C RIDS THE SYSTEM . D. OF CATARRH

Catarrh is a blood disease which causes a general inflammation of the inner linings or mucous membranes of the body. The diseasing of these delicate surfaces and tissues produces all the well known symptoms of the trouble, such as ringing noises in the head and ears, tight, stuffy feeling in the nose, pains above the eyes, irritation of the throat, sometimes alight fever, and a general feeling of weakness and ill health. Even the lungs fever, and a general feeling of weakness and ill health. Even the lungs become affected by the continual passage of impure blood through them, and there is danger of consumption if the disease is allowed to remain in the system. S. S. S. cures Catarrh because it purifies the blood. It goes into the circulation and removes every particle of the catarrhal matter, making this vital fluid pure, rich and healthy. Then the laftamed membranes begin to heal, every symptom disappears, the constitution is built up and health restored. S. S. S. rids the system of catarrh by attacking the trouble at its head and entirely removing the cause from the blood, thus making a perma-nent and lasting cure. S. S. S. is made entirely from health-giving roots, herbs and barks, and for this reason is an especially safe and desirable medicine.
