NATIONAL BOOSTERS' MEET

Greater Des Moines Committee Plans General Call.

CUMMINS ON WAY HOME

United States Senator Called to Des Moines by Critical Illness of His Father—March 1 in March.

(From a Staff Correspondent.)
DES MOINES, Feb. 26.—(Special Telegram.)—The Greater Des Moines committee has started a movement for the organization of a national association of commercial clubs and other kindred organizations. The boosters voted in favor of a plan to request President Taft to call a general convention in Washington this spring of representatives of all commercial clubs and city boosting organizations in the entire nation.

Cummins' Father Ill.
Senator Cummins will arrive here tomorrow on account of the critical illness of his aged father, who is suffering from pneumonia. On request of members of the family he started today.

Mathis' Trial in March.
The trial of Harvey Mathis, member of the Polk county Board of Supervisors, against whom removal proceedings have been started in the district court, will begin in Des Moines March 12. An order fixing the time and place of the hearing was filed in Des Moines by Judge Whitrow, designated to preside in the case by the supreme court.

CEDAR FALLS HAS BONFIRE

OF MAIL ORDER CATALOGUES

—CEDAR FALLS, Ia., Feb. 26.—(Special.)—The Cedar Falls Commercial club tried by a unique and quite original method to promote loyalty to home industries and home interests, when Saturday night on the public square it had a huge bonfire and consumed all the catalogues of mail order houses that could be found within the city. Nearly 1,000 people witnessed the fire and partook of the enthusiasm and excitement which the enterprise awakened. Addresses were made by David J. Murphy of Dubuque, secretary of the Federation of Iowa Retailers, and by Paul Davis of Waterloo, one of the vice presidents, and head of one of the largest dry goods firms in the county. Prof. P. L. McChesny, secretary of the Commercial club and a director of the Cedar Falls concert band, was the principal in the affair and it was through his energetic and enthusiastic that the crowd assembled.

HYMENEAL

Miller-Jacobs.
Impressive and elaborate services marked an epoch in the lives of Miss Anna Jacobs and Harry Miller last night at Washington hall when they were united in marriage by Rabbi H. Grodinsky, who performed the ceremony according to the ancient Hebrew custom. The services were witnessed by over 300 guests, friends of the young couple, and after the words that united them were pronounced a sumptuous wedding dinner was served. The bride was attended by Miss Agatha White, Miss Fannie Sherman, Miss Belle Gross and Miss Mathilda Behnbeck and the groom by I. H. Levin, Abe Jacob, Sam Shukin and Morris Grodinsky.

WEST POINT, Neb., Feb. 26.—(Special.)

The marriage of Gerhard Hasted and Miss Clara Pfeiffer was solemnized at the home of the bride's parents, Rev. P. Wupper, pastor of the German Lutheran church, performing the ceremony. The attendants were Miss Lena Pfeiffer and Dick Hasted. The wedding march, "Norwegian Bridal Processional," was played by Miss Josephine Hoffmann.

—ANTON STREJE, 37, died yesterday morning at his home, three miles north of Table Rock, aged 33 years. He was born in Bohemia and came to this country some twenty-five years ago. He leaves three sons—Anton Streje and Joseph Streje of Table Rock and Frank Streje of Greenwood, Neb. His wife died some four years ago. Funeral services were held at the family home on Sunday.

Neck Broken by Fall.

MITCHELL, S. D., Feb. 26.—(Special.)
John Sullivan, working for the Mitchell company in receiving a bridge south of Ashland, was instantly killed when he fell off the structure and struck the ground fifteen feet below, breaking his neck. A few days after a similar accident happened when Martin Blankovich was struck by several ties rolling off a hand-car and he was dropped thirty feet to the ground, striking on his head and shoulders, but escaped with hardly any injuries.

Brandt Probably Will Be Released On Bail Soon

NEW YORK, Feb. 26.—Folke E. Brandt, the former valet of Mortimer L. Schiff, and who was five years ago sentenced to thirty years' imprisonment for burglary of Mr. Schiff's house, was taken today from the Tombs to the office of District Attorney Whitman. Here the young man met his counsel, M. L. Towne, who at the conclusion of the conference said bail for his client had been discussed.

Carl Fischer-Hansen, who was Brandt's attorney when the latter was first tried, testified before the grand jury that is investigating the circumstances of the young man's conviction. Fischer-Hansen said he was in the dark regarding the specific charges against Brandt, "as he had told me he had made an arrangement whereby everything would be satisfactory; that he was under promise not to discuss the facts in the case; that he was aided and advised by Mr. Ganz; that the Schiffs were taking a kindly interest in him, which statements were borne out by the fact of Mr. Ganz' visit to him in the Tombs, the fact that they provided him with food from outside restaurants and other things."

