Nebraska NEW LINE INTO KEVA PAHA

Articles of Incorporation Filed for
Nebraska Railroad.

RULING IN CASE FROM BOYD

Attorney General Makes Finding on
Tenure of Office of County Assessors—Prince is Harried
Before the Court.

(From a Staff Correspondent.)
LINCOLN, Neb., Feb. 15.—(Special.)—Articles of incorporation were filed today for a proposed new railroad which is projected to run from Springfield in Keva Paha county to Spaulding, Greely county, passing through the counties of Greeley, Garfield, Wheeler, Holt, Rock and Keva Paha. The capital stock of the company is fixed at \$300,000, with authorization for a bonded debt of the same amount. The incorporators are: Charles F. Lear, John F. Carr, C. A. Ripley, J. N. Cassidy, Jr., and C. E. Coon. The acknowledgment of the papers was made in Omaha.

Keya Paha county at present is without a railroad, the nearest line being the Northwestern to the south. Numerous plans have been formulated in the past to get a line into the county to connect it with the Northwestern, but up to the present they have met with little encouragement. The articles just filed provide for a line operated either by steam or electricity.

Anniversary of Veterans.
Today is the ninety-sixth birthday anniversary of Rev. Harrison Preeson, father of Rev. J. H. Preeson of the governor's office. Though nearing the century mark, Rev. Mr. Preeson is in good health and retains his mental faculties unimpaired. He is a veteran of the civil war, and one of the pleasant features of his anniversary has been calls made on him by comrades and by members of the Relief corps. Martin Blair, a grandson from Grand Forks, N. D., came to visit him on the occasion. Rev. Harrison Preeson was a pioneer preacher of Nebraska, having in 1850 preached the first sermon ever delivered in the present city of Omaha.

Ruling on Just's Case.
In response to the query of C. A. Just of Boyd county, the attorney general has ruled that in the absence of an election for county assessor in 1911 on account of the change in the law the old officers hold over.

The county board of that county had held differently and declared the offices of both the county assessor and of the precinct assessors vacant. The attorney general holds they were wrong and that the assessors hold until their successors are elected and qualified.

Price Visits Fremont.
State Engineer Price has gone to Fremont to look over the state aid bridge project at North Bend and to consult with the county board of Dodge county regarding general bridge matters.

H. C. Lindsay, clerk of the supreme court, will leave tomorrow for a visit to Florida and other points in the south.

Auditor Barton. In accordance with the opinion of the attorney general, has decided to register the water bonds of the town of Louisville.

Dairymen Pay Fees. S. C. Bassett, secretary of the Dairymen's association, has deposited with the state treasurer \$25 membership fees received at the annual meeting of the association last month. The dairymen's association has the largest paid membership (390) of any association in the state allied to agriculture. The last session of the legislature enacted a provision requiring that all fees received by any state institution acting under or by virtue of any statute or authority to receive any fee shall be paid into the state treasury within thirty days of the receipt of same.

Hardware Men Meet.
The hardware men's convention was again held behind closed doors today, none but members being admitted. Methods of business were discussed, particular attention being given to methods of ascertaining the cost of doing business as a factor in determining the actual cost of the goods. It was also urged that means be taken to ascertain just what profit was made on each kind of goods handled. Sharon E. Jones, national president, was unable to be present and his place on the program was taken by M. L. Currie of Argos, Ind., national secretary.

TRYING TO MUZZLE YEISER

Roosevelt and La Follette Men Meet
for Purpose with Governor.

ROTATION PRIMARY BALLOT

Secretary of State Adheres to Plan
to Alternate Groups of Names
Instead of Individual Names
Themselves.

(From a Staff Correspondent.)
LINCOLN, Feb. 15.—(Special.)—The governor's office was the scene of a lengthy conference today, at the conclusion of which it was said there was nothing to give out. From the personnel of the party and some things which have gone before it probably would not be far from the truth to say it was for the purpose of seeing if something could be done to squelch John O. Yeiser. Among those present besides the governor were J. C. Harshbarger of Lincoln, La Follette candidate for delegate to the national convention from the First district; F. P. Corrick, secretary of the La Follette league; W. H. Reynolds, candidate for delegate on the La Follette ticket from the Sixth district; Don L. Love of Lincoln, candidate for delegate-at-large on the La Follette ticket, and T. J. Howard of Greeley county. That the meeting was not accidental is evidenced by the fact that one of the party who arrived late asked: "Has the meeting commenced?"
Governor Aldrich is an avowed Roosevelt man, while the others are classed in the La Follette column. It is well known that the governor is of the opinion that the entire delegation if elected could easily be turned to Roosevelt, and that he appreciates the action of Yeiser in calling a Roosevelt meeting.
If they really expect to squelch John

they evidently do not know the man as well as some others do, for his reputation for bobbing up serenely is firmly established.

Rotation on the Ballot.
F. M. Currie, secretary, and C. A. Adams, president of the Taft league, called on Secretary of State Wait today in regard to how the names of candidates for delegates were to go on the ballot. Both the La Follette and Taft organizations are understood to favor some method by which the respective delegations can be designated by the name of the candidate they stand for, and that each set be grouped and the groups rotated instead of rotating the individual names. Mr. Wait holds that in the absence of any specific provision he will follow the intent of the law, which clearly is to make the ballot intelligible to the voters. This plan is expected to accomplish the result unless some legal obstacles not now apparent interfere.

Philip H. Kohl of Wayne has filed as a candidate for senator from the Seventh district.

MRS. JEFF THROWS NURSE WHO ESSAYS TO RIDE HER

(From a Staff Correspondent.)
LINCOLN, Feb. 15.—(Special.)—The people at the tuberculosis hospital at Kearney have turned their backs on the ancient classics and taken up with the modern cult. Some time ago the board bought two horses for use at the institution. They came to the establishment bearing the classic components of Minerva and Venus, but now all this has been changed and they have been rechristened Mrs. Jeff and Mrs. Jeff. Mrs. Jeff is a demure and docile animal, but Mrs. Jeff is not easily managed. She looks innocent and docile enough, but she is a gay deceiver, for she tempted the head nurse, a woman who is somewhat of a horsewoman, to mount for a ride. The first time the ride was a pleasure, but the second effort was not so successful, as Mrs. Jeff took a roach in her back elevated her heels and the nurse was unceremoniously dumped in a snowbank. The board and those in charge of the institution are expecting to produce a considerable portion of the supplies needed. They have a cow which furnishes an average of twenty quarts of milk a day, which supplies the institution and leaves a surplus from which some butter is made. A supply of garden seeds has been ordered and as the grounds can be irrigated it is anticipated the hospital will have the prize garden in that section.

I INVITE EVERY WOMAN

Every woman is invited to consult our Staff of Physicians, Surgeons and Specialists, at the Invalids' Hotel and Surgical Institute, Buffalo, N.Y., by letter at my expense—R.V. PIERCE, M.D.

There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to appreciate and understand the female organism. There is every reason why she should write a specialist.

As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, fainting spells, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the distinctly feminine organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is devised and put up by a physician of vast experience in the treatment of woman's maladies. Its ingredients have the indorsement of leading physicians in all schools of practice.

The "Favorite Prescription" is known everywhere as the standard remedy for diseases of women and has been so regarded for the past forty years and more.

Accept no secret nostrum in place of "Favorite Prescription"—a medicine of known composition, with a record of forty years of satisfaction behind it. Sold by all Druggists.
