LIVELY IN POLITICAL AERENA

Democrats Slated for Sharp Contest for State Control.

BRYAN OPPOSED BY HITCHCOCK

Two Factions Lined Up for Warm Fight—Taft League Plans Series of Banquets in Nebraska.

(From a Staff Correspondent.)

LINCOLN, Neb., Feb. 18.—(Special.)—Politically the week just passed has been one of the most interesting of the pre-election campaign to date. The meeting of the La Follette-Roosevelt forces Monday night with the subsequent arrangement with John O. Yeiser, sponser for the Roosevelt boom, has completed the lineup within the republican party, while the democratic contest is rapidly unfolding itself.

The call for a meeting of the Harmon men and the letter of M. F. Harrington containing the defi of the Wilson forces has furnished the groundwork for one of the prettiest fights ever pulled off within the democratic party. Bryan, the one-time idol and dictator of everything democratic in Nebraska, is the head of the Wilson-Champ Clark combination in the state, while Senator Hitchcock is recognized as the Harmon general-in-chief, Metcalfe and Thompson are division commanders under Bryan, while Shallenberger and Morehead occupy a similar relation to Senator Hitchcock with Mayor Dahlman in charge of an independent command, operating in conjunction.

Host to Select From.

A majority at least of the candidates for state offices have filed and even those who have not are busy laying wires and fixing up fences out over the state and the dear voter is having the time of his life keeping track of things. If he is busy between now and the date of the primary in April he may possibly be able to pick the men he wants out of the formidable list which will grace the primary ballot. It certainly is a gay life, this Nebraska primary, and possibly the voter may be compelled to call in a civil engineer to locate himself. Even the engineer may have his troubles, there has been so much moving of the old established corners.

Plan Series of Banquets.

The Taft league has planned a series of banquets to be held in various parts of the state, but as yet the scheme has not progressed far enough that dates have been announced. Mr. Currie is busy, however, and has received assurances from Congressman McKinley, the head of the national Taft campaign committee, that speakers of note will be sent to address these various affairs.

Move for One Set of Delegates.

A movement was started late last week to do away with the two sets of republican candidates for delegates to the national convention and have the ones chosen pledged to vote for the choice of the primary, but it did not move far. While it is understood both sets of delegates are pledged to do this, both the Taft campaign managers and those active in behalf of La Follette and Roosevelt took the ground that if such a plan was ever advisable things had gone on too far for that now, as petitions for putting the names on the ballots had already been sent out and in some instances filed with the secretary of state. In addition the entire organization of both sections of the party had been built around this idea of delegates to represent them.

Solons Hope to Come Back.

Whether it was the water of the capital city or the sight of the scenes of former political adventures the past week certainly witnessed a large number of declarations of political ambitions on the part of former members of the legislature. Among those here attending the meeting of the old timers a large per cent declared they would make the effort to return.

Prince to Plead Insanity.

Albert Prince, the colored man who a week ago today attacked and killed Deputy Warden Davis during chapel exercises at the penitentiary, will plead insanity, it is announced, when his trial comes on. In his cell he exhibits the greatest indifference regarding his condition, in fact, never mentions the affair to his guards and when it is broached turns it off. He is being closely watched to prevent him from doing harm to himself or others.

Quiet in Supreme Court.

The supreme court will hear arguments this week but so far as the calendar reveals there is nothing to come up of especial importance, though it is expected some move will be made by the attorney general in the South Omaha Fire and Police commission case, pending on motion for judgment or the appointment of a referee to hear testimony. Following is the call for the week:

Here's An Odd State of Affairs!

It's a SURPRISING FACT that the wonderful values we give in Nemo Corsets actually PREVENT some women from buying them!

This is *WHY:* A certain class of women who are accustomed to pay $10 or more for their corsets *can't understand* and *don't believe* that they can get *BETTER* corsets in the Nemo line for $3.00 to $5.00.

Many dealers encourage this belief, and very naturally—for the dealer's profit on Nemo Corsets is fixed by us at a fair figure, while on most other corsets the dealer may charge whatever profit he likes—and it's often 100 per cent.

Our policy is to *serve the public well,* and to insure greatest values to all women who wear Nemos, while giving the dealer an ample living profit.

*Next time you buy a corset—**BE A WISE WOMAN!***

Ask for the NEMO, and *INSIST* upon having it.

There's a Nemo for every figure, from very slender to extra-stout—$3.00, $4.00 and $5.00.

OVERTON WOODMEN READY TO JOIN IN RATE PROTEST

OVERTON, Neb., Feb. 18.—(Special.)—The Modern Woodmen of America lodge No. 2282 of Overton in their last regular session discussed the readjustment of rates of the order. It was unanimously agreed that the proposed rates were unjust and too high.