NEW PLAN FOR PARCELS POST

Bill in Senate to Take Over Express Companies.

RATES BASED ON DISTANCE.
Measure Introduced by Mr. Gardner, Who Estimates Cost at About Forty Million Dollars.

WASHINGTON, Feb. 26.—Senator Gardner of Maine today introduced a bill under which the government would take over the properties of express companies and operate them as part of the postal service, extending the service to the rural delivery. The measure indicates the probable cost of taking over the properties as follows: Real property, \$14,823,382; equipment, \$7,281,486; material and supplies, \$13,210,426; advance payments on contracts, \$3,826,066; franchises, good will, etc., \$10,777,303, a total of \$49,920,663.

While the balance sheets of the companies show other assets of nearly \$100,000,000, Senator Gardner argues that these are not devoted to express services and that this property might be retained by the corporations without impairing its value.

It is proposed by the authors of the bill for the establishment of the "postal express" that rates charged for postal service under the government shall be based on weight and length of haul rather than upon the system in effect for the carrying of mail. The power to fix rates would meet with the Postoffice department subject to appeal to the Interstate Commerce commission.

Senator Gardner declares the transition of the express business from private corporations to government control could take place in a day, and the business continue without visible change to the public in the effectiveness of the service.

CUMMINS SPEAKS FOR PENSION LEGISLATION

WASHINGTON, Feb. 26.—Senator Cummins of Iowa in a speech today advocated general pension legislation, even though it added many millions to the regular appropriations. He declared that the additional sums should be raised by taxing individual and corporate wealth, which owes its existence to the soldiers. Mr. Cummins departed later for Iowa, where his father is ill.

Will Do More To Benefit Your Skin Than Any Other Soap

This New Soap is believed by its makers to be the best ever produced for use on the human body. Not only is it pure and perfect as a soap, but being medicated with POSLAM, the famous remedy for skin diseases, is antiseptic, germ-destroying and of wonderful benefit to the skin.

If you will use POSLAM SOAP just as you now use any other toilet or special soap, for hands, face, hair, feet, scalp, teeth, gums, for bathing, shaving and shampooing, you will have the advantage of POSLAM'S healing and purifying action, exerted beneficially upon your skin with every cleansing operation. Every tendency to roughness, parching, scalp-scales or dandruff, infection, impurities and disease will be guarded against, without other treatment, and your skin's condition improved and its health maintained.

CUMMINS' CURE FOR TRUSTS

Iowa Senator Proposes Law to Curtail Big Business.

NEW BOARD WITH NEW POWERS

Provisions to Limit Capitalization, Prevent Monopoly and Correct Other Abuses by Giant Corporations.

WASHINGTON, Feb. 26.—The trust platform of Senator Cummins of Iowa, candidate for the republican nomination for president, is embodied in a bill which Mr. Cummins introduced today, designed to strengthen greatly the government's anti-trust powers.

The measure provided what is claimed to be the first authority to limit the size of corporations and to guard against unfair or ruinous competition through propping up. It would put into being a trades commission, into which the present corporations bureau would be merged with all its present powers.

The "trade commission" would be composed of three members to serve nine years each at \$10,000 a year, and empowered to employ secretaries, examiners, experts and the like. The commission would inquire into the organization of all corporations, and into the conduct of the business of all corporations or persons engaged in interstate commerce, and to place before the Department of Justice for prosecution any violation of either this measure or the anti-trust law.

If the commission finds that any corporation employs or proposes to employ an agent of capital which would destroy or prevent substantially competitive conditions, the bill provides either the commission or the Department of Justice "may bring" the necessary suit to enforce. The flexibility of this provision is in the commission's right to prescribe a period in which the violation must cease.

No interlocking Directorates.
The measure would prohibit common directors and officers among corporations carrying on a business of the same general character, and would exclude dummy or nominal directors by constraining the persons really represented as the actual directors and officers. It would exclude from commerce all corporations which directly or indirectly control capital stock or exercise any other means of control in any other corporations, and also corporations capitalized at \$10,000,000 or more whose directors or officers are on board of directors or among the officers of banking institutions.

Careful provision is made against the holding company that is not itself engaged in commerce. Common carriers and manufacturing or producing enterprises would be completely dissociated so that no corporation could at the same time own and operate a transportation line and engage in manufacturing or producing. The law would bar from interstate commerce any person or corporation receiving any part of a rate or charge for freight transportation.

