTED

True Bills Are Found Against Broomfield & Crutchfield.

THREE OTHERS TO BE HELD

Rumors of "Shakedown" in Granting Liquor Licenses and Irregularities in Paving Contracts Are Investigated.

Indictments against Jack Broomfield and Billy Crutchfield, proprietors of the Midway saloon, dance hall and gambling resort, were returned by the Douglas county grand jury yesterday. The indictments charge selling liquor in violation of the 3 o'clock closing law.

Capitans for the arrests of the salmonists were placed in the hands of Chief Deputy W. A. Foster yesterday afternoon, Sheriff Felix J. McHane being out of the city. Testimony before the grand jury Monday of Chief Deputy Sheriff W. A. Foster and Deputy Sheriffs Walter Hanger and Ed W. Palmer resulted in the returning of the indictments. They told of scenes of revelry they found when they with other deputies and Sheriff McShane raided the Midway on the night of January 4.
