

PIMPLES SO DISFIGURING HE SHUNNED FRIENDS

Face Completely Covered. Blackheads, Too. Lasted Four Years. Used Cuticura Soap and Ointment and Face Is Now Smooth.

R. F. D. 2, Portsmouth, N. H.—"I was bothered with pimples and blackheads in the worst way for over four years. My face and arms were completely covered with them. The pimples would come out on my face and faster all up. They would scab over, and make my face sore, besides being so disfiguring that I shunned my friends. I tried facial cream and benzoin with no effect.

"One night I asked a friend what was good for pimples, and he advised me to try Cuticura Soap and Cuticura Ointment which I did. I would wash my face first with hot water and Cuticura Soap, and then put on some Cuticura Ointment, let it stay on five minutes, and then wash my face again with the Cuticura Soap. It would draw the blackheads out as nice, and the pimples, oh, say, it was a grand relief to go among my friends and be jolly again. After using two cakes of Cuticura Soap and two boxes of Cuticura Ointment, my face is as smooth as if there never had been a pimple on it. I cannot speak too highly of the Cuticura Soap and Ointment, and I hope others will profit by them as much as I have. I know they will after giving them just one trial." (Signed) Arthur E. Caswell, May 6, 1911.

Cuticura Soap and Ointment are sold by druggists and dealers throughout the world. Liberal samples of each mailed free, with 22-p. book on skin and scalp treatment. Address, "Cuticura," Dept. T, Boston. Tender-faced men should share with Cuticura Soap Shaving Stick.

Foster Roasts the Lawyers Who Deal in Court Pardons

Judge Foster yesterday suspended the activities of his court for a few minutes while he took a shot at certain lawyers who have been making a practice of securing pardons for prisoners and then selling them to the prisoner. The judge said: "Hereafter if I find out that a lawyer has been selling pardons he will be excluded from further practice in my court room, and I don't think that it will stop there. I had a prisoner before me this morning who was sentenced to ten day just yesterday, and here he comes before me this morning on another charge, having been pardoned. I won't stand for it any longer. The pardon law was not made so certain lawyers may make an investment out of it. The law was made so that deserving prisoners may be given clemency."

EQUIPPING SEED CORN TRAINS

Union Pacific, Burlington and the Northwestern's Start Monday. MORE TOWNS ASK FOR LECTURES

Manager Parrish Has Long List of Men Who Write in that They Have Good Seed Corn for Sale.

Work of equipping the special trains which will go out over Nebraska in the seed corn campaign will be begun today, the train to start Monday. The Union Pacific train and the Burlington's central Nebraska train will start from Omaha and the Northwestern's train and the Burlington's southern Nebraska special will start from Lincoln.

H. M. Cottrell, agricultural commissioner of the Rock Island lines, has written Mr. Parrish a letter, commending the publicity bureau for taking up the seed corn campaign and says that his reports indicate poor seed corn in Nebraska, Iowa, Illinois, Minnesota, South Dakota, Missouri, Kansas and Oklahoma.

Manager Parrish of the publicity bureau of the Commercial club has a list of men who say they have good seed corn for sale, with the results of the tests made by themselves. Mr. Parrish will not vouch for the seed corn, but says each purchaser will have to verify the tests by tests of his own.

Headquarters in Omaha are receiving requests from all over Nebraska, business men and farmers urging that the seed corn special stop at the towns in which and near which they reside.

Co-operating with the Omaha Commercial club, the railroad officials worked out schedules providing for stopping the trains at about each third town along the lines to be traversed. At these points lectures are to be delivered. Now requests are coming in from the business men of the towns at which the trains will not stop and from farmers living in the adjacent territory. They state in almost every instance that they appreciate the importance of the movement that has for its purpose the education of farmers in planting and cultivation and are anxious to learn everything possible relative to the subject.