A vote was taken to ascertain how many of those present would stay with the order if the proposed rates were put into effect and not a member signified his intention of remaining under the above proposed raise.

It is the belief that the same feeling that exists here prevails over the entire state and if the proposed rates are put into effect there will be a very small following in the Modern Woodmen in this state after January 1, 1913.

The following committee was appointed to draft a set of resolutions and forward the same to the Modern Woodman, state papers and the home paper for publication that the neighboring lodges may know how the lodge here stands. The committee appointed was G. E. Clark, W. A. Crandall, W. H. Hill, J. A. Schleef and Leo A. Rengler.

The following resolutions were adopted:

Resolved, That the proposed rates are too high and unjust, therefore, be it

Resolved, That the Overton camp stands ready to concur with other lodges of the state to fight this exorbitant proposed rate; and be it

Resolved, That the members should have a voice in making of rates when readjustment is necessary; be it further

Resolved, That we commend the action taken by Omaha lodge No. 126, which voices our sentiments.

BODY OF CHILD FOUND ON FARM NEAR M'COOK

M'COOK, Neb., Feb. 18.—(Special.)—Thursday of this week, while digging a ditch on one of Senator J. F. Cordeal's farms in Driftwood precinct, this county, the tenant, Fred Swartz, unearthed the bones of a little child, probably a year old or less, buried in a goods box about a foot below the surface. Only the larger bones and some hair remained of the little body thus buried by unknown hands at some early date in the history of this county. Neighbors who have lived in that vicinity for thirty-three years have no recollection of any child having died on this farm, which was homesteaedd many years since by a man by the name of Brown, who has long since left here, his farm becoming the property of the old Nebraska Loan and Trust company of Hastings, and afterward of Senator Cordeal.

STROMSBURG NEWS NOTES

Seventy-Seven Per Cent of Local Camp of Woodmen Will Drop from Order.

STROMSBURG, Neb., Feb. 18.—(Special.)—The Modern Woodman camp No. 828 of this city met in regular session this week, and the question of the raise in rates was generally discussed. An expression was taken from the camp, and 77 per cent expressed themselves that they would drop the order when the new rates go into effect.

The other 23 per cent said they would stay in a while anyway, and watch developments, but all were much dissatisfied with the action of the head camp in raising the rates at this time in the manner that it did.

It was voted that they petition the proper officials to call another meeting of the head camp and reconsider the question of raising the rates.

The farmers in this community are feeling a little indignant over the seed corn proposition. Several have expressed themselves as a little tired of the business men giving so much concern over what seed the farmers shall plant. The farmers feel they fully realize the necessity of getting good seed.

Rev. Will Pugsley, a Canadian evangelist, is conducting some very successful meetings at the Eden Baptist church of this city. He is called the "Canadian Cyclone," and has the attention of his hearers every minute he speaks.

Farmers' Institute at St. Edward.

ST. EDWARD, Neb., Feb. 18.—(Special.)—The most successful farmers' institute ever held in St. Edward closed its two days' session Friday. The institute was held under the auspices of the Fairview Farmers Social club and the extension department of the University of Nebraska. That the farmers took a lively interest in the institute is evidenced by the large crowds which were in attendance at each session to listen to the able speakers on their respective subjects. L. W. Leonard of Pawnee City and V. E. Shirley of Central City were the principal speakers. The domestic science exhibit was far above the expectations. Miss Gertrude Rowan of the state university farm had charge of this department, and a number of prizes were awarded in this exhibit to girls under 20 years of age by the business men of St. Edward.

House Burned at Plattsmouth.

PLATTSMOUTH, Neb., Feb. 18.—(Special.)—The dwelling of John Richardson, a fisherman, caught fire about 7:30 o'clock Saturday morning and before the fire department could reach the place it had burned beyond repair. The owner of the dwelling was out of the city and his wife was sick in bed with a babe but 2 days old. Two of the neighbors rushed to her rescue and carried her and the baby to a neighboring house. The oldest son, a youth of about 17, burnt his hands and head badly trying to rescue his mother. There was no insurance on the dwelling, which with the furniture was a total loss.

