CURRY'S WORK IN DISCARD

Plaster Cast of Lincoln Long in State House Disposed of.

FINE STATUE TAKES ITS PLACE

Ministerial Union and Chancellor Every Deny Any Truth in Story of Censorship Over Members of University Faculty.

(From a Staff Correspondent.) LINCOLN, Feb. 19.—(Special.)—The artistic dream of John Curry of Blair is destined to seek the scrap heap or some other place of retirement where it will not be in the way or be an inspiration to other budding sculptors. Curry's dream consists of a plaster cast of a statue of Abraham Lincoln. The head and bust is a plaster replica of a famous statue of Lincoln and the remainder of the body is the work of Curry. Between the original portion and the extensions of the local sculptor there has arisen an estrangement within recent years and the line of demarcation has ruined whatever of beauty the figure ever had. Originally it stood in the room occupied by the Grand Army of the Republic, but finally it was shoved out into the corridor to stand neglected and dust covered. State officers have requested the janitors to find some other place for it. Two huge pieces of marble, donated by the state of Tennessee, from which Curry proposed to make his heroic statue of Lincoln, also lie neglected on the Capitol grounds, rolled up next to the building which houses the heating plant.

State's Answer to Suit.

A contract has been awarded to the celebrated sculptor, French, to design a monument of Lincoln and the work of putting in the foundation for the same has been commenced. The model of this statue has been approved and the foundation is now getting ready to make the bronze cast. Those who have seen the model pronounce it one of the finest of Lincoln ever designed and when erected this summer on the west approach to the Capitol will be a credit to the city and the state.

The State railway commission has named March 15 as the date for hearing the petition for a 2 cent fare on the Lincoln street railway. The hearing on the physical valuation of the Union Pacific road is to be commenced Wednesday, February 21.

Every Denies Story.

The attorney general has filed the answer of the state in the case of Harry Dowling and L. H. Tate, who sued to recover salary and bank examiners. They were appointed by Governor Schallenberger but never performed any services owing to the injunction against the bank guaranty law. They insist they were at all times ready to perform the duties of the office, however. The state answers that the salary was paid to the men who performed the duties of the office, being hold-overs from the preceding administration, and that it cannot be compelled to pay again, and further there is no fraud available out of which the claim can be paid.

The oil inspector's office is busy preparing the annual report. As Mr. Huse's predecessor did not make any report for 1910 it is necessary to make the present report cover two years instead of one.

Lead Inspects Records.

William Chad was in the office of the state engineer today looking over matters in connection with his own and the Ross filing for water for power purposes to be taken from the Platte and Elkhorn rivers. He was accompanied by D. C. Patterson, who also has a filing in the engineer's office, but this does not conflict with the others, as it takes the water out above Fremont and returns it to the river just below that place. The date for the hearing on the Chad protest against the Ross filing has not been set, as Engineer Pierce is out of the city accompanying the governor on his trip to the western portion of the state.

Chancellor Avery of the state university and the members of the ministerial association both deny the story that the chancellor promised not to appoint any more professors in the university who were not strictly orthodox. The ministers assert that while they at times had regretted the teachings of some of the professors no such request had ever been made of the chancellor and they did not believe it would be entertained for a minute if it had. The ministerial association at its meeting today passed a resolution setting forth the association never had any understanding, expressed or implied, with Chancellor Avery regarding the appointment of professors at the university. One of the members of the association asserted that the story was a fabrication.

WHAT 'CUTICURA' DID FOR ONE FAMILY

Boy's Sore Cheeks Cured by Cuticura Soap and Ointment. Also Used Them to Heal Deep Cut and to Treat Ingrowing Toenail.

