O. MOSHER PICKED TO RUN

Well Known Banker and Democrat to Make Race for Congress.

ALL DAY CONFERENCE HELD

Long Genuing Called In, Giving Him Recognition as Aspirant for Governor from West End of State of Iowa.

A conference of democratic managers was held here yesterday lasting nearly all day, for the purpose of fixing up the campaign program that is to be followed in the Ninth congressional district.

Whether the gentlemen will be able to carry out their plans to keep all other democratic congressional aspirants off the reservation appeared to be a negative problem not worth consideration.

Mr. Mosher is well equipped for the undertaking, and is one of the really strong men in the western part of the state.

Another feature of the conference that is of new interest is that it is the first opportunity to get away from the malice of the primary election law that permits any one to become a candidate for anything.

At the regular monthly meeting of the Union Veteran legion yesterday afternoon, when the members of the women's auxiliary were present, the old soldier delegates took up and passed the resolutions considered last month by the Grand Army post.

The women were especially vehement and earnest in their demand for congressional action. The officers of the organization were instructed also by a unanimous vote to send copies of the resolution to all of the members of the Iowa delegation in congress and to other Union Veteran legions throughout the country.

Whereas, The name of Delaware for generations has been the synonym of cruelty, ignorance and bigotry which have hardened into stubborn defiance of all appeals of humanity for correction of their crimes, and hereby which the abolition of those of its laws that are repugnant to twentieth century civilization with the enactment of measures still harsher, more un-Christian and cruel, until its constant acts of human torture have outraged christendom and given the world a wrong conception of American civilization; and unfortunately permitted one of the nation's and the world's greatest battlefields to be given the name of Delaware, which vessel in the course of its cruises must visit the people of all of the great nations whereof the name of Delaware is associated with medieval barbarity and cruelty; therefore, be it

Resolved, That we beg our representatives in congress to insist upon the immediate change of the name of the battlefields and thus prevent the people of other countries justifying their own barbarities by pointing to the American flag floating above a name that disgraces twentieth century civilization. Repeal American humanity, stains and shames the name of our whole country and is a reproach to the American navy and which may cause the ship to meet the fate of the Maine.

Resolved, That we beg our representatives in congress to take immediate action and earnestly press it to successful and early accomplishment.

Holdups Accomplish More Big Robberies; Scare Wall Street

NEW YORK, Feb. 17.—The series of recent highway robberies in crowded New York streets, of which yesterday's "wild west" holdup of a taxicab and the robbery of two bank messengers of \$25,000 in cash, was the most sensational in years, was followed today and tonight by other holdups almost as spectacular.

In the last of them, reported tonight, George Horth, a dealer in diamonds, with offices in the Maiden Lane jewelry district, was robbed of a wallet containing \$5,000 worth of diamonds by two men who jumped from a taxicab at Thirty-fifth street and Fifth avenue.

An earlier robbery occurred in the Bronx in broad daylight, when William Dougherty, messenger for a business firm, was attacked by a youth of 18 and robbed of \$40, his firm's payroll, which he was bringing from a bank.

Scores of business men and bankers made application at police headquarters today for permits to carry revolvers, claiming their lives were not safe on the street with valuables in their pockets.

In Wall street today many messengers appeared accompanied by guards. This was an unusual sight, as in recent years crooks have seldom if ever been known to attempt robberies beyond the "dead-line" fixed by the police at Fulton street.

Arrest tonight was the penalty for any crook known to the police who was seen below that street.

Yuan Severs Queue, Says Correspondent

LONDON, Feb. 17.—"Yuan Shi Kai today cut off his queue," says the correspondent of the Daily Mail at Peking, telegraphing Friday.

He still, however, is unwilling to hurt the feelings of the Manchus and deprecates the public rejoicing over his election to the presidency of the republic.

PEKING, Feb. 17.—In an interview with the Associated Press today Yuan Shi Kai said:

"Owing to lack of experience the republican government will make many errors. Having been elected president of the republic I will undertake the task."

Yuan said he had a great admiration for Dr. Sun Yat Sen, who had shown himself a true patriot.