After the election, Pegg made a clever speech of appreciation. He was cheered and congratulated by the delegates, among whom he has won favor since his remarkable record of six years' service as city sealer of Omaha was made known. Pegg appeared at the conference armed with official credentials from the governor of Nebraska, almost covered with blue silk ribbon and gold seals. So far as is known he is the first colored delegate who has attended the annual conference.

An element of factionalism preceded the unique action, but the creation of the office and the election of Pegg was greeted with all the dignity which usually accompanies such procedure.

Jolly Musketeer is Show for Women

Just because the Ak-Sar-Ben show at the den each summer is prohibited to women many women have acquired the idea that "The Jolly Musketeer" to be given by the Knights of Ak-Sar-Ben at the Brandeis Friday and Saturday, is for men only.

"Far be it from such," said E. Buckingham of the Ak-Sar-Ben royal line, member of the committee which is managing the show. "We want the women. In fact, if we can sell all our seats to women we don't care if the men stay at home. Here is the first real chance for the women to see what an Ak-Sar-Ben show is like."

JOHN GRANT PEGG ELECTED TO OFFICE

John Grant Pegg, city inspector of weights and measures of Omaha, has received high honor as a delegate to the national convention of weights and measures men in Washington. Being the only colored delegate in attendance he easily has attracted the most attention. The Washington Herald says of him:

Probably one of the most unusual scenes witnessed on a convention floor in Washington was enacted yesterday afternoon at the closing session of the seventh annual conference on weights and measures of the United States at the Raleigh. When a new office was created by the unanimous vote of the delegates in order to care for a class of weights and measures which has ever attended a conference of the body.

It was in the last minutes of the session and several hours after the annual election of officers had closed when the conference created the office of sergeant-at-arms and then, by a rising, unanimous vote, elected Delegate Pegg, city sealer of weights and measures of Omaha, to the new-made position.

An element of factionalism preceded the unique action, but the creation of the office and the election of Pegg was greeted with all the dignity which usually accompanies such procedure.

After the election, Pegg made a clever speech of appreciation. He was cheered and congratulated by the delegates, among whom he has won favor since his remarkable record of six years' service as city sealer of Omaha was made known. SMASHES GLASS WHEN HE CANNOT GET A ROOM

Angered because he could not get a room at the Millard hotel, a stranger threw his traveling bag through the large plate glass door of the hotel and disappeared.

The man walked up to the night clerk at the hotel and asked for a room stating that he had tried nearly every hotel in town and found they were all filled up. When told it was impossible to get a room there he stalked out of the lobby in anger and hurled his suitcase through the glass window. When employees of the hotel reached the sidewalk he had disappeared around the corner.

Police Dragnet Gets Thirty-Nine Suspicious Characters. EFFORT TO CHECK ROBBERS

General Order to Clean Up Town Comes Following Recent Murders Attack and Various Forms of Robbery.

Thirty-nine vagrants, who exist by various forms of debauchery and crime, were rounded up yesterday by police in what was the most sweeping dragnet process since the prescription of the red light district.

Murderous assaults, hold-ups and various forms of robbery that have been carried on with a high hand of late, lie at the bottom of the order to clean up the town of every suspicious character who could not give a good account of himself. The order was issued by Chief Donahoe, to whose attention the recent crimes have been forcibly brought.

Officers Kept Busy. Most of the arrests were made east of Thirteenth street, principally in the Third ward, and practically every detective on the force was pressed into service. Arrests were made in such rapid succession that the two patrol wagons could not get around to the call boxes promptly. The two wagons were kept going practically all morning, and even then it was necessary for some of the officers to walk the prisoners to the station.

BEELL TO WRESTLE WITH MAHMOUD AT THE BOYD

Fred Beell of Wisconsin and Youstiff Mahmoud have signed articles for a finish wrestling match at the Boyd theater. The match will be pulled off on March 8. Fred Beell challenged the winner of the Mahmoud-Westergaard match held last Friday and Mahmoud accepted after dumping Westergaard in two straight falls.

The key to success in business is the persistent and judicious use of newspaper advertising.