BLAIR WILL HAVE NEW CITY HALL AND AUDITORIUM

BLAIR, Neb., Feb. 18.—(Special.)—The Blair Volunteer Fire department commenced several years ago to create a fund for the purpose of building a city hall and fire house combined. They have now on hand upwards of $5,000, and the work will be started as soon as the weather permits. President James Maher, Fire Chief Ed. Matthieson and Attorney Clark O'Hanlon were appointed a committee to get plans from Omaha architects and three sets of plans will be here Monday. The department owns a plot of ground 72x100 feet on a prominent corner opposite the postoffice. The plans will call for a building 44x100. The first floor will have concrete chambers, fireman's rooms, city clerk's offices, etc. The second floor will be an up-to-date auditorium 42x60 feet, with stage and dressings. The cost is estimated at about $12,000 and they expect to realize about $2,000 from the old building and lot. The burning of the Blair opera house a year ago has left the city without any place large enough to accommodate any gathering or entertainment. It is expected to have it completed by September 1.

ORTHODOXY AT UNIVERSITY

Strange Story of New Arrangement Told by Lincoln Star.

RELIGIOUS TEST FOR FACULTY

Chancellor Avery Said to Have Agreed with Ministerial Union to Have Only Orthodox Professors at School.

Is orthodoxy to be made a test for professors at the University of Nebraska? The Lincoln Star says such a test is already being applied. In its Sunday issue the Star prints the following story:

"No more professors who disagree with Genesis or refuse to credit the account of Jonah and the whale are to be employed by the University of Nebraska under an agreement reported to exist between Chancellor Avery and the Lincoln Ministerial association. As fast as educators who do not conform to the orthodox intellectual pattern leave the university or die, their places are to be filled, according to this compact, by others who can meet the requisite test of theological belief.

"The ministerial association took the initiative in this matter some time ago and, it is claimed, got a promise from the chancellor that no one known to be a dissenter from prevailing religious ideas would be recommended hereafter for important positions upon the state university faculty. The chancellor recommends professors for advancement and also passes on applications received from outside. Usually the board of regents accepts his recommendations.

"The understanding between the preachers and the chancellor appears to have been working in at least one recent instance. The head of a department left the University of Nebraska some months ago to take a position elsewhere. The man next to him in the department, regarded by everyone as a thorough and capable instructor, was in line for elevation as his successor. Instead of his being advanced, however, a new professor was brought in from the outside, who has since become the virtual head, although not yet nominally so. The newcomer, as it happens, is a devout church member, while the man who did not get a promotion entertains liberal ideas regarding religion.

The fact that some faculty members of the State university have not attempted to harmonize their instruction with such events as narrated in the scriptures has been the subject of complaint at different times from members of the ministerial union. It has been mentioned from Lincoln pulpits more than once, and less than a year ago the pastor of a down-town church declared in one of his sermons that irreligious teaching in the State university would have to stop.

"Some of the alumni who took courses under the liberal professor who failed to receive advancement to the vacancy at the head of the department are interesting themselves in his case. They assert that he is worthy of the higher place and will use their influence to see that no discrimination is made effective against him because of his religious views."

Yuan Asks that Sun Be Made President

SHANGHAI, Feb. 18.—Yuan Shi Kai telegraphed today to Nanking requesting Huang Sing, the war minister in the republican cabinet, to dispatch troops to assist in quelling disturbances in Manchuria.

Yuan also telegraphed to Dr. Wu Ting Fang, the republican minister of justice, and to Tang Shao Yi, his representative, urging them to endeavor to secure the election of Dr. Sun Yat Sen as president of the republic in his place. In his dispatch he said:

"I am unable to control the involved situation in China as I am suffering from impaired health. Now that the aims of the republicans have been attained, I have accomplished my duty. The post of president of the republic will only serve to lead to my ruin. I ask your kind offices and interest with the people of the country to elect Dr. Sun Yat Sen, to whom credit should be given. I will wait here until I am relieved. Then I will return to my home and resume my work as a husbandman."

The new constitution of the provisional government will be approved by the assembly at Nanking on February 19, after which it will be notified by a delegation which will start for the north.

General Homer Lea, the American officer who has been acting as military adviser to Dr. Sun Yat Sen, who has been seriously ill, has now rallied and may recover.

Camorrist Informer Asserted to Be Sane

VITERBO, Feb. 18.—Prof. Poliderol, the alienist who examined Gennaro Abbatemaggio, the Camorrist informer, in behalf of the prosecution, continued his testimony today before the presiding judge. He said he had examined Abbatemaggio under all scientific aspects and that he was perfectly normal.

He concluded his report with the statement that Abbatemaggio must not be considered as a traitor to the Camorra, but that he had rebelled against the Camorrist organization and showed signs of redemption from his old criminal life.

Prof. Montesano, another expert for the prosecution, also submitted a long report in which he embodied the conclusion that no mental deterioration in the case of Abbatemaggio was present and that his revelations concerning the Camorra were not due to the impulse to denounce the organization or to lie.