Any loads of freight cutting, or any commodities before actual cost so as to destroy a competitor would be guarded against, and a uniform price required, modified only by variations in transportation costs when the selling price includes transportation, and by permitting a difference between the price of carload lots and less carload lots.

that the announcement made by Theodore Roosevelt was of vastly more importance to the republican party than to the democratic party.

"I do not regard the announcement of Mr. Roosevelt of any importance to the democratic party," he said. "My only objection to the announcement is that it is too brief. It does not explain enough to the public. I should like to know why Mr. Roosevelt should be called back into the ring after he left it to give place to Mr. Taft. It would seem that Mr. Taft has thrown the republican party into political bankruptcy, and Mr. Roosevelt is being called back in an effort to make good the mistakes of the man he selected as his successor.

"Surely Mr. Taft could not have received the nomination for the presidency had it not been for Mr. Roosevelt four years ago, and he could not have been elected had it not been for the help of Mr. Roosevelt. However, the announcement of Mr. Roosevelt's return to the political ring will not prevent me continuing to make democratic speeches.

"There is, in fact, much humor in the situation for democrats. The republicans have long watched with pleasure our inter-factional controversies, and now we are watching with considerable interest the troubles within their own ranks."

Carey Predicts Nomination.
—CHEYENNE, Wyo., Feb. 26.—"I prophesy the nomination and election of Colonel Roosevelt," said Governor Joseph M. Carey of Wyoming today.

"The seven years' experience of the United States with Roosevelt proved him to be a man of courage. The years of his administration represent the very best years that this nation has had in industrial progress, in moral advancement and in all else which has turned the attention of the people to that which is best in government and civic improvement.

Many Delightful Ways of Serving Spaghetti

The housewife who looks upon spaghetti as a merely side dish should learn more about it, both for economy's sake and the saving of her reputation as a provider of good things to eat. A little booklet, published by the makers of Faust Spaghetti, will give her a new light on the subject. It tells many ways of serving this delectable dish.

Many families now make Faust Spaghetti the chief diet for dinner once a week. And they get from it food elements far in excess of those contained in meats, eggs, fish, etc. Ask your doctor about this. He will tell you that Faust Spaghetti not only contains more nourishing power than these foods so often considered necessary, but that it contains these elements in a more easily digested form.

REDUCED THIRTY POUNDS IN THIRTY DAYS

NEW DRUGLESS TREATMENT FOR FAT FOLKS PROVES SUCCESSFUL.
The truth of the claim made by W. L. Schmitz, of Montevideo, Minn., and Dr. J. P. Bright, of Covington, Kentucky, that they reduced their weight thirty pounds in thirty days has been fully established. The facts are proven by careful investigation.

It has been shown that Dr. Bright of Covington, Ky., is an eminent physician with forty years' experience in his profession, yet he was powerless with all his drugs and medicines to reduce his enormous weight, and reduce his fat to normal. The Marjorie Hamilton drugless fat reducing treatment in order to pull down his enormous rolls of fat.

W. L. Schmitz, of Montevideo, Minn., was another astonishing case, where the enormous amount of fat reduced by him was disputed by some people. The actual proofs were made. Marjorie Hamilton, the famous Calendar Girl of Denver, now stands for one distinction as the founder of her great fat reducing treatment without drugs, without dieting, and without medicine, apparatus or harmful exercises. Her treatment is a God-send to fat humanity, and it is said that nearly three hundred women assistants are necessary to enable her to carry on her enormous business in Denver, which is one of the largest buildings in that city.

It is said that French actresses and court ladies of Europe are in ecstasies over the marvelous results of this new drugless treatment, which enables the social set to keep down their ponderous weight, and reduce their forms to beautiful proportions.

The new drugless treatment of this famous Calendar Girl is enabling women to look so beautifully their figures as to bring to their feet the whole kind of men and women of the world. It is evident that the Marjorie Hamilton drugless treatment is destined to overshadow all other fat reducing treatments. Marjorie Hamilton absolutely controls the fat market of the world with her drugless fat reducing treatment, which reduced her own weight from three hundred to five weeks, and which has given her the largest business of its kind in the world.

Miss Hamilton believes that honesty does live and that progress is real, and in this first of her fat reducing treatment, absolutely that there is a positive, simple drugless treatment of permanent fat reduction.

It is said that 300,000 fat men and women in all parts of the world have written to Marjorie Hamilton for her valuable book, entitled "Weight Reduction Without Drugs," which she sends free in her eagerness to benefit fat folks and to enable them to learn of her remarkable treatment, so that they may remove their fat and know the joy of a form of grace and beauty.

