OMAHA MAN FILES SUIT INVOLVING MANY THOUSANDS

CENTRAL CITY, Neb., Feb. 24-Spe than he told. In fact, his talk sounds clai.)—A suit involving the sum of \$55,000 very much like the Olive gang at the has been filed in the district court this time of their cowardly lynching of these week. The plaintiff to the action is Bert two honest homesteaders. He either was M. Hall of Omaha and the defendant is there and saw the murder, or he don't Henning Halling of Oakland, Neb. The know half as much about it as us old plaintiff claims that he owned 200 acres homesteaders.

I was a homesteader in Merrick county valued this land at \$5,000 and there was at the time and was well acquainted with a mortgage of \$11,00 on the place. The Mitchell, and have often seen Ketchem. defendant owned 400 shares of stock in Old man Mitchell was an honest man, the Lindahl Mercantile company company and neither of them ever touched Olive's of Onkland, there being 00 shares in all, cattle. The fact is, Olive never lest any of a value of \$50 each. The plaintiff cattle. All that Mitchell and Ketchem claims that the defendant represented that did was to get over the Olive "deed line" the mercanille company was free from and take up a homestead, as they were entitled to do, but Olive was trying to which he claimed would be pull before hold several townships of land that be- any deal was made. Relying on the repre longed to the government, and he had sentations of the defendant the plaintiff succeeded in keeping every homesteader claims he exchanged his land subject to away until Mitchell and Ketchem staked the mortgage for the stock in the mer-out their homesteads in 1577 and started cantile company and a dividend of \$1,500 to make for themselves a home on the due on the 450 shares. He claims that Nebraska prairie. the stock would not lavoice \$30,000, as represented, but only \$27,157.34, and that miry Olive started the report that previous to the transaction defendant had ing possession, and that it shall pay also they were stealing his cattle, and sent promised to make up any deficiency in his brother, Clint Olive, over to notify cash. He also claims that the company them to leave the country. Clint Olive was not free from debt, as represented, rode up to their "shack," and as they but had outstanding indebtedness to an amount of nearly the \$10,000. As a result Ketchem through the right arm. With the plaintiff claims that he has received his right arm shattered Ketchem drew in the neighborhood of 110,000 less in the his gun with his left hand and shot Olive deal than it was represented he would through the body, from which he died a receive. Therefore, he asks that a reshort time after the shooting. Mitchell ceiver in trust be appointed for the land and Ketchen hitched up their team and and that the amount of which he has drove down through to Merrick county, thus been deprived be paid him out of and sent word to the sheriffs who were the land. The suit is an interesting one. The plaintiff is represented by Judge J.