2126 Vine St., Cincinnati, Ohio.—"My little boy's cheeks began getting sore three years ago. I tried everything I ever heard of but nothing cured him. At last I sent for Cuticura Soap and Ointment. After four treatments his face began getting better and in three weeks' treatment he was cured. "The first of July my oldest son fell and cut his head. The cut was very deep. At the time I was in the country and it was impossible to get him to any doctor. I tied the wound up and used the Cuticura Ointment very thick, after that I washed it with the Cuticura Soap and continued using the Cuticura Ointment. He had no pain after the Ointment was applied and soon was completely cured of the cut with not a mark left. "Nothing is better for ingrowing toenails than Cuticura Ointment. For more than eight years I suffered with an ingrowing nail. It almost set me wild. Two months ago I started to use Cuticura Ointment on it. At night I washed the foot with hot water and Cuticura Soap, then I would apply Cuticura Ointment on cotton and wrap the foot up. The ointment softened the hard skin and it could be removed without pain. In a week's time my foot was much better, now it is entirely well. "For cuts and bruises I think washing them with Cuticura Soap and applying Cuticura Ointment is the best thing on earth. For insect bites if the bite is washed with hot water and Cuticura Soap and Cuticura Ointment applied, one will receive immediate relief. I have tried it and know." (Signed) Mrs. Arvid, Jr., Sept. 11, 1911. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers throughout the world. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. book on the care of the skin with not a mark left. Dept. T., Boston. Tender-faced men should stick to Cuticura Soap and Ointment.

Nebraska

sorted the story was given out by a member of the Board of Regents who is antagonistic to the chancellor.

Busy Testing Corn.

The pure food department is getting its hands full testing seed corn. Secretary Mellor, of the State Agricultural society, brought in a number of samples today and many other applications are being received. Some that was put into the tester; the latter part of last week is showing up well, though a majority of it is corn of the 1909 and 1909 crop. The Southwest Nebraska Teachers' association will hold its annual convention at McCook, March 27, 28 and 29. The state superintendent is receiving circulars sent out by county superintendents calling attention to the testing of seed corn and also the necessity of fire drills in the schools and taking of measure to prevent fire. In both of these lines the county superintendents are taking a decided interest.

Teachers to Meet at McCook.

The town of Cambridge is registering \$18,000 worth of refunding bonds. Oxford Brothers of Liberty, Mo., write to the state board of equalization to ascertain what the internal revenue regulations are regarding the manufacture of liquor, as they contemplate removing to this state. They were informed the state had no internal revenue law bearing on this industry and that they would have to do business with the federal government.

One County is Out.

Ninety-one of the counties of Nebraska have cleared their January settlements through the office of the state auditor. The one county which has not cleared is Custer and its treasurer some days ago sent a remittance to the State treasurer who returned it because it was not accompanied by a clearance from the auditor.

Dr. Miller of the state board of health reports there are several cases of meningitis in Richardson county, but that he does not think there is serious danger of its spread or endangering many people. The cases are isolated and there is no fear of an epidemic.

The hotel inspectors are liable to get after Lancaster county if the officials are not careful. The jury which heard the case of Murray against Walworth came into court today after being out since Saturday and in addition to a verdict for the defendant brought in a complaint against the accommodations furnished jurymen, alleging the room in which they were kept was dirty, that the sheets and coils were not clean and that the sheets were not the required length. Bailiffs are supposed to see that the jurymen are provided with suitable bed linen and this complaint from the jurymen brought out some uncomplimentary remarks from the presiding judge.

In reply to a query from Thurston county the attorney general's office has advised the Thurston county authorities how to divide accreted lands. The plan advised is the one laid down in the case reported in volume 84, page 83 of the supreme court reports. The case decided was similar to the Thurston county case, where the old front of the river was curved and the new front straight, leaving less frontage than originally existed. This decision apportions the new frontage in the same proportion of the whole that the original holdings comprised of the old frontage. This would make the new line run at an angle from the old river channel to the new one.

Additions Are Made to Primary Ticket

LINCOLN, Feb. 19.—(Special Telegram.)—Several additions were made today to the primary ballot. Matt Miller of David City presented to the secretary of state a petition asking to have his name on the ballot as a candidate for delegate from the Fourth district to the democratic national convention. Edward A. Roth of Holdrege wants to be a democratic candidate for elector. H. P. Wasmund of Rushville files as a populist candidate for the legislature from the seventy-third district. Floyd Seybold made a populist filing for state treasurer. He had previously filed for the same office as a democrat. William Colton of York sent in his filing as a republican candidate for railway commissioner.

Secretary of State Walt is in a quandary over what to do in the matter of labeling the candidates for delegates to the national convention. The Taft committee is willing to have its delegation labeled "Taft," and that the La Follette delegates be so labeled, but objects to a double hitch on them by designating them as "LaFollette-Roosevelt." It seems probable the factions in the democratic party will not name separate sets of delegates, but depend solely on the primary preference, and while they not indicated their intention, may object to having any designation placed after any set of delegates. If all are pledged to support the person receiving the primary endorsement, the reason for labeling any of them will have in a measure disappeared.