Branch Lines Tied Up.
Trick Illinois train No. 8 from Kansas City, due here this morning, will not get in until 5 o'clock this evening. The trains on the branches are all tied up. The Burlington morning train from Chicago, scheduled to arrive here at 8 a. m., did not arrive early this afternoon, and the Kansas City train, due here at 6:45 a. m., was still on the road.

Much trouble was caused by the drifts in the Union Pacific yards. Switches there could not be thrown and many trains were tied up until noon waiting to run into the station.

LINCOLN BURIED UNDER SNOW

Capital City Traction Company Slow in Digging Out.
—LINCOLN, Neb., Feb. 26.—(Special.)—Lincoln was certainly buried under the snow which fell last night, and even by evening had not entirely dug itself out. It was still toward noon before the street cars were able to render any service, and this only on some of the lines. In spite of the efforts of the company it was night before all the lines were operating in anything like a satisfactory way.

The Bethany interurban was the only line which kept open, and this was accomplished by keeping the cars and plows going all night. As a result there was little trouble on this line. The local traction company made no effort to keep the lines open, and this morning the officials were faced by a complete blockade from the car barn doors to the outer terminals.

I can truthfully say that Dr. Kilmer's Swamp-Root is a very good medicine, not alone for kidney trouble, but also for weak and sore back, as well as for rheumatism.

About a year ago I became ill and unable to work, my trouble being a lame back. I read of your Swamp-Root in the newspaper and in an Almanac. Believing it would do me good, I went to my druggist, Mr. Skinner, and purchased a bottle. Finding relief in one fifty-cent bottle, I purchased several more and in a short time was able to continue with my work and am today feeling well and strong. I always recommend Dr. Kilmer's Swamp-Root to my friends as I believe it is as good a medicine as can be found.

Traffic on the steam roads was badly delayed, and completely tied up some of the branch lines, but railroad managers were exerting their best endeavors to get things moving, and the absence of wind helped them along materially, for tracks once cleared, remained clear in most instances.

HEATRIKES, Neb., Feb. 26.—(Special Telegram.)—Business is again assuming its normal state after the blizzard which visited this section Sunday night. The Union Pacific and Burlington roads managed to get trains through from Lincoln this afternoon, but the Rock Island cannot operate trains. A Rock Island train is reported stuck in a snow drift about forty miles east of here this evening. No trains are being operated over the Nebraska City-Holdrege branch of the Burlington. Snow drifts are piled six and eight feet deep in the principal streets of the city and traffic of all kinds has been tied up all day. All the city schools were dismissed and business is generally suspended because of the storm.

TIEUP IN IOWA IS GENERAL

Storm Extends into Missouri and Kansas.
DES MOINES, Ia., Feb. 26.—Train service and traffic generally in Iowa is at a standstill today as the result of the world blizzard in today's hours, which swept over the state last night. It is still snowing, and passenger trains on the Rock Island from Denver were blocked at Council Bluffs last night for several hours. Train No. 7, westbound, also was held up at Council Bluffs, the operators fearing to attempt to run it through.

"The worst storm of the year" was the statement of railroad dispatchers who worked at an early hour today how trains were running.

The Northwestern, the Milwaukee and the southern lines of the Burlington were reported blocked by the storm.

Two Feet of Snow in Southwest.
—KANSAS CITY, Mo., Feb. 26.—Covered by six inches to two feet of heavy laden snow the southwest today faced the worst traffic conditions of the winter. Despite efforts of yesterday afternoon and tonight to clear tracks and repair wires practically no trains from the west were running on schedule and telegraph communication was cut off.

Traffic conditions in Kansas City were the worst in years. Ten inches of snow in the streets was so heavy difficulty was experienced in making passage even with power snow plows. Several small fires which broke out in residence districts during the night were subdued by volunteer fighters because the fire department could not make progress through the streets. For hours telegraph conditions on every road in the Union depot were broken and lost trains were in order. Hotels usually crowded Sunday nights were almost deserted.

Kansas Train Service Demoralized.
—TOPEKA, Kan., Feb. 26.—Train service is demoralized as a result of the snow-storm. All the lines report severe stragglers with snow drifts throughout Kansas. There has been no train on the Union Pacific since 10 o'clock last night. There is a freight train in the drifts near Bellevue, forty miles west of Topeka, and passenger train No. 6 is behind the train, unable to move either way. Passenger heavily and the drifts are piled three and four feet, with prospects of being much worse before the day is over.
