DIXON ATTACKS PRESIDENT

Roosevelt Campaign Manager Gives Out Statement as First Act. TWO COMMITTEES ARE FORMED

Senator Assails Lack of Positive Leadership Has Injured Party and Produced Condition of Business Bewilderment.

NEW YORK, March 1.—The Roosevelt campaign assumed definite form tonight, with the appointment of the men who are to assume active management.

The appointments were announced after an all-day conference between Colonel Roosevelt and a half a dozen of his leading supporters.

Senator Dixon will have headquarters at Washington. Mr. Knox will be in charge in Chicago and Mr. Ward in New York.

Mr. Newberry's administrative committee is to have charge of the business side of the campaign. It will open and maintain headquarters and oversee the collection of funds.

"For more than fifty years the republican party, responding to the demands of a majority of the voters of this country, has controlled the policies of the nation."

"The lack of positive leadership during the last three years has turned a republican majority of sixty in the house of representatives into an adverse democratic majority of seventy; has changed a two-thirds vote in the senate into bare control of that body and temporarily has lost control of a dozen republican states of the north and west."

"These are the things that have caused a nation-wide movement for the nomination of Roosevelt as president. The overwhelming demand of the masses of the republican voters for him to resume the leadership of his party can only result in his nomination by the national convention."

"No man in direct touch with political conditions in all parts of the country can doubt the existence of the overwhelming sentiment of the people themselves for his nomination. During the last thirty days it has begun to dawn upon the leaders of the republican party that while powerful concentrated interests can sometimes dictate convention control in the matter of political nominations, these same interests are powerless to control the opinion of the people themselves at the ballot box."

Literally hundreds of test votes of political sentiment in both the great parties have recently been made by reputable newspaper and other agencies and in every section of the country, with the single exception of the financial district in the lower end of Manhattan island, they have all told one unanimous story.

Leads in Straw Poll. In more than 500,000 votes so tested, Colonel Roosevelt has led in the balloting by an average ratio of more than 5 to 1 over Mr. Taft and by a clear majority over all the candidates combined.