Evangelist Egged by Elm Creek People

ELM CREEK, Neb., Feb. 19.—(Special Telegram.)—Prof. Thonnes, an evangelist, who has been holding revival meetings here, assisted by Dr. Smith, incurred the wrath of many people who demonstrated last night that the price of eggs didn't prevent them venting their disapproval. At the close of the meeting Prof. Thonnes was going home, to the north part of town. As he rounded a corner, eggs began to fall and break in his pathway and on his person. The shower was plentiful. Prof. Thonnes has been here for two weeks and has made a vigorous fight against "all kinds of vice." His stirring utterances aroused many of the citizens to religious fervor, and incensed others. He is expressed that Mr. Thonnes, who is a brother of the famous Madame Parrot, should receive such treatment here.

JUDGE PERRY HOLDS FIRST COURT IN FURNAS COUNTY

BEAVER CITY, Neb., Feb. 19.—(Special Telegram.)—District court convened this morning with Judge E. B. Perry presiding for the first time in Furnas county. There are eighty cases on the docket, ten of which will be tried by a jury, which is called for tomorrow. The first case will be Furnas county against former county treasurer for interest on county deposits which was returned from the supreme court. There are several important cases and the term will probably continue for two weeks.

ASHLAND WINS DEBATE FROM UNIVERSITY PLACE

UNIVERSITY PLACE, Neb., Feb. 19.—The opening debate of the year in the East-Central district of the Nebraska High School Debating league was won here last Friday evening by the Ashland High school which defeated the University Place High school. The decision was two to one in favor of the visitors. The judges were Deputy County Attorney George E. Hagar of Lincoln, Superintendent O. J. Wilson of West Lincoln, and Prof. H. B. Lattimer of Nebraska Wesleyan university.

The members of the Ashland team, in charge of A. C. Whitford, were Benjamin Hochheimer, Daisy Parks, Lucile Stambach, and Clarence Allstrom, alternate. The University Place debaters, trained by William C. Crossland, were Chandler Prout, Albert Ambree, and Ethel Flood. Ashland supported the negative of the league question, "Resolved, That the demands of organized labor for the closed shop should receive the support of public opinion."

Newman Grove Wins Two Games. NEWMAN GROVE, Neb., Feb. 19.—(Special.)—On last Saturday evening in a decidedly one-sided contest the Newman Grove basket ball boys' team outclassed the Madison team by the score of 60 to 18. The Newman Grove girls also ran up a large score on the Madison girls, defeating them 27 to 7. These victories make the local teams champions of northwestern Nebraska except for Elgin.

Most Wonderful Healing. After suffering many years with a sore, Amos King, Port Byron, N. Y., was cured by Hooker's Arnica Salve. See For sale by Beaton Drug Co.

to dyspepsia, liver complaints and kidney troubles is needless. Electric Bitters is the guaranteed remedy. Only 50c. For sale by Beaton Drug Co.

HYMENEAL

River-Goodwin. IOWA FALLS, Ia., Feb. 19.—(Special.)—A. Risse, formerly of this city, but for a number of years past a well known business man of Iowa, and Mrs. Alice Goodwin, a resident of this place for the last twelve years, were married at the home of the bride's parents in Ackley last week. The couple will make their home in Eldora.

Keithley-Perry. TABLE ROCK, Neb., Feb. 19.—(Special.)—Married at high noon on St. Valentine's day at the home of the bride's parents, Mr. and Mrs. J. L. Perry, five miles south of Table Rock, Mr. Clinton Keithley and Miss Lucy Perry, Rev. L. B. Parker of Pawnee City officiating.

Jacobson-Eilbert. Miss Clara Eilbert, daughter of Mrs. Louise Eilbert, and Mr. Louis A. Jacobson were married by Rev. Charles W. Savidge at his residence Saturday afternoon at 2. The bride's mother, and the groom's sister, Mrs. Andrew Hansen, accompanied them.

Novak-Virak. Miss Annie Virak, daughter of Frank Virak, and Mr. Charles Novak of Tampa, Kan., were married by Rev. Charles W. Savidge at his residence, Saturday afternoon at 2.30. They were accompanied by Mr. E. W. Getzke and Miss T. E. Schuster.

Burnside-Miller. Miss Mildred Miller, daughter of Hiram Miller, and Mr. Albert Burnside, were married by Rev. Charles W. Savidge, at his residence Saturday noon. The bride's father accompanied them.

Lifelong Boudoir. to dyspepsia, liver complaints and kidney troubles is needless. Electric Bitters is the guaranteed remedy. Only 50c. For sale by Beaton Drug Co.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature. You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Imperial Cars Get There and Back. IMPERIAL AUTOMOBILE CO., JACKSON, MICH. MARKER. We furnish more power, better style, and more value for the money, than is found in any other car on earth. No-Rim-Cut Tires 10% Oversize Note What 900,000 Did. We have sold to date 900,000 Goodyear master tires. They proved our claim to cut tire bills in two. And users told the facts to others. In two years the demand has increased 500%. It is increasing now faster than ever. These patented tires now far outsell any other tire that's made. They are the coming tires. Saving \$1,000,000 Monthly. Based on present demand, No-Rim-Cut tires are saving motor car owners a million dollars a month. This is how they save it: Rim-cutting is made impossible. And statistics show that 23 per cent of all ruined clincher tires are rim-cut. No-Rim-Cut tires are 10 per cent oversize. And that 10 per cent oversize, under average conditions, adds 25 per cent to the tire mileage. Yet these patented tires now cost no more than other standard tires. controlled by our patents. It forms the only practical way ever discovered to get rid of the hooked-base tire. These are the reasons why today's demand centers so largely on Goodyear No-Rim-Cut tires. 127 Makers. We have contracts this year for Goodyear tires from 127 leading motor car makers. The demand from users is three times larger than one year ago. These men are not mistaken. Your judgment, when you test these tires, will be the same as theirs. Our 1912 Tire Book—based on 13 years of tire making—is filled with facts you should know. Ask us to mail it to you. The New Bulldog Grips. GOOD YEAR No-Rim-Cut Tires With or Without Double-Thick Non-Skid Treads. THE GOODYEAR TIRE & RUBBER CO., Akron, Ohio. This Company has no connection whatever with any other rubber concern which uses the Goodyear name. OMAHA BRANCH—2212 Farnam St. Telephone Douglas 4190—Bell.

Rambler Motor Cars. Here Is a Story of Real Comfort. The Rambler Cross Country—\$1650. Here is a car that appeals to all your senses. Graceful in lines, distinguished in color, long and low hung—it's pleasing to the eye. Step in and you will marvel at the feeling. Settle down in the deep cushions at the big eighteen inch steering wheel—stretch out your legs and know what comfort is. Start the motor and you will sense its silent dignity and power. It runs without vibration. Ride in Careless Ease. Take to the open road and at the first release of the clutch its silent action deceives you for the moment. You wonder if the motor has stopped. Open the throttle and away it springs with eagerness. You ride on and on in careless ease and the farther you go the satisfaction of comfort grows. This is a car for relaxation—for perfect ease. The wheel base is 120 inches, the wheels and tires 16x4 and the straight line torpedo body swings low between the axles—three inches lower than the ordinary car. Notice the rake to the steering column. It's adjustable. You can settle down for mile after mile. Your arms are free; your legs not cramped. The wheel is just in the right place to see the road ahead. To steer is but to touch the wheel. Steer Without Friction. When you hit a stone the wheel don't turn sharply. When you want to turn it guides as without a point of friction. There's no whip to the wheel—no bind—just a pleasing flexibility. You sink down with pleasure into the eight inch wide Ten Other Styles, Including Open and Closed Cars of 38 and 50 Horse Power. Equipment—Black duplex ignition, Five large, black and nickel headlights with gas tank. Black and nickel side and tail oil lamps; large tool box with complete tool outfit. Roomy, folding rumble rail; foot rest, jack, pump and tire kit. Top, with envelope, \$30—wind shield, \$30. Demountable Wheel, less tire, with brackets and tools, \$30. Gas Operated Self Starter, \$30. Rambler Motor Company 2052 Farnam Street Omaha, Nebraska
